

*The Beloved Goddess of Liberty*  
**The Crucifixion, Free Will, and the  
Law of Transcendence**  
Part 2

For each one of you who ventures forth into the world today, our angels, our monitors are present. We watch and we keep the watch as we send guardian angels to all those who have determined to stand with the light. We consider your courage, your God-determination, and your own love to assist your brothers and sisters upon earth.

Therefore, we have not left you comfortless, nor do we desire to leave you without protection or the necessary understanding. It is the time for the pooling of resources, energies, consciousness. It is the time for able men and women to understand the meaning of dealing with forces, some of which are controllable and some of which are uncontrollable. Understand my meaning and understand what I have already said concerning the Great Law and the Lawgiver, which does not violate the Law.

Understand, then, that gravity itself dictates life...

## **The Crucifixion, Free Will, and the Law of Transcendence**

*This Is the Fiery Core of the Torch of Liberty  
That We Pass to You*

### **Part 2**

The concern for the continuity of life and the open door of the avatars, the concern for the safety of the Word itself and the vehicle of the Word begins but does not end with the messenger. For each one of you as chela is a vehicle of the Word and its understanding. Therefore our care, our love, and our concern for you remain infinite.

For each one of you who ventures forth into the world today, our angels, our monitors are present. We watch and we keep the watch as we send guardian angels to all those who have determined to stand with the light. We consider your courage, your God-determination, and your own love to assist your brothers and sisters upon earth.

Therefore, we have not left you comfortless, nor do we desire to leave you without protection or the necessary understanding. It is the time for the pooling of resources, energies, consciousness. It is the time for able men and women to understand the meaning of dealing with forces,

some of which are controllable and some of which are uncontrollable. Understand my meaning and understand what I have already said concerning the Great Law and the Lawgiver, which does not violate the Law.

Understand, then, that gravity itself dictates life upon earth. And the gravity of world karma is also the subject that must be studied in terms of coming events, whose shadows precede them even now in the conditions of the historical stream that are recycling in the modes of war, of economics, even of persons reembodied in the governments of the nations who have risen once again to finally outplay their own free will and to be judged.

And this is somewhat the crucifixion of the lightbearers—that this seed of the wicked is allowed to return many times over as they think they are the ones who implement the crucifixion of the children of God, whereas only the LORD God Almighty administers that initiation. Their abuse of life can never be termed the crucifixion. Rather, it is persecution. It is hatred. It is wanton murder and destruction. Nevertheless, the children of the light have interpreted such conditions as the crucifixion, for they have not understood that the crucifixion is neither death nor pain but is life and bliss.

Therefore, my beloved, while these individuals outplay their hand in the ending of the cycle, in the final hour of opportunity to bend the knee and confess the Christ, their position at points of relativity in the governments makes them instruments of ultimate decisions affecting life and death upon earth.

### **This Is the Hour of the Harvest**

We, then, centered in the very center of the mandala of the Temple of the Sun,<sup>1</sup> move in our solutions from every point of the circle. Three hundred and sixty degrees is three hundred and sixty angles of God consciousness being brought

to bear upon the situation of earth and her evolutions. Multiply this by the spherical nature of infinity and you will behold God in the center of earth and her evolutions, God on the periphery in the person of legions of the armies of the Faithful and True<sup>2</sup> moving into position at every point and dot in the sphere of earth itself—God within, God without, and mankind betwixt these two points of the law of life, of Alpha and Omega.

What, then, does this constitute? It constitutes the pressure of light. Understand the pressure of light when that pressure comes down upon discord. It is very simple. Discord increases, is forced out of itself, is forced to the very surface of the planetary body, all karmic conditions—thus the turmoil, thus the chaos and the confusion!

And in the midst of all of this, the tension of light, the pressure of life itself, results in God coming into manifestation in his sons and daughters. Your own advancement on the Path, the increase of light within you, could only be the result of such cosmic conditions unprecedented. You have seen the miracle of the Holy Ghost within your very own temple and have taken it almost for granted, as though the moment you should place your attention upon God, such miracles would occur.

My beloved, this is no ordinary manifestation—that souls of light could come into our midst and drink at the fountain of the messenger herself and receive that light for which she is the vessel, the vessel of the light in the center of the Sun and the vessel of the light of the armies of the LORD. This light transferred to you is like a giant pump pumping air, pumping the sacred fire, pumping living waters until you are so filled with light! It is almost as in the early Church when they were drunk with light, so joyous with light that their cup overflowed.

This is indeed a phenomenon of the centuries that occurs only at preordained moments, only when the pressure of the Brotherhood and cosmic beings comes to earth again in the

course of cycles for a harvest. This is the hour of the harvest, when many will ascend and others who are resurrected by the very force of the light itself will be resurrected to the Final Judgment.

Now, then, with these conditions advancing and intensifying, you must understand that certain conditions, as Saint Germain has always told you, are unpredictable even from our octave because of the nature of free will, because of the nature itself of the human consciousness. But there is one thing that is certain—the paucity of leadership. The impoverished consciousness, the total absence of consciousness from God within key figures East and West, is certainly calculated to manifest the worst decisions, the very worst decisions that could be imagined.

#### **It Is a Supreme Moment for Alchemy, for Change**

From the standpoint, then, of leadership alone, we consider that the earth has never been in greater peril than she is in this very hour and moment. The peril being great, the countermeasures for the protection of souls must be great. Inasmuch as all conditions are in a state of flux and no downward avalanche, even in the economy itself, has yet crystallized into outer darkness, it is a supreme moment for alchemy, for change.

Thus, the infusion of the violet flame itself into the very heart and mainstream of American life is calculated by Saint Germain, with his cosmic computer, to actually have momentous effects for the good and for the turning around of those conditions capably charted for you by our messenger and our faculty.<sup>3</sup>

Saint Germain also dreams a dream, and he measures in his heart the quotient of light and the effect that certain portions of the violet flame would have and could have in America. He sees the cosmic cube. He sees the intensity of the violet

flame through you. And he shows us not one or two but many—no less than 360—alternative outcomes in coming months, which are dependent entirely upon how the spark of freedom and of liberty is received as it is being transmitted.

Understand that in one sense freedom has never been so free, and free will has never had such a moment of opportunity. Free will in the heart of the lightbearer is still the opportunity to become God and to resurrect a sick society and a dying world—all of this within the realm of possibility and even probability.

The equations, then, differ. But none of them change according to the will of heaven or the Brotherhood or the Law itself. The equations themselves change only with the acceptance of embodied lightbearers and the mainstream of humanity at large. The outcome, then, is entirely dependent on how lightbearers implement the wisdom, the joy, the love, the Law, the freedom itself.

It is as though there were silence in heaven, as a hush is come upon angels and ascended masters as they listen and wait and look to see what will be, what friends of freedom will arise in answer to the tremendous charge of energy sent forth from the altar of your heart and the altar of our sanctuary.

If mankind wait to see what the superpowers will do, I can assure you that heaven waits to see what the superpowers, in terms of those who have the greatest light, will do.

### **The True Meaning of the Guru-Chela Relationship**

We admonish you to stay close to home in your heart, to always be with the Lamb whithersoever he goeth.<sup>4</sup> We admonish you to have the sense of home as being not only where the heart is but where the Mother is. We admonish you to have the sense of mobility of the Spirit, mobility of soul and heart, and the realization that wherever you go you are always secure in the heart of Mother when your vibration is one with Mother.

For the Mother flame is the law of manifestation itself, even as the law of the consuming fire. When your consciousness vibrates with the heart of Mother, you are secure in that heart. When it is not, no amount of outer provision for safety can save you from world karma or individual karma.

Some have supposed that an idolatrous relationship or an outer tie would suffice. These have seen the error of their ways, and numbers of these are on the other side of life. They have passed through transition, never understanding the true meaning of the Guru-chela relationship. That meaning is this: It is the wedding of soul with Spirit. It is the marriage of the soul of the chela to the Spirit of the Guru whereby at any moment upon the cosmic cross of white fire the Guru is the chela, the chela is the Guru. This is the cosmic interchange. This is the love of community.

Let this community prosper in the Spirit and in the abundant life, and let the members be as one—all for one and one for all. Let love abide. Let love consume all fear. Let love be the ability to mobilize for the mission unto the nations and for the mission of securing the Place Prepared in the wilderness whereby the birth of the Manchild is secured for generations to come.

### **I Seal You in My Threefold Light**

I AM the Goddess of Liberty. I AM the Mother of the flame within you. I seal you in my threefold light, and I AM with you always<sup>5</sup>—on the battle line, in the fight, and in the hour when your souls take flight.

I AM in the sea. I AM in the wind. And I hold my torch for the guarding of the cosmic cube, for the guarding of the Promised Land.

I bid you, take my hand in defense of life everywhere, and most especially within the souls of my little ones throughout the nations of the earth.

I breathe a prayer for holy angels to inspire you and care for you always, and they are waiting in the wings to answer my prayer and abide with you.

I AM THAT I AM in the Mother light of the Ancient of Days. I bow before Sanat Kumara and his divine plan *sealed* in the heart of the Great Divine Director for the fulfillment of the mission with you. Amen.

**"The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom."** This previously unpublished dictation by the **Goddess of Liberty** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Saturday, October 13, 1979**, during the *Keep the Nations Free* seminar, held at Camelot, Los Angeles County, California. Part 1 of this *Pearl of Wisdom* is published in this volume, no. 9. Any books listed in the following endnotes are published by Summit University Press and are by Mark L. (1) **The Temple of the Sun** is the retreat of the Goddess of Liberty located in the etheric realm over the island of Manhattan. The central altar of the Temple of the Sun is over the Statue of Liberty in New York Harbor. While embodied on Atlantis, the Goddess of Liberty erected the Temple of the Sun where Manhattan Island now is. With the sinking of the continent, the physical temple was destroyed, but its etheric counterpart remains a major world center focusing the flames of the twelve hierarchies of the Sun. The temple, which was the West gate of Atlantis, has become the East gate of the New World. The Temple of the Sun is one of the most important retreats on the planet. See *The Masters and Their Retreats*, pp. 484–85. (2) Rev. 19:11. (3) **Those conditions capably charted for you by our messenger and faculty.** In this seminar given by the messenger entitled *Keep the Nations Free* (October 10–13, 1979), the messenger reviewed the geopolitical and spiritual conditions in America and the nations of the world, listing the countries under World Communism and the countries that were free. At the time of this dictation, all of Eastern Europe was under Soviet Communist domination. Today, five nations are considered official Communist states: China, Cuba, Laos, Vietnam, and North Korea. ## Beloved Liberty Flame

1. O sons of Light, awake to glory!  
 God's legions bright now come again  
 To bring to earth perfection's story  
 The plan divine and goal of all men.  
 As they aspire, so the Christ takes command  
 And God's own Light will banish the shadows  
 That now enfold this planet round  
 As man then bursts his bonds asunder  
 The bells of freedom will resound.  
     Arise! To God now call  
     For peace and liberty!  
     March on, march on!  
     Light is supreme  
     And master over all!
  
2. O God of Light, below'd I AM in us  
 Come now, in mercy, set us free!  
 We now invoke, in adoration  
 Thy gift, the Flame of Liberty.  
 Within our hearts, let it now take command!  
 Our love to thee, dear Paul the Venetian  
 And brothers of thy blest retreat  
 The guardians of this mighty focus  
 Of Threefold Flame on earth so sweet.  
     Love's pow'r and wisdom, too  
     Its mighty balance true  
     March on, march on!  
     Liberty's flame  
     The victor over all!\*
