Let Illumination as a Mighty Tide of Light Inundate the Earth Part 2

It is up to you, the disciples, and not up to the messenger, to confront and confound those individuals who do not stop the wagging of their heads and the denial of the Christ upon the cross—no, not until they are challenged individually, one by one. The person of the Liar must be challenged, and the lie itself must be challenged—in person, in writing, in preaching, and in speaking the Word. And unless you challenge the lie, I tell you, it will multiply. It does not go away of itself, and no lie is too ridiculous or nonsensical to remain unchallenged.

We have a motto in our Brotherhood: “Never turn your back on the demons, lest the demons multiply behind your back.” This they do, beloved ones. Carbon copies multiply and multiply as by printing presses and chain letters and are charged with the vengeance and the venom of the seed of the wicked as they multiply error in their attempt to bring destruction to the greatest truth and the greatest message...

Let Illumination as a Mighty Tide of Light Inundate the Earth

Part 2

We have instituted the two-by-two program.¹ We have instituted the stumping tours.² But we can no longer endure children of the light who refuse to enter into heartfelt communion with those, then, who are only waiting for the personal love and contact to receive the teaching.

There are many abroad in this land who work feverishly to spread lies concerning the work of the messenger and the teachings. They do not rest night and day from sowing their poison, and that poison has reached the highest echelons of government and of the security forces of this nation.

But where is the word to counteract it? Where is the challenge? Where are the individuals who believe in who they are and what they are in order to go forth to the very heart of those lies?

Some of you have known for years where those lies have come from! Do you think that merely decreeing in the sanctuary is enough? Why do you not go to those persons and challenge them directly? Do you fight duels in the air? Or do you go and confront the adversary face-to-face and say, “I say there, you have spread your lies long enough! Let them stand

the test of truth and the light of day! Tell us what it is that you would say concerning our service.”

The Liar and the Lie Must Be Challenged

If you do not take seriously my message, we will not bring another. We have waited to speak to you so that you might come into alignment with the admonishments of the messenger and the dictations of the conference.³ If our word is not heeded but only received as the gentle rain falling upon you, then we must withdraw our word until you understand that every word we give we intend to have implemented. We expect, then, that you will heed what our messenger has been saying for several years.

It is up to you, the disciples, and not up to the messenger, to confront and confound those individuals who do not stop the wagging of their heads and the denial of the Christ upon the cross—no, not until they are challenged individually, one by one. The person of the Liar must be challenged, and the lie itself must be challenged—in person, in writing, in preaching, and in speaking the Word. And unless you challenge the lie, I tell you, it will multiply. It does not go away of itself, and no lie is too ridiculous or nonsensical to remain unchallenged.

We have a motto in our Brotherhood: “Never turn your back on the demons, lest the demons multiply behind your back.” This they do, beloved ones. Carbon copies multiply and multiply as by printing presses and chain letters and are charged with the vengeance and the venom of the seed of the wicked as they multiply error in their attempt to bring destruction to the greatest truth and the greatest message of liberation that the world has ever known.

Let not the children of the light abandon all that they have learned and all that they have understood for the proper interaction in this plane. We count upon you to

perform your service, and we tell you that it is important that you use your ingenuity as well as your love, as well as your dynamic decrees to bring the message of truth and to defend that truth.

Let There Be Protection for Illumination

I AM Lanto, the teacher of your souls. I come with the defense of the light of the Goddess of Liberty and the dispensation of illumination. This is part of illumination, a most neglected part. To cast your bread upon the waters as you would cast your books across the earth is not enough. You must see to it that that Word reaches those who need it, without compromise, and before they themselves are turned against the Path by viciousness and lies.

Any number of souls of light, too weak in their own self-awareness, have been turned from this path in the past year by the uncounted lies, and therefore these souls will not reach our doorstep unless you go forth to find them and to retrieve what might be lost for an embodiment.

I pray that you will pray unto the Father and unto the Son that none of these little ones shall be plucked from our hand. For the Great White Brotherhood, in its outreach, in its ten-year program,⁴ is counting on all chelas of the light who have vowed at inner levels to carry our Word. We are counting upon you to rescue those souls of light and to go forth in the name of the Law.

Let there be protection for illumination. Let there be the unveiling of truth. Let there be the worship of truth. Let truth be on the pedestal. Let truth be defended as the light of the Mother and as the light of her children. Honor Truth and rise to her defense when she is maligned. The truth of Omega is in your midst. Do not think that Omega is not pained when that truth itself is maligned.

Be Practical Men and Women of the Hour

The Cosmic Virgin suffers and needs knights and ladies of the flame. I enlist you, then, in this service and I say, come down to earth and be practical. The decrees will not do the work for you. You must do the work for the decrees and let the dynamic decrees release to you the power and the light and the will and the energy to perform your service.

Service itself must be given. And learn the difference between dynamic decrees and service. When you have finished your dynamic decrees, your service begins. They are prologue. And out of that decree work comes the consciousness and the ability to be practical men and women of the hour.

Let not, then, the sanctuary become the escape for those who should be interacting and out in the highways speaking to souls. When the Word of God is in your heart as a dynamic decree momentum and you do then speak, there is a leaping of the Holy Ghost.

Therefore, let there be balance. And let children of the light prepare to do battle with error and an erroneous consciousness that would seek to multiply error and the evil image of our entire movement in the coming year. We warn, and we give you a head start.

Take Stock

Let illumination as a mighty tide of light inundate the earth, swallowing up the lower tide of darkness and ignorance before it can reach and affect the minds of our chelas whom we expect to bring into our activity in 1980.

Let each one today, then, consider his practical application of the Law and his *impractical* application of the Law. And let those who have engaged in a failure syndrome, who refuse to take directions and carry on their work as directed, take stock this day. We are determined that you will no longer

hold up the wheels of progress. For now is the hour when practicality within and without the fiery core of this heart center must be the very implement, the tool of the Maha Chohan to bring souls to the knowledge of their mighty I AM Presence.

Let all, then, who have been impractical remove those points of impracticality! Let our board of directors and our department heads and our leaders in the teaching centers point out to individuals what are the practical steps, what is effective, and what is not effective. And let us not have individuals sidestepping their responsibilities and using decrees as an excuse for effective action. Likewise, let not those who do not like decrees use action as an excuse not to decree.

We must have a threefold flame in this activity! We must have *power* of the Word, *wisdom* of the Word, and *love* of the Word! This, then, must be precipitated through the white light of the Mother.

Let individuals take stock. For come the New Year, we expect letters [to the Karmic Board] that are thoughtful and thought out and not written in the last half hour of the year! We at the Royal Teton Retreat are with the Karmic Board when these letters are received. We expect them to be organized. We expect you to assess your life and come with fruits meet for repentance⁵ and meet for dispensations in the decade of the eighties.

Ponder the Meaning of Responsible Action on the Second Ray

The Lord Buddha rests his hand upon me and says, “Well done, Lanto. You have delivered the word that I desired to have delivered this day.” Ponder the meaning of responsible action on the second ray and you will solve many of your personal and organizational problems.

In the name of the living Word, I salute you. And when I come again, I expect to find you in a higher niche of illumination's illumined, practical action.

I bid you adieu.

Messenger:

We are most grateful for the words of Lord Lanto, which come as the consensus of the Council of the Royal Teton as their message of light.

Illumination can only truly burn brightly in the being who has integration—God-integration. Therefore, from the point of the soul to the point of the I AM Presence, we integrate through the Christ mind, and the Christ mind acts through us as illumined action that is always loving and always fulfilling the Law by the power of the Word.

The path of illumination is the great emphasis of the Brotherhood in this year. We can all look around and see how deficiencies in illumination have caused most of this world's problems. Let us shore up our decree momentum in the second ray and then call to the Christ Self and the Cosmic Christ and the Council of the Royal Teton to see how to apply this illumination flame to the world of deeds.

“The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom.” This previously unpublished dictation by **Lord Lanto** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Sunday, November 4, 1979**, during the Sunday service at Camelot, Los Angeles County, California. Part 1 of this *Pearl of Wisdom* is published in this volume, no. 11. [N.B. Bracketed words have been added for clarity in the written word.] (1) **The two-by-two program**. The door-to-door, two-by-two program was introduced at Summit University in 1976. Students went two by two, knocking on doors to introduce people to the teachings of the ascended masters, gave them flyers or

a packet of information, and invited them to a lecture or conference. The program was designed to fulfill a required initiation on the Path, based on Jesus' sending forth his disciples to preach. (Matt. 10:5–14; Mark 6:7–13; Luke 9:1–6) The emphasis of this program was the heart-to-heart contact with each individual. In a lecture on December 2, 1976, Elizabeth Clare Prophet explained: "The reason Jesus gave the initiation without purse, without scrip [sack or pouch] was for the initiation of the Holy Spirit and that white light, that fourth ray, the utter reliance upon the spirit within, without preparation, without knowing what you will say to deliver unto the people that message of salvation. . . . So the alchemy is between the flame in your heart, the flame in the people inside that house, and the flame of the ascended masters who accompany you." Mrs. Prophet also stated that the mantra of the door-to-door program is "I AM the open door which no man can shut." **(2) We have instituted the stumping tours.** Following the messenger's U.S. stumping tour in 1978, staff members from headquarters and teaching centers as well as students of Summit University lectured throughout the United States, from the West Coast to the East Coast, bringing the basic "stump" message of the I AM Presence, the violet flame, the science of the spoken Word, and the path of the ascension. **(3) The admonishments of the messenger and the dictations of the conference.** In her lecture given on October 5, 1979, at *The Torch Is Passed* conference, the messenger stated: "The Goddess of Liberty brings us to this conference to consider how we may undo the damage that has been done" by the fallen ones in America and the world. She said, "Liberty is not enough when it is burning in our hearts. It must be proclaimed. When it is proclaimed, spoken of, witnessed to, it becomes a flow of light through your heart. It is a mounting light. It is the Word itself. You become the Word, you become the message, and the fire in you increases. . . . The path of the ascended masters is not a private path. It is a responsibility to transmit the truth to millions. . . . And so this activity is for people who want to go all the way Home. . . . You need to take stock and say, 'A torch has been passed to me, but how far am I willing to run with with it?' The Goddess of Liberty says, 'If you want to follow me, you are going to have to be a spokesman for freedom.' Keep the nations free—that is our theme of this conference. Our starting point is to keep those nations free who are already free." **(4) In its ten-year program.** In a dictation given on May 3, 1977, Gautama Buddha announced that "the Lord Buddha has extended to you as people of God one decade for the turning of the tide. . . for the contacting of hundreds of thousands of souls. . . . After the decade has passed from this hour, there is no guarantee forthcoming from the Lords of Karma. . . that the tide can any longer be turned from the fate that has been plotted by the dark ones." (1978 *Pearls of Wisdom*, vol. 21, no. 28) On May 4, 1977, the messenger stated that "the Darjeeling Council gives the assignment to every Summit University student, every staff member, the Montessori

children from seventh grade up, and all Keepers of the Flame in the field to devise a ten-year plan, and within the ten-year plan, two five-year plans. And the first five-year plan is the Alpha thrust and the second five-year plan is the Omega return. The ten-year plan is this: It is the development of the strategy beginning with you, right where you are. . . . It's a ten-year plan for action. Now we accept wholeheartedly the challenge. We also accept absolutely our God-victory and that it is going to happen because it all depends on us." On May 13, 1987, at the conclusion of the ten-year period, Gautama Buddha gave a dictation during which he read a proclamation from Alpha, stating: "Blessed hearts, we have said that with the passing of the decade, the opportunity for the saving of the earth could be denied. I, Alpha, write to you this day that this opportunity has been lost to the fallen ones—that no new dispensation is forthcoming on this Wesak 1987 for the planet as a whole, but the dispensation [that is forthcoming] is a mathematical formula to each individual according to his own inner attainment." (1987 *Pearls of Wisdom*, vol. 30, no. 24) **(5) Matt. 3:8.**
