Beloved Lady Master Leto

November 8, 2024

Welcome to the Cave of Light

With the fragrance of heather, I bring to your heart's remembrance the love of twin flame and of little child. I bring to your heart the remembrance of love of the Inner Teacher.

I AM Leto, and heather is a symbol of my love of the Holy Spirit in nature and of my devotion even to the light in the people of Scotland and the British Isles and many throughout the earth who are tied to me through the inner mystery schools and the work we have done together on the continent of Europe in the early ages, when we set forth writings on the mysteries of Christ. It was a group of souls whose hearts were one, and we toiled into the night to leave a record and a memory of the indwelling light. Then again you have come with me to the inner retreat of the Brotherhood in Persia, where Cha Ara has called you to an understanding of the mysteries of the sacred fire and the path of Zarathustra.¹

I am a teacher of youth of every age. I taught Rex and Nada and Bob and Pearl,² and I come to welcome you to the Cave of Light, the retreat of the Great Divine Director in India.³ For here are activities for acceleration of candidates for the ascension. I especially work with children and youth who desire to give this lifetime to that path and to an extraordinary service to America, to Saint Germain. The color of violets,

Welcome to the Cave of Light

when meditated upon, will draw you nearer to the violet heart, the purple heart that I carry in the name of Saint Germain.

Now youth emboldened by the challenge and by the outrages of the fallen ones have summoned a more than ordinary attention from the Lords of Karma. Students of Montessori International,⁴ you are ones who have survived a path of some difficulties in this year and past years. You have made a transition apart and upward.

The Teachings That I Give

The Law compels, therefore, that I present myself to you, a Mother on the path of initiation who loves you very much. One of the teachings that I give is the lesson of the soul leaving the body at will (while conscious or while asleep) and to direct its course, with angelic bands, to serve and study in our retreats.

Levitation is also a course of instruction. These are not impractical gifts, for as many of you have often wished, such gifts come in handy in the battle of Armageddon. But more than that, they are for the discipline and the learning of the concentration of light within the chakras. That very same concentration is then used as a magnet for the Holy Spirit, for healing, and for a more intense concentration of study of the great mysteries of the Law.

Thus I am also here to offer my assistance and the assistance of Alexander Gaylord,⁵ that you might learn to increase the capacity of wisdom, of the mind of God within you, and therefore increase your ability to assimilate the initiations scheduled for this evening.⁶

The Great Gratitude of the Brotherhood

To India, then, I call you. I call you to a home of light that you will scarcely desire to leave. The Cave of Light is a forcefield incomparable. An invitation to be there is worth gold itself.

Precious ones, go after the Great Divine Director. He is magnificent, worthy of your devotion, and you are so deserving and hence so fortunate to have the path of his initiations.

There is great gratitude in the Brotherhood this evening that there are students of quality of all ages in many places, that you who have come have taken so earnestly our word, and that you glow with a fervor and a determination that has not quite been the same before.

I suppose that all of us are goaded by increasing dangers and increasing injustices in the world order. So the heat of battle intensifies and the burning of our love intensifies. And as our love burns, we become one through the heather on the hill.

We also reminisce of other spheres and other centuries, as if for a moment's reprieve from the pressures of these decades we find solace in the memory of hearth and home. Thus by the fragrance of heather, the hearts of the chelas make contact with a love eternal almost hard to bear.

How can the love of heart be so full? How can the heart contain so great a love, as if almost to burst?

Yes, My Beloved, God Still Cares for You

Let the hearts expand, for we would have you be carriers of a transcendent love, an alchemical love, a transforming, transmutative love, a Holy Spirit love to the dear children. They are here and they have come by a Mother's love and by many an angel's heart.

Now see how you can start a love fire burning in your home, and watch the steady path of visitors who come for many and varied outer reasons, but always for the singular inner reason that love is there, a soul who cares. And they come for the loving, to be loved, and to know simply that yes, God still cares for them.

Won't you greet each child and child-man, each son with the greeting, "Yes, yes, my beloved, God still cares for you."

I touch you with a wand of light upon your third eye as you are being accelerated for the coming of the One.⁷

I AM Leto. Forget not to call to me in the hour of your journey to the Cave of Light, and I will come with angels shining with a purple light to arc your soul to the special room and the special chair.⁸

I love you forever, my beloved.

"The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom." This previously unpublished dictation by **Leto** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Wednesday, July 4, 1979**, during the Freedom class, *The Coming Revolution in Higher Consciousness*, held at Camelot, Los Angeles County, California. Any books listed in the following endnotes are published by Summit University Press and are by Mark L. Prophet and/or Elizabeth Clare Prophet unless otherwise noted. (1) **The inner retreat of the Brotherhood in Persia.** See *Pearl of Wisdom* no. 37, this volume, note 8. Cha Ara is intimately associated with the victory of light on the American continent and came forth to assist Saint Germain in revealing to the children of God in embodiment those teachings that are necessary for their cooperation with the Brotherhood

in bringing in the golden age. **(2) Rex and Nada, Bob and Pearl** are ascended master youth who lived in the twentieth century in the United States. They received the initiations for the ascension under the auspices of the Great Divine Director, Saint Germain, Lady Master Leto, and the messengers Godfre and Lotus in the 1930s. For more information on Rex and Nada, Bob and Pearl, see Godfré Ray King, *The Magic Presence* (Chicago: Saint Germain Press, 1935). Also see *The Masters and Their Retreats*, pp. 304–08. **(3) The Cave of Light** is the retreat of the Great Divine Director in the heart of the Himalayas in India. Chananda is the hierarch of this retreat, which is located in the mountain behind his own retreat, the Palace of Light. One of the purposes of the activities in the Cave of Light is to prepare and accelerate candidates for the ascension. Mother Mary has spoken of the Cave of Light as symbolizing the secret chamber of the heart, the eighth-ray chakra. Before entering this retreat, one must have fully surrendered to the will of God. See *The Masters and Their Retreats*, pp. 427–29. **(4) Students of Montessori International.** See *Pearl of Wisdom* no. 41, this volume, note 8. **(5) Alexander Gaylord**, the twin flame of Lady Master Leto, ascended in 1937 after serving the Brotherhood throughout his life and being active in the Cosmic Secret Service on both inner and outer levels. In the book *The Magic Presence*, Godfré Ray King recounts how Alexander Gaylord, while yet in embodiment, went on missions on inner levels with Lady Master Leto, who had ascended more than three hundred years earlier. See *The Masters and Their Retreats*, pp. 19–20. **(6) The initiations scheduled for this evening.** At the close of Lanello’s dictation given in the evening of July 4, he came to each one in attendance to sprinkle holy water upon them, blessed by seraphic hosts, which were “dew drops from rose petals in Omega’s garden.” The Elohim Apollo, at the conclusion of his dictation that same evening, transferred “a fiery contact with Helios and Vesta” and stated that “those whom I touch this night may now be electrodes for the Sun behind the sun. . . . As you pass by, each one, I will gently touch the crown by a golden stone, refracting light for your absorption. And this sealing of your crown will produce for you the opportunity to decide to be what you will be, to implement the plan, and to abound in love. . . . And when you have received that golden touch, be on your way. For there dawns a new day and a new era of victory by illumination’s flame.” See *Pearl of Wisdom* no. 44, this volume. **(7) The coming of the One.** Leto may be referring to the coming of Elohim Apollo. See note 6. **(8) The special chair.** Saint Germain may be referring to the “atomic accelerator,” also known as “the ascension chair,” which is located in the Cave of Light, the Great Divine Director’s retreat in India, and in the Royal Teton Retreat, congruent with the Teton Range near Jackson Hole, Wyoming. This forcefield of acceleration helps those at inner levels to accelerate their light and their consciousness and to pass their final initiations for the ascension.

Beloved Leto
Sponsor of Youth

We call to you, beloved Leto
To render your assistance now
By blazing forth through all of mankind
The full power of your love.

We ask that we retain the mem’ry
Of the instruction we receive
As through the realms of light we journey
While our bodies sleep at night.

We yearn to know the meaning of your pow’r
To leave the body, return at will
That we may ever serve the perfect plan
Of God for man!

The pow’r of healing is your forte
Impart to us that knowledge, too
We will to be thy chalice worthy
For our brothers here on earth
O Leto, blaze thy flame!*
