## Lanello's Birthday Prayer Part 1

Dear ones, I come to strengthen the bonds of our early association, not only in this dispensation but in others. For truly the lightbearers upon earth will be called upon to hold a perpetual vigil of the hours, as Mother Mary has called for, as Jesus has called for. We are grateful, then, that at the beginning of the decade there are trained troops who are ready to give their hours in the invocation and the call.

And lo, I perceive that in the year that is passed since the last celebration of my incarnation of the Word, many of you have increased in light so that the fire that burns in your heart is magnified by the light of Maximus. Right choices multiply the right choices of God for you. You are magnifiers and crystal mirrors of the Word, and therefore I behold in you those who are the multipliers of light.

And I see others who have been caught up by this or that riptide, who have allowed that light to descend as though you would suddenly take your candle and thrust it to the...

## Lanello's Birthday Prayer

### Part 1

Hail, ye torchbearers of the light!

I salute you as you hold high the torch of my flame.\* For I come to renew the joy of our oneness in the light, and I desire that you should look upon that light and look around you and see the multiplication of worlds. Why, when one son of God ascends, and has upon earth such as you,<sup>†</sup> so is the multiplication of the light and the mantle.

You hold in your hand the symbol of the potential of being in the sacred fire. Think how great is that fire—enough to light a whole world, a fire that should burn on and on and on.

I come with such joy in my heart to be surrounded with so many steadfast devotees of the flame who are here, and here no matter what—the vying for their souls or the roaring of the sea or the tempest in the night. You are here celebrating with me the conclusion of the decade.

Therefore, I greet you in the flame of the Blessed Virgin Mother. I bow before your light and your heart's flame, and I say to you, "Merry Christmas!" [Audience responds, "Merry Christmas, Lanello!"] Won't you please be seated.

\*Each person in the congregation was holding a candle as part of the Christmas Eve service, which began prior to this dictation.

<sup>†</sup>Lanello is likely referring to the ascension of Florence Jeannette Miller, now the ascended lady master Kristine. (See *Pearls of Wisdom*, this volume, nos. 37 and 38.)

### I Come to Kindle a Light for the Vision of My Children and for the People of God upon Earth

If it should become necessary to extinguish the flame [that you hold], you may do so as you consecrate it to your heart and know that the flame that I bear is a flame that will burn on throughout this decade. For I have determined that the Faithful and True, the chosen of the Ancient of Days,<sup>1</sup> shall receive a double portion of my Spirit. I give it to you who have stood steadfast with me and to all of you who are gathered in your homes across the earth in contemplation of the living Christ, who may also remember that he chose to allow me to come into birth to carry with him the light of winter solstice. To you I send my dear light.

Dear ones, I come to strengthen the bonds of our early association, not only in this dispensation but in others. For truly the lightbearers upon earth will be called upon to hold a perpetual vigil of the hours, as Mother Mary has called for, as Jesus has called for.<sup>2</sup> We are grateful, then, that at the beginning of the decade there are trained troops who are ready to give their hours in the invocation and the call.

And lo, I perceive that in the year that is passed since the last celebration of my incarnation of the Word, many of you have increased in light so that the fire that burns in your heart is magnified by the light of Maximus. Right choices multiply the right choices of God for you. You are magnifiers and crystal mirrors of the Word, and therefore I behold in you those who are the multipliers of light.

And I see others who have been caught up by this or that riptide, who have allowed that light to descend as though you would suddenly take your candle and thrust it to the ground. These have done it with barely a sound or a word, but they have followed the torrents of the demons of the Dark Cycle in Scorpio.<sup>3</sup>

Therefore, I come. I come to kindle a light for the vision of my children and for the people of God upon earth. That vision is so needed in this hour. It is the vision of a transition of life.

### **The Elohim Are within This Forcefield and They Have Not Given Up the Ship of Los Angeles**

You have heard that some who are psychic channels posing as our messengers have predicted an earthquake for Los Angeles for New Year's Eve. You have heard that others, who are the false gurus out of the East, have also predicted their earthquakes in the past year. Why have they always centered on Los Angeles? Because it is the desire of the fallen ones to destroy the citadel of light.

Well, beloved ones, the only earthquake that shall come—and it shall surely come—is the quaking of the earth beneath those feet of the fallen ones, whose hearts then quake in fear and in doubt, for they know the sign of the coming of the LORD. Nevertheless, you must realize that many psychic individuals, and those who are nefarious and those who would work against this activity of light, have also wished and willed the earthquakes upon Los Angeles.

Well, beloved ones, the Elohim are within this forcefield and they have not given up the ship of Los Angeles, nor have we. And we expect that our chelas of the light will be most diligent in keeping the flame until we have passed through the treacherous waters into the new year, for there are tide pools and riptides in the changing of the cycles and there is a great attempt to misqualify the light of the Mother chakra.

### **Your Evening Calls to Astrea**

Therefore does Serapis Bey come. He comes to increase the light. He comes to intensify and multiply the conclusion of his fourteen-month cycle.<sup>4</sup> That cycle has brought to earth

great light and the churning and the overturning of much darkness that, by the grace of the fervent hearts of God's people the world around, has passed into the sacred fire.

When thousands and millions pray for deliverance from war or famine or from all sorts of personal conditions, their prayers form a forcefield of energy and these prayers are held in a holding pattern, if you will, until the moment when you come, one by one and together, to give your evening calls to Astrea.<sup>5</sup> And by those calls so multiplied powerfully, many prayers are answered because you have given the spoken Word in this octave. And their prayers can be answered *because* there is a clearing of the way, *because* the energy is transmuted, *because* the demons and discarnates that cause those conditions are bound! Therefore, as soon as that evening clearance, participated in by all true chelas of the Mother throughout the planetary body, is concluded, you find that there are many blessings that descend upon the people of God.

And therefore we look with hope to this decade as the moment when the teachings distributed widely will call in many who are of my flock and of the flock of Saint Germain, of the Lord Jesus, and of Mother Mary—many souls who cannot yet approach the altar because of that which stands between them and the true knowledge of the mighty I AM Presence.

### **The Gift of the Binding and the Judgment of the Fallen Ones**

*Therefore I stand in the place of the Holy of Holies and I implore the LORD God Almighty that he might give unto me this gift on this my natal day in earth in my final incarnation:*

*I call for the gift of the binding and the judgment of the fallen ones who have stood at the altars of the churches, mosques, synagogues, and temples of the world, and there they have stopped the flow of the Word and*

*have held back the mighty onrush of the Holy Ghost.*

*O Maha Chohan, hear my call! Come forth now and let the people who go to the churches to hear of God—let them be spared the false pastors who scatter and destroy the sheep of my pastures.*

*I am come then, and I ask this, O God of the Great Central Sun, Alpha and Omega: Let the way be made plain! Let it be made straight! Let it be cleared now for the coming of the true Word of God! O let the children of the light who are bound by the fallen ones be free! Let them go free, O mighty Arcturus! Send thy violet flame! Hear my call, Elohim!*

*I pray on behalf of my little ones. I pray on behalf of those who reach for me as I reach for them, only to have their hands taken away by well- or ill-meaning parents or teachers or ministers or leaders.*

*O LORD, send Ray-O-Light to me this night! Send his fearlessness flame! Send his legions to consume all fear and doubt of the individual path of Christhood and of the path of the true disciple, who is obedient because he loves, who loves because he has learned the law of wisdom and in that wisdom has discovered the science of the Word to unlock the true power of God.*

*All power in heaven and in earth is given unto me, and I transfer a portion of that power unto my chelas, who rightly use the Word. For I see how the earth is indeed beginning to accelerate, and I hear the birds singing and I hear the hopeful hearts springing to new life. I hear the sound of the leaping of the flame. I hear the wondrous sound come again.*

*Blaze the light! Blaze the light! Oh, let the sound ring forth. [ringing sound] Let the sound ring forth. For I AM the bearer of the chalice of light, a chalice of my gift to you tonight.*

*O LORD God Almighty, now fill my cup with crystal*

*fire as I raise it as of old. I raise the chalice. It is a bold chalice of our will and our desiring, suspended as the cup twixt Spirit and Matter. Let it be filled with the elixir of life, that I may turn and cause all to drink therefrom who would drink in the mysteries of the Holy Grail, who are not afraid of the change that comes through the drinking in of the cup of life.*

### **On Your Natal Day You May also Offer a Petition to Almighty God for a Certain Dispensation on Earth**

O my beloved, remember that when your birthday comes, you have the privilege of directing to the Great Central Sun your gratitude for life. And over the crystal cord rippling into the heart of God, send your call of joy, and joy in the LORD. For on your natal day you may also offer a petition to Almighty God for a certain dispensation on earth. And on that day, as on no other day in your birth year, there is the opening of the heart of God for the very special dispensation for life—providing that your prayer is always for others, that you might give a gift of God from your heart to the evolutions of earth.

This therefore is my prayer, a very fervent call that these fallen ones—who have mistaught my own gospel and my witness of the Lord Christ—be no longer allowed to interfere with the coming of the children of God to the feet of their own I AM Presence.

Beloved ones, we have waited for thousands of years for this moment when the individual path of Christhood could be preached to all who are of God. Beloved hearts, you know how the life and mission of the Lord Jesus have been thwarted by those fallen ones who evolved their insidious doctrine and dogma and thereby have caused many who are children of God to believe the lie that they are sinners and that there is no individual Path or return by the way of the Works and Word of the Lord.

It is for this single reason that the entire planetary body reels in the Dark Cycle! It reels with war and deception! And the fallen ones are haughty in their murder and their murderous intent against the children of the light because the little ones, who ought to be assuming the mantle, even at a tender age, know not the way to go.

### **Human Will Is Unpredictable!**

Beloved ones, I bring to you a mystery. Do you understand why the Dark Cycle began, the return of mankind's karma, on April 23, 1969?<sup>6</sup> Do you know, beloved ones, that mankind's karma was held in abeyance from the hour of the birth of the Saviour, who came to bear the sins of the world? And so he bore them for the allotted dispensation of Pisces.

And so, my beloved, the gift of the removal of karma caused the wicked of the earth to prosper as the children of the light did not put on the mantle of the living Christ. And I yet took another incarnation to try again to seal that Word when I was embodied as Origen.<sup>7</sup> And again it was put down, denounced, denied, and destroyed almost in its entirety but for a few fragments that remain.

And again and again I have embodied to bring the true message of that teaching, and so have many of you and other souls of light not present with us. Beloved ones, the dispensation of two thousand years for every lightbearer, every child of God's heart, ought to be ample opportunity for them to manifest the true Christhood from the hour of Jesus' ascension to the present.

I tell you, had they tried, had they denied the lesser self and the fallen ones, they could have accelerated a mighty causal body of light, which they might invoke in this hour for the Final Judgment and the consuming of these fallen ones. And therefore the entire lifewave of lightbearers is held back, and therefore you see coming upon the planetary body those

human conditions that are almost unpredictable, I tell you, to the Karmic Board themselves!

You must understand that human will *is* unpredictable! And there is such an unleashing of the hordes of the bottomless pit in this hour and of the astral plane—through the relentless rock music and the insidious forms of the drug culture and every manner of sexual perversion and experimentation in the field of genetics—that, my beloved, the children of the light, due to their ignorance, many times caused by rebellion, are not holding back this tide of the Dark Cycle.

And this year of the Dark Cycle has been the most intense of all. It has begun to accelerate. And each year the residue of the untransmuted substance of the Dark Cycle combines with the next year and begins to multiply.

### **It Is Necessary for Souls of Light to Come into the Understanding of the Violet Flame**

Therefore you see how necessary it is for souls of light to come into the understanding of the violet flame. And this is why beloved Arcturus has called for a vigil of the violet flame<sup>8</sup> in the sanctuary and has placed a magnificent pillar of fire *blazing*—replete with angels of the violet flame and fiery salamanders who have taken their position within this forcefield, whose heat generated is even a physical heat [great enough] to cause it to be necessary to even use the air conditioning in this cold weather.

Beloved ones, you must understand that the heat within this sanctuary is no ordinary heat! It is the heat of planetary transmutation, and it intensifies upon this altar and intensifies until you can scarcely realize the impact of that light-energy as it passes through the body of the messenger—who, I might add, is very grateful for the heat as she has suffered from the cold for many weeks. And that suffering is a bearing of the burden for the adjustment of planetary conditions

whereby even the body temperature decelerates in the course of the heart's consuming of more and more substance.

Understand, then, that this acceleration of the Dark Cycle must be stopped, must be arrested, and the acceleration of the violet flame is as though you had new runners in the race. And legions of violet-flame beings—angels and cosmic beings with Oromasis and Diana's legions, as well as all types of angels who have joined in the race—are actually moving with the speed of the Dark Cycle in its coursing. And they are accelerating beyond it and they are consuming it, as though you would see a motion picture in reverse of the rolling back of the sea. And this time it is indeed the "Red Sea"—the very red sea of the Red Dragon of the misuse of the All-Seeing Eye of God.

**"The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom."** This previously unpublished dictation by **Lanello** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Monday, December 24, 1979**, during the Christmas Eve service at Camelot, Los Angeles County, California. Part 2 of this *Pearl of Wisdom* is published in this volume, no. 42. Any books listed in the following endnotes are published by Summit University Press and are by Mark L. Prophet and/or Elizabeth Clare Prophet unless otherwise noted. Books, audio, and video products are available at [Store.SummitLighthouse.org](http://Store.SummitLighthouse.org). The widest selection of audio files, including dictations, is available at [AscendedMasterLibrary.org](http://AscendedMasterLibrary.org). [N.B. Bracketed words have been added for clarity in the written word.] (1) Rev. 19:11–16. (2) **A perpetual vigil of the hours.** In a dictation given by Mother Mary on October 9, 1970, she stated: "O precious hearts, a perpetual vigil is the requirement of the hour," as she named planetary conditions prevalent at that time. In 1965, "Watch With Me" Jesus' Vigil of the Hours was completed and became a vigil to be held regularly on Wednesday evenings. (3) **The Dark Cycle in Scorpio.** During the Dark Cycle in Scorpio, mankind were required to transmute the karma of the misuse of God-vision in

the third-eye chakra on the 10 o'clock line of the cosmic clock, namely, selfishness, self-love, and idolatry. Charting the Dark Cycle on the cosmic clock, we place April 23, 1969, in Capricorn on the 12 o'clock line, progressing it one line each year moving clockwise. (Also see *Pearl of Wisdom*, this volume, no. 29, n. 4.) For teachings on the cosmic clock, see *Predict Your Future: Understand the Cycles of the Cosmic Clock*. (4) **He comes to intensify and multiply the conclusion of his fourteen-month cycle.** Regarding the conclusion of the first of the fourteen-month cycles, which began in 1978 and was about to enter the second cycle in February 1980, the messenger later explained on October 28, 1984: "At that particular time for the enhancement of this cycle, Serapis Bey placed a focus of the ascension flame in my heart, stating that it needed to be anchored in this octave. This was necessary for our chelas, our organization, and our earth to pass through this fourteen-month cycle. Then the announcement of that second cycle came on February 19, 1980." On January 27, 1980, Serapis Bey told us that "the testings of the fourteen stations therefore become the opportunity for you and your beloved twin flame to transmute an extraordinary momentum of personal and planetary karma." (5) **Your evening calls to Astrea** refers to decree 10.14, "Decree to Beloved Mighty Astrea—"the Starry Mother,"" found in *Prayers, Meditations and Dynamic Decrees for Personal and World Transformation*. In a lecture given to the students of Summit University on November 14, 1975, the messenger explained that because of "not being able to gauge the protection [needed] or gauge the perils, I have made it a requirement for the staff to give either forty Archangel Michaels [decree 10.00] or forty Astreas at night before retiring, under the master's direction." In the following years, it became a general practice to give the decree to Astrea thirty-six or forty times every evening. (6) **The Dark Cycle began on April 23, 1969.** See *Pearl of Wisdom*, this volume, no. 29, n. 4. (7) **I was embodied as Origen.** Origen of Alexandria (185–254 A.D.) was a Christian scholar, theologian, and prolific author. His most famous work is *On First Principles*, in which he presented the doctrines of Christian theology, including the pre-existence of the soul and angelic incarnation. His works were later condemned and anathematized by certain Church Fathers and Church councils. (8) **Arcturus has called for a vigil of the violet flame.** In a dictation given on Sunday, December 23, 1979, Arcturus stated: "Now we place our light of violet flame for a fortnight within this focus [a violet-colored Christmas tree]. Let it blaze and let it raise mankind! Let it be a fiery vortex that consumes *all* that is pitted against the Mother and her children in their delivery of the Word to earth's evolutions! . . . And I summon you to a vigil of violet flame and freedom, for there is much residue . . . that must be consumed. . . . I draw the design of a mighty figure-eight flow of violet flame over the pillar of fire centered within the majestic tree." (2024 *Pearls of Wisdom*, vol. 67, no. 46)
