The fiery salamanders simply must not be left out of your invocations! They were created by Helios and Vesta in the Sun behind the sun, by Alpha and Omega, by the Almighty God as the very necessary adjunct to life and to the flow of the sacred fire from Spirit to Matter.

Therefore, these blessed ones move in and out of the planes of consciousness and they sweep clean by purity's light all that remains. Many times, 95 percent of that which is to be taken is removed, and the remaining 5 percent, so negligible, remains. That 5 percent then becomes the seed for the starting all over again of those very momentums of destructivity, when by a swift call to these fiery salamanders the last remaining substance could be put to the torch and thereby no longer have remaining any danger to innocent souls.

I speak of all manner of conditions in the earth,...

Fiery Salamanders Convoked for the Consuming of the Records of Serpent and His Seed

Hail, fiery salamanders of the light! We have come for the burning and the shining light. We are the twin flames of the fiery salamanders. We come in the name of Helios and Vesta.

Hail to the sun! *Hail* to the sun-fire descended into the heart of earth through the fiery salamanders! *Hail* to the Central Sun Magnet! *Hail* to the Maha Chohan, by whose flame we go forth for the mighty work of service to life!

Beloved hearts, billions of fiery salamanders upon earth have responded to the dictation of Astrea and Purity.¹ We have summoned them! We have called them to the Holy Grail! For they desire to be sent by the Mother flame into the four corners of the earth for the consuming in the physical and the astral planes, in the mental and etheric planes of the record of Serpent and his seed. For the judgment that has gone forth upon them has enraged them against the light of the Woman and her seed. Therefore, they would go forth to misqualify the light of solstice.

The Great Divine Director has summoned us in the name of the Mother, and fiery salamanders stand to consume in the very depths of the earth the records of infamy, the records

of death projected against the light of every child of God. Therefore the fiery salamanders are determined to check the action of these fallen ones—to burn the cause, effect, record, and memory of their gossip and gossip creations, their entities and discarnates, and the entire web of darkness that they have spread abroad in the land against the holy innocents.

The Burning and the Consuming of All That Has Held Back Life on Earth

We come to protect the little children. In order to protect them, we must come to those who are their parents and guardians, to those who keep the flame of life in government, in the economy of the nations.

We have come in the fullness of the light! We have come from out the Great Central Sun! And by the edict of the Lords of Karma, we send our legions! We send them for the burning and the consuming of all that has held back life on earth—all that the Great Law will allow.

Fiery salamanders, infinite almost in number, gather here and they form a mighty spiral of burning light, all colors of the rainbow and the intense white fire. And this burning light establishes a vortex into which all that is to be consumed ere the Lord of the World delivers his address² may be consumed.

Therefore, let the children of the light throughout the planetary body know that Oromasis and Diana have come, that we have come to send these our blessed servants into those areas of entrenched materialism, entrenched force-fields determined to keep out the Word of the Great White Brotherhood and their teachings from ever manifesting in the mainstream of life upon earth.

The fiery salamanders, then, lead the way this day, and the mighty sylphs follow with the breath, the sacred fire breath of the Holy Spirit. And the mighty undines come for the

purification of the River of Life, for the mighty purity of the flame, of the flow of water out of the flow of the sacred fire, and the gnomes come for the purification of the earth body, that once again life upon earth might be sweet and safe for all of its evolutions.

Millions of Years of Records Must Be Erased

We are Oromasis and Diana. We teach the chelas of the light the use of the sacred fire. We bid you welcome into the high and holy calling of summoning the fiery salamanders each and every day as you go forth. For whatever calls you make regarding disturbances in the earth, I bid you now call for fiery salamanders to come into action to consume all residue and the cause, effect, record, and memory that would burden still another generation and another, even after those fallen ones have been taken.

The fiery salamanders serve with the violet-flame angels. They are a part of a mighty team of life who keep the whirling action of the sacred fire in the earth. Therefore their cleansing is a very necessary part in the battle of Armageddon, for you deal with the records of war. In order to remove war from the earth, millions of years of records of this vibration that have permeated other planetary bodies and solar systems must be erased.

The fiery salamanders are eager to get on with their assignment, and therefore they have appealed to the Lord Sanat Kumara that we might speak this day as their spokesmen. They must have your call. They must have your cooperation. And you will see how they will even burn up out of the earth those viruses and microbes—insidious manifestations of a submicroscopic level that actually are infesting the very minds and the center of free will in the temples of the children of God.

The Fiery Salamanders Simply Must Not Be Left Out of Your Invocations

The fiery salamanders are so very close to the earth element, my beloved. They are the ones who can hold steadfast the mighty flame of life in the physical temple that is being invaded by the perversions of Atlantean scientists and is put upon by all manner of psychotronic energy and psychic manifestations. The fiery salamanders are capable of burning up instantly and on the spot all manner of discarnate entities causing the problems of alcoholism, drug addiction, and addiction to the sugar entity.

The fiery salamanders simply must not be left out of your invocations! They were created by Helios and Vesta in the Sun behind the sun, by Alpha and Omega, by the Almighty God as the very necessary adjunct to life and to the flow of the sacred fire from Spirit to Matter.

Therefore, these blessed ones move in and out of the planes of consciousness and they sweep clean by purity's light all that remains. Many times, 95 percent of that which is to be taken is removed, and the remaining 5 percent, so negligible, remains. That 5 percent then becomes the seed for the starting all over again of those very momentums of destructivity, when by a swift call to these fiery salamanders the last remaining substance could be put to the torch and thereby no longer have remaining any danger to innocent souls.

I speak of all manner of conditions in the earth, whether it is a wave of crime accelerating in America, whether it is the disease of World Communism and world socialism, whether it is the hatred of the light, whether it is the various diseases that periodically make their rounds through the human family. All of these conditions require the sacred fire, and this is why we have suggested the burning of the candle for the giving of decrees. For the presence of that physical fire, even the single votive light, is a magnet of fiery salamanders.

Blaze Forth, Fiery Salamanders!

We have come to release the light of Helios and Vesta and the magnet of the Central Sun. Now, one from our band stands where each of you stands, if you will allow it and affirm it. They desire to enter even your physical body, to be where you are, and there to burn for the remaining hours of this day and this year and decade. They desire to continue the spiraling light of the seven rays through your four lower bodies as you invoke the resurrection flame, that they might truly render a service of incomparable magnitude to your lifestream.

Beloved ones, will you welcome the fiery salamanders into your forcefield now? [Audience responds, "Yes!"]

Blaze forth, fiery salamanders! Receive the welcome of the children of the light! *Step* now into their forcefield! *Consume* the record of impure desire and all imbalance in the four lower bodies!

Consume the record, then, of all rebellion against the light! Consume all manifestations preceding any outer cropping up of the diseases that so easily beset the human race!

I demand the rolling back of age and disease. I demand the rolling back of the advancing years and the signs of care and burden upon these souls. I demand the consuming now of every condemnation of the light within them. *So be it.*

The fiery salamanders have leaped into position and they will continue to make of your forcefield a mighty kindling torch for earth. It is yours to command them; theirs to obey—joyously and lovingly in the illumined obedience that we have given to them from blessed Helios and Vesta.

Be Grateful for Gratitude! Be Grateful for the Sacred Fire! Be Grateful for All Elemental Life!

The fiery salamanders express their gratitude to the messenger and the chelas for having made the invocations for the setting free of so many of their bands from the toils of the black magicians of the African continent and other places upon the earth, including the Caribbean.

Beloved hearts, many of the salamanders who are in the service of the light this day owe their freedom to the calls that have been made at this very altar for their release from that witchcraft of the fallen ones, who dare to control the fiery salamanders. And in the freedom of the light, the fiery salamanders have turned again and stripped their oppressors of that darkness.

The salamanders come and they bow before the blessed Mother Mary. Their home is the Ashram of the World Mother,³ and their home is Camelot and every altar of every Keeper of the Flame. They are loyal beyond all of your comprehension. They are like the most devoted of those very special types of guardian dogs that are present in the earth, and many of them do interact through those guardian species to care for the children of the light.

Beloved ones, those salamanders who have been freed by the least of the disciples will turn and never forget that friendship and therefore will always be at the call of the blessed chela who has made that *single invocation* whereby they have been released from thousands of years of submission to the fallen ones. You know not how great is your service to life. But standing where you stand in this moment is a single fiery salamander that is pure gratitude in action.

So, be grateful for gratitude! Be grateful for the sacred fire! Be grateful for all elemental life! For the fiery salamanders are

the leaders, and wherever they go they must be followed by the balance of air, water, and earth. Thus it is that the four quadrants within you are sustained and the cosmic cross of white fire is drawn.

We are Oromasis and Diana! We send the mighty king and queen of the fiery salamanders into your midst, that you might behold their majesty.

In the sacred fire of the threefold flame, we bid you good afternoon, good fiery destiny, good burning in the light!

"The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom." This previously unpublished dictation by **Oromasis and Diana** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Monday, December 31, 1979**, during the New Year's conference, *Harpstrings of Lemuria*, held at Camelot, Los Angeles County, California. (1) **The dictation of Astrea and Purity** was given the day before this dictation by Oromasis and Diana. (See *Pearls of Wisdom*, this volume, nos. 46 and 47.) [After this dictation was given, the messenger and congregation gave the following decree four times, each time with the full preamble.]

The Living Flame of Cosmic Freedom

In the name of the beloved mighty victorious Presence of God, I AM in me, my very own beloved Holy Christ Self, beloved Prince Oromasis and Diana, Aries and Thor, Neptune and Luara, Virgo and Pelleur, beloved Omri-Tas, beloved Saint Germain and Portia, the Goddess of Liberty, Mighty Arcturus and Victoria, beloved Archangel Zadkiel and Holy Amethyst, beloved Great Divine Director, beloved Mother Mary, Jesus and Magda, Lord Maitreya, beloved Gautama Buddha, Kuan Yin, Sanat Kumara, the seven holy Kumaras, and the Archangels and Elohim of God, beloved Guru Ma and Lanello, the entire Spirit of the Great White Brotherhood and the World Mother, elemental life—fire, air, water, and earth! I decree:

I AM the immortal Flame of Cosmic Freedom!

I demand that all of my energies in outer concentration submit to the great God Flame within my heart!

I demand that all outer conditions come within effective God-control!

I demand that all that is not of the Light be transmuted and changed and that I be the fullness of all that which I already AM!

For I AM the full perfection of God!

I AM the living Flame of Cosmic Freedom!

I AM the buoyant, dancing joy of God that passes through my entire four lower bodies and descends from the heart of my Presence to give me my Freedom now!

I AM the raising power of the Spirit of light and fire which lifts me to the victory of my ascension and is the full-gathered momentum of victory of the saints and ascended beings of all ages to ascend back to the very heart of God and the immortal consciousness thereof. So help me, God!

And in full Faith . . . *
