The Opening of the Door to the Octaves of Light

Part 1

Hail, O infinite fire! I AM Gabriel of the Sun! I AM come to stand in the midst of the congregation of the righteous!

I AM the Angel of the Annunciation, and I come to seal you in the promise of love's victory won. I come to seal you, and I touch you now upon the brow. My hand is upon you, O soul. I AM here and I touch you, that you might be made whole within the inner matrix of thy life. This wholeness is the light that is unto the ascension. For you have decreed it, God has decreed it, and I have come to confirm, to ratify that decree.

I AM known as the Angel of Consolation, therefore I bring consolation to the soul of the seed of the Woman in the very heart of the earth. I bring consolation in the hour when souls are yearning to be free and yet know not the way to go. I bring consolation to the lightbearers who see the great harvest and know that the laborers are few. I bring consolation from the LORD, and I AM here. And my legions of light come bearing the banner of divine friendship, for legions of Gabriel come forth to befriend the souls of light who will walk as bearers of ascension's flame.

You have a message to trumpet over the plains, over the mountains, the lands, and the sea, into the very depths of the souls of the earth. The message of the ascension is the message that you bear—the goal of life. It is the garment that you wear. Not only do you speak it but you are examples of the ascending souls. Therefore, let thy life come into conformity with the principles of the Word.

I AM Come to Reinvest the Earth with a Certain Knowledge of the Goal of the Ascension

The living example of the ascending one is what the world needs. For I have walked up and down the world this week. I have walked in the streets, in the little towns, and in the large centers of population. I have gazed into the eyes, the hearts, and the souls of the people, and I have scarcely found even less than a percentage of the entire earth body who pays any attention to the ascension in the light with an awareness that is adequate even to approach the sword of the ascension flame, the person of the ascension in the hierarch Serapis Bey.

I find *wanting* the basic knowledge of the law of the Path! I find *wanting* even the spark of desire! For mothers have not implanted in their children the desire for eternal life and the certitude that eternal life can be won here and now. And the mothers have not transferred that hope, that dream, that all, because they have not been God-taught.

Therefore I am come to reinvest the earth with a certain knowledge of the goal of the ascension, and I place my light and my aura, impressed with the light of Alpha and Omega, here in this city. I hide it not, yet I seal it in the hearts of devotees. I place it in the hills, in the high places. And where there is a certain monument of light, I will place that force-field and that hope. Let this flame of hope burn. Let it increase. Let the light of hope burn on.

The ascension flame—twofold light, Alpha and Omega—consumes all imbalances and all challengers of the pure stream of the living flame. And all who pervert that flame have already been served notice by emissaries of the Goddess of Liberty. Let them repent! Let them come into alignment in the service of the light of the Mother, which they long ago betrayed!

The Requirement of the Hour

I AM Gabriel, and I bring the Word of Alpha and Omega to you. It is the requirement of the hour that souls of humanity *pay attention to the ascension fire as the goal of life!*

For this is the moment when many shall move into its currents and others shall step into the flame and pass through the second death.

We are at the end of an age! We come to teach, to preach, and also to admonish. We admonish that those who have gone out of the way swiftly return to the light and become true servants of the light, and we bring our love and we penetrate your soul and we reveal to you the footsteps of the Path.

You have heard the Mother say that Serapis Bey could not allow all of his works to be published in this year, the year of the publishing of the *Dossier*.¹ For he said that if all of his dictations were to be published in the same year, the amount of light penetrating the earth could cause cataclysm. Understand, therefore, that he has required the carrying of the light of the *Dossier*—its teaching, its transfer—to many hearts. And he has promised to review with the Brotherhood of Luxor the publication of others of his teachings in the coming year.

Understand, then, what it means when a single book of ascended masters' teachings have widespread dissemination. It means that the earth must change, for better or for worse. For that light stirs up all, and all must come to the surface.

And therefore, transmutation is required. And we the archangels are watchful, lest the imbalance that might occur be too much for the bearing of the lightbearers and even of those who know not of the light.

Therefore we hold our conferences, but these seminars and retreats into the living flame are for a multifaceted purpose. They are for the increase of the light of the devotee and for the sealing of the guru-chela relationship. They are for the clearing of the cities. They are for the binding of millions of discarnates in the very body of the earth itself, which must be taken to those secure places in the octaves of light where their evolution may be accelerated. And those other discarnates that are of the form of mass entities, they then must be consumed by the flame.

Gather Together and Unite in the Living Flame

Mankind are daily in the process of creating more and more psychic effluvia. Therefore it becomes the work of devotees to gather wheresoever the Lamb goeth,² there to give the Word. For the multiplication of the dynamic decrees by those present creates the great geometry of light whereby the worlds are sustained.

We have told you that without the circle of the Guru and the devotees, all of cosmos would not be sustained, and therefore here and there throughout the universes the Lamb is gathered with a nucleus of lightbearers. And the hundred and forty and four thousand is the alchemical number of those who are required to contain the light of a single Lamb, the single forcefield of the one imbued with light.

Therefore it is our desire to increase the numbers of devotees upon the planetary body. It is our desire to fill the slots in the great chain of hierarchy. It is our desire to see that number—that number of Maximus himself—become

the great leaven that the woman took and hid in three measures of meal,³ that the whole leaven of these planes of consciousness might be leavened by those gathered in the etheric consciousness within the Lamb, within the retreat.

Therefore did Saint Germain secure freedom of worship, freedom of the press, freedom of religion, and above all, the freedom to assemble. Without the freedom to assemble, beloved ones, we could not fulfill this principle of the Law. And therefore let it be guarded, for in many nations it has already been cut off. For the fallen ones and the seed of the wicked, who know that their judgment is come, understand the power of the people when the people unite in the living flame.

Therefore value your meetings and your services, and know that because you are able to gather together in twos and threes and hundreds and thousands, therefore is the flame multiplied. And do not neglect this most important aspect of community wherever you are in your towns and cities.

Let it be at least two and three, and let it be that you suffer inconvenience to come together several times a week to reinforce the violet flame. For you do not know, beloved ones, how important it is for the souls who are coming into embodiment and for the little children that these discarnate entities be cleared in our ascension services and that the healing light go forth.

The Ascension Is the Process Whereby All of Life Is Lifted Up

So much is accomplished that I, Gabriel, must come as the Angel of the Annunciation and the Angel of the Consolation to tell you that though your eyes see not all that is done, the cities of this nation, even in this hour, would not have continued in the balance in which they hold were it not for

the dynamic decrees of the students of this activity. And over the years of our service there have been numerous ascensions of chelas who have graduated from these very ranks. Some of you have not known them. They kept the flame sure and strong. They remained well into the years of their eighties and their nineties and then took their leave quietly, almost unobserved.

Your own Clara Louise Kieninger left a forcefield of ascension's flame in Berkeley, California. And by that forcefield and that flame there is anchored there a light of purity that has guarded many souls from going down the wrong path and straying away from the light—that path of drugs and anti-light and anti-America and all that has come forth out of the pit through certain individuals who have begun their anti-revolution there.⁴ It is a revolution “anti” the living light of the Word in you all. And though freedom goes by many banners, the freedom to deny the light of the soul and the upholding of it is not freedom but is the license taken by the fallen ones.

But, beloved ones, you do not see how much worse conditions could be were it not for the ascension of that single soul. And there have been many more and some beyond the folds of this activity. The ascension is the process whereby all of life is lifted up, and your decrees have cleared the way for many innocent lifestreams to be tethered to their God Self and to be spared untold burdens of karma and of disease and of the breaking down of the great wheels of life in this nation.

You have only to journey beyond the United States to realize how accelerated, how high the astral waters are where there are not forcefields of light. And thus Saint Germain has called in his Mission Amethyst Jewel for that focus in Vancouver and Mexico City.⁵ And we cannot wait through

another solstice. We must have the light of those forcefields anchored, and we yet call forth recruits.

Some have volunteered and more are needed, for the teaching centers are the veritable wellsprings of life. And therefore I speak to all devotees: When you enter the teaching center, you enter an outer focus of El Morya and of Saint Germain. It is a great privilege to tend the flame, but some have come and become bored with the keeping of the flame, for they have not seen the true vision of what is given to the cities—all of the cities of the earth—by the multiplication of the dedicated souls.

“The Summit Lighthouse Sheds Its Radiance o’er All the World to Manifest as Pearls of Wisdom.” This previously unpublished dictation by **Archangel Gabriel** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Sunday, August 12, 1979**, during the seminar *A Retreat on the Ascension*, held in San Francisco, California. Parts 2 and 3 of this *Pearl of Wisdom* are published in this volume, nos. 11 and 12. Any books listed in the following endnotes are published by Summit University Press and are by Mark L. Prophet and/or Elizabeth Clare Prophet unless otherwise noted. These books are available at <https://Store.SummitLighthouse.org>; audio products are available at www.Ascend.edMasterLibrary.org. (1) **The Dossier** refers to the book *Dossier on the Ascension: The Story of the Soul’s Acceleration into Higher Consciousness on the Path of Initiation*. In 1967, Serapis Bey, Hierarch of the Ascension Temple at Luxor, Egypt, dictated to Mark Prophet a series of *Pearls of Wisdom* discussing the requirements for the ascension, entitled “Dossier on the Ascension.” The *Pearls* were published in book form in 1979. Serapis revealed that the instruction on the ascension, which he states is the destiny of every man and woman, is taken from classes he conducts at the Ascension Temple. (2) Rev. 14:4. (3) Matt. 13:33; Luke 13:21. (4) **The anti-America revolution begun in Berkeley, California.** During the late 1960s and early 70s, the city of Berkeley became a center for anti-establishment and sociopolitical activism. It was a haven for anarchists, civil unrest, and the hippie movement, including the proliferation of drugs and street living. Beginning with the Free Speech Movement in 1964, the city became a hub of protests and demonstrations. Continued riots and protests have occurred in 2011, 2014, 2017 (for a period of eight months), and 2019. (5) **Mission Amethyst Jewel.** In a dictation given on November 19, 1978, Saint Germain inaugurated Mission Amethyst Jewel. In this dictation he called for centers to be established in Vancouver, British Columbia, and in Mexico City as “that point of light for the bulwark of freedom” and for the “guarding of North America.” On April 14, 1979, Elizabeth Clare Prophet explained Mission Amethyst Jewel as “Saint Germain’s commitment to send chelas to the nations of the earth, beginning with the most important cities. . . . Mission Amethyst Jewel is based upon the principle of the violet flame burning within the heart of the chela. The chela is the jewel, and as chelas place themselves together as atoms that become molecules that form outer centers, the Mission Amethyst Jewel becomes crystallized.”
