## A Report on the Diseases and Disorders in the Four Lower Bodies of the Children of the Mother

### Part 1

Good evening, ladies and gentlemen.

I am come with a report from the Lords of Karma. I come with a report on the body of the Mother. You are that body of God on earth, and your physical bodies and your emotional bodies are the feminine aspects of your vehicles, whereas your etheric and mental bodies are the masculine aspects.

I come to give you information on these bodies and their survival during the period of transition. Particularly are the Lords of Karma concerned with the physical bodies of mankind, and especially the physical bodies of the chelas of the masters and the children of light, those who carry light for the planet wherever they are serving.

You have heard of the judgment of the Lords of Karma and of the Four and Twenty Elders that is being meted out by the archangels and their divine complements.<sup>1</sup> You have heard of the descent of karma upon Terra, which is increasing during these months of autumn 1975. This oncoming darkness takes its toll upon the bodies of the children of the light, and the Lords of Karma are concerned lest the fallen

ones—who manipulate planetary energies to the destruction of the souls of mankind—are able to precipitate the early demise of the students of light before their blueprint, their divine plan is fulfilled in these bodies.

You were given four lower bodies as a platform for the evolution of your soul, and when you took incarnation in this life it was for a certain period, a certain cycle of overcoming set by the Lords of Karma that you required in order to fulfill that divine plan. And I can assure you that the allotment of the span of life does not exceed the necessary, and therefore to shorten that life is to cut off that which is necessary to life's fulfillment.

Now, you have heard that modern science has conquered over many forms of infectious diseases. But in this period of world unrest, that which plagues mankind are chronic disorders and diseases for which there are no cures. The weight of world karma is upon the heart chakra of mankind, and mankind collectively bear the karma of the world as they bear the cross, whether knowingly or unknowingly, of world karma. And so the heart, as the central focus of the flame of life, becomes burdened and more burdened, and heart disease and stroke are listed as the highest in the toll that takes mankind from this plane to the next.

Precious children of the Sun, there are those diseases, such as cancer, leukemia, and other forms wherein the cells no longer function properly and there is mass chaos and confusion and the eating away of the physical body. This is a type of infection, a type of virus, and a type of disintegration spiral that causes the death of the body temple.

Now I would tell you that in the astral plane there are, as a result of the pouring out of the last vials of karma, certain manifestations of disease, of microbes and germs and viruses that have not yet manifested in the physical plane but which

could very well manifest in the physical bodies according to the cycling of energies and the progression of cycles during the Dark Cycle.<sup>2</sup> Never before in the history of mankind has there been such a deliberate attempt by the fallen ones to use the Dark Cycle, to use karmic conditions against the body of the Mother.

You have heard of all types of infiltration in the body politic, in the nations, in the consciousness. You have heard of brainwashing and manipulation and the distortion through lobotomies and all forms of cruelties and torture. You have heard of the psychic manipulation and of the penetration of rays, of unseen rays even from flying objects, spacecraft, and other vehicles that are used by those who come from other planes and other systems of worlds.

There is a bombardment at every level of consciousness of the four lower bodies of mankind. This has reached an all-time high, so much so that the Lords of Karma can no longer withhold the warning but must give forth the danger signal to the children of the light. You must pursue the purification of your physical bodies, but above all you must pursue the protection of those bodies.

Recently the messenger assigned to the staff the giving nightly of the invocations to Archangel Michael, specifically forty times. This has the effect of manifesting the protection of the ten in each of the four lower bodies of those who give these invocations. I can tell you that this direction has come straight from the Karmic Board and from the messenger's attendance at sessions with the Karmic Board at inner levels.

For you see, there is an infiltration of your physical bodies even now, which you are not aware of and which is far beyond even the chemical pollution that you are aware of. And then there is the impure water and the impure food. There is a penetration of your physical bodies of disease, germs, and viruses

that have not yet even been discovered by medical science. These are filtering through the astral plane and through the astral body, and they are also a part of the germ warfare practiced by those in physical embodiment as well as by those on the astral plane. And then there is the projection against the brain—the physical brain—in order to cause damage, to cause a lessening of resistance to darkness.

There is, then, the attack on both fronts. Chronic disorders are a sign of a disintegration spiral that is gripping the planet, almost as an astral octopus gripping the earth and vampirizing the planetary body of the life essence. Then there is the pounding of one's being by the fallen ones in an aggressive manifestation in order to penetrate the four lower bodies with all forms of disease.

I tell you, then, that in order to maintain the platform for evolution you must seal yourself in the protection of Archangel Michael. You must actually make invocations for the protection of your chakras both at the etheric and the physical plane, including the nerve centers and especially for the heart. And then you name the various organs that are key to the functioning of your physical body.

You must call for a helmet of light for the protection of your mind.<sup>3</sup> For I tell you truly that many of the children of the light who have had the teaching and the understanding of the ascended masters, those who have attended our classes and studied our dictations, have entered into spirals of neglect through ignorance, through a loss of memory. And this utter loss of the memory of the masters—of our voice, of our teaching, of our pleading, of the healings that have been bestowed—is because of a penetration of astral microbes between the memory body and the mental body, a division of the Alpha spiral, a split in consciousness.

The fallen ones know that to destroy the memory is to

destroy the identity. And those who have identified with the causes of the Brotherhood and with the teachings of the ascended masters for centuries find themselves at a loss to remember the most precious words of Jesus or of Kuthumi or of Archangel Michael. They are not able to retain the memory because there is that driving of the wedge of darkness in the Dark Cycle.

And so, too, where there are the mental concepts, these are not transferred to the emotional body so that the students have the feeling of the fervor of the masters and of the archangels. And somehow there is that lessening of the awareness of love and the love of the masters and the proximity of the masters.

Do you not understand that this is not natural to you? It is not natural for you to be without feeling or to be unmindful of the words of the Lord! For you are devotees of the sacred fire, and you have been for many incarnations. You have been seeking this truth!

Can you imagine, then, that it would be normal to your consciousness to enter into a class, to sit in the radiance of the masters for four days and to do this over and again for years, and then to utterly forget the blessings, the consecrations, the light that you have felt and the wisdom that you have been given?

If it were possible, the very angels themselves would weep before you, seeing this plight of even those who are the elect of God! They would weep to see the weariness of their bodies when there is that penetration of density and of darkness and of pollution so that the body cells are not vibrant and alive and enthusiastic in the presence of the light, but they are drooping, as wilting flowers, because the children of the light know not that their bodies are infiltrated by all forms of rays at all levels of consciousness!

Therefore, let us understand that these causes, which are

manufactured in the planes of Matter, have their cures in the planes of Spirit. It is the LORD Most Holy, the Holy of Holies, the flame of Life itself that is able to descend into your temple to cleanse you of all of this, to prevent the manifestations of the spirals of disintegration in the emotional and physical bodies, and even to turn back those spirals and drive them into the white-fire core of being for transmutation.

Understand, children of the One God, that it becomes the paramount need of the hour for you to concentrate on the giving of your decrees for the protection of the platform of your evolution! It becomes important that you understand the makeup of your physical bodies—the chemistry and the placement of the organs so that you can take your hands and the chakras of your hands, as healing centers, and place them on your body in order to release the flow of light from your I AM Presence to heal those organs that are sluggish in their functioning and that are not relieving you of those toxins that are accumulating all too quickly for the survival of light within your body temple.

Understand that you must use all of the techniques available to you and taught to you by the healing masters, including the healing thoughtform<sup>4</sup> and the contact points in foot reflexology, which you must practice on yourself. This also includes the study of certain postures and having physical exercise in order to keep the flow moving so that we can keep the light moving!

You will recall the exercise that you were given by Djwal Kul on the sacred fire breath,<sup>5</sup> of drawing in the breath of the Holy Spirit to eight counts and then holding it for eight counts, feeling the breath going through your four lower bodies to absorb all of the toxins and the darkness. Then there is the releasing of that breath to the count of eight so that you can release those poisons into the fire, and then

there is the holding of the breath again for the rebalancing of your four lower bodies.

Now I tell you, this exercise in meditation would not have been given to you if it was not absolutely necessary for your survival on Terra! Yet how many of the chelas have taken the series of *Pearls of Wisdom* by Djwal Kul,<sup>6</sup> have taken them to heart and realized that if the message is given, it is a very important message?

For I tell you, ascended masters and cosmic beings are standing in line behind this messenger waiting to reveal, waiting to dictate spools of their consciousness that they have dictated, almost as on tape recordings—spools of their consciousness that contain instruction and messages that are urgent. And it is the Darjeeling Council, together with the Lords of Karma, who decide which messages are most important for you to receive. And the most important ones are the ones that come to you through the *Pearls of Wisdom*, the Keepers of the Flame Lessons, and the quarterly conferences. For these are the teachings that will be distributed most quickly through the printed and the spoken Word.

Understand, then, that when you receive a *Pearl of Wisdom* in the mail, it is not an ordinary message! It is a message of hierarchy that is concerned with your survival on Terra! It is an urgent message! It should be torn open and read on the doorstep before the mailman has even left your gate!

I tell you, if you could only understand how the angelic hosts follow the mailman to see that you get that *Pearl of Wisdom*, to see that it arrives, and then to see how that *Pearl of Wisdom* lies there waiting to be read and how all of the demons and the fallen ones come to distract you with projects and with family and with situations that pull you here and there and everywhere so that you are not studying our releases!

**“The Summit Lighthouse Sheds Its Radiance o’er All the World to Manifest as Pearls of Wisdom.”** This previously unpublished dictation by **Nada** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Sunday, October 12, 1975**, during the *Until the New Day* conference, held in San Francisco, California. Part 2 of this *Pearl of Wisdom* is published in this volume, no. 44. **(1) The judgment of the Lords of Karma and the Four and Twenty Elders.** Information on this topic has been released in the book *Vials of the Seven Last Plagues: Prophecies by the Seven Archangels* by Elizabeth Clare Prophet (published in 1975, 1980), available at <http://Store.SummitLighthouse.org>. **(2) The Dark Cycle** was a period when mankind’s individual and collective karma, which had been set aside for centuries through the grace of God, was returned to be balanced. The Dark Cycle began on April 23, 1969, and concluded on April 22, 2002. **(3) A helmet of light for the protection of your mind.** In their teachings, the masters and the messengers have often called for the students to put on the armour of the LORD. On December 29, 1984, Mrs. Prophet explained that Archangel Michael, “our leader in battle . . . stands between us and every enemy that assails the mind, the emotions, every thought or feeling that would deter us from God-harmony and peace, all that would take us from the purpose of our path.” Archangel Michael wears a helmet and he bids us to wear it also, for the protection of the mind. Mrs. Prophet has described it as “a blue-flame helmet . . . a dazzling helmet.” When Archangel Michael goes into the astral plane to do his work, he sometimes wears a helmet of crystalline light substance. He and the angelic hosts wear this crystalline helmet, which is harder than the diamond, to shield against the intrusion of darkness or misqualified substance into their world. We may ask for the protection of Archangel Michael’s helmet of pure light substance. We may also ask for the helmet and armour of the fiery seraphim, of Justinus, their captain, and daily visualize it as silvery platinum or white in color. **(4) For teaching and a full-color image of the healing thoughtform**, see “My Visualization for the Healing Thoughtform” in Mark L.
