**of the Mantle of Lady Kristine's Threefold Flame**  
**Part 2**

Your calls to Astrea, your giving of the “Entity Decree,” and the reversing of the tide of all projections of darkness upon the children of the light...are the calls that enable the seraphim to come to that soul of light who is destined to win in this life and yet who is beset by family mesmerism and every sort of opposition imaginable and unimaginable. I say “unimaginable” because you can scarcely realize the mounting opposition to one son of God entering the Path.

Only by the calls to Astrea have you actually secured a ring-pass-not around this community whereby it has endured. It has endured, my beloved, even in these years of service, longer than many in previous ages.

Beloved hearts, I come to you, then, so that you might realize how important is the flame of purity in the protection of the life and the ongoing service that you perform as a unit in the cosmic hierarchy.

## Start a Flame of Purity

### *The Transfer of the Authority of the Mantle of Lady Kristine's Threefold Flame*

#### Part 2

Therefore, I am also a messenger of the seraphim this night, who have asked me to reveal to you their involvement in your life. And they are desirous that you should know that they have immense appreciation for your calls to Astrea, your giving of the "Entity Decree," and the reversing of the tide of all projections of darkness upon the children of the light.\*

These are the calls that enable the seraphim to come to that soul of light who is destined to win in this life and yet who is beset by family mesmerism and every sort of opposition imaginable and unimaginable. I say "unimaginable" because you can scarcely realize the mounting opposition to one son of God entering the Path. Only by the calls to Astrea have you actually secured a ring-pass-not around this community whereby it has endured. It has endured, my beloved, even in these years of service, longer than many in previous ages.

\*"Decree to Beloved Mighty Astrea—"the Starry Mother;" no. 10.14; the "Entity Decree," no. 7.11; and "Reverse the Tide," no. 7.05, in the decree book *Prayers, Meditations and Dynamic Decrees for Personal and World Transformation* (#1778).

Beloved hearts, I come to you, then, so that you might realize how important is the flame of purity in the protection of the life and the ongoing service that you perform as a unit in the cosmic hierarchy.

### **The Defense of the Economy and the Resources and of Life Itself**

I come, then, determined that in the final conclusion of the fourteen-month spiral<sup>1</sup> you shall have every opportunity to meet the Adversary by the flaming, dazzling white light of purity, that you shall know to call to the seraphim, to follow the meditation of the Ancient of Days given in the forthcoming *Pearls*,<sup>2</sup> and that you shall realize that it is most necessary that the ascension light of Mother be anchored here in Los Angeles so long as our messenger is here for the raising of the Mother flame of Lemuria and for the polarization of light in this perspective, vis-à-vis the Middle East, so that that substance that is surfacing may be instantaneously transmuted.

You have seen the child's game that is held by two children as they play the game of rolling a ball over a piece of string, back and forth and back and forth. There is a certain dexterity that develops, and the children increase the speed. This action of the light flashing forth from Luxor to your hearts and flashing back again is our desire. It is also our desire that in this polarity of light there shall be a transmutation of much that has been of grave concern to the Karmic Board, and that is the karma of the laggard evolutions of the Middle East. Many of them are intransigent. They are intractable, unteachable, stubborn, and rebellious. They have a hatred that you cannot even imagine, a hatred for the various groups among them.

This seething vortex of energy is pitted against the entire evolution of the earth. And as you have seen, by all of this uncontrolled energy they would control the very basic energy of life—the oil itself. Hurt not the oil or the wheat.

Beloved hearts, this flow of life in the economy must not be allowed to be tampered with or to be used against the fate of nations. This is a tall order that I give you—to give your dynamic decrees on OPEC and this furious and most vicious attack upon the nations of the earth. Simultaneously with this, our forcefield of Luxor here in the heart of the Mother must be for the independent development of the energy system and resources of the United States.

All is in waiting and under the control of Saint Germain, out of the Cave of Symbols<sup>3</sup> and the Royal Teton Retreat.<sup>4</sup> He has his very thumb on the energy resources within this nation. There are the seed of Serpent in the government and in private industry who have their thumb on the resources. Let the chelas of Saint Germain take up these serpents in their judgment calls and demand that in this decade America shall be independent in energy and in gold from all other nations of the earth. Defense is necessary, but, my beloved, the defense of the economy and the resources and of life itself are equally if not more important. And America's economy is not defended and therefore it is subject to the molesting of the fallen ones.

#### **The Dedication of the Remains of the Ascended Lady Master Kristine**

I therefore come for the dedication of that which remains in the physical octave as a focus of the ascended lady master Kristine. I come to dedicate the ashes that have been returned to the Mother. These have been placed in this very box, the color of blue as the light of Mother Mary and of the God Star, Sirius.

This forcefield of the ashes of one who has ascended should be guarded by the chelas of the light. For the fiery transmutation of the substance by the fiery salamanders, the seraphim, the beings from the Great Central Sun takes place spiritually and materially, and therefore the purification and

therefore the forcefield for the cradling of the flame of the ascended master.

When you have loved ones, it is your option to take their ashes and cast them into the sea or wherever you so desire. Wherever there is a Keeper of the Flame who makes the ascension, these relics become the relics of the saints and the true forcefield of light. It is a point of light through which the ascended master may radiate his causal body because it is his very own substance purified. If it were purified any more, beloved ones, it would be a part of the ascended one and the ascension flame.

Thus, I now consecrate this forcefield, and I request the presence of Thomas\* in the holding of this blue box. [9-second pause] Now then, we are five upon the altar—the witnesses in the earth, the witnesses in the heaven. And this is as it should be, and it must not be otherwise.

*Therefore I, Serapis Bey, issue forth the fiat, then, that from this moment unto the coming of the great golden age, there shall always remain in the earth a chela in physical embodiment of my own flame and my own name, worthy and able to hold the vessel of light, the flame of the ascension and the forcefield of Luxor, that that disciple then might carry the flame from nation to nation to anchor the momentum of our retreat.*

*Therefore, let the fiat go forth, for I have received it of my Father, the Ancient of Days, in this very day. And therefore the continuity of Serapis will remain until the earth is the LORD's and the fullness thereof and until the great golden age shall manifest according to the will of our Father in heaven and in earth.*

*I AM Serapis Bey. I entrust my flame to my messenger, and she shall pass it to those who shall apply for it.*

\*Thomas Miller, husband of Florence Miller

*But the one chosen, as the one sent to bear it, shall be that highest initiate of the ascension flame upon earth who shall succeed her. And so the mighty stream of life shall have that continuity, and the life stream and the sound of the mighty stream of life shall echo down the ages. And that sealing of the light of the great pyramid is for the turning of the tide, when life and not death shall be maintained perpetually in the earth.*

*So I consecrate this forcefield as the one chosen who came to the messengers and received the initiations. Let it remain always the flame of the chela who submitted to the messengers and walked through the open door of Victory.*

*I charge this forcefield as the open door of all chelas assigned to the messengers who shall make their ascension through the causal bodies of the messengers.*

### **The Two Witnesses Have Indeed Fulfilled and Are Fulfilling the Office of Guru**

I AM Serapis Bey. *I love you.* Within these rooms, at this gathering in this hour, are two candidates for the ascension. I will not tell you the hour or the day or whether it is in this year or in a decade or longer. But as I stand before you, I place my fire in each one of them in the third eye, and therefore they receive that blessing and that opportunity to accelerate and to know the path of true chelaship.

Beloved hearts, I will add my word in this hour. Inasmuch as the condemnation has flowed in this world as the great flood that the Serpent put forth out of his mouth upon the Woman,<sup>5</sup> I therefore stand and I anchor the flame upon this altar so that all might know that I have stood here, that I have spoken, and I have given the approbation of Alpha and Omega upon my two witnesses, who stand before the God of the earth, that they have indeed fulfilled and are

fulfilling the office of Guru, of Initiator, and of Messenger in the earth, and that many who are in heaven today attest before the Father that they themselves have found the Way through these two witnesses. And therefore all of the world's condemnation cannot weigh against the truth and the witness of one of these little ones who has ascended unto God.

There is gratitude, then, in the heavens that these two witnesses have never even counted the cost of transferring the light and the initiation to whomever the LORD God has sent. That light and that discipline has been given to the just and the unjust, to those who have been worthy and not worthy. It has been dispensed fairly, equally, with comfort, with the greatest of care and concern and the giving of abundant time and devotion to the true devotee.

Therefore, it is submitted in the record of the Book of Life before Alpha and Omega that this service in earth is intact, is sustained, that this community is an open door for all who truly value that path. Let those who have betrayed, let those who have criticized and condemned and judged, know that I, Serapis Bey, place my hand and my *seal* upon the messenger. And that hand and that seal that I place there is truly the protection and the light that this open door shall not be shut by any man or fallen one, that it shall remain open until the last who are destined to walk through this heart have walked through.

My beloved, the ascended masters stand in gratitude for the messengers, who have asked for nothing. They have asked for nothing—for not a word or a praise or a compensation. No matter what the world will say, I tell you, the cloud of witnesses are arrayed in this hour at the outrage that has been put upon the messengers for centuries. Thus the saints are one in heaven and on earth, and the messenger has bid me to refrain from any further comment upon her office.

My beloved hearts, you do not know the humility of the

soul who stands before you because you do not know the great light that she bears. And thus I have finished my word, as she has requested.

### The Victory of One, Which Can Become the Victory of Many

I seal now this forcefield. May you realize that the blessed Mother Mary holds in her heart your very own heart of light—caring for that heart and preparing that heart for the ascension and the victory.

May this box of light be a sign of the victory of one, which can become the victory of many, if you will it so. All other requirements are set. It remains only for the chelas to apply as candidates of the light.

*Sir Theobold,\* I bid you come forth and kneel before me. I place my hand upon you and I draw unto myself all grief and mourning and the records of death. I draw into my mighty heart of light all aloneness, and I seal you in the mighty figure-eight flow of your twin flame and your mighty I AM Presence. Persevere, for the calling is great and your love is great. And you will not fail because in the beginning you made your vow to so fulfill this life and this divine plan as it has been outpictured through the beloved Lady Kristine.*

*Thus, it is done. And any further burden upon your heart is not your own and should not be held for more than a split second required to make a call to me that I might receive it. This is the hour for you to go forward in a tremendous victory for the Mother.*

*Now, my beloved, the Lady Kristine places a kiss upon your brow, that you might know that the love of heaven and earth is one.* [20-second pause]

*The infinite light of heaven is upon all of you who*

\*Thomas Miller was knighted "Sir Theobold" by Saint Germain in 1966.

*mourn whatever loss. Beloved hearts, if it be the loss of your former self, perish the thought! If it be the loss of a loved one, think not upon it. For nothing is ever lost and all things do exist in their completion and in their wholeness through the ascension flame.*

*Rise, my beloved, in newness of life and with the mantle of our band.*

Most blessed devotees of the path of the ruby ray, I AM Serapis. I seal you for the victory of the fourteen-month spiral. The final cycle shall be the most difficult and the most triumphant. Therefore, gird yourselves unto the Victory and march with his legions.

We who stand here request that you sing with us the march to God's Victory. Please stand.

AUM

[Audience sings song 554, "God Is My Victory, Victory, Victory!"]

My beloved, we who have gathered for this feast of light desire to share it with all devotees present on this campus tonight, and therefore we call for the singing of the open door to purity. And as we sing with you and remain on this platform, we ask all those in adjoining rooms to walk through and to walk out again so that all may pass through and be in the forcefield and in the radiation.

[Audience sings song 479, "Decree for Purity."]

I request that you sing now to the ascended lady master Kristine.

[Audience sings song 523, "Hail! Ascended Lady Master Kristine."]

Let us sing "Liebestraum," the dream of love,\* song no. 226, "The Ascension Flame." [sung once]

[The messenger: Now we will seal the doors and invite those who have not yet entered to come at the conclusion of our service. Won't you be seated.]

\*The melody for song 226 is adapted from the musical piece "Liebestraum" by Franz Liszt. The German word *liebestraum* means "dreams of love."

### The Transfer of the Authority of the Mantle of Lady Kristine's Threefold Flame

The Lady Kristine bore a threefold mantle within this community, and it is her desire to transfer to those who continue in her Word and Work the authority of that mantle of her threefold flame, that there might be a physical transfer, an anchoring for the opening of initiation under her own discipleship.

[Serapis Bey calls three women to kneel at the altar.]

*Blessed by the God and Goddess Meru, the yellow fire entrusting the careful transmission and publishing of the Word is given to [name]\* from the hand of the Lady Kristine.*

[11-second pause]

*There may it be, and be sealed for the service of heart and head and hand.*

*The devotion to the will of God, the carrying on of the work of the chelas and the training of those chelas, the sealing of the hand in the service of the LORD—let it be upon [name] in faithfulness.*

*This ring so recently transferred to Florence by the messenger, which she at that hour did not understand, carries the diamond of the ascension and the emerald of the All-Seeing Eye. It is for the discipline and the counseling and the transferring of the details of life into the community and holding the open door for those who will follow heart and head and hand.*

[Five men are called to stand at the altar with the three women.]

*I bless you, my sons of light, who have also walked through the halls of Luxor. I bid you hold with these three maidens of light the forcefield of my eighth ray for the integration of the Word from this fountain of light, from the heart of the Lady Kristine. Come forward.*

\*The names of those called forth for this blessing have been withheld for privacy reasons.

There is great meaning in brothers and sisters of the light forging an indissoluble union of service and dedication. Let those who serve together in the departments of this activity, in the teaching centers and in study groups, in their homes across the world, place themselves together as cubicles of light and regard one another as brother and sister, as family committed unto each one's victory and committed to the Word and Work of the mandala in which you serve. This is the hour when the glorious initiation of the crucifixion will now come to many of you. As it has been borne by the messengers, so it will be borne by you that the cosmic cross of white fire shall ne'er be without the figure of the Lamb and the Lamb's wife.<sup>6</sup>

### We Seal You in the Emerald Ray of Cyclopea

Now, my beloved, we, who have come to extend the radiation of our electronic forcefield so very close to you, seal you in the emerald ray of Cyclopea. For the New Day and the New Age is in his hand, and the All-Seeing Eye of God is yours to command into earth and her evolutions for the exposure of the truth and of the Liar and his lie and for the descent of the judgment by that truth.

With the sign of the fleur-de-lis, I bid you: Welcome to Luxor! Joy in the flame! I will see you in two months, in the hour of Lanello's ascension Victory,<sup>7</sup> a most important occasion for the devotees in 1980.
