

Beloved Saint Germain

The Magical Staircase of Light

I AM Saint Germain. I speak to you of issues. I speak to you of Armageddon. I speak to you by the light of the Holy Spirit. And the serpents have not desired that I come with such exposure this day or with demands upon you in such a precise manner. But I have chosen to depart from the flowers and poetry and music of my great causal body to stand in the earth as the prophet Samuel.

And thus all the world may have a taste of my many momentums of light and of victory over the ages. Let it be so! For I AM the nourisher of the Manchild within the heart of America. I AM the sponsor of the Manchild of God-government, and I AM the anointer of those who may be anointed to the office of president, and all who are worthy receive my anointing. And I will even lend my mantle on occasion to those who are not worthy, that they may play their role on the stage of life and that humanity might be spared the awful destruction programmed in and through them by the fallen ones. My mantle is a mantle of light....

Beloved Saint Germain

The Magical Staircase of Light

Hail to the light! I AM in your midst again! I AM Saint Germain, and I come to tend the fires of the newborn Christ Child. I come as Joseph, the sponsor of your soul, the sponsor of the Advent,* protecting the divine goal within you. This is the hour of the cycles turning. This is the hour of the passing of the torch of solstice.

I come to dedicate this week to the preparation of that light that comes from the Great Central Sun to be anchored in the hour of solstice for the victory of light in the decade, in the path of initiation of the eighth ray, and in the victory of the ascension for many who are called Home that they might anchor the point of light as the magnet of the Great Central Sun.

My beloved children of the light, my beloved shepherds in my name, blessed sons and daughters, I greet you in the Christmas Yule log of Sanat Kumara. I greet you in the flame, that he will ignite the flame of the turning of worlds and the bursting of lights. In his name and honor, I thank you. Won't you be seated.

Most gracious ones who tarry with us, when the pack upon our back is not the burden of darkness but the gifts of

Saint Nicholas, we come to bear to you gifts of the teaching, which you bear with us when we would unload our light into your heart, for no one else will receive that flame and kindling spark.

Beloved hearts in time and space, it does take time to reveal the mystery of the Word. Most do not have patience to hear and to be heard by the Word that descends as light—light that cometh out of the East, light that goeth unto the West, light as the coming of the sun of your Christ consciousness.

We Magnify and We Multiply the Image of the Christ Child within Your Hearts

Beloved hearts, we have much commentary on the world scene that we would deliver to our chelas of the light, and we are grateful for the repository of your blessed self. Therefore, when others make merry and busy about with shopping for Christmas, you have preferred to be in the temple on the Lord's day, to be where he is and for his coming. I thank you for therefore providing the forcefield whereby I might deliver through the messenger this commentary on *Star Trek* and science fiction¹ and the up-and-coming in the motion picture industry and in the industry of men.

Understand, then, that the threads of consciousness cannot help but lead back to the Source, especially when the warp and woof are guided by the shuttle of the master mind of God. Beloved hearts, even the perversion of the thread of light can lead back to the Source if there is one who knows the course and the coursings of the mind of God. Therefore we would publish it abroad, for we have the thread of light. And the crystal cord, whence light cometh, whence light goeth, that ignites your heart as the Yule log of the centuries, is that thread of light.

Contact with our crystal cord is the contact with hierarchy, and this—this is the great gift of our love, that by contact with

us we may indeed impart to you the mind of God, often most unusual in its manifestation and quite a subject for the Advent Sundays. Beloved hearts, you will not hear it in other churches, but this subject—very “now” and the very “in thing,” as they would say—of *Star Trek* does pertain indeed to the Armageddon that is waged in the platform of men’s minds and hearts.

Take care, then, that you understand the message and realize that here in full grace and full-orbed light the chohans come, and here Hilarion stands to deliver to you, with the legions of the fifth ray, the science of truth and the sword of the Word. For in this season of the Christ Mass we would have you, in God’s name, understand that if Christ is to be born and not aborted, *you* must take up serpents!

Study diligently, then, our *Pearls*. They come to you from the entire Spirit of the Great White Brotherhood by the hand and the heart of Sanat Kumara. Understand that every Manchild that is to be born is threatened by the hand of Herod as the hand of serpents abroad in these lands. Let the defenders of the children of the light remember the message spoken a year ago.² And still, with all that has transpired, the subject of life and of the abortion of life remains most prominent in our hearts. For we look to the founding of the New Age and the base of the pyramid in the life of the family, and we see that key stones in that pyramid do not appear on time with the cycles of the stars.

And therefore we must improvise. We *continually* improvise. And we magnify and we multiply the image of the Christ Child within your hearts. Over the land and over the sea, we have impressed the image of the Child Jesus, the Child Jesus as the great healer of nations and of hearts and of mother and father expectant and waiting and not knowing that their own child waiting to be born is the key of light and of destiny.

Those Who Seek the Living Guru Will Find Him in the Little Child Born Again

O beloved hearts, the Child Jesus comes as the initiator of parents and teachers and all who care for him. And thus you have heard the stories of the antics of Lord Krishna as the Christ Child frolics and teases and plays with all around—not a naughtiness but a freedom, that uninhibited quality whereby Jesus himself strayed from his parents, not by disobedience but by obedience to a higher Law, fulfilling the command of confirmation to stand in the temple and discourse with the doctors and prove the self-knowledge of the Law.

It was his time and his cycle. And therefore transcending other cycles, he was indeed supremely obedient to the law of God and therefore said, “Wist ye not that I must be about my Father’s business?”³ And those who were his kinsfolk took a lesson in learning and knew the light of nonattachment whereby they indeed might also be about their Father’s business.

Oh, the great initiator, the Child Jesus, did he not give to me and to his mother the initiations of our life, our victory, and our triumph? Beloved hearts, those who seek the living Guru will find him in the little child born again.

Now, this image throughout the earth the Lord Jesus himself has multiplied. Immersed in the universal Cosmic Christ, he has charged it with a full momentum of the Christ matrix of every ascended master and of everyone who is a part of God now in embodiment and seeking to embody. Thus this Child Jesus, this image of the Infant of Prague, this light of the soul, is to comfort those who mourn, who have not the little child nor have they unlocked the key to the manger or discovered the crèche in the cave.

Gentle hearts of light, let us also meditate and multiply this image, that there might return to this earth joy to receive the little child, reverence for life and love and holy family.

Oh, let the presence of the Child Jesus everywhere in the earth this year inspire many hearts to give birth to that Christ Child in many ways, not the least of which is the addition to the family of another little one who shall be a shining sun, a laughter, a joy.

Precious hearts, it is the innocence of this little child and of that little child within you that keeps you smiling and happy, that ever renews the newness of life of our Father!

O Holy Spirit, deliver unto these hearts the light of which they are worthy. They are the trustees of thy light, O God. Let it expand through them. I offer a special prayer on behalf of our students and children, that wherever they go they might carry the flow of thy Spirit.

**There Is Never a Vacation
from the Science of the Spoken Word**

Children of the light, students of Summit University,⁴ your vacation is nigh, but remember that there is never a vacation from the science of the spoken Word. You have manifested here a tremendous forcefield of light concentrated. Now is the initiation of time and space whereby you will be separated and your Christ Selves shall establish a connecting light so that your entire momentum of dynamic decrees might create a fiery cloud and vortex to cover the land and to magnetize the entire momentum of the service of the staff who remain at Camelot. Wherever you go, I know that I will be there.

I am Saint Joseph, your beloved, and I am known for delivering unto the saints who pray to me miracles of light far better than the prized possessions of Santa Claus that he transfers to those who desire to possess. Beloved ones, let the giving of the gift be the gift of Self. Let it be the giving of the Word that I heard in the Beginning, the Word whose ray of light has sent me unto you to manifest my presence here below.

I AM the Spiral Staircase

I AM the spiral staircase, the miracle light manifesting your flight from the little church unto the tower, where the bell and its tolling announces not the knell of death but the tolling of eternal life and the ascension that is won in heaven that can be won yet on earth.

I therefore come to create the magical staircase of light out of the dynamic decrees that you will give from this hour until New Year's Day is come and Gautama has spoken his word of love.⁵ Let that spiral staircase be the passageway of all humanity transcending itself, passing over and beyond the former state, entering the decade on the new wave of life.

I AM Saint Germain! I will build my staircase from your heart to the heart of God. I will build it from the soul of humanity to your heart. And at each new level they will find the succeeding staircase, until the light that is oncoming will not be the light for disintegration but for the integration of worlds. And therefore, you see, it is the bridge that we must build together.

The messengers, one on one side and one on the other, are there for the sending of souls into octaves of light and for the sending of souls from octaves of light to the earth. The going and the coming of the children of the light, back and forth, is for the reinforcement of the spiral staircase. When you descended into incarnation in this life saying, "Lo, I am come to do thy will, O God," you reinforced the staircase and the spiral of the descent whereby all souls might conclude the grand finale of the incarnation of the ascension.

And as you yourself ascend, you will complete the mighty caduceus and your ascent up the staircase of light will form endless chains of figure-eight spirals, and the Alpha and the Omega within you will be new birth and a passageway of light to those who will follow. This is the meaning of Advent—birth into earth, birth into heaven, and the new birth of God consciousness.

Now let us see what alchemy, what God-mastery you will anchor. Taking the initiation of the Lord of the World, taking out into space the full concentrated momentum of the Altar of Invocation, I bid you visualize yourselves kneeling before this altar wherever you are when you are absent from Camelot. And all of you who serve in the Father's field whitened to the harvest, I say, visualize yourself and so you shall be here and you shall be there, and you shall learn the nonexistence of time and space.

And here and there the oscillation of light from our heart to your heart and yours to ours will mean that the full intensity of the dictations and the invocations will be where you are. And thus as mighty electrodes in the earth, our children of the light will prove that earth can be rescued in her darkest hour and that sons of light in their finest hour can take advantage of the opportunity to overcome and gain not only personal victory but victory for a planetary home.

**Charge with Archangel Michael,
with the Blue-Lightning Angels!**

We are joyous, light-filled, looking with hope to a new year. We see how the vigil of the Woman and her seed is *rolling* back the darkness across the face of America! It is as though the blind had removed from their eyes scales of condemnation and hate and hate creation.

And as that rolling momentum begins on the West Coast and rolls across the country at the hour designated by myself through the messenger, so in those four time belts, children of the light are able to *roll, roll, and roll* that snowball of light across America, across the sea to break up the recalcitrance and the density there in the Middle East, there in Iran.

And what do you perceive? The breaking apart and the fragmentation of society, repolarization, vying for power, another Ayatollah, the manifestation of intransigence of the Kurds. You see agents of the PLO. You see Marxists. You see

those who are the technocrats and those who would follow the Shah if they could. For he guarantees to them a way of life that they have preferred.

Unless all these elements, polarizing to this and to that, show the signs of weakening and the cracking in the structure of the fallen ones—indeed imperceptibly the lines of the splitting and the cracking of the structure that come about by the return of that darkness—I say, do not let down but accelerate! *Charge* with Archangel Michael, with the blue-lightning angels! There is no choice but to *charge* with their swords of blue flame!

And, beloved ones, how can you lose when you follow the leader of light, who has such a track record in the vast starry systems of immense victory? Beloved ones, he is one who will *seize* the serpents by their tails, invert that energy, and raise it up to the victory of the Woman and her seed! He is the one chosen of all hierarchies of light, chosen by Almighty God to defeat the Adversary and his legions—the entire false hierarchy of the black brotherhood.

Beloved ones, Archangel Michael and his legions have somewhat to teach you about the taking up of serpents. Therefore, let your invocations to him seal that physical protection around our lightbearers and our messenger, which is so needed at this season. It is the hour when the fallen ones intend to harm the Christ Child physically.

Therefore understand their manipulation of the mighty flame of God-victory, of the hierarchies of the eleventh hour. Understand the true meaning of Capricorn as the mighty earth sign of the Central Sun that releases the blueprint of all that is to be forged and won within the earth plane.

Understand, then, that the point of solstice is the point of the protection of the blue-fire sun and the inner blueprint within the earth's forcefield. See, then, that you put on your

robes of blue lightning and your helmets and your swords and your shields, for you go forth and you must be *sealed* with that light!

The Defeat of the Enemy Is Certain by the Word

I come here to tell you that the concerted effort of our lightbearers is showing fruit and that the defeat of the enemy is certain by the Word.

Let all know that we need the momentum on this coast at the hour of seven of the reversing of the tide and of “The LORD’s Ritual of Exorcism.”* And it will roll back. And those who are in the belt of Mountain time, they increase the light and continue to roll the darkness eastward. And thus it goes from Central time to Eastern time, and there you have the rolling momentum. And as it passes through your town, you roll it along its way. This happens in succession, but in actuality it is happening simultaneously. Thus you are becoming the masters of the sine waves that govern the interaction of energy in time and space.

Let us not let down! The crisis has not been resolved!⁶ But the mighty cross of white fire *is* in our midst! Let us see to it that all perversions of the sacred fire of the Mother and the Manchild cannot, in the balance of life, outweigh the demands of cosmos for greater light and the rolling momentum of joy and the flame of victory.

Let all be vigilant, for it is a difficult hour of the testings of the souls of men and nations. This hour until the passing unto the new year is the greatest challenge of the entire year on the path of initiation. It is the hour when you make secure all fruits of victories of the past twelve months. It is the hour when many cycles come to conclusion, and the victory of those cycles must be sealed by your science of the Word!

*“The LORD’s Ritual of Exorcism” is published in the booklet *Invocations to the Hierarchy of the Ruby Ray through the Messenger Elizabeth Clare Prophet*, pp. 5–16.

I Am Sealing Now Every Forcefield of Nuclear Energy

I will come into your midst as you sing and give forth that joyous Word. I will bring with me my blessed and most beloved Portia, for I desire to manifest in the very heart of the earth our sponsoring flames. And therefore, my beloved, I would speak to you, now in this hour of my coming, of another accomplishment of the reversing of the tide.

You have thought that you were reversing the condemnation of the Khomeini and his disciples. I tell you, in naming condemnation and the perversion of the Word, you have reversed the tide, and will continue to do so, of the entire planetary momentum of the hatred of the Great White Brotherhood, which is focalized in the hatred of America, which is focalized in the hatred of our messengers and chelas.

See, then, that with a rolling back of that condemnation and that hate and hate creation, how your own president, almost untrue to his own nature, has risen up to demand adequate defense, has multiplied vastly the defense budget, and has set this nation to the task of surrounding itself with those very necessary conditions that are exposed through the attitude of the Soviet Union and many other enemies of the light.

Beloved ones, we have not yet seen the manifestation of the victory of the full armoring of this nation with light and all the defense that we require. We are determined—if you are determined and if you will decree it so—to sponsor the B-1 bomber and to see that it is put into action.⁷ It is our desire that this come to pass as a necessary countermeasure to the Backfire bomber of the Soviet Union. Understand that we do not recommend the use of implements of war, nor do we recommend war. But we say, this nation must be armed and there is scarcely a moment to lose.

Therefore, let all who hear my word this day take their decree books in hand and decree for the clearing of the way

for the B-1. For America must be first and foremost in the mastery of air and earth, land and sea, and of the sacred fire.

I am *sealing* now, I am *sealing* now, I am *sealing* now every forcefield of nuclear energy, all nuclear weapons, nuclear power plants! I place my purple fiery heart over those forcefields. I place a mighty sphere of light to cap them, to insulate them, to protect the children of light from all dangers hidden in the earth by the fallen ones.

O beloved ones, these times are indeed treacherous. But the light is able and the Word is able, and in you is the counterbalance in the very light of the Christ within you.

Daily Call for the Judgment and the Reversing of the Tide of the Entire Momentum of the Liar and the Lie

I come, then, to release the radiation of the Great White Brotherhood on the scene of candidates who go forth, all of them professing to be the prime and choice candidate. I say to you, we will not declare ourselves for this or for that one, but we will point out to you a fallen one, son of Lucifer, whom we have decreed shall not pass into the office of president nor wear that mantle nor enter the Oval Office, for it would utterly compromise the flame of the Great White Brotherhood in the executive mansion of the United States.

And therefore, early I come to expose to you that fallen one, and I demand that children of the light and Keepers of the Flame shall daily call for the judgment and the reversing of the tide of the entire momentum of the Liar and the lie, who is a murderer from the beginning.⁸

Beloved ones, the ship of state must not be bowed down with such darkness, and the magnetism of that individual is about to lure many and millions of souls. But already again, the reversing of the tide of condemnation has reversed back upon him the veil that he wears, which is the veil of intimidation and of the hatred of the Woman and her seed.

Beloved hearts of light, this fourth horseman, this individual who represents darkness and death, must be exposed by the power of the Word. And therefore your dynamic decrees will and can reveal these elements of the night and the night rider. I say this to you, for you will require a rolling momentum to overcome the mass consciousness and the robot within it that is determined to support the fallen one. Do not, then, rest in your efforts, and do not consider the battle won until the ascended masters' own choice candidate is in office.

Understand that the fallen ones use the method of surprise attack and of suddenly thrusting back in a moment of retaliation upon those who believe themselves to be the victors. Do not then consider that because there is mild disillusionment, that in the hour of the elections and the conventions such as he cannot come to the fore and be swept in as the candidate or as the president of the United States.

Cyclopea Will Reveal

What Is Truth and Error in the Candidates

I AM Saint Germain. I speak to you of issues. I speak to you of Armageddon. I speak to you by the light of the Holy Spirit. And the serpents have not desired that I come with such exposure this day or with demands upon you in such a precise manner. But I have chosen to depart from the flowers and poetry and music of my great causal body to stand in the earth as the prophet Samuel.

And thus all the world may have a taste of my many momentums of light and of victory over the ages. Let it be so! For I AM the nourisher of the Manchild within the heart of America. I AM the sponsor of the Manchild of God-government, and I AM the anointer of those who may be anointed to the office of president, and all who are worthy receive my anointing. And I will even lend my mantle on occasion to those who are

not worthy, that they may play their role on the stage of life and that humanity might be spared the awful destruction programmed in and through them by the fallen ones. My mantle is a mantle of light. It is the cape of Uncle Sam. My mantle of light is upon every true patriot of freedom. I salute you in your victory!

I come. I stand with you. Call upon me and I will answer. Call upon Cyclopea and he will reveal what is truth and error in the candidates. They must be studied. Now is the hour when those who are not of the light must be eliminated from the race. May it be so, for we are determined that in this year and in this decade the God consciousness of our manifestation shall manifest through the one most likely to receive it and carry it through.

Beloved ones, we will do the best that we can do, but we must have your support. And that support must transcend and bypass the absence of Christ consciousness in the masses of the people. And therefore by direct contact with their hearts of light, they will intuitively know that which they have not learned, that which has not yet been revealed to them concerning the conspiracy of Luciferians moving against the United States.

With hope, we come. With faith in the present and the future of the Manchild, with charity, we lead the children of light into love's victory. I AM Saint Germain. I have come again and again. I have come to you that you might have my flame, my fervor, and the fervor of the light of Archangel Michael.

I pass through your midst and out the door. I am with the legions of light. I go to the fore and the forefront of the battle and where the victors are.

Come with me, O eagles of the Spirit, children of the light. For I will show you where the victors are.

I salute you in the light of the Ancient of Days.

"The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom." This previously unpublished dictation by **Saint Germain** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Sunday, December 16, 1979**, during the Sunday service at Camelot, Los Angeles County, California. **(1) This commentary on Star Trek and science fiction.** On December 16, the day of this dictation, the messenger gave a review and in-depth analysis of the movie *Star Trek: The Motion Picture*, released on December 7, 1979. She explained that the movie actually depicted the mechanical ascension, the false alchemical marriage. At the end of the film, a former captain of the starship *Enterprise* fuses himself with a nonbiological, computerized consciousness containing a replica of a female crew member he once loved, resulting in an "ascension." This prevented the alien entity from destroying earth. The messenger approached the story from many levels, pointing out the past records of intermarriage with the robot creation and subconscious records of alien forces brought to light in this and other films, as well as the allure of space exploration. **(2) The message spoken a year ago.** On December 25, 1978, Jesus gave a dictation concerning the issue of abortion. He stated that "Wherever the little child is threatened, there is the Christ of every part of life threatened." Jesus called for a greater prayer vigil on behalf of the little children and a "massive education" on the issue of abortion and on other spiritual matters. Jesus said, "Beloved ones, those who have nobly held the banner for life and against abortion throughout the nation require your intercession, require your entering into their ranks for the giving of the invocations to Archangel Michael . . . and the calling forth of those dynamic decrees that will bind the fallen ones and their attempts to avert the freedom and the liberation of life." Jesus explained that the issue of abortion "is a dividing of the way of the tares and the wheat. . . . Go after the children of God who are making the karma [of abortion] and who ought to be liberated from the Liar and his lie." (2012 *Pearls of Wisdom*, vol. 55, no. 23) **(3) Luke 2:49. (4) Students of Summit University.** Saint Germain is addressing the students of the fall quarter of Summit University, which began on September 24, 1979, and ended on December 14, 1979, sponsored by Lord Maitreya and the Goddess of Liberty. **(5) Gautama has spoken his word of love.** Gautama delivered his New Year's Eve address on December 31, 1979. (*Pearls of Wisdom*, vol. 23, no. 0) **(6) The crisis has not been resolved.** See *Pearl of Wisdom*, this volume, no. 30, nn. 4 and 6. **(7) The B-1 bomber.** The B-1 bomber was designed in the 1970s as a high-speed, long-range strategic bomber. In 1977, the B-1 bomber program was cancelled by President Carter due to its cost. The program was renewed in the early 1980s by President Reagan, with a modified design known as the B-1B bomber. **(8) John 8:44.**
