**A New Wave and a New Wind of Illumination  
Our True Witness and Our True Testimony  
and Our Invocation of the Judgment**

We have come to Camelot and to the golden shores of Lemuria to greet once again our children of the golden light. We have come in response to the call of Saint Germain and the most urgent call of Gautama.

We come to keep a vigil of illumination's flame. We come to offer the world our light as great gain. We come with a thrust of light, of wisdom to outsmart the dark ones in their plight. For they, oh, they do tremble and fear the coming of the little children and the sound of their marching. For the marching of the hosts of the LORD is the rhythm of the 4/4 time of the Mother, and when the Mother's children march, that is when the fallen ones know their day is done. For the 4/4 time of the march is the base of the pyramid, and when little children form that base, then all of civilization will rise to the height of the capstone.

## **A New Wave and a New Wind of Illumination**

### *Our True Witness and Our True Testimony and Our Invocation of the Judgment*

Light reflected upon the Lake Titicaca\* sends the image of the universal Christ reflected in the heavens and in the faces of little children. The God and Goddess Meru is the name that they have learned from ancient Mu, for our twin flames have guarded the light of the Motherland.

We have come to Camelot and to the golden shores of Lemuria to greet once again our children of the golden light. We have come in response to the call of Saint Germain and the most urgent call of Gautama.<sup>1</sup>

We come to keep a vigil of illumination's flame. We come to offer the world our light as great gain. We come with a thrust of light, of wisdom to outsmart the dark ones in their plight. For they, oh, they do tremble and fear the coming of the little children and the sound of their marching.<sup>2</sup> For the marching of the hosts of the LORD is the rhythm of the 4/4 time of the Mother, and when the Mother's children march, that is when the fallen ones know their day is done. For the

\*The retreat of the God and Goddess Meru is located in the etheric plane over Lake Titicaca, in the Andes Mountains on the Peru-Bolivia border.

4/4 time of the march is the base of the pyramid, and when little children form that base, then all of civilization will rise to the height of the capstone.

The emerald eye and the Emerald Isle—oh, this be our goal! Let Erin return to light<sup>3</sup> and let the tribes of Israel be heard again as the sounding of the mighty conch. So is the sounding of the sea of Lemuria heard within the inner ear as it is held in akasha, in the inner shell.

O light from far-off shores, now let the great wave come. For I AM Meru, and I sponsor the world's children anew. I sponsor their teachers, and I sponsor you at Montessori International.<sup>4</sup>

### **Without Increased Illumination for Our Youth, There Will Be No Proof of Everlasting Truth upon the Earth**

We come with our pledge to Gautama that the torch that is passed to Mother—the light to light a world by illumination's sacred fire—shall now be increased. For this is the moment of the release of illumination's flame for integration's ray for the 1980s. For I say, my beloved, without increased illumination for our youth, there will be no proof of everlasting truth upon the earth and there will not be the ability of souls of light to separate truth and error and to come into their own Self-awareness in the I AM THAT I AM.

Therefore we bring, as gold from the very bottom of the sea, light, scintillating light, that all of your efforts to reverse the tide of ignorance might bear fruit—not on the barren tree but the fruitful trees of life who live to serve, who live to be what they are.

Therefore we come that this life evolution might be served by quickening and by the crystal sound of the memory of Mu. The Keeper of the Scrolls and legions of recording angels bring to you the record of education as it was, as it is to be, as it must be.

**Roll Them Back! They Have No Power!**

*Roll back by the mighty wave! Roll back by the mighty wave! Roll back by the mighty wave all ignorance, all perversion of the feminine ray, all perversion of the light now through those individuals who have gathered at the Bonaventure!<sup>5</sup> I say: Roll back the anti-Woman! Roll back the anti-Christ! Roll them back! Roll them back! Roll them back! They have no power!*

*Those who have sought to usurp the light of Amazon, they have no power! For the light of the true Woman of the Sun is come. It is the light of Mother Mary within you. Therefore, I say, reverse the Darkness and let there be Light! And let the exaltation of the true Woman be the light that swallows up the darkness of the rebellion of those who are not because they never were and they never shall be in God forevermore.*

*I AM Meru. I challenge the feminists! I challenge the organization NOW!<sup>6</sup> I challenge those who take their stand for abortion and I say: Life will abort you this day and your soul's opportunity to live on the path of initiation! I challenge you and I say this day: You will give accounting before the Four and Twenty Elders, before the Four Cosmic Forces. For you have dared to take exception to the law of Christ and the Person of Christ in these little ones.*

*Therefore, because you have denied them, so are you denied before the Father this day by the Lord Jesus Christ. And the Word is spoken! And the Word is the true prophecy of the age! And the Word becomes the Law etched in Matter, and it cannot be turned back until you bend the knee and confess that the Lord is come in the light—the threefold flame and the soul of the newborn child.*

*Therefore, you are stripped of your anti-revolutionary momentum and you have no power! And therefore let the children of the light and the sons and daughters of God so repeat:*

*“You have no power! You have no power! You have no power! Your day is done! Your day is done! Your day is done!”* [Audience joins in repeating these fiats.]

**I Challenge All Who Are an Offense  
to the Godhead This Day**

We will not allow these fallen ones to bear false witness and to give false testimony in this City of the Angels or elsewhere without our true witness and our true testimony and our invocation of the judgment.

Therefore, take example, beloved ones. For where the infamous head of the Serpent rears itself against the Woman and her seed, there you must be and by the Word deny that abuse of the crown chakra and of the third eye and of the mouth of God! I say, their mouths shall be stopped and they shall no longer be able to swear against the Almighty or his Son Jesus Christ or to promote the murder of the seed of the living Christ!

Beloved ones, by this affirmation that I give, by your reaffirmation of the Word, the LORD God Almighty brings to pass his judgment in his own time and space, and therefore you live to counteract the lie of the fallen ones who abuse the mouth of God.

O blessed mouth of God consecrated in man and woman, how I love thee as the vortex of light and of the ray of God's will and as the point of the communication of the Word! Therefore I challenge all who are an offense to the Godhead this day, who utter blasphemies and repent not of their deeds.

### Let There Be Respect for Every Part of Life

Let there be respect for life, for every part of life, and for everyone who cometh in the name of the LORD! Let there be respect for the Pontiff and for the pilgrim alike. For, not hierarchical position but the bearing of the love of Christ is sufficient reason to accord respect. And therefore we decry this disrespect for hierarchy as those who have not been worthy—no, not in two thousand years—to touch the hem of the Lord's garment. They stand as mockers in the streets as the true law of God is proclaimed. Truth is Truth. Therefore, honor the messenger of Truth.

Beloved ones of my heart, individuals must understand that even from our octave we respect offices in hierarchy in Church and State. And whether or not those who occupy those offices are entirely worthy or enlightened, they who wear the garment must be given due accord, for of this honor and mutual regard does civilization consist. Likewise, we respect the order of life universally and the coursing of the stars, and we bow before the light of Alpha and Omega ensouled by the offices of the very components of the atoms of being.

Respect for life, reverence for life—by this do you accord each one the opportunity to wear the mantle and to fill the sandals of the Good Shepherd. It is a mighty crook to bear! But after all, the shepherd's crook is for each and every one who will raise up the light. And when little children have the opportunity to wear the mantle of the masters, ought there to be condemnation? Let the little child express himself, and by so doing put on a greater light.

We come to cherish life in the becoming, for we are also in the becoming. We cherish life as it is. We ask no more of the tiny babe than it breathe a sigh of comfort and peace and joy. For in that tiny sigh of the newborn babe is all the hope of heaven for new life and a golden age.

### Catch the Winds of a New Spirit of Illumination

Lo, I AM come to you, mothers and fathers and teachers and all who regard this generation with reverence, as we do. For this is not an untoward condition. But in reality, the regard for youth noted in America is proof that all know that it is the Manchild and the Christ Self that is the promise of the new wave. Therefore, we do not put down children in this hemisphere or in this earth, but we raise them up to their own Christ-potential.

To all we say: Catch the winds of a new spirit of illumination! Find ways and means to communicate the manifesto of love of the I AM Presence and the manifesto of the issues! For this is the year when not only some will understand but many will understand the hand of God that appears first as a small cloud insignificant upon the horizon. As the cloud grows, so the understanding grows, and so the hand of God is perceived as mighty indeed over the affairs of men and women and children and nations.

So many will perceive the hand of God in the flow of events. Many will perceive the hand of God in karma—action, reaction, interaction. And many will perceive the hand of God in our chelas, in our teaching, in our printed Word, in our music, in our sound, in our very soul, as that soul is smiling in the waters of Lake Titicaca. Look up into the clouds and see our smile reflected by elemental life.

O my beloved, here we come into your very midst through the small and the great, through the little children and through the youth. And we will use them in this decade for the pure statement of truth, for the innocent awareness of life, for the transparency of heaven.

Receive them into your hearts. Tutor them there and be tutored of them. For these little children have somewhat

to tell you of life in the Sun behind the sun, whence they have come.

In the name of the little child who shall lead them, I AM Meru.

**“The Summit Lighthouse Sheds Its Radiance o’er All the World to Manifest as Pearls of Wisdom.”** This previously unpublished dictation by the **God Meru** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Sunday, October 7, 1979**, during the Harvest conference, *The Torch Is Passed*, held at Camelot, Los Angeles County, California. The widest selection of audio files, including dictations, is available at [www.AscendedMasterLibrary.org](http://www.AscendedMasterLibrary.org). **(1) The call of Saint Germain and the most urgent call of Gautama.** Saint Germain’s most recent dictation prior to this dictation by God Meru was given on September 16, 1979. Gautama Buddha dictated on October 6, 1979, the day before this dictation by God Meru was given. **(2) The sound of children marching.** The children of Montessori International often performed marching events as part of their extracurricular activities. (See note 4.) These events were often based on ideals that the students wanted to portray, which were sometimes filmed and shown in various locations across the country. On July 1, 1979, the students gave a magnificent patriotic performance called “Fireworks!” for the organization’s summer conference, which included theatrical, musical, and marching performances. The students received high acclaim for the great talent and creativity that they exhibited. **(3) Let Erin return to light.** In the nineteenth century, poets and Irish nationalists used the name “Erin” as a romantic name for Ireland, often referring to it as “Erin’s Isle.” Erin is believed to be derived from the name “Ériu,” which was the name of a goddess in Celtic mythology. According to legend, when the Milesians, the mythical ancestors of the Irish people, arrived in Ireland, Ériu

appeared to greet them and offered them the land. Thus, the name Erin is closely associated with the concept of sovereignty and the mythical origins of Ireland. On March 17, 1985, Saint Patrick said, “Blessed hearts of faith, I call then for a vigil—a prayer vigil for Ireland. And I ask that this be the foundation not only of calls to light for that land of Erin, but that it be the foundation of a new dedication of thy life upon the altar of freedom, that it become the first of many prayer vigils conducted—whether by the messenger or by yourselves—for the increasingly burdensome situations that have been placed upon the freedom fighters of the world. . . . Blessed hearts, the celebration of my life for which I long is that some—the few and the many—will truly take up my calling for that land of Erin and for every nation, which I seal in this hour by my heart’s flame in that Emerald Matrix.” (1985 *Pearls of Wisdom*, vol. 28, no. 16) **(4) Montessori International** was founded by Mark and Elizabeth Prophet in 1970 at La Tourelle in Colorado Springs, Colorado. By 1972, Montessori International expanded to two preschool classrooms, with thirty-five children. In 1976, the school moved to Pasadena in fulfillment of Jesus’ mission in “the New Jerusalem,” the city of Los Angeles. Beginning in 1979, at Camelot in Malibu, California, Dr. Elizabeth Caspari, friend, student, and co-worker of Dr. Maria Montessori, conducted twelve teacher training courses over the next seven years. By the early 1980s, M.I. had nearly 250 students with fifty faculty members, and it remained in session at the Church’s current headquarters at the Royal Teton Ranch in Montana until 1997. **(5) Individuals who have gathered at the Bonaventure.** This may be referring to a malignant group of individuals who gathered at the Westin Bonaventure Hotel in Los Angeles. **(6) The organization NOW,** the National Organization for Women, is a feminist organization created in 1977 that focuses on challenging sex discrimination, including LGBTQ, in all areas of American society and has over 500,000 members. The organization has locations in all fifty states, with their headquarters in Washington, D.C.
