Children of the light, we are determined to see a mighty cosmic cube of crystal quartz over America—Canada and the United States. Ancient of Days in India*

Part 2

The Establishment of the Ascended Masters' Community Teaching Center in Vancouver, Canada

We are gratified and wish to so express our gratitude that you have accomplished the establishment of the ascended masters' community teaching center in Vancouver, Canada. I am grateful to announce to the entire student body and to the world that that figure-eight flow from the heart of the Mother is now in full force and that that focal point of light, signaled by Lord Confucius a number of years ago, has been established on time for that which promises to be a battle of Armageddon in the coming elections as the fallen ones in Canada realize that the light is oncoming and as they scramble to regain their positions of power, province by province.

Beloved hearts, there are many devotees of light in Canada, and there are those who have seen the messenger and who continue to speak lies and spread their gossip concerning the ascended masters' teachings. Almost from the very moment

that she set foot in Alberta they have sought to align her with that organization known as Scientology. I am here to send forth the Word and to seal it in the physical octaves that never has there ever been an association of this organization with Scientology—with its leaders or its members. There has not been any interaction or cooperation, and the teachings are not of the same origin.

Therefore I call to the fiery salamanders and the mighty seraphim to consume the Liar and the lie and to bind all attempts to deal the same denunciation upon the messenger that she does cast out devils by Beelzebub. Beloved ones, when individuals exert the power of the Great White Brotherhood and of the Holy Spirit, it is feared. And therefore the fallen ones will always accuse these individuals of being of the devil, for they fear the devil more than they fear Almighty God because they are his subjects.

A Mighty Figure-Eight Flow Is Established between Canada and the United States

Children of the light, we are determined to see a mighty cosmic cube of crystal quartz over America—Canada and the United States. And therefore a mighty figure-eight flow is established in action between these two nations for the transmutation by the mighty heart of the Ancient of Days of age-old animosities spurred on by black magicians who have been encamped within the geographical area of Canada long, long before the current age.

These foundations of antagonism and separation between these people of light, who are one people at inner levels, *must* now in this hour be transmuted and challenged! I desire, then, that whoever is able of the Keepers of the Flame in America to make a pilgrimage to that nation [of Canada] and to that teaching center shall do so and that all of you shall hold in your heart that crystal chalice of light

and keep in your prayers the necessary energy and dynamic decrees for the forcefield in Vancouver.

We are gratified that Canadians and Americans together have determined to come into that forcefield and that some have given their supply and thereby this teaching center is owned, established by Church Universal and Triumphant, and is not a leased property. It is therefore truly an outpost and a forcefield of light to carry the momentum of the ascended masters to that nation.

The Extension of That Line of Violet Flame Now Goes Forth from Mexico City to Vancouver

Saint Germain expresses his gratitude that the line of Mission Amethyst Jewel on the western coast has been extended not only to Canada but to Mexico,¹ where two devotees of light—long-time staff members at Camelot and chelas of the Mother—have established their forcefield in Mexico City.

And thus the extension of that line of violet flame now goes forth from Mexico City to Vancouver, and there is an explosion of light and a figure-eight flow as these two distant points become the outer edges of another figure-eight interchange whereby the blessed people of Central America—who are also one with all Americans—may now add their mighty flame of devotion to the Virgin Mary, to the Mother light, to the saints, to the momentum of attainment of those evolutions of Canada and the United States, who do indeed form a threefold flame of wisdom, power, and love in their attainment. This action is the fulfillment of that which was begun at Christmas 1973 in that pilgrimage to South America, in that New Year's conference held in Mexico City.²

Every spiral planted by the messengers and the chelas must grow. And so it grows and so it expands from the etheric octave downward, from the physical octave upward, until it

centers in the conscious minds of the people and in their feeling bodies and they begin to express the teachings in the science of the spoken Word and in their lives lived according to the path of the Christ and the Buddha.

We Desire to See Montessori Schools in India

We therefore commend you, beloved hearts, in all that you have accomplished and in the many sacrifices made. We give divine direction to you individually, and we give you the necessary information that the acceleration of karma in the Dark Cycle³ has necessitated an increase in the giving of decrees for the holding of the flame of Camelot by the staff, by the students of Summit University and Montessori International. It has become necessary for those who are in the teaching centers to increase the sending forth of the light. By the grace of God within their devoted hearts, the light has been held and the foundation of the Word going forth has not been interfered with by any force whatsoever.

We plant our light in Camelot in this hour to see that it remains so, that all that is designed to be accomplished within this forcefield is accomplished and that no one, no force whatsoever, can interfere with the divine plan of Gautama Buddha. The Goddess of Liberty's revelation of the divine plan for Mission Amethyst Jewel to the nations—bearing the light of freedom, of the culture of freedom, of the Law, and finally of education—will be outpictured in the coming quarters of Summit University as we train teachers to go forth, spiritual teachers and teachers bearing the Montessori method.

We desire to see graduates of this course set up Montessori schools in India, where they have long been welcomed and where many have sent their children to release that creative fire of the heart. This ongoing program will be the open door of service and the mark of our ashrams worldwide.

Therefore, we commend you to that holy calling. We commend you to it for many reasons. Many of you require an expansion of illumination's flame. There has been darkness upon the earth for so long concerning spiritual matters and the true principles of education that those of you seeking to be world servers require the balance of your threefold flame.

Many of you have tremendous love and power because you have exercised the power of the Word. It remains for you to accelerate the yellow plume of Christ consciousness. Placing yourself, then, within the disciplinary framework of Summit University, and on the subject of cosmic education and the development of the little child, will confer upon you the expansion of the grace of wisdom as you apply yourself. This then will be the sacred labor in your hand as you go forth to India and to other nations.

Our Solution at Spiritual Levels to the Conditions upon Earth

I have therefore given to you the message of our solution at spiritual levels to the conditions upon earth, and that solution is the opening of our teaching center in India and our expansion of other centers already established and those to be opened and to be named to you by Saint Germain as he so chooses.

This priority that is placed by all councils of the Great White Brotherhood upon the spiritual centers cannot be overemphasized. This priority of disciplined chelas who will pick up the virtues of the Eastern path and become more dedicated, more selfless in their service in the teaching centers and study groups and who will detach themselves from so many unnecessary cares of life in order to give more of their light—this priority, beloved hearts, as I have said, cannot be overemphasized. It is a priority because of our vision and our

ability at co-measurement whereby we co-measure the quality of the soul and its attainment against the light of the I AM Presence, whereby we co-measure the balance of light and darkness and the cycles of karma in the earth.

The line and the measuring rod of that co-measurement that I hold concerns the Dark Cycle and the rising tide of that cycle, which you have been told is cumulative. And therefore the cumulative cycles rise, and you will see that in the decade of the eighties the mounting energies, which affect the astrological configurations, will bring you next year to the Dark Cycle in Sagittarius, when there will be the lashback of the entire momentum of the Dark Cycle ongoing for twelve years.

It is therefore that we call for an acceleration of light within our outposts, for God-harmony in the figure-eight flow of all outposts with the messenger. To this end we summon you to establish and to accelerate that mighty light. For we desire such a concentration of cosmic consciousness that that lashback in the coming year, beginning April 23, 1980, will not be so great as to affect elemental life in cataclysmic conditions, which if unleashed could produce a chain reaction planetary in scope.

Go Where the Guru Is!

We are therefore calling upon chelas and devotees to recognize that in the coming months we will see that the greatest of all services that you can render is to come together wherever you are, in twos and threes, in nuclei of light, forming study groups and teaching centers and being regular and disciplined in your application of the science of the Word, thereby holding *literally* the balance of the earth on behalf of humanity. There are enough students of the light in this activity today to accomplish the desired results—if these students would take seriously the Path and have a realization of self-worth and self-importance.

It was I who asked you to applaud with the Mother in gratitude for your own sacrifices, for I desired you to be capable of understanding that when praise is due, praise ought to be given, and that you need to value yourself as we value you in your service to the light. It is of no consequence to us that the light is persecuted. We say, "What's new?" [Laughter] It has ever been, as the light swallows up the darkness. And as long as it has ever been, then why not accelerate the swallowing-up process and thereby shorten the days of the onslaughts of the fallen ones?

Beloved hearts, consider your calling. Consider your divine plan. And co-measure that plan against the backdrop of the world divine plan that I place before you. If [your priorities] do not fit the priorities of the Darjeeling Council, the Indian Council, and the Council of the Royal Teton, you might very well ask yourself if your priorities are indeed the priorities of your ascended master Gurus.

If you expect to be chelas in a direct relationship with the ascended masters, then I tell you, the shortest distance between those two points of the chela and the Guru is accomplished when the chela identifies with the cosmic consciousness and purpose of his ascended master Guru. If El Morya has placed himself on the line where Light meets Darkness, will you place yourself in retreat?

Beloved hearts, *Go* where the Guru is! *Be* where the Guru is! *Identify* with the Guru! And you will accelerate and become one with him in his heart.

The ascended masters never cease in their search for chelas, and I can assure you that every chela begotten of God, called and chosen by us, has the most preferential treatment upon earth of all evolutions. For that chela who gives his word to us, we come then with opportunity, with initiation, with enlightenment, and with solicitude for your needs, for your divine

plan, and even for the very smallest details necessary for your service to the light.

**Let the Cosmic Cross of White Fire Be the Sign
That the Children of the Light East and West
Are One Forevermore**

Therefore, my beloved, the members of the Darjeeling Council, the Indian Council, and the Council of the Royal Teton welcome you to service and to the high calling of this fruition of light in this year. We greet you and we sound this keynote early in this conference so that you might have opportunity to deliberate in your heart and place in perspective your very own soul vis-à-vis this divine plan.

As others of our band will deliver to you their messages, you will hear the unfoldment of their solutions to outer conditions and outer problems. There are many solutions, but the foundation stone of all building is the Guru-chela relationship within the community of the Holy Spirit.

I bid you welcome to the accelerated path of the ascension, which we sponsor with beloved Serapis Bey. It has been my joy to speak to you.

I *seal* you in the star of light! The mighty secret love star, descend now, dazzling golden-pink light! Mighty secret love star, descend! Let the replica of that light be sealed within the third eye of every soul who is truly a member of the Great White Brotherhood in the earth. O children of the light, be *sealed* in the light of the secret love star.

I AM Chananda, always your brother of light! I will be there to welcome you as you journey in your etheric bodies to our Cave of Light this night, and I will be there when you arrive in the physical octave to plant the flame in our ashram of light.

Let the cosmic cross of white fire then be the sign that the children of the light East and West are one forevermore!

AUM

Amen.

“The Summit Lighthouse Sheds Its Radiance o’er All the World to Manifest as Pearls of Wisdom.”

This previously unpublished dictation by **Chananda** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Saturday, December 29, 1979**, during the New Year’s conference, *Harpstrings of Lemuria*, held at Camelot, Los Angeles County, California. Part 1 of this *Pearl of Wisdom* is published in this volume, no. 39. [N.B. Bracketed words have been added for clarity in the written word.]

(1) **The line of Mission Amethyst Jewel on the western coast.** In a dictation given on November 19, 1978, Saint Germain inaugurated Mission Amethyst Jewel when he called for centers to be established in Vancouver, British Columbia, and Mexico City as “that point of light for the bulwark of freedom” and for the “guarding of North America.” (See 2024 *Pearls of Wisdom*, vol. 67, no. 14.) On April 14, 1979, the messenger explained Mission Amethyst Jewel as “Saint Germain’s commitment to send chelas to the nations of the earth, beginning with the most important cities. . . . Mission Amethyst Jewel is based upon the principle of the violet flame burning within the heart of the chela. The chela is the jewel, and as chelas place themselves together as atoms that become molecules that form outer centers, the Mission Amethyst Jewel becomes crystallized.” (2) **That pilgrimage to South America and Mexico City.** In December 1973, the messenger Elizabeth Clare Prophet, with many students and staff, made a pilgrimage to South America and Mexico to prepare the way spiritually for the future incarnation of the seventh root race. The pilgrimage concluded with the New Year’s conference, entitled *The Origin of Cycles*, which was held in Mexico City from December 28, 1973, through January 1, 1974.  As Chief of the Indian Council
 Of the Great White Brotherhood
 We call for a new birth to sweep the earth
 For India, Illumination’s flame

 And brothers be with one accord
 O lightning mind of Christ afford
 Thy people bless, with happiness.
 Thy standard raise, the darkness now relieve
 And strands of light and understanding weave
 O India, blest land of peace
 Awaken, emblazon, enlighten all.

Hail, thou beloved Chananda—

 We call for America, for India
 The “Head” and “Heart”
 To gather Light, the Cosmic Christ divine.
 Thy holy purpose is our sacred trust
 Our destiny, ’tis “destiny not dust”
 The balance hold to set men free
 Inheritance divine to see
 Intensify and amplify
 The will of God for all upon the earth
 Thy love and power ray to give rebirth
 A universe of oneness be
 Your blessing outpouring
