The Victory Flame Is Come!

Lo, angels, elementals, and sons and daughters of God! Give praise, gratitude, and sing “Alleluia, for the LORD is come into the hearts of his people.” And the Four Cosmic Forces announce the light of the eternal Virgin now entering new dimensions of acceleration for the deliverance of the children of the Mother in earth.

We are come! So we stand, sylphs of the living flame! We are Aries and Thor. By name you have called us. In the flame of the I AM THAT I AM, we are the servants of the living Christ Jesus, of the living Son of God in all whom he has sent forth unto the four winds to announce the coming of the Ancient of Days. By the sacred fire breath, all life pronounces the Word:

AUM

Ra Mu

So in the flame of Lord Maitreya, we come to buoy up the breath, the sacred fire breath of the Holy Spirit. We carry the winds of the Holy Spirit and make them the physical offering of light.

By the chalice of our service in the physical octave, we bear, then, the mighty breath of the Maha Chohan sent by God this day for the cleansing and the clearing, the aerating of

the breath of fire within the mind and heart. We therefore send our legions to the four winds, and by our service with the salamanders, undines, and gnomes, we prepare the earth body for the greater acceleration of light in the physical atoms.

We clear the way for the light of the Holy Spirit now ready in this moment to greet the oncoming Dark Cycle¹ with a clap* and a thunder and the descent of lightnings and voices. For the LORD God claps his hands in rejoicing that the voices of the chelas have risen in praise, in invocative love whereby there might descend that intercession of mercy flame—mercy flame for the judgment of the seed of the wicked, who have propagated the misuse of the All-Seeing Eye of God in the City Foursquare and have therefore infested the body of God with their works of evil.

It is these works of evil that are expected to manifest ere this twenty-four-hour period has passed. Therefore God has sent us, servant sons, nature spirits of the four kingdoms of the Four Cosmic Forces, to be carriers of the sacred fire of the Holy Ghost—fire delivered by the salamanders and the fiery breath by the sylphs, the waters of living Word of sacred fire by the undines, and the very manifest presence of the Person of the Holy Ghost by the servants of earth, the gnomes.

We Are the Vanguard of Mercy

We come, then, as the instruments of the Great Intercessor—the Lamb the Ancient of Days, the Lamb Gautama, the Lamb Maitreya, the Lamb in the two witnesses and the hundred and forty and four thousand.

So, therefore, the Christ in ye all has summoned the LORD's hosts, and we come with angels and cosmic beings. Therefore we are the vanguard of mercy—mercy that quickly extinguishes the nefarious deeds of the evildoers, that brings to naught the Liar and his lie, and that is the beginning of the spiral of the judgment of the tares among the wheat and

their works and the removal of their seed from the earth.

Thus, in the return of karma shall there also be the return of the karma of the Great Law itself. Therefore, endure all things. Work and hope all things. For the hour of the passing through the flame of the hatred of the wicked is nigh.

Therefore, let it accelerate. Therefore, let it circumambulate. And let the righteous stand in the center of the city, and let all of the putrifaction of the misuses of the elements of life pass, by the power of the Holy Ghost, into the living flame, into the sacred fire breath. And let the servants of the LORD stand fast with their mighty invocations of life—life that is universal and triumphant, life that tarries in the City Foursquare, in the community of the bearers of the light.

Children of the Sun, when the hurricane, the tornado, and the tempest *lauer** over the hills and the plains of the world, it is the hour for the vortex of the fiery pillar and the fiery cloud to manifest.

Stand fast. See the salvation of Mighty Victory and his legions. See how your light invoked today and each day will then be the thwarting of the plans of the evildoers in their councils, who have said: “We will take the oncoming tide of mankind’s karma. We will turn it against them. We will see that they are blinded by the very fury of the tempest that they have set in motion. We will see that the dust of their own untransmuted karma will turn again and rend them and prevent them from the seeing of the light of God and the knowing of the science of creation.”

Thus they who have encouraged mankind to incur this karma by their nefarious designs and temptations now come in the hour of victory in their attempt, wholesale and worldwide, to blind the children of God to the issues at hand in government, in industry, in freedom and the free enterprise system, in education and in the care of the little children.

**lauer*: German, meaning “to lie in wait”

We Have Declared: “They Shall Not Pass!”

So we stand. We have set ourselves upon the earth this day. And we, the beings of the elements in the name of the Four Cosmic Forces, have declared: “*They* shall not pass! *They* shall not take this energy misused and again turn it against the children of light! *We*, the beings of the elements, will present *ourselves* a living sacrifice. We will stand betwixt the children of the light and the oncoming Dark Cycle.”

Therefore, we bow before the light of the sons and daughters of God incarnate and ascended, and we say: Use our very bodies for the breaking of the stampeding of the hordes of hatred pitted against the Father, the Son, the Holy Spirit, and the Mother.

We implore you, therefore, that you might be one with us and use—by the authority of your threefold flame in our name—the majesty of God, I AM THAT I AM, to reverse the tide, to consume, by the all-consuming love of the sacred fire breath that we bear, all darkness ere it descends to congeal and create another cycle of darkness multiplying darkness in the earth.

The majestic light of Cyclopea is before you. Enter, then, Elohim of the fifth ray. [9-second pause] Won’t you stand.

Cyclopea and the Great Silent Watchers

The Descending Spiral from God to Man

I AM Cyclopea, and with me come Great Silent Watchers keeping the watch of the City Foursquare in the many manifest evolutions of cosmos.

I have summoned the Great Silent Watchers of Almighty God, Christed ones who are one with your own blessed Christ Self. Feel now the tug of light upon your heart. Feel the

thread of these immaculate ones who ever behold the Eye of God and meditate upon that Eye as the focal point of his immaculate conception of every particle of the cosmos, Spirit and Matter.

Thus, we are the Eye of God, the luminous orb, because we meditate upon the Eye as the focal point of the inner blueprint. Will you not join us in this meditation at least once in each twenty-four hours? And therefore, even by fifteen seconds of remembrance of the Eye of God, of perfect attunement and attention upon that Eye, you may then lower into your physical dimension our entire manifest momentum of meditation upon the inner blueprint and transfer the electrical current of the Great Central Sun to energize the perfect outpicturing of that divine plan.

This is the work of Elohim, the builders of form, of creation, of angels, of the Great Divine Director. For you see, in the beginning of the creation is the vision, the very plan divine, which must follow the spoken Word.

Therefore, ere you speak the spoken Word, my beloved, invoke the light of my complement, Virginia. Invoke the crystal light for the crystallization of the vision that I behold. For the crystallization of the immaculate conception of Mater flows through our heart, through our vision, and through our soul unto you. See the crystal light as a crystal waterfall.

When you behold God in heaven, ought you not to behold him in manifestation in earth?

As Above so below, Alpha-Omega to and fro, come forth! Healing light, healing of the world, come forth! Light of healing, descend!

“Let there be light” is the vision, “and there was light”² is the crystallization of the vision. And in the between, in the nexus, is the great Christ, the Lord of lords, who is speaking the word AUM, the sacred name I AM THAT I AM. And by the perpetual flow of sacred name—*oh, sacred name*—there

burns a kindling flame, and that which you see is now Reality.

Thus is it ever. And the path to Reality is the descending spiral from God to man. Coil upon coil of sacred fire, intensification of living flame, it descends. And we are the guardians as the watchers of life. We are the guardians to see that that spiral in its descent loses not the momentum of the Word.

Let the Word, then, incarnate! Let the Word become flesh and dwell among you in the rock, in the grasses and the trees, in the fire in the heart of the earth, in the fire of every atom and in the fire of your heart, in the sacred fire breath that you breathe! Let all of life now become the presence of that Word!

Therefore, let the word of thy mouth and the meditation of thy heart come into congruence as the twin triangles of life ascending and descending. And guard the descent of light and see that you do not interrupt the great flow.

Let the creative flow come forth! Let the preservation of that flow be! And let it be for the mighty consummation of love whereby the worlds return to the white-fire core of being! Thus is the work of the Holy Spirit consummated in ye all.

We have come determined—we, the Lords of Karma—to answer the calls of our beloved, of our chelas. How we love you! How we love you! Your word is to us the melody of life.

The Very Power of the Holy Ghost to Bring Forth a Golden Age

As you hear the symphony of the elementals set forth by the hand of nine of the Elohim who delivered to Beethoven the nine symphonies of life,³ will you not hear within them the power of the three-times-three—the threefold flame in the heart of the angels, in the heart of the sons and daughters of God now waiting to be delivered into the heart of the beings of the elements? Oh, they await the resurrection!

Therefore we come. For all elemental life makes preparation for the day of Pentecost and the coming of the knights to Camelot for the celebration of the reappearance of the Holy Grail. Such a moment is the hour of the descent of the Holy Ghost. Will you not tarry in Jerusalem, then, for its descent? And let all who live on earth remember Camelot, remember Morya, Merlin, remember Launcelot, remember the light of the Trinity made tangible in the Mother.⁴

O ladies and knights of the flame, remember your inner calling! For the servants of God in nature have not forgotten the flame of Camelot. They have waited, waited these long centuries for when Merlin might bring forth his new Atlantis, when the beloved Saint Francis might appear once again, and when Morya might summon those souls of light to bring forth the inner key to God-government in the earth. Utopia, if it is, is the practical light—not of an impractical idealism but of the very power of the Holy Ghost to bring forth a golden age.

There be some upon earth who dream of a golden age while they say, “Alas, it can never be.” They have relegated to a realm of an unholy idealism that which is here and now, that which is a flame in the etheric centers of your very temples. Why, your own chakras, my beloved chelas, are worlds of fire that contain the most magnificent cinerama of golden ages that have been and of golden ages that are to come.

You have kept your light (you who have kept your light), and therefore the little elementals come and they observe the promises of God’s kingdom that are to be on earth simply by watching the spherical orbs of your own flaming chakras, even as they watch the many eyes of the four beasts who surround the altar of the Nameless One, whose name is the Ancient of Days.⁵

We are come in a mighty rejoicing, for we have found instruments in you to confound the seed of the wicked. At last

there be some who will not weary in well doing, who will not turn back because of ridicule or condemnation but who set their teeth with that God-determination of Saint Germain.

I tell you of a truth, of a certain prophecy of the hour, that so long as you hold the line twixt Light and Darkness by the science of the Word, all elemental life will serve the Woman and her seed,⁶ and the evil of the Dark Cycle shall not come nigh thee.

The Victory Is in the Mantra, “We Are One”

In the light of the Holy Spirit, whose servants we are, we have spoken. We are the Elohim. We are Aries and Thor. We are the Silent Watchers keeping the watch on the wall twixt Spirit and Matter with your own beloved Christ Self.

The victory is in the mantra, “We are one.” In that indissoluble oneness is the victory flame. In that great sphere of oneness, enter Victory, Justina, and a million fiery legions of Victory’s light. Don’t look just yet, but in a moment you will see among those legions of Victory—don’t look yet—beings of fire, air, water, and earth all dressed for the occasion of opportunity to be in the service of the Christ.

Now you may look and discover who are the angels of Victory and who are the elementals wearing the light of the armour of the legions of Victory.

Lo, they come! Lo, they are summoned! And their laughter is the joy of Victory! Oh, let laughter ring throughout the earth, for laughter this day is the sign of the conquering heroes and heroines! Light of God, we are one in thy Victory flame! Amen. Amen. Amen.

[Meditation music is played and continues through the following dictation by Lord Maitreya.]

Beloved Lord Maitreya

**Wrap the Burden of Your Soul in a Package
and Address It to Me**

O beloved body of God in the earth, I bless you by the light of my heart. I seal you.

I AM the first and the last, the living Guru Maitreya. I AM present with you and in you unto the universal idiom of the word of Victory.

I AM Maitreya, Ma. I bless you by the sacrament of my life, by the sacrament of my perpetual adoration of God. Lo, I AM Alpha and Omega. I AM present with you always.

Now speak my name silently in your heart, "Maitreya," and in my name wrap the burden of your soul, the problem of the day. Wrap it carefully in my name, for I stand now in the Great Silence before you, ready to receive that package addressed to me. I AM thy healing light. I AM the lover of thy soul. I AM the wisdom of the manifest Guru.

AUM

Come unto me, all ye who are weary and heavy laden. I will give you rest.⁷ I AM the all-consuming light. The all-consuming light is my yoke. Therefore, take my yoke upon you and learn of me.⁸ I will demonstrate to you the alchemy whereby thy burden shall be light, and thy light shall be a flaming sword, and thy sword shall be for the deliverance of the nations.

By the flame of Saint Germain, Jesus Christ, and your own dear name written in heaven, I declare unto you, the Victory flame is come!

In my left hand I take the package addressed to me from each one of you now, and in my right hand I make my vow. And I thrust Victory's torch and I say: "Here, carry the torch of the fire of Victory, and I will carry the burden of your day."

This is my promise. May you take it and incorporate it as your morning ritual. So greet the dawn and make your little package, whether small or great. Seal it with my name. My angels will take that package and give to you the torch of Victory for your day, each and every day until your ascension in the light.

Lo, the ascension draweth nigh.

"The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom." This previously unpublished dictation by **Aries and Thor, Cyclopea and the Great Silent Watchers, and Lord Maitreya** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Sunday, April 22, 1979**, during the Sunday service, held at Camelot, Los Angeles County, California. **(1) The oncoming Dark Cycle.** The Dark Cycle was the return of 25,800 years of karma, which was apportioned over a 2,000-year period during the age of Pisces, through the grace of Jesus and his mission. The karma of the astral plane was released in 1969, and the karma of the physical plane was released in 1990. The Dark Cycle concluded on April 22, 2002. **(2) Gen. 1:3. (3) The Elohim who delivered to Beethoven the nine symphonies of life.** In a lecture given by the messenger on July 3, 1979, she explained that Saint Germain has said, "No greater music of freedom has ever been written than the nine symphonies of Beethoven." She explained that the nine symphonies contain the power of the three-times-three and has recommended that students of the ascended masters play these symphonies. She also said, "It is important that your soul learn the symphonies and recognize the first to the ninth, because the nine symphonies are degrees of initiation, and there are nine degrees of initiation on the path of the ruby ray. And these degrees of initiation are lowered by frequency, vibration, sound, and then ultimately by God consciousness." The messenger further explained that "the nine symphonies of Beethoven are great for meditation, for conception and gestation, birth of children and for their continued growth." The messenger has also revealed that Beethoven was a chela of the Great Divine Director. **(4) Remember Camelot.** The messengers have explained that El Morya was embodied as King Arthur of the Knights of the Round Table and Saint Germain was embodied as Merlin, the alchemist, wise one, magician, and philosopher at that time. On December 31, 1976, Elizabeth Clare Prophet explained that the ascended master Lanello was embodied as Launcelot and Elizabeth Clare Prophet was embodied as Guinevere, who together with King Arthur anchored the three persons of the Trinity. **(5) See Rev. 4:6-8. (6) Gen. 3:15. (7) Matt. 11:28. (8) Matt. 11:29.**
