## The Letter of the Law Is the Skeletal Framework of a Cosmos

### Part 2

I bring forth love. I bring forth purity. I bring forth freedom. Therefore I say, be sealed in your souls with the patterns of hierarchy! Bear them well, for these are the letter of the Law! And on the foundation of that letter, so you will find freedom.

The bird of self—the bluebird of happiness that is your soul—will fly from that cage that is a grid of light, that is the law of your being, when it has received unto itself the fullness of that law. And the soul will take flight and you will behold, even in this lifetime if you are faithful, the alchemy of the soul sealed in the fire of freedom.

Now I say to all Keepers of the Flame, to you who have been faithful, that from this moment forward your soul is sealed in my heart and you have reinforced a tie to my heart such has not been given to you before.

Wherever you go, wherever you are, no matter what the onslaughts or the intellectual or teleological arguments of the fallen ones, I say, they shall not hold sway and they shall not be able to sever your tie from my heart flame unless you will it by your own free will. And I say, no master, ascended

or unascended, will ever interfere with that free will. Therefore this tie, as an umbilical cord to the masculine ray, is for the reinforcement of your free will and the freedom of your soul to pursue the free creativity of your soul, of your spirit, of your life.

Now, then, as these lower chakras are cleared for the coming forth of the seventh root race as the issue of Father-Mother flames united in love, so beloved Jesus—as the point of the triangle and as the apex of the love of Mary and myself—places his Electronic Presence within your heart chakra. The flame of Jesus the Christ and his mission is yours to assimilate, and thus your Christ Self is one with that Christ Self of Jesus as it is reinforced by the edict of the Karmic Board and by Jesus himself. Therefore receive the Trinity of the Holy Family, of the balance within your being of Father, Mother, Son, and Holy Spirit.

Where do you suppose the Holy Spirit should appear? It is the fruit of that triangle. It is the union of all cosmic forces within you until you yourself, as the temple of the living God, become that fire and walk the earth as that flame that is active, vital, and eternal.

Be a flame in the name of Saint Germain, I say! And take your calling seriously. I say to you that never, ever was there a time when that calling and that election meant more to millions of evolutions, to planets untold, to systems of worlds. Indeed the balance hangs in the cradle of your heart. Therefore a cause, a living flame, a Cosmic Christ aborning awaits your rocking of the cradle, awaits your tender care, your love, your concern, your alertness as a mother who instantaneously responds to the cry, to the movement of her child.

Now, then, I say this: I have determined to overthrow the moneychangers in the temples of the universities of this nation. I call them “temples” because it is there that the youth of the

world come forth to inscribe their names and to subscribe to the educational systems of the planet. It is there that they come to give of their heart's devotion and of their crown chakra, yet they receive the chaff in most cases.

Therefore I, Saint Germain, stand in this place to release the energy of my causal body as a momentum of fire into every university, every college, every theological school, every institute of technology and science. So I say, I am placing my signet, my flame, my determination, my aura, and my consciousness into these institutions of higher learning.

I say to you, Keepers of the Flame and those who are attending and have attended Summit University: I am calling unto your hearts and I am demanding of your souls that when you are apart from the Motherhouse<sup>1</sup> and serving in the cities of this nation, that you deliberately, with planned action, go forth to make your mark in the schools of higher learning and also in the high schools and prep schools and preparatory junior colleges. I am demanding that you go forth with posters, with signs, placing your names on the bulletin boards and announcing discussion groups, announcing the Teachings of the Ascended Masters and forthcoming lectures.

I adjure you this night—all of you who make contact with prospective souls of light—that you do not impart to the prospective soul more than that soul is able to receive. In the name of the living Christ, in the name of your own Christ Self, I am determined that none shall be lost, just as Jesus was determined during his mission for the Piscean age that none which the Father gave unto him should be lost.<sup>2</sup>

So I say, you must see to it that by your zealously, which borders on pride and ambition, you do not overdo, you do not inundate, you do not actually burn with the sacred fire the delicate chakras, the delicate centers of light yet unopened, yet not prepared to receive the sunlight of truth.

I say, then, let each one who contacts a soul of light, a child of God, present step-by-step a thought, an idea, a concept, and gently lead the lambs into the sheepfold. For I say, so much depends on the proper presentation of the Law. For a soul can be lost to the teachings for an entire lifetime and even beyond, and even unto the destruction of that soul, by your inept handling of that individual.

Now, I do not intend that by my words you should become frightened or dubious, for I say that you are capable. Therefore, don the cape of capability and go forth with sword in hand, and know that the Holy Spirit will speak through you the word of truth that is the essential elixir of life.

I say, then, do not condemn any man's religion. I have guaranteed freedom to all to practice the religion of their choice.<sup>3</sup> I say, let the ascended master law complement any man's religion, any man's path save it be the path of Satan, the fallen ones, or the wicked.

In the name of Jesus the Christ, in the name of the Cosmic Virgin, I challenge the carnal mind, the Antichrist, and all Satanic and Luciferian power upon this planetary body!

I say, let it be *rolled back* by the action of the mighty Elohim! Let it be *rolled back* in all those forces that have set themselves against the Motherhouse, against the Mother of the Flame and Keepers of the Flame!

Let them be bound this night by the action of our Trinity! For we have set forth the triangle of the age, and no other triangle set forth by the fallen ones, the false hierarchy, or their representatives upon earth shall work a work of darkness against this focus, this forcefield, or this messenger!

Therefore I say, invoke the Trinity and the triangle of Saint Germain, Mary, and Jesus, and see how you will be an invincible focus of that triangle that is destined to become

the pyramid, the four sides of being, fulfilled in the threefold flame.

Therefore I place my focus in the institutions of higher learning, even as this focus has been placed within your three chakras.\* I say, it is up to the students to go forth, to be determined, to see to it that the libraries of these universities are equipped with our books and our literature, and to continue to return to those libraries to see that the fallen ones have not destroyed those books.

I am asking that you seek time on the radio stations and networks connected with the universities and in the towns of those universities so that students may receive our lectures, our dictations, and the readings from our publications.

In the name of Almighty God, let the youth now be captured in the net of the Christ, and let the net be cast on the right side of the ship.<sup>4</sup> And so let that net be brought in for the Aquarian age, for the victory of the light, for the rolling back of the hordes of darkness.

And so I say, there are yet dispensations to be delivered, but Keepers of the Flame must be apprised of this dictation. They must be apprised of opportunity, *and they must be willing to pursue the letter of the Law!*

I say to you, I will not stand before you and continue to release my word where there is the deliberate compromise of the honor flame within you! I tell you, if you could see the astral bodies of those who have compromised that flame, they have become cross-eyed. They cannot look God squarely in the eye, and therefore their vision is turned within themselves.

I say to you, the cloven tongues of fire, the twin flames of the Holy Spirit, are the twin flames of yourself and your own beloved divine complement! Each time you compromise the Law and the Spirit and practice self-deception, you place a

\*Saint Germain did not clarify which three chakras he was referring to.

wedge between yourself and your twin flame. For the cloven tongues of fire can only blaze forth in unison and in oneness where there is *honor* in love, *honor* in freedom, *honor* in purity!

I say to one and all, Keepers of the Flame, listen to my word. Take up the dispensation and be sowers of the seed of the Word, and let the seed go forth!

I have spoken. I have given you my love, my energy, and my light, just as Mother Mary and Jesus have also brought forth that light. So I say, let us see what can be done as a miracle of ascended master action in this nation that is still one nation under God.

I AM Sanctus Germanus. I AM the defender of the faith, the defender of your hope, your charity. And I AM the liberator of womankind.

So let the feminine ray blossom as the rose within you, and know that I AM the heart of the rose.
