

Beloved Elohim Apollo

**The Gift of Illumined Action:
Electrodes for the Sun behind the Sun**

Hear ye! Hear ye! Hear ye, sons of light! For I come on the anniversary of the descent of the electrode of the mind of God, and I come to reinforce light in those who serve the light.

Friends of light, hail! I AM Apollo, and Lumina is with me. And by Elohim we descend fervently to transfer the ultimate gift that can be given from the Buddha—Gautama, Maitreya. The gift of illumined action is the key to victory. For by action, and only by action, is the ascension won. And who can walk in darkness? Who can work in night? Without the light, action is not. Therefore, illumination for the action of love is our calling.

Beloved, this bestowal now begins a spiral sent by us through the World Teachers. We are coming for a major thrust for the fulfillment of the goal of the century—illumination throughout the earth and Gautama's torch of living yellow fire—illumination throughout the earth.

The Gift of Illumined Action: Electrodes for the Sun behind the Sun

Hear ye! Hear ye! Hear ye, sons of light! For I come on the anniversary of the descent of the electrode of the mind of God, and I come to reinforce light in those who serve the light.

Friends of light, hail! I AM Apollo, and Lumina is with me. And by Elohim we descend fervently to transfer the ultimate gift that can be given from the Buddha—Gautama, Maitreya. The gift of illumined action is the key to victory. For by action, and only by action, is the ascension won. And who can walk in darkness? Who can work in night? Without the light, action is not. Therefore, illumination for the action of love is our calling.

Beloved, this bestowal now begins a spiral sent by us through the World Teachers.¹ We are coming for a major thrust for the fulfillment of the goal of the century—illumination throughout the earth and Gautama's torch of living yellow fire—illumination throughout the earth.

O mankind, would you but accelerate a little bit higher by the hand of our sons and daughters, and all that has bound you would be exposed. And in the acceleration of illumination, even that exposure would be borne with the equanimity of the Christ and the Buddha. For this purpose we come. To this purpose we are dedicated, that by your saturation and

supersaturation of the solution of the world thought there might be such a raising action that all of darkness may be disclosed, exposed, revealed, unsealed, and pass into the flame without any further catastrophe and calamity in the loss of identity in our blessed youth and children of light of all ages.

He Who Has Abused Light and Wisdom, from Him Shall Light Be Taken

As the light comes on in the room, so the light dims in another room. And that other room is the mind of the fallen one. He who has abused light and wisdom, this night from him shall light be taken. And the Death Angel passes through, touching those who have abused life. Thereby the presence of life, light, the fount of Mother bursting as wisdom in the crown is reduced and there is a dimming of the faculties, even as angel bands approach the earth for the touching of souls and the arcing of a fiery contact with Helios and Vesta.

This is no ordinary transfer of light but a unique dispensation in these two thousand years. It is one that if acted upon can produce the fruit of God-freedom, God-mastery, and independence from economic woe. As the increase of light is accepted by sons of light in America, the woes prophesied in the Book of Revelation² may be consumed by the dazzling light of illumination. For the first woe, the second woe, and the third must come. If come they must, then I trust many “duplicates” of the Goddess of Liberty will stand fast to clear the way for those who will pass through unto a greater day.

A New Day and a New Era of Victory by Illumination's Flame

Now I come to you, for my message is short and sweet and my promise long-enduring unto the consummation of love in your ascension. And there shall not another such

dispensation be given you until that hour. Those upon the planetary body who have earned it will receive it. None shall be without this light.

Those whom I touch this night may now be electrodes for the Sun behind the sun. Take my words lightly but not too lightly, for herein lies a promise that I am bound to keep. For the LORD has kept my portion and I have volunteered to take your own—the portion of whatever is to be found within the crown that must make room for golden light.

Now, my beloved, as you pass by, each one, I will gently touch the crown by a golden stone, refracting light for your absorption. And this sealing of your crown will produce for you the opportunity to decide to be what you will be, to implement the plan, and to abound in love.

Come, then. Come quickly to the altar. And when you have received that golden touch, be on your way. For there dawns a new day and a new era of victory by illumination's flame.

I AM Apollo! I fill the universes with golden liquid light!

In the name of the beloved Mighty Victorious Presence of God I AM in me, Holy Christ Selves of all earth's evolutions, beloved Sanat Kumara, Lord Gautama and Lord Maitreya, beloved Jesus and Kuthumi, beloved Lord Lanto and Confucius, the God and Goddess Meru, the seven mighty Elohim, the seven beloved archangels, the seven beloved chohans of the rays, beloved Guru Ma and Lanello, the entire Spirit of the Great White Brotherhood and the World Mother, elemental life—fire, air, water, and earth! I decree for the expansion of the pillar of Illumination's Flame over all schools, colleges, and universities of America and the world and in the hearts and minds of the children and youth of Aquarius:

1. Illumination's Flame flood forth today,
Set the course of youth in God's own way;
Take them by thy hand of love,
Move them by impulse from above.

Refrain: O Masters ascended who love God-Truth,
Make and keep our precious youth
Guided by thy star of love,
Dazzling perfection's snow-white dove.

2. Descend upon the world I pray,
Illuminate by Love's own ray;
Show mankind the need for action,
Unify all and cast out faction.
3. Cherished flame of Wisdom pure,
In faith, intelligence we endure;
Flow right through, O strength of God,
In protecting armor we are shod.
4. Oh, rise on our hearts' altars clear,
Beautiful golden flame so dear;
Passing through thy flame, I know
God's gift of Wisdom does now flow.*

And in full Faith. . .
