Lanello's Birthday Prayer
Part 2

The Great Science of Bilocation

Let all, then, make that God-determination that in this New Year's flame there shall be consumed the maximum contents that the Great Law will allow of that substance obscuring the light.... And therefore, you see, there are many ways to outsmart the fallen ones, who have lulled themselves into a rote use of their computers against the children of the light.

As they have used your own cycles against you, they have considered that you only think of the line of your birthdate and that you do not realize how it interacts on the quadrants and on the trines and those points that form the five-pointed star. Understand, then, that the action of your cosmic clock is vital—and I say *vital*—to your meeting every test of the Path. You must therefore know where you stand. This is not a science that is passé. You are expected to know it and to apply it *every day*.

Lanello's Birthday Prayer

Part 2

The Great Science of Bilocation

Thus, my beloved hearts, the earth's axis is tilted, earth is out of kilter, and the very ones that we would save know not the very face of the living Saviour. They know not the face of light. They know not the face of the Mother, of the children of the light. And in the very maelstrom of the hordes and demons and discarnates that would prevent them from entering in, they turn and rend the very ones who would feed them the gift of light.

Thus with such conditions manifesting, it demands greater ingenuity on the part of the lightbearers. There are numerous things that you can do to accelerate your service without increasing the amount of time that you spend in service. Beloved ones, you finally realize that to do all that you would do, you can no longer do it through your physical vehicle, and the very pressure of the desire to serve sparks the attainment whereby you leap from your heart into your Christ Self, into your etheric body.

You must go out and save the people, yet you cannot go physically. You have other things to do to be about your Father's business. So you have such a determination in your

heart that you are received in the Royal Teton Retreat, and by and by you learn the great science of bilocation. You dive into the heart of your Christ Self, and your Christ Self within your soul and your etheric body moves twenty-four hours a day—night and day in service around the planetary body.

Beloved ones, you can make the call to be taken to the Royal Teton Retreat, to enter classes so that you might multiply the etheric body of light as an instrument for your Christ Self. And when you have mastered this, you continue to call for the multiplication of the Presence of your Christ Self, of the Electronic Presence of your I AM THAT I AM, the beloved mighty I AM Presence, and finally the amplification of your causal body in the earth through, I say, your very own heart chakra.

Understand that there is a will in the mind that becomes so intense that the mind can become a springboard. Beloved ones, there is no such thing as a frustrated chela! A chela who desires to give and be more light can apply to the masters of wisdom, for there are techniques and you need not wait until you are ascended to serve in a greater capacity.

We desire that you shall defend your physical bodies. We desire that you shall understand that they can even now become instruments of expanded God consciousness so that as you see yourself tonight you would not recognize yourself a year from now. And should I show you yourself on a projected scale—if you take up my Word and suggestion—you would say, "Well, wonder of wonders, it can really be done! I can really begin to be as effective as I would like to be, here and there and everywhere, and still not leave the Mother's side."

Beloved ones, I assure you that through steadfast chelaship greater power can come unto you. It is most important that you understand that it is interaction with the messenger or a disciple of my mantle that enables you to pass through the rigors of the Path.

Understand That the Action of Your Cosmic Clock Is Vital

This is a year when the testing of all chelas throughout the planetary body under the cycle of Mother's birthday is on the line of Godfre, the four o'clock line of Taurus.¹ At every hand we together have come to give instruction and wisdom and love to those who have entered the spirals of their own rebellion and have thereby limited their service.

I must remind you that when you are under this dispensation of the Great White Brotherhood, you do function under the canopy of the causal bodies of the messengers. And therefore charting our cycles is most important, and therefore in this hour the one in embodiment is the one who determines your initiations at the physical level.

Let all, then, make that God-determination that in this New Year's flame there shall be consumed the maximum contents that the Great Law will allow of that substance obscuring the light on the line of Taurus and on the line of Scorpio, for thereby you will become mighty conquerors indeed to fulfill the Dark Cycle in April. Both of these cycles conclude in that month [of April 1980], and therefore you move not only with the line of the Mother [now in Taurus] but with the line of the Dark Cycle [in Scorpio].²

As Mother's causal body is placed in polarity with the Dark Cycle to offset it, so your causal body too, joining hers, will manifest a great molecule of light. And this principle of polarity is the way to win in the fight, beloved ones. For you see, you have the greatest leverage by standing opposite, in a polarized position, to the energy that must be transmuted.

Therefore, take note of those polarities on your cosmic clock.³ For you will realize that when you are passing through a year that is a year of Capricorn on your lifeline,* it is well that you transmute all of the misqualified energies under the

*The line of your birth year on the cosmic clock

hierarchy of Cancer. For the hierarchy of Capricorn under Alpha has dominion over all misuses of energy in the hierarchy of Cancer under Omega, and the Omega flame of Capricorn has the authority over all misuses of the Alpha flame under the hierarchy of Cancer.

And therefore, you see, there are many ways to outsmart the fallen ones, who have lulled themselves into a rote use of their computers against the children of the light. As they have used your own cycles against you, they have considered that you only think of the line of your birthdate and that you do not realize how it interacts on the quadrants and on the trines and those points that form the five-pointed star. Understand, then, that the action of your cosmic clock is vital—and I say *vital*—to your meeting every test of the Path. You must therefore know where you stand. This is not a science that is passé. You are expected to know it and to apply it *every* day.

Love Is the Pursuit of the Balance and the Flow of Alpha and Omega

Beloved hearts, I desire to see the full Electronic Presence of the ascended master Godfre come unto all of you as it came to the students of Summit University.⁴ I will tell you that this dispensation cannot as yet be given, and there is a time appointed of opportunity for the students of the staff, the teaching centers, and all Keepers of the Flame to roll up their sleeves and dig into those decree sessions that will clear the way on the four o'clock line for the ascended master Godfre to enter their forcefield. For I tell you, beloved ones, if you can measure up to his forcefield of light, he will be the open door whereby all of the legions of the ruby ray will step through the veil in your own forcefield of light.

You have not all, as yet, integrated with those legions because you have not understood that the action of the light

for the victory of the ruby ray within you depends upon your clearing of the lines of the hierarchies of Aquarius, Leo, Taurus, and Scorpio.⁵

That cosmic cross of pink flame within you must burn and accelerate. And you must *not*—and I say it again—you must *not* engage within your auras the hatred that is directed against you, causing you no end of disturbance. You must not engage the rebellion of the fallen ones that they hurl against your manifestation and therefore allow yourself to feel those petty little momentums coming to the surface.

You must *not* engage in a vibration of ingratitude when the Goddess of Liberty is in your midst! You must not identify with the world momentum of the perversion of the mighty rose cross! I tell you, beloved hearts, with the violet flame and with the ruby ray and with your full attention upon that rose cross between this hour and the hour of April 8 and April 23,⁶ you can realize a tremendous expansion and a pushing back and a rolling back of all that opposes the victory of the light within this activity.

Your love must go forth from you in such an intensity that your entire tube of light is filled with a mighty pink flame and the ruby ray so that all of that substance of hate and hate creation is transmuted before you find yourself engaging in it, entertaining it, and then not able to roll it back because it has crawled inside of your garment!

See, then, how love will consume every opposition to the light. Love, then, is the pursuit of the balance and the flow of Alpha and Omega.

I Am Keeping a Vigil This Night

I go now into the flame, for I am keeping a vigil this night with Jesus and Mary and Saint Germain. And they, with the Darjeeling Council, with Djwal Kul, Kuthumi, and Morya and the blessed Igor, have met with the saints of the inner Church.

Our vigil this night is for the protection of family, of the little child, of all children, and of that way of life that must be the family within the community of the Holy Spirit based upon the principle of each individual pursuing the calling of giving birth to the incarnate Word.

O my beloved, fervently in prayer before God and with the holy angels, we will give our causal bodies for the holding of this balance, and it goes without saying that our invocations will be for the consuming of World Communism and all of the abuses of world capitalism. As it is now engaged in, there has been a great loss of the flame of true freedom in the economy because of greed and the money beast. Beloved hearts, unless the people's motives be pure in the free enterprise system, they will most assuredly destroy the abundant life.

Therefore, I implore the LORD God Almighty for the binding of the money beast and the beast of greed throughout the planetary body! Therefore, I implore the light! Therefore, I implore the light! Therefore, I enter the light, that I might be the light to fulfill the will of God this night!

I pray, my beloved, that you will enter in with me into the Christmas light, and there in the concentrated white fire of this Christmas Eve and Christmas morning, together we shall offset and roll back that which would move against the Christ on earth.

I Come to Prepare You for a Mighty Calling

I am grateful for all that you are, each one of you. I am grateful to God for all that you can become. I am grateful to your soul for all that you *will* to become.

This is a year when I walk very closely to my chelas. I come, then, to prepare you for a mighty calling. Take my hand now, for we go into the light of the Ancient of Days. He holds a mighty taper of solstice, and we enter there and we rejoice to perform his work.

I will be with you. *Prove me!* Remember I said it. *Prove me!*
 If you do not speak my name and make the call, there is
 no gain for thee or for me.
 I love you in the true flame of the Christmas rose.

"The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom." This previously unpublished dictation by **Lanello** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Monday, December 24, 1979**, during the Christmas Eve service at Camelot, Los Angeles County, California. Part 1 of this *Pearl of Wisdom* is published in this volume, no. 41. Any books listed in the following endnotes are published by Summit University Press and are by Mark L. Prophet and/or Elizabeth Clare Prophet unless otherwise noted. Books, audio, and video products are available at Store.SummitLighthouse.org. The widest selection of audio files, including dictations, is available at AscendedMasterLibrary.org. [N.B. Bracketed words have been added for clarity in the written word.] (1) **Mother's birthday is on the line of Godfre, the four o'clock line of Taurus.** In 1979, the year of this dictation, Mother was on the four o'clock line of her birth year (1939) on the cosmic clock. The ascended master Godfre, known as God Obedience, is the hierarch of the four o'clock line, the line of Taurus. The quality of this line of the clock is God-obedience. The misuse of the energies on this line manifests as disobedience, stubbornness, and defiance of the Law. (See *Predict Your Future: Understand the Cycles of the Cosmic Clock*, p. 44, figure 12.) (2) **The Dark Cycle in Scorpio.** See *Pearl of Wisdom*, this volume, no. 41, n. 3. (3) **Those polarities on your cosmic clock.** See *Predict Your Future*, pp. 51–53, "Testings of the Trines and Polarities." (4) **As it came to the students of Summit University.** In a dictation given by the Goddess of Liberty to the students of fall quarter of Summit University on December 6, 1979, she spoke of the service of Godfre and his passing the buddhic initiations as George Washington. At the close of the dictation, the Goddess of Liberty stated: "For the dispensation has been granted that an extraordinary momentum of the misuse of the light of the flame of Taurus, of God-obedience, shall be taken from you. And in its place the flame of the mind of Godfre—the flame of the ascended master Godfre, who will stand upon that line within your temple so long as he is able to stand there supported by your free will, by your God-determination, by your penetrating prayers and dynamic decrees and selfless service rendered to your Guru, to your country, to your God, to your lifewave. . . . And the Lord Godfre himself now places his own Electronic Presence on the four o'clock line of each sincere heart and pure one of light within this hall." (5) **The lines of the hierarchies of Aquarius/Leo and Taurus/Scorpio.** These solar hierarchies form the "pink cross" on the cosmic clock, namely the 1/7 and 4/10 axes (the third ray of love). The "blue cross" is formed by the solar hierarchies of Capricorn/Cancer and Aries/Libra, the 12/6 and

3/9 axes (the first ray of power). The "yellow cross" is formed by the solar hierarchies of Pisces/Virgo and Gemini/Sagittarius, the 2/8 and 5/11 axes (the second ray of wisdom). See *Predict Your Future*, p. 44, figure 12. (6) **The hour of April 8 and April 23.** April 8 is the birth date of the messenger Elizabeth Clare Prophet and April 23 is the date for the release of the karma of the former Dark Cycle in Taurus/Scorpio.

To Our Beloved Lanello

What blazing Light on yonder heights
 What glory our eyes beholding!
 What heav'nly bliss, entralling sight
 Within our hearts now infolding!
 Behold, the Son of Heaven stands
 Now holding wide the portal!
 Behold, the everlasting Light
 Streams forth to raise each mortal!

Chorus: Alleluia, he is risen!
 Sing, ye angels, of Heaven's Son
 Alleluia, he is risen!
 Is risen, Love's victory won.

And like a gossamer veil atremble
 With the thunder of the sun
 O beauteous doorway of forever
 Swing wide for ev'ryone!
 What wondrous music heard on high
 What songs the angels singing
 What great rejoicing time is nigh
 What glorious bells I hear ringing!

(Repeat chorus)

Our own beloved Lanello
 Thy footprints guiding us ever
 And now at last the torch is passed—
 We pledge our love forever!

(Repeat chorus, then sing last line of chorus again)*
