## I Summon Ascended Master Youth

### Part 2

Now at the conclusion of this year when another cycle is about to begin, I call you to my heart and I remind you only that there is yet an opportunity to accelerate in service in the coming conference, in the summer months. And for those who are matriculating in this year, there is the opportunity of Summit University.<sup>1</sup>

I desire, then, to create out of the graduates of this school and those who remain within it a mandala of light, a fraternity that descends out of the great Order of Malta, of ascended master youth who will remain as one flaming sword Excalibur even years beyond their graduation from this level of experience. I desire to see those who graduate become the guardians of those who remain, that they should be, then, counsellors and examples available.

I desire to see a program for this ascended master youth to remain close to Camelot and to pursue their educational goals wherever possible in this area, that you may always be there holding the standard for those who will follow in your footsteps. Just when the light has matured in your hearts and you stand ready to be an assistance to all, it is our desire to not see you snatched away in other areas of life where your

strength becomes swallowed up in the mass consciousness. For we would forge a union—the sons and daughters of liberty, soldiers of the light who will lay the foundations for America.

### I Send You Forth as David with a Sling

For I tell you, beloved ones, though the enemy appears to have a stronghold in the earth and to hold the conditions in his hands, if you could see behind the scenes you would realize that there is a great deal of trembling in the hearts of the fallen ones. They hear the sounds of the Mother's footsteps. They hear the stumping and the stamping of the feet of the revolutionaries of light. They know the vibration of Sanat Kumara and they know that his vibration has reached this very level of human consciousness. Therefore they put forth an image of great boldness, an appearance of having all things under their control.

But I send you forth as David with a sling. I send you with a stone. It is a very precious stone, a *singular* stone. I give it to you for your sling. And I tell you, it is made up of the science of the Word and of the teaching and of all of your calls to Archangel Michael and Mighty Astrea. This stone is the means whereby you will make your mark of putting out the abuses of the Goliaths of this world, their abuses of the third-eye chakra. David made his mark, clean on the forehead of the giant.

Beloved ones, all of the black magicians and the fallen ones of this time use the perversion of the third eye and the crown chakra to do their work. Therefore it is the challenging of the misuse of the fifth ray and the second ray—the ray of science and religion, the ray of wisdom and of Cosmic Christ consciousness. When you understand this, you can release the power, wisdom, and love of Brahma, Vishnu, and Shiva in my name into the cause and core of these fallen ones. And you will realize that not in vast numbers but in the dedicated hearts of ascended master youth will there

be the downfall of those who have seized power in many areas of the world.

**The Golden-Age Archetype of Education  
Is the Going Within and the Going Without**

We do not minimize the dangers today, but we maximize the light in your hearts. And we come to tell you of the vast achievement that is before you if you will properly assess your own light and attainment and understand the need to multiply it by direct chelaship to Mark and Elizabeth, through the faculty right here at Camelot. You are chelas! We would make you better chelas! You have shown your true worth and your determination to be one with us.

We come with our determination to prepare you for key offices in government and education, in religion and wherever the policies of freedom are being set. We will prepare you if you will allow us. This is opportunity and not a forcing. It is not even a commanding. We offer ourselves to you and we give you the vision of what you can accomplish.

The golden-age archetype of education is the going within and the going without. We desire, then, to see you a part of Camelot and a part of interacting with the world in your individual sacred labor, right while you are pursuing your studies in the levels of college, university, or in technology, the trades, or other diverse disciplines that prepare you to take your place in the world.

What I am saying is this: America and every nation on earth needs balance in education. I have seen again and again, as lightbearers have passed through the institutions of higher learning in America and throughout the world, where these lightbearers have lost the light and the flame of their original perception of God accorded to them at birth by remaining with those individuals in the universities who are the wolves in sheep's clothing, who come, then, as Communists, as atheists,

as agnostics, and they transfer the flame of doubt and fear and death while they teach, rightly or wrongly, their subject matter. For even the best teachers can convey their subject and also convey great darkness.

Therefore we would inaugurate an era of the parallel paths of chelaship with community action, with study to prepare the self for the professional status of being a giver of life. This is a threefold flame, beloved ones, and the building of the threefold flame must not come one after the other but it must be simultaneous—the power, the wisdom, and the love.

The power of God comes to you only by initiation. Step-by-step I would transfer to you more light, for only by my light will you succeed with God-victory. Step-by-step I would see the transfer of wisdom's flame, but this can only be given as love is increased through service, sacred labor, interaction with the larger community, awareness of the needs of the people.

**The Seed of the Wicked Must Be Exposed**

Therefore I invite graduates of Montessori International, those who have gone before, those who are presently at Summit University, and those who are coming up through the lower grades to consider the Great Divine Director's divine plan for the preparation of the whole man and the whole woman to be of service.<sup>2</sup>

Now service, my beloved ones, is not enough. We have one goal in mind. It is the overturning of the fallen ones. Whether they are aligned with the forces of the right or the left, whether they espouse truth or error, the seed of the wicked must be exposed. I come, then, with this plan, and it will be unfolded to you in future dictations and by the Mother of the Flame.

I make known to you that I desire to have you, with Morya and with the Great Divine Director, as continuing chelas. And I make you this one promise: If you will submit yourself,

as the messenger who stands before you submitted herself very early in life, as Rex and Nada, Bob and Pearl submitted themselves to me,<sup>3</sup> I will promise you not only the lawful steps of your lawful inheritance of the ascension, but I will promise you victory in the outer world—that which appears to mankind as success, though we will know it as initiation well passed.

### Every Child of the Light Requires the Sponsorship of Our Brotherhood

I once sought to sponsor one Napoleon. For I had a dream to create the United States of Europe so that the lightbearers on that continent might thwart the fallen ones, the seed of the wicked, and we might avert revolution, calamity, division, degeneration. But all of this has come to pass. Europe is divided today and threatened by the tanks and troops of the Soviet Union,\* with nowhere to go, not even to the government of America to defend them.

Yes, I contacted Napoleon. I promised him opportunity for the uniting of Europe in order to prevent all that would follow. He took the power of Saint Germain. He sought to use it in self-gain. He went beyond my direction. I withdrew, he met his Waterloo, and all that followed is the result of one individual's disobedience.

Compare then, this Napoleon to your own George Washington, and see how I contacted George Washington to form the United States of America, how he remained humble and true, received my light, and used it only as I directed. And therefore the Revolution was won, the Constitution was framed, and I anointed him as the first president of the United States.

Again, I gave that light to Abraham Lincoln, and he too prevented the division and gave his life for the Union—that life that was plotted against, even as the life of your own

\*The Soviet Union was dismantled in 1991; currently the nations of Eastern Europe have either Parliamentary or Presidential Republican governments.

President Kennedy was plotted against by the international conspirators, those who control the power and the money of this world. They are the agents of Satan. They have made their pact with him long ago.

Do not underestimate this adversary. He supports all of those who give their life to him. And, beloved ones, until the last seed of Satan and of Lucifer is removed from this octave, every child of the light requires the sponsorship of our Brotherhood. And I can assure that there is nowhere you can go in life without the backing of my flame and that of the Lord Christ and Lord Gautama, Lord Maitreya, and the Ancient of Days.

When you have that backing and when you have chelaship and education and obedience, you will conquer in vast areas of this nation. You will hold the flame so that the working people may have the fruit of their labor in supply, in their savings, in their lifetime so that all will not be taken from them by the greedy ones who would devour everything in sight. Like a plague of locusts, they eat up the light and the supply of the people with the manipulation of currency, with increased taxation. They have no heart. They have no light. But they have the immense darkness that is bequeathed to them by the Fallen One.\*

### You Must Keep Your Promise

Beloved ones, make no mistake. You are in the beginning of life. Some of you I have warned in previous incarnations. You have not heeded me and so you have not risen to the great heights that you could have risen. Every one of you who sits at this table, including the faculty, had a date with me in this life, a date that you had in a previous life—*which I kept and which you did not keep*. I have sponsored you so that you might balance your karma with me and be free.

\*The Fallen One most often refers to Lucifer.

What must you do, then? You must keep your promise. You must keep your word. You must understand that you have a heart, a head, and chakras of light. You are on the right path. You are in the right place. You have only to continue to accelerate and to let all arrangements and plans of your life come under the rod of chelaship.

I have made the statement before and I will make it again: By the flame of obedience in love I can raise you up as ascended masters at the conclusion of this life. Some of you might think to earn it another way, and I would not stand in your way. For now and then a lonely one will make it on the path up to the summit of Being.

But, beloved ones, do you know that some who have had increased attainment and arrived at the point of choice, even nigh to becoming candidates for the ascension, have looked back upon that lonely life and lonely climb, where they only sought their own self-gain—even as self-gain of attainment on the Path—and they have said, “What good is the reward of the ascension? We have not helped our fellowman and we have not completed our divine plan.” Some have gone voluntarily back down the mountain to redo what they left undone. Others have been sent back by a very stern Serapis, who would not have them in his retreat.

### **Your Generation Is the One That Must Take America to the Victory**

I stand before you, so tangible as to be almost physical. So is the age turning. So are the ascended masters closer and closer to the lightbearers. I then give you the opportunity given by the Great Divine Director:<sup>4</sup> I myself would send you. I would direct you in his name. I would prepare you to free this nation. And I will tell you, beloved ones, that if I do not soon have in my hands chelas who will be molded, who will go forth and take great positions of responsibility, there will

not be time enough to save this nation. Your generation is the one that must take America to the victory.

It is my intention to one day raise up out of the students of Montessori International those who will serve in the highest offices of this land. And I will come and I will anoint you, as I anointed David.<sup>5</sup> So I have come this night.

My beloved, I desire with the deepest desiring of my heart to anoint you with a holy oil, preparing you for the hour of the greater anointing of your mission. This anointing that I would give you is an anointing to the love of chelaship, to the love of wisdom, to the setting aside of lesser goals.

My beloved, in your hearts you are not teenagers or less. You are old, old souls. You have lived through every phase of life. You have done it all before, sin and virtue. The cups you have drunk; you have known them well.

Some would tell you that you have psychological needs to be filled in these younger years. I tell you, you have satisfied those psychological needs until you yourselves have actually become sick from the satisfaction of the human consciousness to the deprivation of the Spirit! And when you have concluded those embodiments, you have come to me. You have begged me for an alternative to those long years of waiting for the moment when you might become effective. Thus you have been given at an early age the opportunity to excel.

Sacrifices you have made. But I tell you, the vast majority of your peers have made even greater sacrifices, for they have sacrificed the living Christ and instead enthroned the Fallen One. They have therefore let the Christ be upon the cross as they have gone their merry way. This, I tell you, is the greater sacrifice. For, beloved ones, that sacrifice becomes the total denial of being. Do you understand? Therefore we have never considered the Path a sacrifice but simply the giving of all that one has to give, which is the gift of life itself.

### Keep the Flame and Keep the Love

Now, I would not weary you in this hour of my coming, but I would fulfill the purpose to my coming. Therefore, most noble sons and daughters of the flame, please rise.

Four pillars in the temple of being are assembled with me—Rex and Nada, Bob and Pearl. They stand now, ascended master youth ascended. And with all of their hearts' light and love, from this hour onward, they sponsor Montessori International ascended master youth for the victory of light in America.

Over this Ashram of the World Mother,<sup>6</sup> for the occasion of this ceremony, there has been built a great amphitheater of light, and in that amphitheater of light five thousand ascended master youth, who are ascended masters today, have gathered. And in this moment you may hear their thundering applause that this accord is given unto you, my beloved.

They stand in this hour of victory. And what is the victory? It is this—that each and every one of you has determined to make this Union endure and to be something that has life and reality. In order to do this, each and every one of you has given something of yourself, for my recording angels have noted it. You have given something of yourself that you might rather have kept, but you gave it so that a flame, a lily, a fleur-de-lis might spring forth. You have desired to endow your school with the flame of life. As each one of you has given a portion of yourself, you have accomplished this. And I speak to the tiniest babes in arms through the grade school, for they have given of themselves by gratitude to the teachers and to the students.

There is a great descent of light from heaven as you have a greater ascent, and this body of lightbearers before the Lords of Karma is unique in all the world today. You have withstood many testings of your souls, and those tests that

you have failed, you have made up. And you have won again a stroke of victory and you have determined to win another and another.

My beloved, without telling you of our love that it might be more than you can bear, I would say just this—that when the Lords of Karma and the ascended masters look throughout the world, when they look upon the chelas who have betrayed them, who have cost them quite a pretty penny, as you might say, in the payment for the debts that they have made of karma, when we look beyond the chelas who have failed and we see a mass consciousness not even attuned to life, and when we meet in our council chambers hour upon hour and we desire to take inspiration, we tune in to our TV sets, as you might say, and we look at the ascended master youth of Montessori International.

We look at *Freedom's Song*.<sup>7</sup> We look at the march on Washington, D.C., and New York City.<sup>8</sup> We look at your morning decrees, at your daily constancy. We look at your hearts in prayer. We look at your desire to meet the crisis of an age even as you wonder, "How can we do anything?" My beloved, when you love and when you keep the flame, you are doing *everything*.

I come, then, to encourage you to keep the flame and keep the love. Keep the trust that we have brought, for we are here to multiply the gifts that you place upon the altar of our heart.

### Weary Not in Well Doing

Now, therefore, to each and every one I say, I have taken your service and your love and your good works of this year, your dynamic decrees, into my heart. In this moment of silence I receive a sphere of energy that is your net attainment, your net gain of life since you began this year, and in my heart I multiply that light and I send it back to you. This is your award of merit.

Beloved ones, I have not performed this ceremony for ascended master youth in many a year. For you see, the sphere of energy that you present must have a certain quality of sincerity if not perfection; of light if not the full maturity of wisdom's flame.

There must be something of value so that I might take it and return it. And therefore to each one is returned a blazing sun—not all of the same magnitude, for each star differeth in glory. But as you behold that which you receive, you will say, “What hath God wrought?” And I will say to you, “No, my beloved. Look what *you* have wrought. This is your handiwork fired in the great kiln of the Master Alchemist, fired in the very fiery furnace of my heart.” Do you understand, then, that if you look about and see another with a greater sun, you can say, “Next year that will be my sun, and it will even be greater”?

Now my beloved, weary not in well doing.<sup>9</sup> For this is how the chelas of Saint Germain receive their reward year by year, and therefore their striving and their achievement is based upon the inner knowing that every thought and feeling, word and deed, every desire for right action and every victory is counted.

Thus, I come to increase the light of your soul, for I will return to you a sun for the seat-of-the-soul chakra to make you whole, to integrate you with your Christ Self, to bring you to a new stature of your manhood and your womanhood.

Therefore, now I begin the moment of silence when I take to my heart this your blessed offering. [22-second pause]

Eeeeeeeee

Eeeeeeeee

AUM

It is done, my beloved. May the increase of each year increase the fruit upon the vine, increase the rings of the trunk of your Tree of Life.

I AM Saint Germain. I was with you before you were born before the Lords of Karma. I was with you in the hour when the Maha Chohan breathed the breath of life into your life in this embodiment. I will be with you when you pass for review at the halls of Luxor.

And from now until that hour, I AM your Guru if you will have me, O chelas of freedom!

**“The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom.”** This previously unpublished dictation by **Saint Germain** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Tuesday, June 19, 1979**, during the Montessori International Awards Dinner, held at the Ashram of the World Mother, Los Angeles, California. Part 1 of this *Pearl of Wisdom* is published in this volume, no. 25. Any books listed in the following endnotes are published by Summit University Press and are by Mark L. Prophet and/or Elizabeth Clare Prophet unless otherwise noted. Books, audio, and video products are available at <https://Store.SummitLighthouse.org>. The widest selection of audio files, including dictations, is available at [www.AscendedMasterLibrary.org](http://www.AscendedMasterLibrary.org). **(1) The opportunity of Summit University.** At the time of this dictation, twelve-week sessions of Summit University were held at the beginning of the four quarters of the year, each quarter sponsored by a particular master or masters. For information on current Summit University seminars and classes, see [www.SummitUniversity.org](http://www.SummitUniversity.org). **(2)** See *Pearls of Wisdom*, this volume, nos. 1–4. **(3) Rex and Nada, Bob and Pearl** are ascended master youth who lived in the twentieth century in the United States. They received the initiations for the ascension under the auspices of the Great Divine Director, Saint Germain, Lady Master Leto, and the messengers Godfre and Lotus in the 1930s. For more information on Rex and Nada, Bob and Pearl, see Godfré Ray King, *The Magic Presence* (Chicago: Saint Germain Press, 1935). Also see *The Masters and Their Retreats*, pp. 304–08. **(4) The opportunity given by the Great Divine Director.** On June 15, 1979, four days before this dictation, the Great Divine Director said: “Now, in order to have you increase your capacity, we therefore initiate a cycle of chelaship intensified at the Rakoczy Mansion. Positioned as it is today on the etheric plane behind the Iron Curtain, there in Eastern Europe, it presents a tremendous

opportunity for our chelas to strengthen themselves for the battle that must surely come at all levels with the dragon of World Communism and with the force that sustains it through the seed of the wicked in the banking houses and in the capitalist economies. I draw, then, to me chelas who are willing to increase the light of the heart in the next twenty-four months. A twenty-four-month cycle of chelaship therefore is offered—once around the clock in the Alpha cycle, once around the clock in the Omega cycle. These two cycles shall be for the increase of the fourteen stations of the cross.” (*Pearl of Wisdom*, this volume, no. 1. Also see *Pearl of Wisdom*, this volume, no. 28, n. 1.) (5) See I Sam. 16:12, 13. (6) **This Ashram of the World Mother.** In 1976, the messenger Elizabeth Clare Prophet established the Ashram of the World Mother in downtown Los Angeles. On June 21, 1977, Saint Germain stated that Archangel Gabriel had placed the focus of the Holy Grail at the Ashram, and on December 28, 1977, the God and Goddess Meru announced that the Ashram would be an extension of their retreat at Lake Titicaca, in the Andes Mountains. The dispensation of the Ashram of the World Mother later came to a conclusion, the light was withdrawn, and the Ashram was eventually sold in 1983. In Saint Germain’s dictation on June 21, 1977, he spoke of the dispensation of the Ashram and said, “I am here to release the light of a dispensation of hierarchy in the Ashram of the World Mother, here where Gabriel has placed the focus of the Holy Grail as the cup from which all may come to drink, here where I have called already souls from the world who could make known my name and thereby the open door of freedom through the I AM THAT I AM to all the world. Here I will draw in this century, before the curtain is drawn upon this dispensation, thousands of souls who are the called, who are the elect, who can indeed right every wrong by God’s grace and bring America into the new song of freedom and the resurrection. This is the home of the Mother and of all of her sons and daughters. Therefore you are welcome. And we the ascended masters, also sons and daughters of the Mother, are welcome.” (2021 *Pearls of Wisdom*, vol. 64, no. 42) (7) **We look at Freedom’s Song** is referring to the performance of the play *Freedom’s Song* on December 30, 1978, by students of Montessori International on the subject of freedom for Taiwan. Addressing the performers after the play, the messenger said: “You’re speaking for the people of light in Mainland China and in Taiwan in your heart, many, many people will listen to you.” (8) **The march on Washington, D.C., and New York City.** In May of 1979, students of Montessori International traveled to Washington D.C., and viewed a subcommittee hearing on the House floor, toured the city, then traveled to Williamsburg, Virginia; Philadelphia, Pennsylvania; and New York City, after which the students visited the New York Teaching Center, called the Château de Liberté, which was located in Rye, New York, at the time.
