

Beloved El Morya

A Report from the Chief of the Darjeeling Council of the Great White Brotherhood

Part 1

I come to address you on matters of immediate concern. Hence, I present to you an interim report from the Darjeeling Council, from the Council of the Royal Teton in conjunction with the Lords of Karma, and from the God and Goddess Meru concerning the state of affairs in this hemisphere...

In recent months there has been a buildup of darkness due to the extreme perversions of the life force concentrated more and more within San Francisco. Therefore in recent months the danger of cataclysm, physical cataclysm to that area, has increased—increased noticeably and dangerously...

We expose, therefore, the continuing need for the keeping of the vigil against individuals who have embodied and gathered in San Francisco whose rebellion is against Lord Maitreya and the Mother flame, whose rebellion is an ancient one and is expressed in the perversion of the life force.

A Report from the Chief of the Darjeeling Council of the Great White Brotherhood

Part 1

I, Morya El, bow before Lord Gautama Buddha, whose messenger I AM, whose flame our messenger is.

I come to address you on matters of immediate concern. Hence, I present to you an interim report from the Darjeeling Council, from the Council of the Royal Teton in conjunction with the Lords of Karma, and from the God and Goddess Meru concerning the state of affairs in this hemisphere.

This day I have instructed our messenger to give the invocations regarding the stability of life in North, Central, and South America.* She has returned momentarily from San Francisco,¹ where I sent her to keep the flame of the Mother at solstice. We deem this mission accomplished—a key mission in our program of anchoring intense light where there is extreme imbalance.

In recent months there has been a buildup of darkness due to the extreme perversions of the life force concentrated more and more within San Francisco. Therefore in recent months the danger of cataclysm, physical cataclysm to that area, has increased—increased noticeably and dangerously.

*See endnote 5.

Therefore it is necessary for the Word embodied in our messenger and in our chelas to be present and to concentrate and to increase, to expand and magnify light. Wherever the Holy Spirit goeth, so there is the company of saints. Therefore we sent our messenger and certain chelas to add to the work, a mighty work being carried on by our teaching center there.

The Continuing Need for the Keeping of the Vigil

We come with great gratitude and victory this day for the anchoring of light through the Goddess of Purity and many legions of angels and elementals.² We expose, therefore, the continuing need for the keeping of the vigil against individuals who have embodied and gathered [in San Francisco] whose rebellion is against Lord Maitreya and the Mother flame, whose rebellion is an ancient one and is expressed in the perversion of the life force. Let them be converted wherever possible. Let them be bound and judged where they have sworn allegiance to darkness and to the overturning of the light of the seven Holy Kumaras anchored there so very long ago.

We desire not to see the city of the seven hills and the seven mighty flames let down in cataclysm because of the sins of this generation of betrayers of the Mother. We desire, therefore, and it is the wish of the Karmic Board, that judgment might come to the guilty and that the innocent might be found free and might learn to hold the light of freedom.

In the days of Noah, as in the days of the sinking of the continent of Lemuria, it was so that the sun, as the light of cosmic justice, shone upon the just and the unjust, and therefore cataclysm ensued and all were lost, and an evolution and a civilization. This has occurred whenever there has not been the sufficient balance of the messenger, the prophet, and the devotees of the light to counteract the darkness by the science of the spoken Word, by the science of the heart, which you are beginning to understand more and more through

the tutoring of your souls by the Lord Sanat Kumara.³

Truly, the path of the ruby ray is the path of the Lord Christ, and you who will follow it will understand how necessary it is for the piercing light of the point of the diamond to be reinforced by the ruby ray in support of the work of the seven chohans and the seven rays, as well as Mighty Cosmos' secret rays.

The Right and the Left of Human Good and Evil

Thus, my beloved, our desire, which reflects the desire of God through the Cosmic Council, is to see you concentrate light here and there where the issues demand a confrontation, where the confrontation is already taking place, often between the right and the left of human good and evil, where none can be espoused by the Brotherhood except in those rare instances where we must of necessity choose the lesser of evils simply because there is no other choice until the coming of the sons of God and their taking hold of the scepter of authority and their sitting upon the throne of grace.

Do you understand, my beloved, that in every nation, in South and Central America, in the United States itself, we cannot take sides? For it is not the backing of personality but the reinforcement of principle that we see as the certain course to victory. For sometimes it is the most unprincipled of men and women who will for a moment or for an hour ensconce the great principles of the Brotherhood and carry the vote or carry the day in exactly the course of light.

And thus, as you know, the human consciousness is unpredictable. But the light of the living Word as the true Christ Person of every son and daughter is there. And when the soul is sincere but misguided, we have often seen that that soul may yet be led and be the instrument of a telling blow for the LORD, of a clearing of the way, and of a preparing for the day when those enlightened ones will come to the fore.

Therefore, we see that the messenger is required to travel here and there, with only a few chelas, to the teaching centers and to key cities upon the face of the earth for the necessary anchoring of light. And this, then, is our program parallel to that of Mission Amethyst Jewel⁴—that the calls will be made, that the body will be the living sacrifice, and that through the body and the heart of the messenger we may anchor those necessary fortifications as well as the judgments, so that a time, and times, and half a time may yet be preserved for the children of God to discover the truth and to live by that truth, and by it to know freedom in the heart, freedom in the community, freedom in the nations.

I Come to Alert You to the Tactics of the Fallen Ones

I am El Morya. I come, then, to alert you to the tactics of the fallen ones as they concentrate their momentum of upheaval, anxiety, and a stirring up of the people throughout this hemisphere in an attempt to create an imbalance, an inharmony, and thereby an opening for a wedge of darkness to produce economic as well as physical cataclysm.

Therefore, I dedicate our conference *Freedom 1979* to the union of this hemisphere, to the reinforcement of light, to the coming of the hosts of the LORD and the children of God, who will see how wisdom and freedom through the Spirit of the Resurrection, through the mighty power of Elohim, through the intense love of the Holy Spirit and the angelic hosts must certainly—in this hour of division and schism and bloodshed, an intense bloodshed, in Central America⁵—now produce those God-solutions and elevate and accelerate the consciousness of the people until in North and South and Central America there is a raising up of a trinity of God consciousness.

I come in the name of Saint Germain, whose concern is very great this day, that the sins of the children of God, that the unrighteousness and the wickedness of the seed of the wicked

be not transferred and accelerated as terrorism, fear, guerrilla warfare nation by nation, and the utter destruction of a platform of evolution.

To the right and to the left, men and women have sinned. But in the center of the circle is the living Word able to bind up the wounds, able to heal the halfhearted, able to heal all misunderstanding. We understand the sincerity of all, and we understand the infiltration of those who have no part with God, both to the right and to the left.

We warn the leaders of all nations to be aware, then, of that which Archangel Gabriel and Saint Germain have revealed as the strategy of allowing the elements of relative good and evil to destroy one another.⁶ This does not mean that they should be allowed to destroy the children of the light in the process.

Beloved ones, whenever there is the upheaval, the overturning, the warfare, the bloodshed, and there is a fever pitch of frenzy and fear among the people, as you now see in Central America, it is by deliberate design that the fallen ones have the net gain and the children of the light are the losers. May it not be so any longer! May the wise chelas understand the meaning of keeping the flame with constancy!

I am ashamed of those who have failed to do so! I rebuke you! And I summon you to speedily take up the torch once again that you have let down, thinking to pursue other goals as though they were the goal of Saint Germain—being deluded and diluted in the concentration of right action, right livelihood, and the Eightfold Path of the living Buddha.

I AM the living Buddha in the heart of Gautama. The messenger is the living Buddha as the manifest heart of the Mother. Let us, then, see how the heart of Gautama will not leave this hemisphere comfortless. He comes in the name of the Holy Spirit, and he comes to clear the way for those of you who have prepared for a mighty goal and a mighty role that you indeed may play when sponsored by the Darjeeling Council.

Initiation Is the Byword of the Hour

We, then, send forth our report to the teaching centers and to the study groups and to every sincere heart. Now, leave aside your lesser preoccupations. And you who count yourselves in the New Age movement, set aside, then, your dalliance and your dallying with all entertainments of the psychic. For these are of no avail when it comes to the setting of a sail and a certain course of Lord Maitreya.

Initiation is the byword of the hour. Seek it. Submit to it. Love it. Oh, love the blade of the sword that descends to shave from you elements of the unreal that will not allow you to heal the nations but instead reveal to the fallen ones that they may yet steal from you your light because of your lesser preoccupations.

Souls of light who accelerate for the ascension, you are not like any others. Do not try to be like them, for you cannot be wearing the two-coat vibration, or the turncoat! But you must wear the coat of the many colors of your own causal body of light. Your acceleration is like no other flight. It is the soaring of the eagle, the person of the Mother in your midst. You are that person! You are her flame!

We desire to see a great God-gain and we know that it is the pressing forward with Godfre and Lanello, Ray-O-Light and K-17, of the hosts of the LORD that will indeed make and secure the victory.

Be Vigilant

I am the Chief of the Darjeeling Council, and I am your Chief. I summon you, O brave-hearted knights and ladies of the flame. I reveal to you that the acceleration of Armageddon is not let up nor has it been since the hour of the ascension of Lanello [on February 26, 1973]. These six years, then, a six-pointed star of your initiation, brings you to the moment

of precipitation as Above, so below of the mighty threefold flame of life. And in that precipitation is the power to end all strife, to direct the ruby ray into that crisis of energy, of oil and gasoline that intensifies and threatens the whole economy of the nation.

Let us pray, then, for I would pray this day for those who undergird this nation—those who drive the trucks, those who transport necessary commodities, those who are the farmers, the shopkeepers, the little men and women who in the flame of a mighty constancy are those who enter the ritual of Saint Germain as day by day they keep the vigil. And now, now they demonstrate, and now the forces of division and schism intrude, but that is not all. The entire economy suffers an earthquake because of this hidden manipulation.

I recommend that you be vigilant and that you keep the vigil of the hour. Vigilantes have often stalked for freedom. I speak to those who keep a vigil of victory and an upward spiral of life and who know and are sensitive to their own light and to their own sacred centers and who understand how much power, wisdom, and love can flow when you sustain the momentum of light.

“The Summit Lighthouse Sheds Its Radiance o’er All the World to Manifest as Pearls of Wisdom.” This previously unpublished dictation by **El Morya** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Sunday, June 24, 1979**, during the Sunday service at Camelot, Los Angeles County, California. Part 2 of this *Pearl of Wisdom* is published in this volume, no. 28. Any books listed in the following endnotes are published by Summit University Press and are by Mark L. [**N.B.** Bracketed words have been added for clarity in the written word.] (1) **The messenger has returned from San Francisco.** The messenger was sent to San Francisco for the Summer Solstice

Celebration, held on June 21, 1979. On this day she gave a lecture called “Darshan with Mother” and delivered a dictation by the Goddess of Purity, which is published as *Pearl of Wisdom*, this volume, no. 22. (2) **The Goddess of Purity and many legions of angels and elementals.** In the dictation by the Goddess of Purity given on June 21, 1979, she said, “Now my angels have gathered in rings upon rings around this city. . . . We come to purge this city of San Francisco of all that is anti the light of the children of the One.” The Goddess of Purity also set seven electrodes in the seven hills, which she called “hills of light” and “points carefully calculated as the chakras of the city of the Mother.” (*Pearl of Wisdom*, this volume, no. 22) (3) **The tutoring of your souls by the Lord Sanat Kumara** refers to the *Pearls of Wisdom* by Sanat Kumara that were being released at the time of this dictation and are now published in the book *The Opening of the Seventh Seal*. For more information, see *Pearl of Wisdom*, this volume, no. 13, n. 3. (4) **Mission Amethyst Jewel.** See *Pearl of Wisdom*, this volume, no. 14, n. 6. (5) **Division and schism in Central America.** The crisis of war and bloodshed in Central America began in the late 1970s, when major communist revolutions and civil wars erupted in countries such as Guatemala, El Salvador, Nicaragua, and Honduras, caused in part by unequal political representation, unjust land tenure, and labor coercion. (6) **The elements of relative good and evil.** In *Mysteries of the Holy Grail*, Archangel Gabriel explains: “Relative good cannot approximate absolute Good nor can it contain it. It is part and parcel of the same energy veil which yesterday was evil, today is good, and tomorrow again will be evil. Relative good is in polarity with relative evil. It is the other side of the coin. . . . Relative good and evil personified in the alignment of human polarities to the right and to the left, now active, now passive, are indeed the salt which has lost its savor. . . . Now the dilemma of good and evil becomes the drama of Gog and Magog who, because they are of the same genesis of the plus, the minus of the anti-God, destroy one another, hence are self-destroyed. . . .” Archangel Gabriel also explains in *Mysteries of the Holy Grail*, “Saint Germain sets forth the strategy of Armageddon: It is to allow the forces of relative good and evil to array themselves, one against the other, and to cancel each other out while the Lamb, as the Word incarnate, is with the hundred and forty and four thousand who sing their new song, giving dynamic decrees unto the day and unto the night. . . . Let the strategy of Saint Germain be known, and let the wise ones be readied for their role. Let the true shepherds of the people be positioned on the stage of life continent by continent in the Person of Good.” On July 2, 1979, the messenger commented, “Gabriel revealed the strategy of Saint Germain to let the fallen ones destroy one another by their own hatred. And in the ashes of the old order, out of the ashes of their own self-destruction will arise the phoenix bird of the Christed man, the New Age man and the New Age woman of Aquarius.”
