## **A Report from the Chief of the Darjeeling Council of the Great White Brotherhood**

### **Part 2**

We come in the hour of the birth of the Manchild in these Americas. Threefold flame of the Americas, burn on! For we, the wise men three, keep a vigil of the hours with our chelas.

We stand. We are grateful. We demand, therefore, the exposure and the binding of the conspirators East and West. Those who have abused capitalism, those who have abused the free market system as well as the community of the Holy Spirit, let them all be seen for what they are. And let not the chelas of the light fix their star to mortals here below, but look up and see that the immortals shining through are indeed minutemen and women of the hour. They will come. They will see you through. But the hour demands a strategy.

Whoever you are, O Keeper of the Flame, if you know that you know what is right action and what is right...

## A Report from the Chief of the Darjeeling Council of the Great White Brotherhood

### Part 2

Yes, we came, we three wise men,\* knowing full well by the signs of cosmos the hour of the incarnation of the Lord Jesus Christ. How think you that we knew of that hour? I will tell you. It was by initiation, by a study of the cosmic clock taught to us by the universal Mother. And by the intuition of the heart, my beloved, we come again. We come in the hour of the birth of the Manchild in these Americas. Threefold flame of the Americas, burn on! For we, the wise men three, keep a vigil of the hours with our chelas.

We stand. We are grateful. We demand, therefore, the exposure and the binding of the conspirators East and West. Those who have abused capitalism, those who have abused the free-market system as well as the community of the Holy Spirit, let them all be seen for what they are. And let not the chelas of the light fix their star to mortals here below, but look up and see that the immortals shining through are indeed minutemen and women of the hour. They will come. They will see you through. But the hour demands a strategy.

\*The ascended masters El Morya, Kuthumi, and Djwal Kul were embodied as the three wise men at the time of Jesus' birth.

Whoever you are, O Keeper of the Flame, if you know that you know what is right action and what is right livelihood, come forth and submit your report to the messenger and to me in Darjeeling. For I would hear of your proposals, and the Great Divine Director and Saint Germain lend their ear to have from you your report on the complexities of the problems now demanding solution.

We see, then, the projection on the screen of the fallen ones serious turmoil in Central and South America. We hear the edict of the LORD God that this entire hemisphere can indeed be cleared of the beast of World Communism. Let it also be known that the dragon of the international money changers and of the manipulators of the international corporations may also be bound.

This will not happen because you hear a dictation. This will happen because you implement the Word of the LORD. It demands daily invocation. For indeed the judgment is nigh, but day by day that judgment in each twenty-four-hour cycle must be invoked. In addition, let there be increased protection for all chelas and especially our messenger, for since the announcement of the Great Divine Director,<sup>1</sup> there is a step-up of opposition because of the great step-up of light.

### Those Who Perceive the Will to Do Must Be That Will in Action

We come, then, to assure you that our original request for the calls to Archangel Michael to be given at night is still a request that we would have fulfilled by those who are able.<sup>2</sup> For our greatest work is accomplished while the bodies of the blessed people sleep as we free their minds of the penetrations of all manner of psychic projection and political warfare, as well as the machinations of the fallen ones. We would deliver the children of the light from insanity and from the divisions of consciousness that affect their day-to-day decisions.

Beloved ones, when the people awaken in the morning, the set of the sail is indeed set for that day. Those who have journeyed to the inner retreats therefore have a great inspiration and knowledge and a divine plan that unfolds as the hours of the day. But those who have struggled in the astral plane, those who have not been guided or have not understood the meaning of inner communion, they also come forth and they have equal conviction that the plans of the fallen ones, who represent themselves to be great leaders of the destiny of nations, are indeed the solutions to the world's problems.

And thus you will note that the zeal, even the fanatical zeal of those who do not have the God-solutions, is sometimes more intense than that of the lightbearers, who walk by the faith in the Almighty and his hosts. Thus in the Matter quadrants it is required that those who perceive the will to do must be that will in action in the day, and their acceleration must be greater than those who have thought that they had perceived our representatives but in fact they have entered into pacts and inner communions with the false hierarchy of the Darjeeling Council.

### The Projection of Mediocrity

I must tell you, then, that there are the point/counterpoint impostors of the ascended masters and, moreover, there are impostors of yourselves moving in physical embodiment. I once again remind you to make the call daily for the binding of the impostors of your own chelaship. They are not one. They are legion! Some of them are the embodied laggards that persecuted the living Christ and his disciples. Some of these are programmed robots. Others are archdeceivers, the fallen angels, the Watchers themselves. They have pitted their moves against the moves of the children of the light.

Their current strategy is the projection of mediocrity, of the sense that there has been crisis for so long that we cannot

forever live in a state of crisis and therefore we must slow down and live a more normal life. These are the aggressive mental suggestions that cause your top to stop spinning, and all of a sudden it winds *down, down, down*, and you find yourself unable to accelerate but rather falling upon your side in sleep or wherever you may reside.

My beloved ones, I must tell you again. The path of the initiate of the ascension is not the way of life of those who will be maintaining a status quo for many embodiments to come. Therefore, do not compare yourselves. Do not be jealous of those who will tarry in unknown conditions on this or perhaps other systems of worlds after you shall have ascended into the light.

Be worthy, then, of your calling. There has never been a greater opportunity for chelas of Morya to present the message of Serapis Bey in the forthcoming release of the *Dossier on the Ascension*.<sup>3</sup> There has never been a greater opportunity to show how the sword of the ascension flame cuts to the quick error and reveals truth. There has never been a greater opportunity for practical men and women to be the friends of freedom incarnate.

### I Summon You to the Joys of a Path That Must Accelerate by the Hour

I AM Morya. I summon you to the joys of a path that must accelerate by the hour. I summon you from sleep, from lethargy, and from the belief that human solutions are adequate to the task at hand.

I come in *command* of my forces, in *command* of my senses, and in *command* of my chelas! Those who would be chelas, let them stand up and be counted! [Chelas rise.] For I am counting upon you. And I count this day who will then be the one who will hold the balance for the axis of the earth with a straight spine and a spinning top and a light that we can ride.

Some of you know the tide and whether or not it is good to sail the ship or to surf or to do whatever is of worth to you. When we assess a chela and determine whether we can lower greater light and also place upon that heart a greater weight of the dark, we must make decisions that come moment by moment.

We look. We see. We see the level of light and we say, “Not now. We cannot give to this chela a greater darkness in order to hold the balance for this epidemic or this war. For the chela is not up to it. There is not a spinning that will contain the darkness and still allow the chela to maintain that identity.”

Let us, then, count upon our chelas, that when you are serving, when you are working, when you are studying, when you are preaching the Word, you have not left undone, therefore, the sealing of your chakras.

### **The Burden of Light and Darkness Is Your Supreme Moment and Springboard to Infinity**

Beloved ones, crisis is on. Earth is in crisis. I do not promise you that this crisis will cease in your lifetime. You are most fortunate to be in embodiment, for some of you could not balance your karma in this century or in any century without being here in the hour of crisis, in the hour of flux, in the hour when the teaching gives to you the sword and the means for the balancing of all past offenses of the children of God. Count yourselves, then, most fortunate that the wide load, that the burden of Light and Darkness is your supreme moment and springboard to infinity.

We come to renew a righteous zeal. We come to renew a path whereby you may put on, day by day, accelerated momentums of the will of God, the very empowering of your life to be the instrument of good.

We would exalt you, but not at the price of your soul.

Therefore we will exalt no one who yet exalts the ego and refuses to debase the lesser self. We will perform our perfect work through you. We only await the high sign of the white light. Carry, then, a white flag—the sign of the soul, the declaration of peace, the declaration, “I AM whole. I AM here for the signing of the peace treaty, for the signing of the vow of Victory. I make my covenant with God. I will be ready.”

### **Let the Saints Come Marching Home**

Blessed chelas, I desire to count upon your readiness this Fourth of July conference this summer. We can no longer wait for our centers in Vancouver and Mexico City.<sup>4</sup> We must have them, for we must anchor light. We know whereof we speak, and we know that you will come forth and fulfill Saint Germain’s calling.

We see, then, that these hours are as glasses of the hours—glasses to be filled, glasses that *can* be filled. And one day when you have held that glass as a grail of light and it is transformed into living crystal, we will bid you drink and we will bid you pass the cup to the knights and ladies of the Table Round and to many children of God for whom you have bought opportunity as extended time and space to enter the light.

Chelas of the will of God, I AM Morya! I neither plead nor threaten. I come with the plumb line of truth, for I trust the wise chelas who have placed their trust in me. I have always told you that I would tell you of the signs of the hours. I have told you that I would not leave you comfortless. Give comfort, then, to the old bard\* and to the children, who all over the world are playing in their yards and totally unaware of the dangers that are hidden and of the demons that stand and stare in their intent to destroy.

We deploy our troops! We are here! We have never left, as ever before! Let us march. Let us be up and doing. Let the

\*likely referring to himself

saints march, and then let the saints come marching Home.

Invictus, I AM Morya in the flame of Gautama! With my Mother and with my chelas, I stand.

“The Summit Lighthouse Sheds Its Radiance o’er All the World to Manifest as Pearls of Wisdom.” This previously unpublished dictation by **El Morya** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Sunday, June 24, 1979**, during the Sunday service at Camelot, Los Angeles County, California. Part 1 of this *Pearl of Wisdom* is published in this volume, no. 27. Any books listed in the following endnotes are published by Summit University Press and are by Mark L. Prophet and/or Elizabeth Clare Prophet unless otherwise noted. Books, audio, and video products are available at <https://Store.SummitLighthouse.org>. The widest selection of audio files, including dictations, is available at [www.AscendedMasterLibrary.org](http://www.AscendedMasterLibrary.org). **(1) The announcement of the Great Divine Director.** On June 15, 1979, the Great Divine Director said: “A twenty-four-month cycle of chelaship therefore is offered—once around the clock in the Alpha cycle, once around the clock in the Omega cycle. These two cycles shall be for the increase of the fourteen stations of the cross.” He then stated that “this announcement is not to be compared with others that have gone before, nor should you so lightly receive it and its offering.” He explained the necessary requirements for chelaship at the time this dictation was given, and he also stated: “The very salvation of this earth hangs in the balance of the success of this mission, of these two witnesses, and of your own chelaship, which is integral to the entire divine plan.” (See *Pearls of Wisdom*, this volume, nos. 1–4, and *Pearl of Wisdom*, this volume, no. 26, n. 4.) **(2) The request for calls to Archangel Michael.** On June 7, 1977, the messenger explained: “Archangel Michael said he wanted a thousand Keepers of the Flame giving [the decree 10.00 to Archangel Michael] between nine and eleven p.m. . . . because there is a shift of blue-lightning angels that leave Banff [the retreat of Archangel Michael] around midnight, and Michael says they need our calls to do twelve hours of work in the astral plane. . . . At night is when they can work upon the consciousness of humanity. When everyone is sleeping, they can clear the debris and lower thoughtforms of the ascended master consciousness.” **(3) The forthcoming release of the Dossier on the Ascension.** See *Pearl of Wisdom*, this volume, no. 23, n. 4. **(4) Our centers in Vancouver and Mexico City.** In a dictation given on November 19, 1978, Saint Germain explained that “these cities, Vancouver and Mexico City, must be used as that point of light for the bulwark of freedom, for the guarding of the light of the Woman, for the guarding of the light of the seed of the Woman, and the guarding of North America.” (2024 *Pearls of Wisdom*, vol. 67, no. 14)

## Gratitude to Our Master Morya

From the Chela to the Guru

Master Morya, we thank you for all that you do  
In the raising of mankind of earth  
Blazing forth your light rays through the hearts of the few  
Dedicating their souls to new birth.

Let us ever draw forth from the Presence above  
The Light that illumines all men  
So they see the good works of the Father of Love  
And the masters walk with us again.

Master Morya, our hearts are o’erflowing with love  
For the Light and the Truth that you bring  
Teach us ever to live in the Presence above  
That through us the angels may sing.

Let us all understand and ever expand  
The knowledge of God’s sacred fire  
That the earth may be raised to her place in the Sun  
In fulfillment of your great desire.

Master Morya, we bless thee for being the one  
To assist our beloved Saint Germain  
To expand his great work as before thou hast done  
And to raise us again and again.

Thou art always adored, thou Great Cosmic Lord  
Now step through the veil to our sight  
That we all may be bathed in the Light from thy heart  
Dedicated as guardians of Light.\*
