A Torch of Freedom unto the Nations of the Earth

Part 2

Beloved ones, I call upon you, then, to understand that you will become extensions, the very literal extensions of the body and the blood, the person of our messengers. And as you live within that retreat of the Ashram, so your beating heart, so your chakras, so your souls will become extensions of the very life force of the messengers so that you in truth will be that very Self, that very Christed Self of the witnesses.

This is the oneness of the body of God in earth as in heaven, and therefore the many bodies of the messenger—yourselves and many lightbearers throughout the earth keeping the flame, witnessing unto the Word—allow our messengers to also be liberated for a mighty action of light in many spheres of cosmic consciousness and for the delivery of the Word in spoken form, in printed word, and in those media presentations that show the graphic example of the light and its interaction within the temple.

Beloved ones, it has been now a number of years coming, this dispensation of light. And our messengers have held a flame in downtown Los Angeles by their body, by their temple, and by the action of the Law in the invocations of light.

Now then, the place is prepared. It is as though the retinue of Sanat Kumara had come and prepared the place. And so the Ancient of Days is here. In this case it is the messengers who have prepared the place for their chelas, even as the chelas have prepared a higher place in initiation for their messengers. And so with the coming, then, of your person as a part of the LORD's body unto that sacred temple of light that is the Ashram, there is also the coming of the great focus of Sanat Kumara, the Ancient of Days.

The Rolling Back of Darkness in Los Angeles and in All the Cities of the Nations

And so, beloved ones, step-by-step and line upon line, the great master masons of the Great White Brotherhood are preparing that nucleus of light within the city of Los Angeles. And the great plan of hierarchy is that this intensity of this Ashram, of this forcefield of the God and Goddess Meru, of the City Foursquare, shall be repeated again and again and again in the cities and the nations of the earth. And when this occurs, beloved ones, that multiplication of the cosmic cube that you are will be Camelot come again, will be the very foundation for the golden age.

The Great Divine Director holds within his great causal body the divine plan for this transfer of light, and therefore it has been the consensus of the Darjeeling Council and the Council of the Royal Teton that those who do not have intimate association with our Ashram, with the disciplines that are entrusted there to our staff on behalf of the disciples, do not carry the flame of the World Mother unto the respective cities.

And so we will also have our training programs for upper levels of Summit University that have to do with the going forth two by two within those walls. And you will see the rolling back of darkness not only in the city of Los Angeles but

in all the cities of the nations. And this we desire to see accelerated in the coming year, beloved ones.

We will not draw back the curtain on the succeeding years of the decade of the 1980s, for sufficient unto the day is the challenge thereof, is the energy veil, and is the light dispensation. And ours is the joy, for our joy is our cup that runneth over, as God always delivers unto us more and more of his grace than we can contain.

And therefore even we as archangels are reminded daily that we must expand the chalice of our consciousness in order to be able to retain more and more of the precious blood of the universal Christ so that not even one drop of that precious blood should spill upon the ground. And so it is the very love of the blood of the universal Christ, of Jesus Christ. It is our hallowing of the body as the precious wafer that is one of the many goads that God has given to us to increase, to accelerate, to intensify, and to expand.

We Desire to Give You All and Everything That We Are

O beloved ones, the most gracious gifts of the Maha Chohan, as the nine gifts of the Holy Spirit, come unto those who pursue the path of the seven archangels and finally come to the place of the seventh ray, where victory is the order of the day. And by the action of the seventh ray, they therefore receive that multiplication by the power of the three-times-three.

Now you, beloved hearts, who have come in the eleventh hour and who have begun your initiations in the class of the seventh ray—now you may begin again the great circle of the seven and begin with the first ray, the very first-ray action of the law of the will of God in the disciplines of your service. And follow the teachings, then, of these seven archangels and these seven quarters¹ until you come again to the position

of the seventh ray and feel the mighty acceleration within your being of these gifts and graces.

We desire to withhold nothing from you but to give you all and everything that we are. And so we fuss about each one of you with tender care and fluttering wings and almost the concern of a new mother and father. For you are our children. We would give you the most precious gift of the breath of life and of the energy of the Spirit in order for you to increase at that pace that is lawful for your soul's identity and awareness.

I Release the Mighty Violet Flame across the United States of America

I AM Zadkiel of the flame of the seventh ray. I commend you unto the ritual of service, of the *freeing* of the cities, the *saving* of the cities, the *endowing* of the cities with a great endowment of the violet flame!

I stand now once again within this wondrous Chapel of the Holy Grail. I stand to release the mighty violet flame across the United States of America. I release it through your heart chalices. I release it now because you have held and stood fast.

And so this violet flame goes through your hearts, beloved ones, and it takes on the yearning and the prayers and the longing of your souls to see this nation free under God and to greet the Goddess of Liberty on the other side, the side of the east, with a joyous cry and a shout and a saying: "Mother, I am coming Home! Mother, I am coming Home with thy blessed children, one by one. I am coming Home with thy children, O Mother Liberty!"

And so, to greet her from the west is to greet her with the joy of freedom. Blessed Mother Liberty is greeted from the east as those lifestreams make their pilgrimage unto these shores.

They come with bag and baggage of their karma of the Old World, and so this day your greetings—as fragrance, as precious incense of your heart—will be wafted unto her by violet-flame angels, by this momentous tide of light.

For because the violet flame passes through you, beloved ones, you will have your personal stamp of the imprint of your Electronic Presence upon that violet flame. And so by my own dispensation, that energy therefore will accrue to you as good karma, as positive karma of light. For you have stood with me in this hour to be the instrument of the release of that violet flame. And because you have made possible its release, therefore unto your causal body there registers an incalculable momentum of light, of service unto freedom's flame.

This is the order of hierarchy. This is the order of that intimate association with the hosts of the LORD. This is that grace that you yearn to understand and know. It is that at the conclusion of a day's work in the field of the LORD, as you bring yourselves to the altar at eventide, there is a blessing, there is an exchange, there is an energy conveyed.

And beloved ones, not knowing the great reward of the LORD God is a part of the great mystery of life—to serve because you love and *not* in anticipation of the reward.

O beloved ones, the ascended masters, in the name of the I AM THAT I AM, do always reward those chelas who diligently seek to be in the consciousness of their own mighty I AM God Presence.

It Is the Hour of the Cosmic Exchange

And now, beloved ones, the mighty Electronic Presence of Lord Maitreya is in the midst of you and therefore I say: Arise before the Coming Buddha who has come. [Audience rises.] For it is the hour of the cosmic exchange, the mighty interchange whereby the cube of the Presence of Lord Maitreya

descends and the cube of your own momentum of life ascends. And so that moment is now, and now is the accepted time.

Now is the moment, then, of the assessment. Now is the moment, beloved ones, of the real final exam of Summit University, for it is always beloved Lord Maitreya who administers that exam. And as your own cube of identity rises, so it rises into the blest Presence of Maitreya, and his own cube descends. And that which will remain within you is that which will be—point by point, counterpoint—that attainment that you have gained not only in this quarter of Summit University but in many incarnations.

Now the beloved Lord Maitreya stands to make that attainment a part of your soul awareness in this life.

[45-second pause]

And now that exchange is complete and the cube rises back to Maitreya, and you have returned to you your cube of being and awareness charged with those elements of the sacred fire that you have proved yourself worthy and capable of retaining.

Now as we conclude our love message to our most beloved chelas of the flame of freedom, remember, then, precious ones, that even as the door of the Ashram of the World Mother is open to you, so our retreat is open. And I ask that you will pray with a fervent prayer that your guardian angels shall now take you to Zadkiel's retreat to keep the flame of freedom not only at the etheric level over the isle of Cuba but in the very physical plane and dimension itself within the Caribbean.

And as you come to my retreat, you will see at inner levels what are the plots of the fallen ones as they direct their darkness of witchcraft, voodoo, black magic, and armaments and nuclear weapons against the shores of this blessed nation on the side of the south, which is the side of the Mother.

Beloved ones, we desire to see a great intensity of reinforcement of lightbearers within the state of Florida as our beachhead of light, anchoring therefore the light of our retreat for that offensive of light that must be directed from this nation.

**Impostors of the God and Goddess Meru,
El Morya, and Our Messengers**

O my beloved, I assure you that the victory of the Word is within your grasp, within your reach, within your hand. Go not, therefore, after those who have talked to the children of light and have drawn them away from North America into the jungles of South America, there to search for an outer retreat of Lake Titicaca and of the God and Goddess Meru.

Beloved ones, we have not ordained an outer retreat. And those who have proclaimed themselves our representatives there, in the person of that Brother Philip² and others, are the impostors, are the psychic impostors of the God and Goddess Meru and of your very own beloved messengers.

I cannot leave you without this exposure, for souls of light have been trapped within that order, and it is not sponsored by the Great White Brotherhood nor are those purported messages coming forth from the Great White Brotherhood or from the God and Goddess Meru.

And so, beloved ones, many have gone afoul and afield from the central purposes of life, and these impostors have prophesied within those messages a doomsday consciousness and certain cataclysm. And therefore there has been the luring away of the children of God into the intensity of the jungles, there to wait for that coming of that doomsday and therefore to wait for the destruction of many parts of the earth and the saving of a remnant.

Beloved ones, all of this is the teaching of the false hierarchy, and I anoint you and I send you forth to undo that

which has been done in our name to the hurt of souls on the path of enlightenment.

You must see that there is a very intense virulence on the part of those individuals who have followed this Brother Philip, so-called. And their virulence is directed against our messengers, for they know that the messengers are the true representatives of the Great White Brotherhood.

And so that false hierarchy of Titicaca is challenged in the physical plane, the astral plane, and the mental plane. And so, too, the false hierarchy misrepresenting beloved El Morya (also facing South America in Miami) is also challenged—those individuals Mark Age and Yolanda,³ who have also set themselves up to displace our messengers.

**The Rescuing of the Children of God
Is the Great Challenge of the Hour**

Beloved ones, if there be compassion, let the compassion be, then, for the true messengers and their chelas, who must work against these impostors who have such an intense malice against the very lifestreams of the messengers. You do not hear of these individuals because they are well enough disciplined in the false hierarchy teachings to keep themselves out of sight, therefore thinking to be out of mind. But I tell you that day by day they are yet attempting to lure away the children of the Mother from the true activity of the ascended masters and from the ascension of the children of the Mother in this life.

And when you realize that the fallen ones, through their false hierarchy representatives, have already lured away many lightbearers into the Middle East, into India, into South America, into various places of escape, even into the wilderness places of this land, you would find, beloved ones, that very, very many lightbearers—who should be in the very midst

of the battle of the saving of the cities of this nation and of her government and of her economy—are in various parts of the earth and have taken on the vibration of the fallen ones' hatred of America. They have *despised* America! They have therefore condemned America, and they in their spiritual pride have gone into various other monasteries.

Beloved ones, this is the great exception that we have taken to the very Hare Krishna movement itself,⁴ where many, many lightbearers have now gone to India when their dharma calls them to be on the battleline where Light meets Darkness in this very nation of the United States.

See, then, that the luring of the children of God into promises of secret retreats and secret initiations is all but the flattery of the psychic hordes, who have devised so many subtle and sophisticated ways to make the children of God believe that they are receiving direct communications from our octave. It is not by their words that you know them but by their *fruit*, by their *vibration*, and by that very psychic level of spiritual pride that they carry beneath the outer humble garment, which they feign.

O beloved ones, go forth as warriors of the Spirit, as knights and ladies of the flame of Camelot. Therefore, beware. For the rescuing of the children of God is the great challenge of the hour. And when you consider all that is leveled against this activity and this teaching by those who themselves are possessed by demons of fanaticism, I say, beloved ones, you can see that the virulence of the fallen ones must yet come under the dominion of your own shepherd's crook, your own Kundalini fire.

The Blessing of the Third Eye with the Amethyst Egg

I AM Zadkiel. I come forth now with Holy Amethyst, with the vibration of the causal body of the two messengers and

of beloved Jesus and Magda. I come to touch your third eye with this amethyst egg, containing within it the forcefield of the ascension of the earth and the galaxy. That focal point is held as a physical matrix, held in the heart of the Mother as her dream for the great coming golden age.

Our messenger has desired to embrace you, and I have said to her, "Rather, let the arc of flow come from Almighty God, from Alpha and Omega, from our twin flames by the touching of the third eye. And let this be, then, the embrace of love, the goodbye that is always the welcome, the 'Hail, sons and daughters of God. I greet thee in the dawn of our victory.'"

Come forward, then, souls of light, that we might pass to you the great kiss of peace and the great love of our oneness.

[Archangel Zadkiel blesses the third eye of each student with the amethyst egg.]

Heaven can wait for the son and daughter of God who will be victorious in earth!

I AM Zadkiel. I AM Holy Amethyst. In the inn of the seventh ray, in the inner chamber of the heart, in that secret-ray place, lo, I AM come! Lo, we are one! Lo, we abide in the heart of those who have been a part of our seventh-ray action, fall quarter Summit University 1978.

In the name of the Father and of the Mother, of the Son, and of the Holy Spirit, it is done.

[“The Blue Danube” waltz is played.]

Part 1 of this *Pearl of Wisdom* is published in this volume, no. 18. Mark Prophet said that Mark Age is “a complete travesty and a take-off on my own mission.” (4) **The Hare Krishna movement.** The International Society for Krishna Consciousness is a Hindu religious organization founded in July of 1966 in New York City by A.C. Bhaktivedanta Swami Prabhupada and dedicated to the worship of Krishna as the supreme God.

Archangel of the Seventh Ray

Zadkiel, archangel dear

 Make us of heaven a part
 That we all may be selfless
 In service, please help us
 O Zadkiel dear
 Bless your heart.

 As we thy Presence invoke
 May we thy peace now attain
 For the love of God seals all
 In flame that now heals all
 And angels e’er
 With us remain.

 Of all the ages past
 Help us the Light to defend
 To bring earth Home at last.
 We hold thee close to our hearts

 For thy service unending
 Our love is ascending
