Cherish Purity as the Fiery Core of an Identity Yet Unborn

I AM the purity of life within you. I AM the white-fire core of being. I enter the gates of the Presence of the living flame, pillars of fire. Alpha and Omega is his name. I enter into the white-fire core of man and woman.

I AM the flaming Presence of purity. I AM your own self-awareness of purity. Oh, have you lost that awareness? No, not at all. The soul is in the presence of wholeness. For I AM come as a flaming mother of light to remind you of a lost estate that can be found—*is found even now*—as the crystallization of purity flowing from the fiery core of the Central Sun that is in you now as the fulfillment of that vow of one-ness, of wholeness.

Come forth, cloven tongues of fire. Come forth. And now, by the wholeness of the light which I AM, which you are, I call forth the light and I cause the merging of the cycles of twin flames so that you might experience...

The Beloved Goddess of Purity

Cherish Purity as the Fiery Core of an Identity Yet Unborn

I AM the purity of life within you. I AM the white-fire core of being. I enter the gates of the Presence of the living flame, pillars of fire. Alpha and Omega is his name. I enter into the white-fire core of man and woman.

I AM the flaming Presence of purity. I AM your own self-awareness of purity. Oh, have you lost that awareness? No, not at all. The soul *is* in the presence of wholeness. For I AM come as a flaming mother of light to remind you of a lost estate that can be found—*is found even now*—as the crystallization of purity flowing from the fiery core of the Central Sun that is in you now as the fulfillment of that vow of oneness, of wholeness.

Come forth, cloven tongues of fire. Come forth. And now, by the wholeness of the light which I AM, which you are, I call forth the light and I cause the merging of the cycles of twin flames so that you might experience within your heart now, for a moment, the merging of the threefold flames of twin flames. Wherever your twin flame is at this moment in the planes of Mater and Spirit, the threefold flame of that one converges now with your heart flame.

Cherish Purity as the Fiery Core of an Identity Yet Unborn 128

Some of you experience the presence of your twin flame as an ascended master or a cosmic being, and some of you experience the presence of a soul evolving on Terra, yet to find his or her home of light. But all now know, in the fiery wholeness of the great Three-in-One, the oneness that will be evermore and for eternity the merging of these twin flames. These twin threefold flames are the power of the three-times-three, which you will have when you find the union of light. I ask you to call for the intervention of ascended twin flames so that mankind might find the wholeness that begets purity.

Angels of purity gather for a sacred ritual that we would perform among you. On behalf of all who give assent now to our presence in this forcefield, we come close. Angels of purity come now from that focus, that ancient retreat over the isle of Madagascar,¹ where there is a special focus of light, an action of light and purity. And from the altar of that retreat the angels of purity bring energies of sacred fire in order to create within your aura a garland of lilies, of Mother flame. They weave a garland of light—sacred energies of Alpha and Omega for the adornment of the chakras with light, with fire, with wholeness, with protection.

I come to resurrect the Mother flame in you and from the temples of Mu. I come forth to call into action the feminine aspect of being. Let the fountain of purity rise, now, from the mother chakra as angels of purity weave the garland—step by step, chakra by chakra—making of these centers fiery suns and adorning these centers with the lilies of the field, white lilies trumpeting the ascension, the resurrection of our Lord. And the Lord of Life is in you as Reality.

Now to all who accept within their heart the coming of the angels, there is a sign, precious ones, of beings of light, and they are weaving a caduceus action that is formed of the

vine and of the lilies. They entwine the sacred altar of the spine with the energies of life, of the green verdure of cosmic abundance, of the science of Mother flow and of the purity of the interaction of the Law. And so they entwine and circle round about each blazing sun center within you for the fulfillment of the promise, making you white as wool.² Purification does come, then, to fulfill the law of alchemy and to prepare the body of God on earth to become the body of the Christed One.

Garments of living flame, white robes of attainment of your own Christ Self, are placed upon you now so that you might remember your inner vow to the Lords of Flame from Venus, to the Lords of Karma, and to your own I AM Presence and your twin flame. And that inner vow is to serve in love and to love all mankind free.

Where is love? Is it the bluebird of our happiness that has flown out the window? Where is love? Love is the fulfilling of the law of the I AM. Where the I AM law is proclaimed, therefore, let love be the action of fire for transmutation, propelling all mankind higher and higher into the awareness of oneness.

Let the body of God upon earth come into the union of the Sun,* and let mankind receive the rising light of the sun of even pressure, even as the pressure of Mother flow from the fount of the base chakra releases the white light that is converging in the crown—converging for the release of the wisdom of Alpha.

[The Goddess of Purity chants:]

OMEGA.

I stand in this place in time and space, an electrode for Omega, Mother flame of a cosmos.

I AM Purity, reflecting purity as a sun. I AM the mirror of God as purity. Wherever I AM, wherever I go, *let purity flow!*

*or "Son"

I come as the defender of purity, and my legions of purity, in this hour of overcoming victory, march with the legions of Archangel Michael. Legions of purity from the Central Sun, mighty seraphim, come forth. For mankind have invoked purity and ascension's fires.

I also come to tell you that there are other bands of angels and legions—yes, *legions* of cosmic beings who do not approach Terra. For they have not been called; their flames have not been invoked. The aspirations of mankind have not reached the Great Central Sun messengers of purity with sufficient force to clear an arc of light, a pathway of sacred fire for that energy, that being and consciousness to flow.

As we bring, then, garlands of lilies for the adornment of the place where the Christ is laid, we also come with a plea that you will play your role in the resurrection of the Christ in all mankind and that you will give forth with adoration a novena to purity, to Ma-ray, the Mother ray, to the feminine cycles of the Infinite One.

I ask that you invoke purity daily. I ask that you light a white candle to purity and that you give my name as the action of purity—the power of the Ur of the Chaldees³ that is the cross of white fire manifest within you.

[The Goddess of Purity chants:]

UR.

So the light of the ancient city of Ur, as that focus of a previous golden age, is now released from my own causal body as I ensoul the Mother flame for that golden-age civilization that existed prior to its decline. So the light of Ur comes forth as a coil of light to encircle all who would be pillars of fire and electrodes for the Great Central Sun Magnet.

This is an age of opportunity for purity! *This* is an age when hosts of purity will come forth and return to mankind, compelling the cycles of the ages into a rising spiral of

victory and purity such as the earth has never known! *This* is the promise of purity! It can be fulfilled by your invocations!

And so the Great Central Sun messengers have seen how, when you *will* and when you *love* freedom, you give forth the calls of Saint Germain and of the Great Divine Director. So we have come forth to demand our portion also, for we are also living flames. We call for that equal time (which Saint Germain has called forth)⁴ for the teachings of the ascended masters to be spread abroad in the world.

So we call for equal time among the students, that you give the invocations of purity and that you feel the flow of the fire of purity in your hearts! Feel it now, precious ones, as I merge my heart fires with your own! Feel it now, what it means to be pressed in the heart fires of God's own purity!

By your acceptance and by your free will there is released into your heart the burning action of sacred fire that will unlock a certain creative potential that only purity can release. This is the meaning of the fiery core of being! This is the meaning of purity!

You have been separated from the fiery core of your own identity by the acceptance of the rebellion of the fallen ones, who have turned against the light of purity. I say now, let there be a return to the fiery core of being! Let there be a love of Alpha and Omega and of the Holy Spirit! Let the students of light cherish purity as the fiery core of an identity yet unborn. And by this I infer that many among you have not given birth to your creative potential in this age, and the reason is for want of the release of the sacred fire, for want of application. You have not come into the core of your life but have remained on the periphery.

Come into the water. Come all the way! Fear not the flow of crystal fire, Mother flow, of the white-fire core of Alpha-to-Omega. Fear not, I say. Come and take the hand of Christ.

Walk upon the water and take dominion of the sacred-fire flow and see how God will work through you a work of the ages, a work of the Christ, as Above so below, for the salvation—the *self-elevation* of a race yet to be born in sacred-fire love.

I AM the action of purity within you. I AM the joy of purity, and purity is the only joy. So I AM. So I AM the joy of purity, the only joy that you can keep. All lesser joys or happiness or pleasure is transient. This may come from the tasting of purity and of sacred fire. But to keep that purity and to keep that fire you must be sealed by the sealing action of Alpha and Omega and the sphere of wholeness of your I AM Presence.

I stretch forth my hand, and a sealing action of purity is upon you so that you might keep the sacred energies of life and know the true joy of overcoming by the flame within.

Let your path be a path to the center. Let no man take thy crown of purity or interfere with that path to the center of God-free being. Let no man take you from the action of the sacred fire within. Proceed, then, on the path of initiation and know that the goal, the very center of life, is the means whereby you shall be made whole.

This, then, is the goal and the promise of every invocation, every decree, every sacred writing, every dictation. All energies of a cosmos unite as the fire infolding itself where I AM within you. And as you follow that fire infolding within, you come to the center of being and the altar of life. This is the place where life is lived triumphantly! So come into the center!

Those who have washed their hands in purity, those who have been washed by the flame of mercy and forgiveness, all who are pure in heart and whose motives have been purified by the sacred fire, so enter now. The action of the angels is completed, and each one who has physically made the trip

to this forcefield will retain the garlanding of light substance around the pole of being as the blossoming of Aaron's rod.⁵

So let the rod of being be the release of fragrance pure, of lilies in the resurrection flame. So keep unto you always this souvenir of my coming. Keep it also as a promise to all mankind. For the souls of mankind who see you on the way of life will know that you have touched, somehow, infinity's glow. They will know that the Goddess of Purity has walked through you, in you, and among you, and has left a trace, a fragrance, a lily, a golden center and a white-fire core. This is the action of the Mother. This is the action of the leavening of the consciousness of mankind.

So you are the leaven which the woman took and hid in three measures of meal.⁶ So you are the leaven of light and purity in the mental, emotional, and physical bodies of mankind. So let light flow as fire across the etheric cycles.

I have come as a messenger of God to prepare the way of the Christ consciousness. I AM the Goddess of Purity! I AM a messenger of purity and of the Mother flame!

So I proclaim now the coming of the law of love and of the light of Mother within you. And as you bring to fruition this energy spiral that we have released by the grace of the Father-Mother God, you will be those electrodes of fiery, flaming yod.

This previously unpublished dictation by the **Goddess of Purity** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Thursday, March 27, 1975**, during the *Class of the Resurrection Flame*, held at the Ambassador Hotel, Los Angeles, California. **(1)** The Retreat of the Goddess of Purity is on **the island of Madagascar**, an island that has survived numerous cataclysms and has remained above water for hundreds of thousands of years. Her retreat has a physical focus that is entered through the side of a mountain and an etheric retreat above it. Angels of purity carry light rays from the flame of purity to the four corners of the earth so that mankind and the elementals might one day inherit immortal life. In a dictation given on April 11, 1974, Archangel Michael said: "I demand that in this year, from this hour hence, the mass media be employed to proclaim the truth of Almighty God! . . .
