**For Judgment I AM Come  
They Shall Not Pass!**  
Part 2

Thus, beloved ones, be diligent, be vigilant, and watch the feeling body. Watch when tension builds. Watch when suspense builds in the order of events or when you are participating in various dramas or television presentations, which are calculated to change your pulse and increase anxiety. Beware, then, of the manipulation of your feeling world. Beware of those suspense dramas and so-called thrillers that bring to your lifestream those changes that do not allow you to magnify the great light of God.

Beware, then, of sudden testings of your soul in the coming of riptides, whether of anger or whether of deception or whether of mass public opinion directed against you. ## For Judgment I AM Come

*They Shall Not Pass!*

### Part 2

I call forth now from the Great Causal Body of the Great Divine Director a great sun disc,<sup>1</sup> which you, then, may have within your feeling world, within your own subconscious, within the desire body at the place of the solar plexus. I call this great sun disc forth now as a whirling action of the sacred fire. It is placed there. It is the size of a dinner plate.

You must visualize this great sun disc as a blazing sun and see that whirlwind action of sacred fire whirling within your temple and accelerating and consuming so that you need never descend to the level of emotional turmoil that is put upon you by any part of the human family. And therefore that place of the sun [the solar plexus] will become a great focal point for the opening of the waters that flow from the belly of those who have the Holy Ghost.

My beloved, for some of you there is a tarrying on a certain rung of the ladder of initiation simply because the feeling world has not been stilled and is not sufficiently protected. And so when you feel the emotions of mankind or family, there comes upon you a disturbance that disturbs your carrying of

the light and of your being sufficient unto the Great God. And so this dispensation is a great love-beat that descends from the heart of the Great Divine Director.

I counsel you to give the invocation to the “Great Sun Disc”<sup>2</sup> and to understand how that sun disc can enable you to advance even beyond the present levels of karma and thereby gain an attainment of the “Peace, be still”<sup>3</sup> of the Lord Christ. And in that attainment of that peace, therefore accelerate and be ready when you must reckon with that remaining karma that is even now being set aside for some of you so that you might become world servers. And therefore in the very midst of becoming world servers and stumbers for Shiva, this sun disc will be the reinforcement of the attainment of the Lord Jesus Christ within you, in whose name you have come bearing clouds of glory, trailing clouds of light in his very name.

### Watch When Tension Builds

Thus, beloved ones, be diligent, be vigilant, and watch the feeling body. Watch when tension builds. Watch when suspense builds in the order of events or when you are participating in various dramas or television presentations, which are calculated to change your pulse and increase anxiety. Beware, then, of the manipulation of your feeling world. Beware of those suspense dramas and so-called thrillers that bring to your lifestream those changes that do not allow you to magnify the great light of God.

Beware, then, of sudden testings of your soul in the coming of riptides, whether of anger or whether of deception or whether of mass public opinion directed against you. And always when that confrontation comes, so often by the irritating or violent spoken word, remember the great sun disc. Remember the Great Divine Director. Remember that great love of God, and remember that the Presence of the Lord

Jesus Christ dwells within you bodily and that you have but only to say, “Peace, be still! For I know that I AM God!”

Will you not repeat that with me now?

[Audience joins the master in saying:]

*Peace, be still! For I know that I AM God!*

*Peace, be still! For I know that I AM God!*

*Peace, be still! For I know that I AM God!*

If you will remember that harmony that is the requirement of the hour, given to you in the dictation of God Harmony,<sup>4</sup> if you will remember this reinforcement, you will see how the attainment of the ascended masters of the Great White Brotherhood can be yours as a mantle that you wear, a mantle that will cover over the tears within your own garment, affording you the opportunity to mend those tears and those flaws while you carry a great light of freedom in the name of Saint Germain.

### **For Each Hour That You Are Unmoved, the Light Will Increase**

All that the Knight Commander asks of you this evening, then, is that you will remember to pause before you react emotionally or discordantly to any situation, that you will not be threatened by any accusation, that you will not be put on the defensive to explain or to have those arguments that become senseless duels, drawing you down to the level of the carnal mind. Saint Germain requires of you that you shall not engage your energies in anything less than perfection.

Let this be the goal, and let Keepers of the Flame start to watch their levels of emotional energy—*energy in motion*. Begin the watch and notice hour by hour how you have succeeded in not being moved. For each hour that you are unmoved, no matter what the calamity, no matter what occurs beneath your feet, the light will increase, beloved. It will increase and increase and increase.

And the testings will come. And the more light that you have, the more enraged will the world be for the coming of that judgment and for the fact that that great light is a transmuted vortex, an all-consuming love. And therefore the more light, the more testing.

See, then, how this can be a game of fun that you play with your playmates, a game of joy and a game of victory where you keep the score day by day and you do not ignore it when you have had a foul play. For beloved ones, you see, if you will not ignore the moments of the descent or of the discord but immediately invoke the violet flame, then the recording angels can just as quickly erase from the scroll of your life that which ought to be effaced because it is not of God-harmony.

### **The Hour of Victory**

Our desire, then, is to send you two by two, free of a more than ordinary momentum of personal karma so that you may assist the messengers in bearing the planetary karma, especially when there is planetary awareness of the teaching and the mission and therefore planetary challenges. We of the recording angels welcome the hour when we record each victory of your day.

The hour is eleven o’clock—the hour of victory, the hour when you ought to be in prayer and invoking forgiveness and the violet flame so that the last energies of the day may be put to the torch and not recorded as permanent karma when the page is turned at midnight.

Beloved ones, I inform you of this ritual so that you may understand that there are many reasons why the hour for your retiring is given as the hour of victory. It is a conclusion of a cycle. It is the passing of a torch. It is a celebration of the recording angels, who alas, we must confess, do lament with your own guardian angel when you forget to take those two or

three minutes to put into the flame that which we would rather not put upon the book of life or the scroll of your record.

How to make the burden light—it becomes an awareness of many points of the Law. The law of the physical universe, the laws of governments, nations, states, and communities are very exact. They reflect a vast excellence and an exactness that permeates all of the law of energy.

And so, my beloved, the souls of America, those who have the opportunity to be a part of the I AM Race, are gathering at the Royal Teton Retreat flanked by legions of angels, flanked on either side. Those angels reinforce the God-control of these souls, and many souls are wide-eyed with wonder as they behold for the very first time in many incarnations what is Real, who is God, and the magnificent emissaries of light who have gathered from Venus, from Mercury, and from the courts of Helios and Vesta. This is a very special occasion, as you have come to understand.

### **They Shall Not Pass!**

I will now withdraw so that you might make preparation and supplication unto Gautama, unto Sanat Kumara, and unto the many wondrous beings who have sponsored your lifestreams for untold aeons.

[The master chants.]

It is done. That portion of the scroll has been put to the torch and you have a freedom that you have not known since the vow was made to come for that specific judgment. Now there will be many vows to fulfill, and this will indeed facilitate your action in the will of God.

To each one of you is added an additional recording angel who is assigned to you to record exclusively the actions of judgment through your lifestream each time you make invocation before the Lords of Karma and give in the spoken Word, “They shall not pass!”

The ramifications of that fiat are so great that Alpha and Omega have requested that these additional recording angels shall bring to them, each fourteen-day cycle of your walking of the stations of the cross with the Mother, a report on what has been the manifest action of your calls and the subsequent judgment before the Karmic Board. This single act alone, this release of the light of the Lord Jesus Christ this year,<sup>5</sup> is the turning point in Armageddon.

I AM the Keeper of the Scrolls. I look forward to welcoming you to the Royal Teton Retreat, to our fireside room, to show you other great mysteries and recordings of the history of galaxies and of your own soul’s evolution.

O my beloved, I speak directly to the souls of light and those who shall come into this activity and read or hear my word: You will know that this action was taken for you on this very day, though you may not have been a part of this conclave.

I bow before the light of Almighty God everywhere within you. In his name, Amen.

## Great Sun Disc

**“The Summit Lighthouse Sheds Its Radiance o’er All the World to Manifest as Pearls of Wisdom.”**

This previously unpublished dictation by the **Keeper of the Scrolls** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Sunday, December 31, 1978**, during the New Year’s class, *The Feast of Saint Stephen*, held at Camelot, Los Angeles County, California. Part 1 of this *Pearl of Wisdom* is published in this volume, no. 21. [N.B. Bracketed words have been added for clarity in the written word.] (1) **A great sun disc.** On January 3, 1965, the Elohim of Peace gave a dictation through the messenger Mark L. Prophet, which included a decree to the “Great Sun Disc” (see note 2). Elohim of Peace explained: “I would like you to learn how to magnify the power of that disc of light so that you are not so vulnerable to the onslaughts of others. . . . When peace has gone, *everything* has gone and there is nothing left. And only when you come to a point where once again, through the power of interior equilibrium, you have found your balance, does the power of peace begin to flow and you start again to build those wondrous castles in the air—castles of hope—that may well materialize into the blessings you seek *because* you have kept the peace.” (See *Pearls of Wisdom* nos. 25 and 26, this volume.) (2) **Invocation to the “Great Sun Disc.”** See decree 0.02, “Great Sun Disc” on the last page of this *Pearl of Wisdom*. While giving this decree, visualize the great sun disc over the solar-plexus chakra as a large round shield of heavy armour reflecting the dazzling, blinding light of the Great Central Sun in all directions, sealing you in the protection of the Elohim Peace and Aloha and the Great Central Sun Magnet. Also see the mantra to the disc of light (also on the last page) to amplify the power and memory of the “Great Sun Disc” decree while going about your daily activities. (3) Mark. 4:39. (4) **The dictation of God Harmony.** On October 7, 1978, Lanello gave a dictation in which he introduced God Harmony, who came to release the balancing light of Alpha to Omega. He said, “I, God Harmony, stand in your midst for the equalization of the energies of the etheric, mental, emotional, and physical bodies to facilitate your carrying in the chalice of being the greater light that is decreed by the hosts of the LORD. I AM God Harmony. I AM the harmony of the origin of cycles in your being, and I carry the vibration of the absolute harmony of a cosmos. And without that harmony, beloved ones, the entire cosmos itself would collapse. . . . What is, then, harmony? It is simply oneness with God, attunement with God, ever beholding the face of the Father, as your angels do. What is harmony? It is happiness in the simple manifestations of nature, in the sharing of love, in the creating of beauty. . . . Peace. Peace, beloved. Every war and every battle may be won by you by the science of absolute God-harmony.” (5) **This release of the light of the Lord Jesus Christ.** See note 2 in Part 1 of this *Pearl of Wisdom*.

Beloved Mighty I AM Presence, beloved Holy Christ Self and beloved Jesus the Christ: Blaze your dazzling Light of a thousand suns in, through and around my four lower bodies as a mighty guardian action of the Light of God that never fails to protect the peaceful outpicturing of God’s plan through my every thought, word and deed.

Place your Great Sun Disc over my solar plexus as a mighty shield of armour that shall instantaneously deflect all discord whatsoever that may ever be directed against me or the Light for which I stand.

I call now in the name of my Mighty I AM Presence to the Elohim of Peace to release throughout my entire being and world the necessary action of the mighty flame of Cosmic Christ Peace that shall sustain in me the Christ consciousness at all times, so that I may never be found engaged in a release of misqualified energy to any part of life, whether it be fear, malice, mild dislike, mistrust, censure or disdain.

I call to beloved Saint Germain to seize all energy that I have ever released against my brethren and that has caused them any form of discomfort whatsoever. And in the name of my Mighty I AM Presence I command that that energy be removed from their worlds—cause, effect, record and memory—and transmuted by the violet flame into the purity and perfection that is the sacred-fire essence of God, that the earth and all elemental life might be cut free forever from human creation and given their eternal Victory in the Light!

I accept this done right now with full Power! I AM this done right now with full Power! I AM, I AM, I AM God-Life expressing Perfection all ways at all times. This which I call forth for myself I call forth for every man, woman and child on this planet!

Beloved I AM! Beloved I AM! Beloved I AM!

MANTRA:

*O disc of Light from heaven’s height,  
Descend with all your perfection!  
Make my aura bright with freedom’s Light  
And the Masters’ love and protection!* (9x)\*
