

Beloved Elohim Hercules

Speak the Word and Elohim Will Speak the Word through You

Hail, O Elohim! Hail, children of the Sun! I AM come, and no force has prevailed against my coming. For I AM here, and I AM here to anchor the light of Elohim from the Central Sun for the holding of the balance against those hordes and beasts that seek to devour the Manchild throughout the planetary body before it is born. I AM here! And out of my retreat I anchor the blue flame of the diamond of the mind of God.

Yes, I AM Hercules of the first ray, and my pillar of fire in northern California—in the very heart of the light of Half Dome—is an energy that I have established for the preservation of the golden-light remnant of Lemuria embodied upon this soil, vibrating within this state.

Beloved ones, this state of California, north and south, represents, in its incarnations of souls and in the frequencies of the light anchored here, the Alpha and the Omega of the original thrust of the embodied root races.

Speak the Word and Elohim Will Speak the Word through You

Hail, O Elohim! Hail, children of the Sun! I AM come, and no force has prevailed against my coming. For I AM here, and I AM here to anchor the light of Elohim from the Central Sun for the holding of the balance against those hordes and beasts that seek to devour the Manchild throughout the planetary body before it is born. I AM here! And out of my retreat¹ I anchor the blue flame of the diamond of the mind of God.

Yes, I AM Hercules of the first ray, and my pillar of fire in northern California—in the very heart of the light of Half Dome²—is an energy that I have established for the preservation of the golden-light remnant of Lemuria embodied upon this soil, vibrating within this state.

Beloved ones, this state of California, north and south, represents, in its incarnations of souls and in the frequencies of the light anchored here, the Alpha and the Omega of the original thrust of the embodied root races. Here, crystal clear in the rock and in the sea, is the etching of the great God-victory of the first, second, and third root races.³

So the light of this particular line and force, this state in America, is a golden inner light, and all the world looks to

Speak the Word and Elohim Will Speak the Word through You 408

this state for guidance, for hope, for promise, even for the good life. But most of all, the souls of earth know that locked in the heart of California is a light and promise of the Mother come again, that if and when the Mother and her seed are to appear, it will be here. And they are right. For they have heard and seen the writing of akasha and they know that where the evolution left off, there must it begin again.

I AM coming, then, to reinforce the call for Saint Germain's Mission Amethyst Jewel within this state.⁴ For we have not yet begun to accelerate the violet flame, though we most certainly have a victory—a mighty victory won by our chelas of the blue-will flame of God in the spring Stump in the name of the Mother, in the name of Saint Germain.⁵ Therefore, amethyst jewels burn brightly now in hearts newly assembled, called and quickened by Saint Germain.

Let us, then, continue and accelerate, and let reinforcements come from every state and nation. For this is where the battle is to be won—not won or lost, but won, I say! For I AM Hercules, and I AM dauntless! And I stand with a blue-flame consuming fire in the north as Arcturus stands in the south. And we have going a mighty figure-eight flow of blue becoming violet, violet becoming blue, an action that is anchored wherever you are.

In Morya's Name, I Call You

O my blessed chelas, I have enjoyed your Stump messages.⁶ I have listened to every word you have spoken and even to the words you have not spoken, which you are yet to speak in another round of stumping.

Chelas of the will of God, in Morya's name I call you. Let it be known that the seminar under the World Teachers⁷ is not something to be cast aside lightly. The entire Spirit of the Great White Brotherhood has called forth this two-week seminar in order to endow youth and all with the flame of

the World Teachers, and it is for a century's impetus of the flame of the World Teachers to be delivered by those who receive it directly in this two-week cycle. And then from you to others, a lightning chain of yellow fire will circle the earth, and those who have vowed their vow to the Christs and the Buddhas, to the wisdom ray, will tie into that light for one century from this hour. This is the impetus to be released by the World Teachers.

I am especially desirous that our youth attend this conference, for they are most ripe and mature in their understanding of the issues, and their fervor lights my heart with a new joy.

Can you imagine that an Elohim, having access to the very altar of the Central Sun, could be ignited with a new joy? Well, I confess before you and all the world that it is so. And there is rejoicing in heaven that some who were lost are found, and others who were never lost have accelerated on this holy ground. To see the little children, to see the graduates,⁸ and to feel that love and commitment, why, the gratitude is directed across a cosmos, and waves of light carry the message of a turning of a tide.

All That Seems So Dark Is But the Extremes of the Hour of Battle

We have always said, and we say it again: A heart that is pure, a heart that contains the will of God, is the only necessary spark to start a golden age. When you understand cosmic law, then you see that we hold in our hands, as it were, mountains of jewels representing the hearts of our chelas, who have come when the Mother has beckoned, who have intensified their discipline when she has chastened, who have received our Word through her and have not contested but have become the disciplined ones, the lightbearers wielding cosmic energies.

You do not realize the momentum of light. So you have often heard it said—so we must be repeating it to you in this hour—that your invocations are the very instrument of Elohim and cosmic beings, and we do place our feet upon the physical earth this day.

The seven Elohim and their consorts, fourteen cosmic beings, place their feet impressed in the soil of earth at certain points around the planetary body, and through us there descends a mighty current into the earth. It is for the holding of the balance. It is for the binding of all of the entrenched forces of evil so that the children of the light may take renewed light and joy and have a sense of victory and know that all that seems so dark is but the extremes of the hour of battle.

When the victory comes, it is the result of the whole outplaying of the hand of the dark ones. They are indeed playing their hand, beloved ones. Let them be exposed! You who write—write and expose! You who speak—speak and expose! There is only one defeat in any battle of Armageddon on any world. That defeat comes through noncommunication and nonalignment of the forces of light. Those who carry the Word, those who carry the Sword,* must therefore transmit that Word, must communicate, and must align.

Find Those Souls of Light

Now I charge you with my charge of a holy love to go forth from this conference and find those souls of light who are your very heart, your brothers and sisters throughout the planetary body who are one with you in love and in the desire to help humanity.

Find them! Align with them! Communicate to them truth! Expose the deceptions! Love them and love them and love them to life, and bring them to me! For I, Hercules, will endow every liberator of the ascended masters with my charge of

*the sacred Word

blue lightning. And I invite you, when you are able, to make your pilgrimage to Half Dome so that you may place your feet where I have placed my own.

My beloved ones, an Elohim, though vast in cosmic consciousness, may actually reduce his form and conversation to the adaptation of the sons and daughters of a planetary body. Therefore, in walking and talking with you—as I AM the fulfillment of the LORD God in my being—I make myself as you are upon this earth. I come to you now as friend. I come to you, though having the all-power of heaven and earth, as a fellow servant. For I desire to reduce the distance between lightbearers evolving and the Elohim and cosmic beings. For some of you have a conception of us so vast, so enormous, as to make you feel almost Lilliputian in our presence and therefore somewhat distant and even embarrassed to walk and talk with us.

It is the desire of the Elohim and their complements today to enter into a new relationship with the chelas of the Great Divine Director, Saint Germain and El Morya, Jesus Christ and the Four Cosmic Forces.⁹ Because of the presence of these four forces through the Ancient of Days, now the incarnate Lamb, we may come closer to our beloved ones. For the Four Cosmic Forces are the key transformers of the light of the Infinite unto souls evolving in the finite.

Therefore, when unto a planetary evolution the dispensation goes forth for the Ancient of Days and the cosmic retinue serving him to come into physical alignment with a physical evolution, that is the sign that Elohim may once again come into that close association that is so necessary for the children of the light to emerge from the darkness that has covered them for untold aeons.

The Cosmic Olympics of the Elohim

Our gratitude to life is immense. Our opportunity, then, to release greater light, to transmute greater darkness, is a part

of the fulfillment of the ten-year plan of Gautama Buddha,¹⁰ which is made possible day by day by the continuing support of the children of God.

Your response to the calls of hierarchy increases our response, and there are giant spheres of light that we hurl to you and that you catch most deftly and hurl back to us. And each hurling of the sphere of light is an interchange cosmic of the Word. Each hurling is an acceleration of Alpha to Omega and Omega to Alpha.

Thus, chelas on the planetary body may participate in the cosmic Olympics of the Elohim and understand that there are higher goals in these Olympics than the power politics and manipulations that have been practiced long since Atlantis in connection with sports upon this planet—always the manipulators using sports to divert the attention of the people and to cause competition that is an inducement for darkness rather than light.

We send forth, then, the only competition there is, which we rather call “self-acceleration” whereby in participation of the expansion of the vehicles of being—the exercise of all of the chakras and of all the vehicles—there is self-acceleration side by side until, when you are running in the race or swimming for our Olympic team, you will look to the right or to the left for a moment and see that you are now running in a race with immortals, with cosmic beings. For you have prepared and conditioned yourselves to contain greater and greater light.

This is the race of life! It is never ending! It is joyous! And we beckon you to join us in increasing the capacity of your soul *to be all love*—a love that excels and excels and excels, my beloved!

The Pictures of Jesus Christ and Saint Germain

Now as I am speaking to you, tremendous changes have occurred in the vibration of the earth, and the several

earthquakes of this week¹¹ that have occurred in this area have to do with the adjustment of the planet, as always, to the currents of mankind's karma, to the currents of individual karma, and to the light of Elohim.

Let each and every child of God remember that the image of the face of a man, of Jesus Christ and Saint Germain, represent the cloven tongues of fire, the cherubim guarding the Holy of Holies.¹² These personages of the light who are depicted to the right and to the left of the Chart of the I AM Presence are focuses—wherever they are placed—of safety. For all elemental life bow before these two hierarchs of the age and they protect all whose vibration is in harmony with these two servants of the Almighty.

Therefore, we have directed the bringing forth of these pictures for your use. Do not make the mistake of thinking that they are mere pictures on the wall. Through them we employ the alchemy of the living Word, and we anchor in your home the forcefield of light that is for the sealing of the house against the coming of the plagues of the LORD upon the seed of the wicked. For verily, the plagues of I AM THAT I AM shall descend, and the descent of the plague is the release, in concentrated measure, of the white-fire core of the nucleus of the spiritual atom of Being.

You have seen the release of the nucleus of the physical atom. You have seen how the light of God misused brings on destructivity because of mankind's own destructivity. Now understand that the release of that white fire is always the accelerated return of karma, and thus the plagues of I AM THAT I AM, of El Shaddai, of Elohim, shall descend! And there shall be a passover, as the Angel of Death passes over those forcefields guarded by the sign of the Son of man—the blessed images of Saint Germain and Jesus Christ.

And do not neglect your daily alignment in each twenty-four-hour cycle with these two emissaries of the Great Central Sun.

For through them the Four Cosmic Forces release a circle of fire and the full momentum of the Great Central Sun messengers.

Speak the Word and Elohim Will Speak through You

I AM Hercules. I reinforce the protection of the messengers, of Camelot, of the children of the light worlds without end. I reinforce the Word within you. I come to sponsor you. And I will stand with the World Teachers, *for I am intent, as only an Elohim can be intent*, that of these stones there shall be raised up living representatives of the World Teachers! And they shall carry our Word, our flame, our mantle! And whether they speak with a speech impediment or haltingly, when they speak in our name the people will listen and there will be silence as the souls hear the Word conveyed by our most humble servants.

I am determined that the true shepherds shall walk the earth! I am the inspiration—yea, the fulfillment of the prophecy unto Israel that the true shepherds shall come and feed the sheep of the LORD's pasture.¹³

We are Elohim. We are the true shepherds of lifewaves. We serve in the name of the LORD. We worship the LORD I AM THAT I AM only. We would come into your temples, O chelas, as Sanat Kumara has come into the temple of our messenger. We would come to stay. But if our presence be uncomfortable, we will at least come in the hour of your delivery of our message—our message for the Coming Revolution. We are that revolution incarnate.

Speak the Word only, as you take your place on that platform—speakers, singers, ushers, greeters, loved ones, brothers and sisters of the light. Speak the Word and Elohim will speak through you.

In the name of the Holy Spirit, I AM, I have always been and I shall always be, by the LORD's grace, *Hercules of the Sun!*

In *The Opening of the Seventh Seal*, chapter 3, p. 22, Sanat Kumara describes the Four Cosmic Forces as “the guardians of the door that is opened in Spirit and in Matter. They are the guardians of the twelve gates of the Holy City. In Brahma/Vishnu/Shiva, they guard the three gates on the east, the three gates on the north, the three gates on the south, and the three gates on the west. They are the foundation of the twelve hierarchies of the Sun. They are the initiators of the hundred and forty and four thousand on the Path of the Rose Cross.” In *The Opening of the Seventh Seal*, chapter 23, pp. 176–77, Sanat Kumara admonishes us to “preach the imminence of the sphere of Spirit and its

imminent descent within the sphere of Matter! And preach the coming of the Four Cosmic Forces and the presence of the Lamb in the person of the embodied Guru and the person of the Ancient of Days, who makes his abode within the temple of the Mother and within the hearts of the living saints.” (10) **The ten-year plan of Gautama Buddha.** In a dictation given on May 3, 1977, Gautama Buddha announced that “the Lord Buddha has extended to you as people of God one decade for the turning of the tide. . . for the contacting of hundreds of thousands of souls. . . . After the decade has passed from this hour, there is no guarantee forthcoming from the Lords of Karma. . . that the tide can any longer be turned from the fate that has been plotted by the dark ones.” (1978 *Pearls of Wisdom*, vol. 21, no. 28, part 1) On May 4, 1977, the messenger stated that “the Darjeeling Council gives the assignment to every Summit University student, every staff member, Montessori children from seventh grade up, and all Keepers of the Flame in the field to devise a ten-year plan, and within the ten-year plan, two five-year plans. And the first five-year plan is the Alpha thrust and the second five-year plan is the Omega return. The ten-year plan is this: It is the development of the strategy beginning with you, right where you are. . . . It’s a ten-year plan for action. Now we accept wholeheartedly the challenge. We also accept absolutely our God-victory and that it is going to happen because it all depends on us.” On May 13, 1987, at the conclusion of the ten-year period, Gautama Buddha gave a dictation during which he read a proclamation from Alpha, stating: “Blessed hearts, we have said that with the passing of the decade, the opportunity for the saving of the earth could be denied. I, Alpha, write to you this day that this opportunity has been lost to the fallen ones—that no new dispensation is forthcoming on this Wesak 1987 for the planet as a whole, but the dispensation [that is forthcoming] is a mathematical formula to each individual according to his own inner attainment.” (1987 *Pearls of Wisdom*, vol. 30, no. 24) (11) **The earthquakes of this week.** Seven earthquakes were recorded in southern and central California from July 1–3, 1979.
