**The Unbroken Stream of the Word**  
**Sometime, Somewhere, the Children of the Light**  
**Must Stand Up and Be Counted!**

It is our deep desire to reverse the tide of anti-defense, anti-Michael, anti-the Woman and her seed from the point of light in the heart of America *back, back, and back* into the fiery core of God.

Sometime, somewhere, the children of the light must stand up and be counted, and that moment has come. This is the hour when this darkness must be reversed, and therefore I vote for a concerted effort. For many legions of light have heard your call and have been apprised of the urgency of the hour upon earth, and they have come to multiply your call.

We do not predict the outcome. We only know that when hearts united give the ultimate call, there is intercession from God without fail. We do not predict the form of the intercession, but we desire to display to the Lords of Karma and the Cosmic Council that upon the call of the Lord of the World there is a mighty response and a determination...

## The Unbroken Stream of the Word

*Sometime, Somewhere, the Children of the Light  
Must Stand Up and Be Counted!*

Hail, O light of infinite worlds! O living Sun, I AM come. I AM Gautama, and my light fills all the sky. I AM the infinite light, and I have responded from Shamballa this night.

The arc of my heart is upon *you*, and the firm connection of the force of light indeed bears hope for a rising spiral of victory. We come with our strategy of light. It is the unbroken stream of the Word, and the dream of God for peace for earth we bear in our heart.

I come with numberless numbers of light, and we present to you an immediate plan of the action of the Word—a vigil of light held here and in every ascended master sanctuary. Let there be truly a perpetual vigil of the hours from this moment until this round of talks, discussions, and the final vote of the Senate. For this particular treaty and the course of events leading from SALT<sup>1</sup> have a particular role in our ten-year plan.<sup>2</sup> It is our deep desire to reverse the tide of anti-defense, anti-Michael, anti-the Woman and her seed from the point of light in the heart of America *back, back, and back* into the fiery core of God.

Sometime, somewhere, the children of the light must stand up and be counted, and that moment has come. This is the hour when this darkness must be reversed, and therefore I vote for a concerted effort. For many legions of light have heard your call and have been apprised of the urgency of the hour upon earth, and they have come to multiply your call.

We do not predict the outcome. We only know that when hearts united give the ultimate call, there is intercession from God without fail. We do not predict the form of the intercession, but we desire to display to the Lords of Karma and the Cosmic Council that upon the call of the Lord of the World there is a mighty response and a determination from free hearts to keep the freedom of life upon earth.

### Your Prayer Is the Ultimate Effort and Effect

Therefore I do summon, in the name of the Word, the legions of my heart Above and below. For I have seen you strike a telling blow for the LORD before, and therefore I say to you: When your hearts move as one and when you have given all you can give in the spoken Word, then communicate to that body of senators. Communicate to all who may bring light and truth and the knowledge of your vote.

Beloved ones, let there truly be a determination to communicate this Word and to work with all who are righteous, who are striving for the same goal. Let them feel your love, your prayers, your spirit of God-determination, and let us see if we cannot infuse into the responsible and enlightened elements of this society a new fervor that will reignite the flame of freedom in all free nations and cause the people of this earth to take a determined stand against the lie and the war and the death that they have promoted for too long.

Sometime, somewhere, the children of the light must take their stand and sing the new song of determination and of fervor and of a certain release of the heart when all of the

stops are out. And, beloved ones, the fervor of your soul literally scrapes the very heavens. Let doubt and fear be consumed, for your prayer is the ultimate effort and effect.

### **We Need Every Erg of Energy and Constant Calls**

I AM Gautama! I hear the mighty cosmic clock ticking off the time and the space of our ten-year plan. This is a crux and this is a cross.

Beloved hearts, I am fervent in my determination to work change. I am determined to bring dispensations of light. Saint Germain has stood with me this night and he has said, “O Gautama, do tell them that we need every erg of energy and constant calls—calls made in the very midst of service to life.” Let this be the challenge of unceasing prayer.

O my beloved, let us test the strength of our body upon earth. Let us see what we can work for Helios and Vesta and for humanity. For sometime, somewhere, the tide must be turned. Why not now? Why not now?

Beloved ones, sometime, somewhere, there must be an about-face. We have come with a mighty torch to pass to you ere we have concluded our final view and word in this concentrated weekend of light.<sup>3</sup>

We are more than determined! We have sworn our life upon the altar of Almighty God for this victory! And we understand the timetable of Victory, and so do Victory and his legions of light. All is in the “Go” position. Forces of light are ready to act in the name of God in answer to your call. But minds must be infired and enlightened and infused with truth.

O my beloved, we shall see. We shall see what the morrow will bring. We shall see how the Goddess of Liberty shall ring the great bell of life, of freedom. The Liberty Bell is her gift to this nation, and every flaw shall be mended and life shall rise. This is a dark passage for lightbearers. But, my beloved, there are enough lightbearers in the earth to see this through,

if only they too may have the view of the teaching and of the Word.

### **The Magnificent Praise to Sanat Kumara**

We rejoice in the acceleration of the publishing arm of our activity. We rejoice now in your inner commitment to speak truth more than you have ever spoken it before. We rejoice that you are fearless and joyous and loving and concerned for your brothers and sisters.

The wave of light encircling the earth by the hand of Sanat Kumara may go far and wide this Christmastide, for El Morya has come forth to sponsor the release of the magnificent praise to Sanat Kumara and the singing of that song and of the song of the Lamb on Mount Sion.<sup>4</sup> El Morya has communicated to the messenger his desire to see a single record containing these two pieces of light to become a part of his Christmas letter to all the world this year.<sup>5</sup>

It is the desire of the master to see you send those discs of light to friends around the world, that this release of music that you have cherished in your heart might be heard on Christmas Day by the children of the light East and West, and that wherever it is played there might be the extension of the great power of the three-times-three and the ruby ray and of the promise of the coming of the hosts of the LORD.

We anticipate a mighty victory of light through this release. Therefore pray for it, as we pray, that you might be the instruments of this service. For, beloved ones, the sound of the song celestial must carry the fervor and momentum of the calls that we give at the Altar of Invocation.

### **My Heart’s Prayer to the Almighty**

By the white heart of the messengers united Above and below, I AM Gautama and I kneel before the Altar of Invocation and I offer my heart’s prayer to the Almighty for a sustained peace, for a containment of darkness, O God, for freedom

enduring, for truth reproofing earth's evolutions. I AM Gautama. I kneel before the altar of the LORD God Almighty:

I have come to beseech thee, O LORD God, for this intercession. Let legions of angels be assigned to earth. Let there be a great outpouring from the Central Sun, for truly it is the hour of the turning of the tide of darkness. Let the torch be passed, O God! Let millions of torches be seized by millions of arms!

O children of the Sun upon earth, I give comfort to your souls. I give solace. I give the wisdom of peace. I counsel your leaders, and I bring the judgment of God, which this hour seizes from those who are aligned with the seed of the wicked a momentum of darkness they have used for centuries to perpetrate deeds of darkness.

In this moment legions of light *seize* that momentum and they bind it and they *seal* the fallen ones by a sword of blue flame, by binding cords of light, and they reduce the effectiveness of the fallen ones to affect evil in the earth. Better that you know not who they are, that you might hold the immaculate concept for life.

O LORD, O Ancient of Days, LORD God Almighty, the Sun behind the sun, I AM thy Son in the earth. I keep the flame for earth and I implore intercession in the name of these hearts, who are with me in the service of the cross.

Lo, I AM the cross of life. I take to my being every dear heart, wherever you are, who has vowed the vow to keep the flame of peace.

I AM Gautama. Peace is my Way. I touch you with my kiss of peace and I seal the earth in the protection of my mantle unto the Victory. Lo, I AM come to do thy will, O God!

This previously unpublished dictation by **Gautama Buddha** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Saturday, October 6, 1979**, during the Harvest conference, *The Torch Is Passed!* held at Camelot, Los Angeles County, California.

**(1) The course of events leading from SALT.** The Salt II treaty that was signed in June of 1979 by President Jimmy Carter and Soviet General Secretary Leonid Brezhnev was never ratified by the U.S. Senate due to the Soviet invasion of Afghanistan and the continued presence of a Soviet brigade in Cuba. In January of 1980, President Carter withdrew the treaty from further discussion by the Senate. The Supreme Soviet, the highest legislative body of the Soviet Union from 1936 to 1991, also never ratified the treaty, which expired on December 31, 1985. Both countries, however, are said to have kept the terms of the treaty until 1986. Currently, ground-based and space-based systems of the U.S. Space Force monitor ballistic missile launches and guard against surprise missile attacks. The Space Force has the capability to protect and defend America's place in space and in the world. **(2) Our ten-year plan.** In a dictation given on May 3, 1977, Gautama Buddha announced that "the Lord Buddha has extended to you as people of God one decade for the turning of the tide . . . for the contacting of hundreds of thousands of souls. . . . After the decade has passed from this hour, there is no guarantee forthcoming from the Lords of Karma. . . . that the tide can any longer be turned from the fate that has been plotted by the dark ones." (1978 *Pearls of Wisdom*, vol. 21, no. 28) **(3) This concentrated weekend of light.** This dictation by Gautama Buddha was given during the Harvest conference, *The Torch Is Passed!*, which was held over the weekend of Friday, October 5, through Monday, October 8, 1979. **(4) The magnificent praise to Sanat Kumara** refers to the two songs that were sent on a record to the membership with El Morya's 1979 Christmas letter, entitled "Arise Shine, for Thy Light Is Come!" and "The Lamb on Mount Sion" (songs 547 and 548 in *Book of Hymns and Songs*, published by The Summit Lighthouse). See note 5. **(5) His Christmas letter to all the world.** El Morya dictated a Christmas letter for 1979, which was sent out to the membership at that time and is to be published in this volume as November *Pearl of Wisdom*, no. 44. Also see note 4.
