## **Be God-Victors Today!**

Hail, O light of the heart of the Son! I AM in adoration of the Son, for I AM Mother. I AM in the heart of the lily of thy soul, and I AM in the heart of life's goal. I AM in the center of the oneness of thy flame, O child of my heart.

I AM everywhere and nowhere. Come and find me. I AM the light of Mother that sweeps in the billowing clouds, hiding and peeping through the trees and the singing of the birds.

I AM in your dearest dream and your highest purpose, and I AM with you as you rake over the coals and the dying embers of a former state, seeking to find therein a comfort that is not there. For the comfort of thy heart is in ever reaching toward my heart, there to discover, with mounting wings as eagle flight, your own soul's delight reaching ever, ever into the new personality of thy Self. It is God—the eternal comfort, the Person of thy life.

## Be God-Victors Today!

Hail, O light of the heart of the Son! I AM in adoration of the Son, for I AM Mother. I AM in the heart of the lily of thy soul, and I AM in the heart of life's goal. I AM in the center of the oneness of thy flame, O child of my heart.

I AM everywhere and nowhere. Come and find me. I AM the light of Mother that sweeps in the billowing clouds, hiding and peeping through the trees and the singing of the birds.

I AM in your dearest dream and your highest purpose, and I AM with you as you rake over the coals and the dying embers of a former state, seeking to find therein a comfort that is not there. For the comfort of thy heart is in ever reaching toward my heart, there to discover, with mounting wings as eagle flight, your own soul's delight reaching ever, ever into the new personality of thy Self. It is God—the eternal comfort, the Person of thy life.

Ever reaching, ever striving, ever excelling and accelerating, there is the necessary friction of worlds being born as they rush through a cosmos, and the fire of the burning is the passing through of the elements that no longer may be as they were, for in the acceleration is the ever-new perception of thyself higher and higher, a manifest person of God.

I come to renew the Mother flame in earth, in you. I come to strengthen the bastions of Mother flame for the overturning of the dragon of World Communism and those who feed it, the international capitalists. O my beloved, wherever there is a dragon, seek the one who gives it life.

Who, then, is more dangerous—the sorcerer or the sorcerer's apprentice? The danger is in the connection! Therefore I say, *raise* the mighty sword of the Mother and sever the tie! Sever the tie. For you see, the sorcerer cannot live without his apprentice; the apprentice without the sorcerer. And therefore let the cucumber be cut from the vine.

### The Hope of a Mother's Heart Is Translated into Steadfast Action

O my beloved, is not the perplexity and the complexity of evil made simple by the hope of a mother's heart translated into steadfast action?

Day by day it is always obvious in the eye of the mother what is most needed by her children so that they might conquer and win. Why, the mother is the greatest cheerleader in the great stands of life! There is mother cheering on her children, seeking ways to facilitate Mighty Victory's entrance on the stage of life through your gentle, striving hearts.

Therefore, the Mother has fashioned a culture and a civilization of light, and therefore all the hordes of darkness are the cheap purloiners of the Mother's flame, the imitators of her name and face and of her children's ingenuity and grace.

So they come at every hand, and so you have heard the story again and again. And you will continue to hear my story, for I will leave not one counterfeiter covered by the rock where the scorpions hide! I will overturn those rocks and expose the Liar and the lie! And you will see in this exposure how by and by more and more of my children will awake—awake to the reality of the victory flame, the all-consuming light,

and they will no longer play their game.

I expose Vance and Brown and all the rest!<sup>1</sup> I am here to name their names, for they have named my name. They have called me by many names not written in the Book of Life, and therefore those names shall return to their doorstep by the very shame and guilt of their own not-self consciousness. I will name the names of Jimmy Carter and those who are the robot creation, who within the folds of their garments hide the ravening wolves of the seed of the wicked. They will come to naught! These Watchers and their robots, they must be exposed!

It is my will. I have released the dynamic decree, and it is my will as your Mother's Day gift to me that you give that insert on oil and nuclear energy\* so that we will see a turning of the tide and the exposure. O beloved, let sons of Archangel Michael come forth! For he is the defender of the Woman and her seed!<sup>2</sup>

Now let us see how we will implement the great dispensation of our Lord Gautama.<sup>3</sup> Let us see how we will make contact with the Father and implement that Spirit-light. We are, therefore, the ones to whom God has said, "Go forth! Implement my will!"

### The Personalities of Evil

We are Mother incarnate. We are the children of the Mother. I am here among you and I will not leave you. I am here. Let us come together and reason. Let us meet and discuss our ideas to thwart the not-ideas that are propounded with a propensity to that hot air [that is spoken by the fallen ones]. Somehow, as this hot air is breathed upon the people of America, they do not discern that there is nothing behind the arguments of the Luciferians—not one iota of light or

\*Decree 7.09, "God-Control of Nuclear Energy," in the decree book *Prayers, Meditations and Dynamic Decrees for Personal and World Transformation* (#1778), p. 100.

logic or the personality of God! Why do they hold sway among my children? Why are these personalities of evil now the ones whom the children of the light follow?

I will tell you. It is by the magnetism that these Luciferians have fashioned out of maya and glamour and the astral substance. That is where we must *pierce, pierce* that energy and its continuity through beads of rock music and of drugs—beads that are not the rosary to my heart but they are strung and strung again until they become subtly the cords that bind, like the rising snake that rises round, around to strangle its victim.

So, watch the cobra. So, watch the dance and see how mighty Shiva will replace that dance, that misuse of the Kundalini fire that is so subtle that the children of the light are strangled before they realize that they have gathered round the infamous name of a Krishnamurti<sup>4</sup> or another who has proclaimed that the only God there is, is the god of the self.

O my beloved, when there come those who denounce the ascended masters and their chelas, beware! For these are they who have walked and sought to create a following—a following in darkness. And therefore there are the cults of the family and family mesmerism, and there are the cults of the anti-family. And somewhere in the very midst, you who must give birth to a new age must discover the plumb line of truth as to where the family and the life of the servant-seeker of God come together on the Path.

Well, beloved ones, it is subjects such as these that must come into your consciousness by a reasoning together in the hallowed circle of the Guru and the chelas, of the Mother and her children. Let there be a clear seeing, for neither in the family nor in the not-family is the answer of Almighty God but in the rising resurrection consciousness of that will.

### Rise to the Center of the Heart and Be Wed to God

So let sons and daughters of God be born! Let them come forth and let them be free to know God—to *know God*—to know God in every association, in every relationship of life. And let the family of God be the unity of the hundred and forty and four thousand, with cells of light and threefold flame and harmony and initiation and the balance of karma and energy, as hand in hand mother, father, child, sister, brother walk along life's pathway knowing that you all were created by God for the eternal wedding of the soul unto the living Word!

Your body temple is an opportunity. It is made temporal and transient and corruptible so that you may seek the Incorruptible One. You were fashioned by the Father and by the Mother for the great wedding of the soul. This is life's eternal goal! Pursue it steadfastly in the very center of life's most intense activity. Understand, then, that all other experiences and interactions serve but one purpose—to enable you to make the decision to rise to the center of the heart and be wed to God.

Only the Lord Christ will live forever. Unless you are that Christ, you will not ascend in this life and there is no guarantee that you will have another. How can there be such a guarantee, my beloved? Look at yourself, then. The being that you see may crumble and decay. The Being that you are will live forever and a day—a day of eternity.

Rise, then, and be one in the flame within your heart! Employ the resurrection spiral! Employ it well, and remember that he who will live to tell the old, old story of Christ, his mother, his father, and of that glory, is the one who knows when he is centered in the heart and when he is not.

And when you come tumbling down the roller coaster of the denial of the Self, having departed from the law of

harmony, the most important step is to pick yourself up and run right back to the top and get into the driver's seat and see that you know that your roller coaster is not a down and an up and an up and a down, but it is a moving spiral, round and round, and it is one that propels you ever higher and is determined never to take a backward step, as Sir Valiant was wont to say.

He is with me here today in the presence of Lanello—the newborn Son, the ascended one, that Sir Valiant known as Carroll Hedgepeth, who departed from among you so many years ago.<sup>5</sup> So another Son has risen by the flame of Mother—my Mother's Day gift to you, that you may know that the greatest gift that you may bestow upon the altar of the Cosmic Virgin is your own ascension in the light.

### Thus Far and No Farther, Ye Fallen Ones!

Now let us see those ascended ones lay grip upon that temple fair and stand steadfast here and there and determine not to pull that cord and go up, up, up, but to remain within the fray and to raise that hand and that sword and to say:

*Thus far and no farther, ye fallen ones! You, you fallen ones, you have tempted and turned away the children of light long enough! Now I AM here, a soul of God, one in Christ, and my Mother is with me. My Mother holds my hand. You may not see her, but we are one. We take our stand! We roll you back! We bind you by our Father's love!*

*We are come! We are come to stay! We are come to take this earth for Saint Germain and the hosts of the LORD. We claim it for the Knight Commander. You fallen ones, you have no power! Your day is done because I AM here! Lo, I AM come!*

This is the Word of Jesus Christ in each hour when his Electronic Presence is with you in your prayer: “Lo, I AM here! Lo, I AM come! Do you see me?”

Well, my beloved, have the courage to say, “Because I AM come, because I AM here, they have no power! Their day is done!”

Take that authority! Take that office! For I, the Mother of the World, place upon you that mantle. It is quite well enough for you to say, “By God’s grace.” But that attributing of grace must be unto the Self that is God within. So center yourself, so be aligned, and so know:

*Because I AM here, a son of God, mankind will live to choose the rod of the law of the Cosmic Christ. Because I AM here and I AM come, suffering is done. In the name of Gautama Buddha, let it be rolled up into a scroll!*

Let it be your fiat.

### **You, the Living Christ—*Dare* to Be That One!**

Now in this week to come, this seven-day celebration of the light of Mother and Buddha,<sup>6</sup> will you not make those fiats from the hills? Will you not become emboldened and not wait for suddenly a God to appear in majestic glory where you are?

I tell you, he has already appeared, for I behold your Star. You are beauteous in the wonder of my heart. I know that you are the victors, and my coming is my telling to you that I know that you are the triumphant ones here and now. I see you as you are!

And, my beloved, as long as you maintain the razor-edge awareness of who and where you speak when you make your declaration, you speak of God. You speak of his positioning within you. You speak of God as you, as self. And as long as you

know that you take no acclaim for that lesser self in the process of dissolution, the process will continue. Let it move on! Let the human consciousness, bit by bit, know that transmutation whereby the self of Christ does glow and glow intensely as white-fire light until the exchange is not perceptible.

You, the living Christ—*dare* to be that one! *Dare* to be that one right while you watch those imperfections play back and forth like the sounding of an ancient record. Let them play and interplay. Take dominion! Put them in their place! Put them into the flame! But be not so quick to destroy the self that you do not have a matrix for self-transcendence.

Be content with being the human at the level of the loving one, at the level of the Jesus, the Mary, the Joseph appearing in that human garb, having trepidation and concern, worry, and working with the helpless ones around you. Be content with yourself and be content with yourself as God. Hold that mighty perspective of life that the Mother holds—earnestness in the correction of the self, all the while not taking that self too seriously. Let the seriousness be in God.

My beloved, my message is quite clear. Be God today! Be God-victors today! And be not concerned. Be not concerned with the condemnation of all that is, by its very nature, merely the equation of yourself in time and space. Time and space are very necessary, and therefore do not throw away the self that needs the coordinates of time and space.

Now understand the principle of unity right where duality seems to be. It is the razor’s edge of the cosmic cross of white fire. I carve it in the air! I carve it in your soul! I AM there!

### **The Fastening of Your Soul to the Cross of Life**

This Mother’s Day I descend to be upon the cross with you, my beloved. I AM there with you now in this year, which I dedicate to the fastening of your soul to the cross of life. Crucifixion is not the goal but the means of the ascension. I AM on the

cross with you, with Saint Germain, and all the hosts of the LORD. I AM the Mother giving birth to the Manchild where you fasten yourself to that mighty cross of living flame.

Speak my name into the winds, into the four sacred elements! By my name summon the elementals—fiery salamanders, sylphs, undines, and gnomes. Hear the call of my children in my name, *in my name*. When they call in my name, so let their call pass through my flame and do the bidding of the will of the Father by the child, by the hand of Mother. So it is. We move forward as one indissoluble union of love.

[9-second pause]

Now let the singers sing to me the prayer to the World Mother, that I might amplify that music and that love of the Buddha and the Mother to the souls of millions.

[Song 549, "O Mother of the World," sung once.]

### I Touch You upon the Brow

I will touch you, each one, upon the brow, that you may know that I AM with you now, the gentle touch, the touch that you can feel, the touch by which you are healed.

O blessed children of my heart, come, then, that I may start within the blessed Eye of God the spiraling of thy immaculate being, the descending spiral that comes down as a fluffy cloud, a witness of the Son. The spiral descends and catches the soul. The soul ascends unto its goal. Let me then start a coil of fire so that you may seize and be and become the child of God's desire. [Audience rises.]

The messenger: I will stand before you at the altar and you may pass by. And I will see you on the lawn for our afternoon picnic.

"The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom." This previously unpublished dictation by the **Mother of the World** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Sunday, May 13, 1979**, during the Mother's Day service held at Camelot, Los Angeles County, California. [N.B. Bracketed words have been added for clarity in the written word.] (1) **Vance and Brown and all the rest**. During the administration of President Jimmy Carter (1977–1981), Cyrus Vance served as Secretary of State and Harold Brown served as Secretary of Defense. Both were members of the Trilateral Commission, a policy-forming body that strongly influenced national and international policies. During his administration, President Carter formally extended diplomatic recognition to Communist China, severed ties with Taiwan, revoked a mutual defense treaty with Taiwan, consented to the Chinese invasion of Vietnam, and signed the Panama Canal Treaty, which would return the Panama Canal to Panama in 1999. (2) Gen. 3:15. (3) **The great dispensation of our Lord Gautama** is likely referring to the proclamation given by Gautama on May 11, 1979, two days before this dictation by the Mother of the World. (See *Pearl of Wisdom* no. 17, this volume.) In this dictation by Gautama, he said, "At the conclusion of one hundred years, there shall occur upon the earth the cutting off of certain among the seed of the wicked, that they may no longer be allowed to propagate after their kind or to reincarnate." He said that this will be followed by a dawning and an awakening of humanity. The entire dictation seems to be momentous as a preparation for the golden age. (4) **The infamous name of a Krishnamurti**. Jiddu Krishnamurti (1895–1986) was an Indian philosopher, author, and speaker who as a youth was associated with the Theosophical Society and was sponsored by the master Kuthumi. Krishnamurti later severed his tie with Theosophy and rejected and denounced the masters and their teachings. (5) **That Sir Valiant known as Carroll Hedgepeth**. Carroll Hedgepeth was a Keeper of the Flame who in the early days of The Summit Lighthouse brought many souls to the ascended masters by his outreach through classified ad pages in New Age magazines. He was knighted "Sir Valiant" by Saint Germain on June 12, 1965. (6) **This seven-day celebration of the light of the Mother and Buddha**. This may be referring to the week in which Wesak and Mother's Day were celebrated. In 1979, the year of this dictation, Wesak was celebrated on Friday, May 11, and Mother's Day was celebrated on Sunday, May 13.
