

The Beloved Goddess of Liberty

**A Golden Scroll in My Hand
For the Resurrection of the Flame of Freedom,
the Culture, and the Law of Ancient Lemuria**

All of life, my beloved, is the sounding of the AUM.
AUM Ma-ray. AUM Ma-ray.

It is the sound of the fire infolding itself. It is the sound of the water and the wind. It is the sound of the conch and the sound of the soul in its comings and its goings in the very heart of hearts and in its own citadel of freedom, the seat-of-the-soul chakra.

I come this day with a golden scroll in my hand. And the Fourteen Ascended Masters Who Govern the Destiny of America, of the I AM Race, of the hundred and forty and four thousand of the Ancient of Days, stand with me—seven to my right and seven to my left. They come also bearing scrolls of the law of freedom and of the covenant made twixt the Ancient of Days and the sons and daughters of God.

A Golden Scroll in My Hand

*For the Resurrection of the Flame of Freedom,
the Culture, and the Law of Ancient Lemuria*

All of life, my beloved, is the sounding of the AUM.

AUM Ma-ray

AUM Ma-ray

It is the sound of the fire infolding itself. It is the sound of the water and the wind. It is the sound of the conch and the sound of the soul in its comings and its goings in the very heart of hearts and in its own citadel of freedom, the seat-of-the-soul chakra.

The Keeper of the Scrolls and legions of his recording angels are with us. We come to announce to you that with the raising up of the Mother flame of Lemuria is come the light of the culture of the Mother to be reborn in the heart

of the Manchild. Truly, Messiah is come, must come, and is forevermore come within your heart as the eternal Logos. Let this Manchild clear the way for the coming of the avatars, who are called “Manchild.”

The Lowering into Manifestation of the Blazing Light of Illumination’s Flame

I AM the Woman clothed with the Sun.¹ I come as spokesman for the Karmic Board. I announce to you, with this august company, that the first three root races who have graduated from earth, who have evolved and attained Godhood through this sphere, have volunteered the full weight and mounting pressure of their causal bodies and their mighty threefold flames to the preservation of the golden path of illumination upon earth, to the restoration of the Mother flame, and to the salvation of this planet and its people. These evolutions—all of whom are ascended, all of whom are now cosmic beings—respond to a rising tide of light and earnestness in the body of God upon earth, chiefly among the chelas of the ascended masters.

Blessed hearts, you never know, for we are never permitted to tell you quotas, either of number or of quality, of light-bearers required for certain dispensations. Lest you should become fanatical and overzealous in your desire for members and lose the perspective of the individualization of the God flame and its preeminence in cosmic law and in dispensation, we always speak of the Manchild and its birth in the cradle of your heart. This Christ consciousness and this anointing counts for light, for it is the magnet of the Central Sun whereby there is magnetized to earth greater and greater cosmic light.

But I greet you in the great joy that we share in your response, each and every one, to make this seminar the largest

seminar ever held under our auspices in this dispensation. It is the most well attended, the best prepared from inner and outer levels, and therefore the greater chalice that we may use to now lower into manifestation the blazing light of illumination's flame—the illumined light of the Mother kindled by the Father.

Moving through the golden-yellow light is a crystal fire of Alpha. This magnificent great God flame is the portion of all who have graduated from the first three root races. Therefore, they also are gathered as never before since their individual ascension in the days of Lemuria and in pre-Lemurian days. They gather around the earth and they multiply the Cosmic Christ consciousness.

The Action of Alpha and Omega Is the Resolution for the Equation of Relativity in the Earth

We come together with a specific purpose. Our purpose, then, is the resurrection by the mighty Spirit of the Resurrection, of the flame of freedom, of the culture and of the law of ancient Lemuria—pillars of fire, threefold light firmly founded in the rock of the Trinity. And out of that triune manifestation comes forth the light of education, of government, of religion, of science, and of the law of the abundant life.

The complete expression of the white cube, of the sacred crystal, and of the great pyramid outpictured by the Mother flame in Lemuria is a heritage of light—your very inheritance, which is now available to you because Alpha and Omega have ordained the sponsorship of all evolutions of earth by these magnificent God-free beings.

In this very moment earth is ablaze with crystal-yellow fire with resurrection's pulsing light. All of elemental life is buoyant in this energy. Truly, the benediction of the crown chakras of millions of ascended souls is now become a part of the *God*-solution to the human problem.

This equation of relativity in earth must be absolved, dissolved, resolved by the mighty light of wisdom—not by Martian anger or argumentation or aggression. Nay, it is the flame of Mother buoyed up by the crystal light of the Father. It is this action of Alpha and Omega that is the supreme resolution where right and left are no longer, but only the point of light that is the universal Christ.

Therefore, our plan of action for devotees of Liberty's light is the intensification of illumination, not only by the spoken and the written Word but by your own self-awareness as the handiwork of Father-Mother, as the very living presence of light, as a pillar of sacred fire.

Our Goal Is to Accelerate the Lifewaves of Earth

It is our desire, moving with the World Teachers, to see you become such vortices of light, of Self-awareness, of the mind of God and of wisdom, that all who come into your presence are at peace by that peace that does pass mere understanding and carries the soul to the sublime realization of Immanuel, God with us.² If God be with us and for us, who can be against us?³

There is no longer the pro and con, but only crystal reality—the crystal mind of God, that diamond-shining splendor blazing before you in our very witness. For we have chosen to stand upon this altar to radiate Reality, the permanent atom of our being, that all the world might feel us so very close to the physical octave this day.

The reality of ongoing evolution, the unreality of death, the living presence of ascension's flame, the congruency of earth and her societies with heavenly octaves and etheric cities is our goal—to accelerate the lifewaves of earth that they might literally mesh with the hearts and minds of angels and cosmic beings. And therefore when presented with the truth, their response can only be, "Why, of course it is so! It is

as it should be! It is truth!” And therefore the inner Witness, the inner I AM THAT I AM, the rustling of angel wings, the oneness of life is the resolution.

This point of God-consciousness, which we desire you to carry, is always the summit of the light upon the mount. Reaching for that summit each day, you must employ the tools of dynamic decrees. Excessive amounts of violet flame must be called forth to flood the earth with violet flame and the amethyst-jewel consciousness of joy and buoyant life!

The very depths of the astral plane must bristle with the blue lightning of Astrea. Legions of lightbearers upon earth must define their calling as devotees to the Maha Kali—the universal Mother manifest in so many cosmic beings. For you have heard of the wrath of the LORD God Almighty, the Father Supreme. You have heard of his name, I AM THAT I AM. You have heard of the white fire coming forth out of the mouth of the Almighty as the wrath consuming all unlike itself.

The Coming of the Wrath of Kali

Now, hear, O hear, O world in your infamy! Hear of the coming of the Maha Kali! Hear of the coming of the wrath of Kali! For there is none other save that of a mother for her children. There is no greater indignation. There is no greater moving force. It is the explosion of light out of the base chakra. It is the full fire of the Kundalini, and I release it this hour:

I release it this hour into the earth for the judgment of all who have assailed my children! I release it now! It goes forth as a mighty arrow of light in all directions! It goes forth for the binding of the demons and the seed of the wicked and all that has moved against the light of the Manchild!

I AM Mother. I AM in the flame of Omega. I AM the light of the Maha Kali. I AM in the light of Elohim,

and my torch of illumination is become a blinding light as illumination itself is accelerated by the white light that throws off and into the flame all who are tampering with the sacred fire, with the heart and the soul and the mind of my children.

Lo, I AM the Mother light! Lo, I resurge from Lemuria! Lo, I AM the coming of that flame! And lo, you will define that flame and be that flame as you receive the impetus and the God-determination, as you are on fire as a devouring one devouring all serpents, all scorpions, and the adder—lo, devouring the beasts and the dragons! Lo, it is the sword of Kali! Lo, it is the sword of Mother!

Lo, the sacred Word goes forth by the mouth of the Woman clothed with the Sun. Lo, I AM that Woman. Lo, I transfer to you the image of that Woman. Lo, I place it in your heart. Lo, let it be for the purging! Let it be for the light! For the Mother flame is on the rise, and you have not even begun to know the intense power of that flame and its devouring action.

We Bear the Scrolls of the Law

Therefore, I admonish you: Become pillars of wisdom and of the terrible crystal of the Ancient of Days.⁴ Become initiates of the ruby ray. Enter the God Star, Sirius. Understand the meaning of the mighty Blue Eagle and the Electronic Presence of Surya—Father-Mother Being, great blue indigo sphere of the presence of the judgment of the Lord Christ—mighty Surya, protector of the innocent lambs of God.

The earth is full of the glory of the great causal bodies of millions of cosmic beings. Therefore we send forth a brilliant thread of fire, fiery-golden light transmitted to every outpost upon earth, every heart attuned to the bodhisattvas, every heart determined that not one of these little ones shall be lost.

We come to establish the mighty figure-eight flow for the '80s. Our matrix is well set and in place—our spheres, crystal fire symbolizing the heaven-world; amethyst jewel focalizing the Earth planet. These, superimposed yet juxtaposed as the figure eight, become the whirling light and the continual preparation for the alchemy of the New Day.

Children of the Sun, the scrolls of the Law that we bear are the readings of the foundation of that Law, that freedom, that culture, its implementation in every avenue of life that established the first three golden ages of earth. These, then, are available that you might translate them out of your fiery heart for world action, community action, individual action.

We Look to the Living Flame

Become with me spokesmen for the Karmic Board for the understanding of the law of karma and reincarnation. Become spokesmen for so great a company of saints moving in and among your midst. Become spokesmen for your own mighty I AM Presence and Christ consciousness. Become spokesmen on behalf of the people for their own indwelling light, that they may no longer be mute or deaf, that they might have unleashed that mighty fire of Prometheus,⁵ that mighty fire that will truly light this world and consume the anti-light, anti-Christ forces.

Be alert. For this body of God, now with earth, can do no more than you decree, and it is by your dynamic decrees that they have come thus far and have pressed thus into the very presence of the children of the light.

This is the great moment of the integration. Let the flame of sacred fire from the mount of attainment, your own crown chakra, that holy of holies, become now the point of meditation. For, my beloved, we would free you from the idolatrous sense and even from a false sense of responsibility.

Many of you are ready to run here or there to do whatever

can be done to represent God to the people of this nation and every nation. Beloved ones, we do not look to the outer self of any person, including the chelas of the Brotherhood. We look to the living flame. Therefore, as you have heard, we have made our recommendation that you do not seek saviours in the political arena but rather that you contemplate the Law, define the Law, formulate the platform for the ascended master consciousness, and then deliver it to my children.

The Alchemy of Illumination's Flame Is Our Thrust and Our Divine Plan

Deliberate God's Law. Meditate on Mu, the flame of Mother and her culture. Meditate on a matrix of twelve temples surrounding the central altar. Meditate to the intonation of the Word spoken by Sanat Kumara in his address given on the Hawaiian Islands for the raising of the Mother flame.⁶ Let there then be the practical statement, and let there be a divine alchemy and a circulation of the truth abroad among the people.

Know the truth. Know its counterfeit. Know error and erroneous concepts, conditions, and circumstances. Be ready to defend truth against error. Above all, by the flame of the Maha Chohan, Pallas Athena, Helios and Vesta, become truth. For truth and wisdom, as the intense fiery green of precipitation and as a golden light, move hand in hand.

Truth is a statement of the Christ consciousness. Wisdom is its application in the law, in freedom, in God-government, and education. And illumination is the application of that wisdom to concerted action, to the Coming Revolution in Higher Consciousness, and to very specific problems of the hour.

Absolute truth, which becomes wisdom and illumination, is ultimately the practical sword of day-to-day decision-making locked in your heart, always ready for instant action and the

alchemy of right decision, moment by moment, in the face of the challengers of right action. The alchemy of illumination's flame lived, crystallized in our lightbearers, is our thrust and our divine plan.

Let individuals concentrate on seminars, workshops, films, slides, instruction to people of all levels. You will notice how high school students understand completely the basics of Mother's Manifesto.⁷ Children from the age of twelve on must confirm their understanding of the Word, both within the temple and within the community. This necessary training prepares young men and women, who have idealism and love and fresh hope borne from the altars of heaven, with an active and an ongoing purpose.

The little children from kindergarten through the sixth grade can understand and identify with the problems of children throughout the world. Their prayers and rosaries given for life and for the protection of incoming souls, for children who need both spiritual and physical nourishment, are most effective.

There are entire legions of angels who respond only to the prayers of little children. Of such a high degree of purity and innocence are these prayers, that many times they actually focus the fohat of Alpha and Omega and are instantly acted upon by legions of mighty angels of the fourth ray. Hearts of tiny children in the cradle are already engaged in holy prayer on behalf of humanity, and their hours of peaceful sleep mark the time of their work at inner levels and even of their entering into certain planes of what has been called *nirvana* and *samadhi*.

Those Who Are Mature in Years Must Stand as True Examples of the Ruby Ray

We, therefore, look to the entire community of lightbearers as each level responds to the call of service. Those who are

mature in years and who have served in life on its battlefields and in the very center of community action must stand as true examples of the ruby ray, of the efficacy of the violet flame and of ascension's light.

Let them become pillars in the community, and let not those who have exceeded the years when they ought to be involved in outer activities refrain from assuming the position of whole-hearted and 100 percent commitment to the Path. Those who are on in years must not consider that they may continue to indulge themselves in outer pursuits and present a watered-down version of chelaship to this community—for this is not the path of the ascension, nor are these candidates for the ascension. The advancing years are hours for the supreme example of devotion and the culmination of lifetimes of service.

We therefore will not allow those of advancing years, who desire to seek and renew old flings and go back to earlier levels, to become representatives of Serapis Bey and the Ascension Temple. The path of the ascension and of the bodhisattvas of the ruby ray is one of noncompromise. Let those, then, who would be sponsors of universal life and the new lifewave walk with dignity rather than with an air of pride, self-sufficiency, and continuing ambition.

The Living Dead amongst the People

There comes a moment in the life of the devotee when the dignity of the return to the resurrection flame must be pursued with joy and outpictured. And those fallen ones who have gone abroad in the land amplifying sexual desire for those in their 70s and their 80s and who have become counsellors to these individuals who ought to instead be called to the great flame of eternal life and its meditation—these fallen ones can scarcely look into the eyes of the true servants of God, let alone my own gaze.

These fallen ones avert the gaze of the ascended masters and their representatives because they are liars, betrayers, and spoilers, and they are leading the people into their sex cult, as they themselves have said, “from the cradle almost to the grave.” They have affirmed sexual rights for infants, for the aged, for invalids, for all people, because of their own insatiable desire to continually squander the light of the Mother flame.

Because of their intense hatred of my own torch of liberty and of the fires of Lemuria, which they assisted in overturning, I direct your attention to the individual Mary Calderone and those working with her, those in SIECUS,⁸ those writing their journals on sex in every form and modification. They are the determined force of anti-Mother and the Great Whore in the land. And I counsel you to call for the binding of these individuals by name, for they are the seed of the wicked and are most assuredly leading the children of God into the cult of pleasure and death.

You cannot ignore this, though you have left it far behind you. These individuals are aggressively using the media and the public school systems to perpetuate their philosophy of anti-Christ in the teaching of the availability of abortion and the use of abortion as a method of birth control.

Beloved ones, these are the living dead amongst the people. There are many living dead whose voices are heard because people accept the voice of death as though it were the voice of life. For it has been so long since they have heard the voice of the Mother and of life that they have accepted death as a pacifier, sex as a pacifier. And when the real flow of the milk of the Word is forthcoming, and the soothing voice of the Mother and the lullaby of the angels, the people are found addicted to their pacifiers. Better to have no pacifier than to endanger the soul's addiction to it!

The Entities of Lust Are Abroad in the Land

Let the soul cry out long for Mother. Let the soul be alone, and in its aloneness come to cherish the sound of her footsteps. The fallen ones have rather filled this hallowed space of the anticipation of her coming with the jangle of noise and the din of hell itself broadcast by all of the greatest technology of the Woman herself. Yes, these subjects and these personalities—*pseudo-personalities*—are the object of the wrath of the universal Mother flame, who comes to call her children Home through you, my beloved.

Understand, then, that so long as there is an evil or an evil consciousness or philosophy or an individual embodying said evil, you may not forget such conditions simply because you have outgrown them, you are far from them, and you enjoy the circle of our love.

For many, these conditions do not appear as unreal, and therefore many are in the grips of the tempter and the toiler and they are seduced by manufactured magnetism of a horrendous form. And the entities of lust are abroad in the land, tearing down the very dignity of life and individual self-worth until they believe themselves to be as animals, with no ability to determine their own fate, their own God consciousness.

Set the Captives Free!

We come with our manifesto. It is the entire law of the foundation of Lemuria. It remains for you to distill it, to bring it forth, to journey to the Royal Teton Retreat,⁹ to Lake Titicaca,¹⁰ and to other retreats of illumination's flame to be tutored in this law. When you study what is and what is not upon earth, when you study what God has done and what man has done, you will receive insight enabling you to go beyond this present generation and recent history and to tap the records of akasha.

Beloved ones, the unity of Church and State can never come about by an outer marriage. The only true union of Church and State is when the individual himself, by the birth of the Manchild, by individual illumination, by the Christ consciousness, is *become* the Church.

The individual who has become the living Church is then one with the logical extension of the white cube in God-government, the abundant life, and true freedom in education and in the creative experience ongoing, which life is intended to be.

Thus, my beloved, let us not attempt to unite divisive elements, outer elements. Let us instead transmute them by the violet flame. Let us eliminate them by the circle and sword of blue flame. Let us resolve them by the universal mind of God now present in cosmic beings of light, now available for you to outpicture.

This is our Mother's manifesto. This is Light swallowing up Darkness. This is wisdom swallowing up error. It is the Be-ness of the Christ and the Buddha. Let all opposition cease! There is only light! Let all protestation cease! There is only the original premise of *God, God, God!*

Speak this premise! Proclaim it as Liberty's torch! *Speak* the Word! *Be* the Word! *Wield* the sword of the Word and expose all unlike it and consume it by love and by the loving concern of the universal Mother that is become the fiery wrath of the Woman clothed with the Sun. This intensification of light ultimately becomes that love that you know to be the ruby ray.

Therefore, I AM come. I AM the Goddess of Liberty, and we are one. We, as cosmic beings of light, are the instrument of God's salvation of the earth through you.

Go to! Go to the deliverance of my people and set the captives free! Set the captives free! Set the captives free!

This is my plea.

"The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom." This previously unpublished dictation by the **Goddess of Liberty** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Thursday, October 11, 1979**, during the *Keep the Nations Free* seminar, held at Camelot, Los Angeles County, California. Any books listed in the following endnotes are published by Summit University Press and are by Mark L. Prophet and/or Elizabeth Clare Prophet unless otherwise noted. Books, audio, and video products are available at <https://Store.SummitLighthouse.org>. The widest selection of audio files, including dictations, is available at www.AscendedMasterLibrary.org. (1) Rev. 12:1. (2) Matt. 1:23. (3) Rom. 8:31. (4) **The terrible crystal of the Ancient of Days.** On January 28, 1980, Elizabeth Clare Prophet explained the meaning of "the terrible crystal," saying: "The crystal ray is an energy of intense white fire that looks like the rock crystal intensified as a brilliant light. The crystal ray is a means of transferring the sacred fire, the white fire of the I AM Presence. The prophet Ezekiel described that white light descending as the 'terrible crystal' (Ezek. 1:22), which is a very appropriate name because the crystal ray is intense. It is a white fire that has an action of destroying or uncreating works that have been created by man which are not in keeping with the immaculate conception." (5) **That mighty fire of Prometheus.** Prometheus, a Titan in Greek mythology, was known as the Greek god of fire. He is credited with molding mankind out of mud and clay and had a desire to improve the lives of his creations, which resulted in a constant conflict with Zeus. Prometheus stole fire from the gods up in heaven and gave it to mankind by climbing to the top of Mount Olympus, where the gods resided, and stole a spark of fire from the chariot of the sun. He then brought the fire down to earth and gave it to humans as a gift, for which he was severely punished. Prometheus continues to be held in high regard as a spreader of knowledge and as a hero for his acts. (6) **Sanat Kumara in his address given on the Hawaiian Islands for the raising of the Mother flame.** On June 12, 1976, a dictation was given by the seven Holy Kumaras and Sanat Kumara in Maui, Hawaii, entitled "The Resurrection of the Seven Rays of the Mother on Mu." (See 1999 *Pearls of Wisdom*, vol. 42, no. 24.) (7) **Mother's Manifesto** is a series of lectures delivered by Elizabeth Clare Prophet, including "The Manipulators of Capitalism and Communism," "Psychotronics: The Only Way to Go Is Up," "The Religious Philosophy of Karl Marx and the Economic Philosophy of Jesus Christ," and "Marijuana: The Death Drug." "The Manipulators of Capitalism and Communism" is available on two DVDs; the lecture on the philosophies of Marx and Jesus is available in book form entitled, *The Economic Philosophy of Jesus Christ vs. The Religious Philosophy of Karl Marx*. All the lectures are available at www.AscendedMasterLibrary.org. (8) **Mary Calderone and those in SIECUS.** Mary Steichen Calderone (1904–1998) was born in New York City and was cofounder and head

of the Sexuality Information and Education Council of the United States (SIECUS), which has been a leading voice for sex education in the United States since 1964 and is a supporter of LGBTQ. **(9) The Royal Teton Retreat** is congruent with the Teton Range near Jackson Hole, Wyoming, and is the principal retreat of the Great White Brotherhood on the North American continent. Confucius is the hierarch of this physical/etheric retreat in the Grand Teton Mountain. This retreat is an ancient focus of great light where the seven rays of the Elohim and archangels are enshrined. For further information on this retreat, see *The Masters and Their Retreats*, pp. 462–65. **(10) Lake Titicaca.** The retreat of the God and Goddess Meru, known as the Temple of Illumination, is located in the etheric realm over Lake Titicaca, high in the Andes Mountains on the Peru-Bolivia border. The center of the retreat is directly over the remains of an ancient temple on an island in Lake Titicaca, the Island of the Sun. See *The Masters and Their Retreats*, pp. 478–80.

Call for Illumination

In the name of the beloved Mighty Victorious Presence of God I AM in me, Holy Christ Selves of all earth's evolutions, beloved Sanat Kumara, Lord Gautama and Lord Maitreya, beloved Jesus and Kuthumi, beloved Lord Lanto and Confucius, the God and Goddess Meru, the seven mighty Elohim, the seven beloved archangels, the seven beloved chohans of the rays, beloved Guru Ma and Lanello, the entire Spirit of the Great White Brotherhood and the World Mother, elemental life—fire, air, water, and earth! I decree for the expansion of the pillar of Illumination's Flame over all schools, colleges, and universities of America and the world and in the hearts and minds of the children and youth of Aquarius:

1. Illumination's Flame flood forth today,
Set the course of youth in God's own way;
Take them by thy hand of love,
Move them by impulse from above.

Refrain: O Masters ascended who love God-Truth,
Make and keep our precious youth
Guided by thy star of love,
Dazzling perfection's snow-white dove.

2. Descend upon the world I pray,
Illuminate by Love's own ray;
Show mankind the need for action,
Unify all and cast out faction.
3. Cherished flame of Wisdom pure,
In faith, intelligence we endure;
Flow right through, O strength of God,
In protecting armor we are shod.
4. Oh, rise on our hearts' altars clear,
Beautiful golden flame so dear;
Passing through thy flame, I know
God's gift of Wisdom does now flow.

And in full Faith. . . *
