The Requirements of Chelaship
Part 4

Therefore, we count the release of the *Dossier on the Ascension* as one of the greatest moments in the history of the Great White Brotherhood in modern time. And we are counting on our chelas to deliver that book far and wide as a whirling forcefield, a sphere of white light that will have an effect of exploding and penetrating the blackness of despair and darkness wherever this book is placed.

Of all other books, we desire to see this one in the libraries of the universities of the world. And we desire that every chela who calls himself a chela will be able to give lectures on the subjects not only of the ascension but on the white light itself, on the subject of the Mother, on the subject of the raising of the light of the Mother through the violet flame, through the calls to Astrea, through all that you have been taught.

The path of the Mother and the path of the ascension are one. And that path must be made known in the land of...

The Requirements of Chelaship

Part 4

Keepers of the Flame in every state of the Union, I admonish you this hour. You must know what is happening in the office of your governor, your state legislatures, your community representatives, and you must know this of the major cities in your states. You can see how that body of information is required, and you must act upon it. You must go after it. For far too many decisions are slipping through the hourglass as sand—sand marking the passage of cycles, sand marking the descent of karma, and sand marking the crystallization of events that will not be undone because they are of such an entrenched darkness.

There Is Great Opposition

Now I bid you to stand and wake up, for I have not finished speaking to you this night. [Audience stands.]

We well understand the difficulty in hearing our word, for it is an increased light to which you are not accustomed. But there is also great opposition, for the fallen ones have anticipated this moment for two thousand years.

Beloved ones, the fallen ones have known of your specific coming to this specific place. You may, then, easily forgive

yourself for some of the roads you have taken that have not been altogether according to the Path. For you have been led astray by those ones who have seen your coming and who have said, “We will not allow them to be present. We will turn them aside before they arrive in the New Jerusalem.”

Beloved ones, you are the ones who have survived. There are two hundred other souls who committed themselves to be present in this hour of my coming in this year. In the past two thousand years, for one reason or another, they have allowed themselves to be turned away from that commitment. Therefore, the first assignment of my chelas is to go and cut free the other two hundred who should have been present at Summit University spring quarter 1979.

Won't you take a deep breath now, and be seated.

My Dictations Must Be in Print

The next requirement of my chelas is one that, out of deference to others of the ascended masters, I would prefer not to make. Yet El Morya and Saint Germain have joined me to encourage me to so state it and therefore I will, not only because they have made their plea but because it is the law and the divine direction.

I must have in print the dictations I have given forth within this activity since its inception.¹ For locked in those dictations are keys for the unlocking of the other two hundred souls from where they have been bound, and beyond those two hundred, through them, are other souls of light who will not respond to any other name or any other flame except that of the Great Divine Director.

Thus, this places another burden upon the Mother and the staff. I pray that some of you will look upon them with eyes of intense love and realize that here is a group of souls who will never say die, who will never give up, who keep on in their service of publishing.

Those in that committee are not present with you this evening. They are about their service, and they will catch my words as they run here and there across campus with their headphones and with their tape recorders. They have other assignments. They know that Sanat Kumara has said, “Until you publish ‘Mother’s Manifesto,’² I will not allow her to stump again.”

The Fallen Ones Have Laid Their Plans and Laid Them Well

“Mother’s Manifesto” will consist of the synthesis of the lectures she has given already in our stump program. The synthesis of that Word and its arrangement into chapters is an assignment that is far more complex than you may realize. For every evening another piece in the cosmic jigsaw puzzle was released by myself, and all of these pieces must be arranged line upon line in order that they might be received and digested by those who must hear the refutation of *The Communist Manifesto* and every other manifesto of rebellion that the fallen ones have put forth in their various fields of human endeavor.

They have not called them “manifestos.” They have merely been fiats of their rebellion and their intense determination to set the course of entertainment—of the motion picture industry, of art, of music, of culture, of government—everywhere that these laggards, these fallen ones, have placed themselves. They have gathered in their inner chambers and they have perverted the cycles of the Great Divine Director and they have said, “This is what we will accomplish in this decade and this century toward world takeover.” And they have laid their plans and laid them well.

Whether it is drugs or pornography or child abuse, believe me, these things do not just happen. They are planned behind the scenes and carefully executed, and it is the little

people who take the rap for their manifestation. I tell you, the little people have been tools [of the fallen ones] too long and victims too long.

We Are Here to Win

Therefore, chelas of the Great Divine Director are here for the exposure. And once that exposure begins in full force, you will see that every one of you will need every other one of you. And your safety will be in your oneness, in your togetherness, in the sealing of your life for that one purpose.

You have noted that even our exposés, which Mother has given in her lectures, have been labeled “Confidential Files.”³ These have been released to the inner circle of devotees so that the devotees might first have the alchemy of transmutation and of challenge before these messages would go out into the world under the messenger’s name and therefore attract opposition to the messenger.

By and by, these “Confidential Files” will be disseminated in easy-to-read books, where they will become more popular editions. In that hour it will be the requirement that our chelas will stand behind the message, the messenger, and will themselves deliver lectures upon it.

Some of you who are gathered here have had experience in seeing the intense reaction of the fallen ones to the simple truth of an archangel, an ascended master, or the Guru embodied. You have been amazed to see what hatred lies lurking in the subconscious of otherwise friends and seemingly souls of light. This is the effect of truth.

There is an outrage, beloved ones, when the citadel of the control of the fallen ones is exposed. For this we have prepared you. For this we have given you the science of the spoken Word.

We are here to win in this decade or we would not be here at all! We have come to determine how many chelas are

here to win or who are still toying with their doubts and their fears. We will make our assessment, beloved ones. We will not alter the divine plan. Only its schedule, only the timetable, will be subject to alteration. All, therefore, that is involved in the unwinding of the cycles of exposure would require a much more lengthy dissertation.

I have come to talk to you so that you might understand that my manner of speaking and of dictating shows just how close I am to your octave and just how much a part I am of the messenger's presence. Some of you have even said to yourselves, "Why, it could even be the messenger speaking to us."

Well, beloved ones, you have become accustomed to a phenomenon of the ascended masters meshing with the messenger with such an intensity that you have thought it was the messenger when it was our identity. And therefore, the difference between the speaking of the messenger and our dictations does not always have such a great arc of separation. This is no reason to distrust the messenger but to realize that we are ever closer and closer and that we use the form as well as the content of the mind of the messenger to deliver to you our most penetrating messages.

Two Categories of Lightbearers

We watch two categories of lightbearers—those who are caught in a New Age organization that is leading them nowhere and those who are not at all any part of these New Age activities. *Both* must be contacted.

Let us see a plan of action, then, to contact the fresh souls of light who have not yet been marred by false teachings. But let us also see, by the hand of the Maha Chohan, an entering into those activities of the false ones and a contacting of the souls of light solely by the power of conversion by the Holy Ghost, by the image of the messenger, by the charisma of your soul and your speaking.

Let there be, then, souls of light who fear not to go anywhere that a child of light may be. When you are tempted not to speak, then speak. When you are tempted to speak, then be silent. Learn to know the difference. Learn to look up and see the eyes of Lanello and see whether he nods and winks or whether he shakes his head and winks. [Laughter]

The Protection of the Light of the Mother

The seraphim have gathered at the Ashram of the World Mother under Justinus. They are anticipating the coming of Serapis Bey at the Friday ascension service at the beginning of the Freedom conference.⁴ They know that his coming is of great import to the planet. They have gathered as a reinforcement for the protection of the Mother and her chelas and of the white chakra. The base-of-the-spine chakra, the white light of Mother—it is the ascension flame.

The Mother chakra of the planet is the Middle East, beloved hearts. It is greatly assailed by the laggards who have been arguing and fighting and warring over her energy for aeons. The warfare of the Middle East is a battle between those who have determined to manipulate the Woman and her seed, the light of Mother. Their battle is for who can control more of her energy, more of her abundance, more of her light.

And why do these fallen ones occupy this position? It is like anything else. They have placed a far greater intensity of their attention on seizing the light of Mother than on her children throughout the world. Why, they are not even the inheritors of her light! They are not even the joint heirs with Christ! But they have had a greater determination to take her light, to steal the ascension flame and the light of the Goddess Kundalini in order to perpetuate their existence in Matter.

Thus they hoard the oil. Thus they hoard the supply. And I tell you that the plagues of Almighty God will descend

upon them, ere a certain cycle has passed, if they do not submit to the light of the flame, if they do not cease their warring.

Beloved ones, the cause of world terrorism has come out of this warring for the light of the Mother and through many seeds of destruction. This is always borne by the messenger. The weight upon the planetary white chakra is the first order of the day upon our messenger in embodiment. And so you can see why the seraphim, servants of Serapis, come with Justinius. They look at the world equation. They read the many graphs and studies in our retreat and in the Central Sun, and they measure world progress by the light of purity held in the chalice of the chelas upon the earth.

The Release of the *Dossier on the Ascension*

Therefore, with the imminent publication of the *Dossier on the Ascension*,⁵ the seraphim are on hand to hold the balance. They understand that for you to perform the work of the Mother, the light of the ascension flame must increase. They are here to protect you as you increase and intensify your calls for purity. They also understand that when a certain number of devotees of the Mother reach a certain attainment, that is the hour when the laggards will no longer be able to hold the light of the Woman.

Their warring over her abundance in every nation, beloved ones, is the cause of the energy crisis, inflation, manipulation of currency, absence of the gold standard in America and many of the free nations. All of this manipulation of energy goes back to the manipulation of the white light of the ascension current at Luxor, Egypt.⁶

Therefore, we count the release of the *Dossier on the Ascension* as one of the greatest moments in the history of the Great White Brotherhood in modern time. And we are counting on our chelas to deliver that book far and wide as a whirling forcefield, a sphere of white light that will have an

effect of exploding and penetrating the blackness of despair and darkness wherever this book is placed.

Of all other books, we desire to see this one in the libraries of the universities of the world. And we desire that every chela who calls himself a chela will be able to give lectures on the subjects not only of the ascension but on the white light itself, on the subject of the Mother, on the subject of the raising of the light of the Mother through the violet flame, through the calls to Astrea, through all that you have been taught.

The path of the Mother and the path of the ascension are one. And that path must be made known in the land of India so that those chelas may get off the merry-go-round of continuous incarnations and realize that the ascension can be attained in a single lifetime. This is so necessary in the East.

The Ascension Is a Goal That Can Be Attained in This Life

Beloved ones, I look to you, as God looks to me, to see what we can do together for the victory of the light. Certain cycles have turned in the initiations of the messenger so that we can also take through her heart certain initiations for the planetary body and give other initiations to many more chelas. Strange as it may seem, the more chelas that are initiated through the heart of the Mother, the more the Mother must withdraw from so direct a contact with those chelas.

The holding of the balance is the equation. If there are to be thousands and millions who come through her heart, then there will be a greater withdrawal. In the withdrawal there is then a greater intimacy between the Mother and her children. And so you see, it is only the appearance of withdrawal. For the withdrawal is into your very own heart so that the Guru becomes congruent with yourself, and more and more you will know how you are that presence and how you and the Mother are never, never separated wherever you are.

We look to the initiation of the 1980s as a tremendous spiral through this *Ascension Dossier*. Let it come forth, then, for our seraphim are ready to be sent by you. They are ready to announce to every living soul—in the name of Archangel Gabriel and with his legions—that the ascension is a goal that can be attained in this life.

Deliver the Message of Serapis Bey

Beloved ones, we are watching, and we have actually given into your hands as you have been seated here a list of names of individuals upon the planetary body that you may contact and to whom you may deliver the message of Serapis Bey. And those individuals—because you have spoken with them and have transferred that book as a gift of love from your heart—will make their ascension in this life.

We have given you this list of names as a sort of treasure hunt so that you may seek and find those treasures who need you for the message but whom you need in order to make your ascension. For in each and every case, this list of names contains those souls whom you have somehow left along the way when you should have sustained the light of opportunity in previous incarnations.

You may begin, then, the conclusion of your period of Summit University by sending certain announcements and circulars provided to you by the Mother so that you may send them to everyone you have known who has been a part of your life and therefore close the book on your responsibility to those individuals by making that contact, sending the notice, and writing a personal letter of your conversion to the living witness of the Word.

When you have, then, divested yourselves of this responsibility, you will reap both good and evil—a strong response and also the response of love as well as hatred. But having done so, you will then become a world server and, as quickly

as possible, representatives of the World Teachers, who look forward to instructing you.

Then you may go to the highways and byways and find that the children of God and the children of the Mother are your brothers and sisters. And with all due acceleration, you may leave behind family, friends, and relatives who do not come into your path. You may cut yourselves free even from those closest to you so that you may go on with the conversion of the multitudes.

I can assure you that if you will make the call to me, I will give my utmost to see that the souls to whom you are tied in this life have every advantage and opportunity to accept the teaching that you send to them or bring to them personally. And I make you this promise—that if they turn away from you and do not accept the opportunity, it is because their free will, their own evolution, has taken its course and has made its decision. And I tell you, you will no longer be held responsible for their progress or for giving hours of decrees in their name.

I tell you this because some of you tarry and allow yourselves to be tied to these associates for too long, year upon year, when there are so many others waiting who know your face, who have been your mothers and fathers and sisters and brothers in other lifetimes who are just as close to you, if not closer, than some who are a part of your lives in this embodiment.

Therefore, we move from where you are to the succeeding circles, and of course those closest circles are the friends and relatives that are near you now. Beyond them are the waiting multitudes. They wait for the fulfillment of this cycle of your life.

I Bid You Welcome to Our Retreat

Now, my beloved, in the supreme understanding of your souls and your four lower bodies, I bring my discourse to a

conclusion so that you may absorb what I have already said.

I ask you to rise, then. [Audience rises.]

Angels of Maitreya and Saint Germain place upon you now the golden cape, and for each one in first level, the star—the purple fiery star of Saint Germain—which will be made permanent when your assignments are fulfilled. A second star is added to the cape of those who are in second level, and it will be made permanent when your assignments are complete. A third star is added to those in third level, and it will be made permanent when you have completed your responsibilities.

Saint Germain seals your heart in a beautiful amethyst, each and every one. And the Goddess of Light, the Queen of Light, and the Goddess of Purity bear a crystal, a diamond crystal of the will of God and of the purity of God, a jewel so precious for the intensification and the acceleration of our light.

Now I seal you in the Maltese cross, the sign of our retreat. I bid you welcome there tonight and every night for twenty-four months. All who hear this dictation in our teaching centers and those who are graduates of Summit University may avail themselves of this opportunity.

The members of the Karmic Board unanimously sponsor your lifestreams and mine in this experiment. They are charged with hope, with faith, and with intense charity on behalf of your love so freely given, on behalf of your inner vow. They, then, now seal you in a greater love—a greater love than that which has ever been given in this period of Summit University.

And all who have sustained the same dedication throughout the world who are serving in the field receive in this moment a love from the seven members of the Karmic Board, who look forward to receiving more souls of light at fall quarter 1979, when the Goddess of Liberty will step forth to sponsor Summit University with Lord Maitreya.⁷ I bid all welcome to that experience. I bid all welcome to our retreat.

I am joyous in the flame. I am glad that I came. I am here because I love you. And through you I love so many, many more who have held in store in your hearts a joy that they have no conception of in this moment. But I am certain that you will become whirling stars of light and will present to these souls my flame, my name, my service, and my opportunity.

In the name of the Father, the Son, the Holy Spirit, and the blessed Mother, Amen.

Novena to the Great Divine Director

In Saint Germain’s 1975 *Pearls of Wisdom*, vol. 18, no. 32, he gave valuable teaching on the soul’s need for divine direction in order to fulfill his or her divine plan. He said: “There is a plan for you. For every child of the light, for every chela of the Law, there is a divine way. But there is always the human alternative. I come with the mantra of divine direction written by my teacher [the Great Divine Director] and dictated to the messenger Mark L. Prophet. I bid you make the choice of entering into a novena to your own I AM Presence, to your own Real Self, to the Christed One, and to the Guru who can assist you immeasurably to define the path of your own Self-realization. I initiate you in the cycle of the thirty-three—a formula for alchemy—as an exercise in proving the path of your choosing.”

For Saint Germain’s full teaching on the divine plan and his instruction on entering into a novena to the Great Divine Director using decree 10.08 (see next page), see 1975 *Pearls of Wisdom*, vol. 18, no. 32, available from <https://SearchPearls.SummitLighthouse.org>. This decree is available on CD in an advanced pace at <https://Store.SummitLighthouse.org> and is also available in a devotional and intermediate pace at www.AscendedMasterLibrary.org.

The Great Divine Director

In the name of the beloved mighty victorious Presence of God, I AM in me, my very own beloved Holy Christ Self, Holy Christ Selves of all mankind, the beloved Great Divine Director, beloved Guru Ma and Lanello, the entire Spirit of the Great White Brotherhood and the World Mother, elemental life—fire, air, water, and earth! I call for divine direction throughout my affairs, the activities of The Summit Lighthouse, the governments of the nations, and all Ascended Master activities, worlds without end:

1. Divine Director, come,
Seal me in thy ray—
Guide me to my Home
By thy Love I pray!

Refrain: Thy blue belt protect my world,
Thy dazzling jewels so rare
Surround my form and adorn
With essence of thy prayer!

2. Make us one, guard each hour
Like the sun’s radiant power—
Let me be, ever free
Now and for eternity!
3. Blessed Master R,
You are near, not far—
Flood with Light, God’s own might
Radiant like a star!
4. Divine Director dear,
Give me Wisdom pure—
Thy Power ever near
Helps me to endure!
5. Shed thy Light on me,
Come, make me whole—
Banner of the free,
Mold and shape my soul!

And in full Faith. . .*
