## **The Positioning of the Timbers**

### **Part 1**

Chelas of the will of God, I have chosen to speak to you this evening from Darjeeling, where the council is assembled in consideration of the many crisscrossings of human problems compounded by other human problems, exaggerated by those who have been known as “the spoilers.” We deliberate and we indeed consecrate and multiply your energy for the staying of the hand of further chaos and terror upon earth.

I can only report to you against the backdrop of light that you have undauntedly released in recent weeks. For I would tell you that by comparison to what might have been, what has been, and what will be is far less than that which could have been easily predicted by any ascended master from the mere reading of the handwriting upon the wall. Human karma reaches a high watermark, yet the bearers of the light are having, indeed, great results in staying that descending energy.

## The Positioning of the Timbers Nation by Nation

### Part 1

Chelas of the will of God, I have chosen to speak to you this evening from Darjeeling, where the council is assembled in consideration of the many crisscrossings of human problems compounded by other human problems, exaggerated by those who have been known as “the spoilers.” We deliberate and we indeed consecrate and multiply your energy for the staying of the hand of further chaos and terror upon earth.

I can only report to you against the backdrop of light that you have undauntedly released in recent weeks. For I would tell you that by comparison to what might have been, what has been, and what will be is far less than that which could have been easily predicted by any ascended master from the mere reading of the handwriting upon the wall. Human karma reaches a high watermark, yet the bearers of the light are having, indeed, great results in staying that descending energy.

It is important that you know the deliberations of the Darjeeling Council. It is important that you be apprised of your own effort against the backdrop of ours. Therefore I come to speak to you, and I draw you one and all into the

chambers at Darjeeling, where during this meeting you will assemble with us by your free will. For I desire that your auras—so filled with light, so sincere—might be saturated with the consciousness of Mother Mary, Saint Germain, the Great Divine Director, Djwal Kul, Kuthumi, and many others who are with me here in deep concern and consideration as to the course of human events and divine events in their midst.

Insofar as divine events are concerned, we see indeed the birth of the Manchild appearing. We see the hearts of our beloved chelas intensifying in the light of the Cosmic Christ. We are well pleased. And with this light of earnestness accelerating, we can do much.

### The Wide Spectrum of Prior Evolutions on Earth

Chelas must also be realistic and understand that there are some things that we cannot do, and one is this—to interfere with the free will of the peoples of nations and the governments of nations.

This is why, you realize, we have promoted such an astounding effort of the mass education of key individuals upon the planet, and many in general, as to the realities of the Brotherhood, of reincarnation, of karma, and of the cause itself. For in so doing, the soul is educated in the use of free will, and then we have some influence in the course of human events.

Individuals in nations that are beset by war today have varying degrees of awareness of truth, of divine purpose, or even of their own contact with the Godhead. I show to you now the illustration before you in our chambers of the consciousness and the levels of consciousness of the leaders of the Middle East as well as the African nations. I show you, in particular, the heads of state of the Arab nations, members of OPEC, the nation of Israel, as well as the many and varied states on that continent of Africa.

You will notice the divergent lines of origin of evolution in other planetary homes and other systems of worlds. You will see that the range of consciousness is the entire arc of that which is present upon the planetary body. You will realize—as I show you examples of such problems as are now taking place there, as these have occurred on other planetary homes and systems of worlds—that they have defied solution. You will notice that the wide spectrum of prior evolution as we have on earth is seldom experienced, for most of the planetary homes reflect single evolutions rather than mixtures of many planetary bodies. There is a more uniform level of evolution, a greater measure of understanding.

You wonder how those who meet at the world's council tables disagree emphatically and do not see eye to eye on the issues of the time. You have spoken today of the condition of hunger and the unwillingness of those who control power and government to look to assuage hunger, to feed the people, to care for life itself, and have placed all other manner of goals before the central purpose taught by the Lord Christ—the feeding of the little children, the care and the love of people because people have the spark of the Godhead.

### **The Judgment Must Be Pronounced by Those in Embodiment**

To understand, then, what is behind what is taking place today, you must go back to the roots of Lemuria. For all other roots only reflect more recent millions of years upon the planetary body. When you go to Lemuria, you go to the cradle of life. You go to the beginnings of beginning. You go to the Mother flame and you see how life has progressed—first with the early root races and then with the great rebellion of the archangel [Lucifer] affecting vast systems of the galaxies.

To trace all of these intricacies and to see how these are being outplayed in the Middle East and in Africa today,

and then to understand what is that God-solution, I can assure you that we also pray, we also meditate, we also decree. And we are in touch with the great Cosmic Council, which governs the flow of life to this planetary home.

We are proceeding with all due deliberation with our program of enlightenment for the path of initiation. We must tell you, however, that there are many individuals upon this planetary body, millions in fact, who, according to all testings and examinations of their existence over hundreds and thousands of years, have steadfastly rejected whatever manifestation of the Cosmic Christ was incarnate. They have rejected the Path. They have rejected the Almighty One. We do not send you to these but to the lost sheep of the house of Israel.

However, the knowledge of the presence of these individuals, their destructivity, their anti-love demonstrations, can only tell you that with their continued manifestation in power in these nations, there is not a God-solution until there be an alteration complete of the course of human events. For by cosmic law we are not allowed to interfere with free will.

The only interference that can come with the free will that is committed to death and to the death of millions is the judgment of the LORD God Almighty himself—when, and only when, that judgment is implemented by the sons and daughters of God in embodiment.

Therefore, when the Lord Jesus Christ pronounces the judgment, it must be pronounced through those in embodiment. The Word must go forth, and it must manifest in the plane where the judgment is required.

### **The Lashback of the Dragon's Tail**

Thus you see, with the fall of Lucifer and the satanists, their judgment was postponed for two reasons—one, the mercy of the Law extending to them the opportunity to repent

and to bend the knee; two, waiting for the moment when those originally overcome by the fallen ones would reach the level of attainment [whereby they are moved] from the aspect of the child to the full heir of Sonship and therefore capable of calling forth the judgment, implementing the judgment by the spoken Word, but not being overcome by the reactionary forces of the fallen ones.

For you see, the ones who invoke the judgment—in that physical plane where that judgment must be meted—will be required to receive the lashback of the dragon’s tail until all energy spent following the judgment results in the [fallen] individual’s dissolution into the white-fire core of the Central Sun.

I am telling you, beloved ones, that once “The Judgment Call”<sup>1</sup> is given upon an individual lifestream, if it is ordained by God and ordained by the son of God in embodiment, yet that seed of the wicked has a certain prescribed number of cycles in which it is allowed to outspend the remaining energy lodged within its aura and physical form.

Thus, between the hour of the judgment and the consummation of the judgment is a battle! And this is the nature of Armageddon. The forces of darkness in the battle of Armageddon are already judged by the Almighty, who awaits the attendant confirmation of the judgment by the embodied sons of God.

Once it is spoken, the battle rages all the more. And unless sons and daughters of God in embodiment—truly, chelas all the way—are able to stand fast and hold the balance, there may be in the shuffle the loss of certain little ones.

### **Many Fallen Ones Know the Law All Too Well**

We are concerned for these little ones in every nation, but our problem-solving is complicated by the fact that many of these fallen ones know all too well the Law that I am speaking to you. Therefore, they know that the son of God

is about to pronounce the judgment, *will* pronounce the judgment, and therefore they take a head start on the battle of Armageddon. And therefore the raging begins, like the horses that cannot be contained in their stalls before the shot is fired at the beginning of the race.

These ones, then, attempt to preempt the coming of the sons of God. They mock the judgment affirmed and confirmed by these sons. They set up their own courts and they judge the children of the light and the sons and daughters of God before they themselves in turn will be judged. They create their wars. And the holocausts of this century have already shown the outplaying of the forces of the fallen ones, who have known that their time is short.

Thus, until the judgment is given, we may not intercede. But before it is given, there is grave danger to the little ones. And after it is given, we must assist in its implementation. We must awaken! We must illumine! We must summon the ones who will hold the balance and understand that there is great treachery, then, in those periods following the invocation of the calls.

I will tell you that there is not a single fallen one—a betrayer of the living Christ or an offspring of the wicked upon the planet this day—who does not know at inner levels, in the very depths of his being, the presence of our messenger in embodiment and the presence of our chelas. These fallen ones tremble before the Word of the messenger, and therefore they seek to mock it and to destroy it before they themselves are consumed by the sacred fire that proceeds out of the mouth of the two witnesses.

### **Economic Slavery**

Therefore, we take precautionary measures. One such measure was taken by Saint Germain in the founding of the United States itself as a haven for lightbearers. And this

haven for our lightbearers is a secure stronghold whereby over the period of centuries the judgment might go forth.

Thus the United States has become the forcefield chiefly opposed by the fallen ones in every nation, and of course they have always used economic measures to move against the children of light. These measures have been stepped up by manipulations in the Federal Reserve System, in the banking houses, and the putting of America off of the gold standard. I could have told you in the hour, in the moment of that event, of the ultimate decay and collapse of the monetary system.

All nations have gone this way. Therefore, sons and daughters of liberty and children of the light will realize that the greatest act of patriotism that you could muster for the Woman and her seed and for the abundant life is to campaign for the return to the gold standard. This has many complications, as you know, and many would suffer loss. And truly, there would be a period of hardship. But I say, hardship is better than death, and freedom is better than slavery!

Today, America, you exist under the most horrendous slavery of all—economic slavery. You are the enslaved Israelites, and I am come in the mantle of Moses to deliver you, if you will. But in this hour, let us speak, then, of the challenges and of our recourses and of our resources. It is not our desire to see one of these little ones perish. Our plans are made for every eventuality for the survival unto the fulfillment of the mission of the true chelas of the flame.

On August 6, 1978, Jesus gave a dictation in which he released “The Judgment Call,” stating, “I have given you then a call which is yours to set before the altar of the living God. May it proceed from your temple each day, that you may reenact the judgment of the Four and Twenty Elders before the Court of the Sacred Fire upon the God Star.” (See 1978 *Pearls of Wisdom*, vol. 21, nos. 32 and 33.)
