The Beloved Goddess of Light

January 8, 2026

Light Is the Alchemical Key to the Healing of the Nations

O light immaculate in the heart of the Mother and her children, I come to adorn the light, to adore it and to accelerate it.

I AM the Goddess of Light. And light, as Maitreya has told you, is the alchemical key,¹ and it is the key to objectivity brought forth by the splendid radiance of illumination's flame in the heart of the Goddess of Liberty.

I come to extend light, to reinforce light within you, to increase light for the battle as the true armament of the soldier of life. Light accelerating in your heart is the sufficiency of the hour.

My beloved, much is being accomplished by Saint Germain, who desires to speak to you but will not do so on this occasion. Let us say that the Knight Commander perceives, in all that is taking place, a most necessary alchemy on many fronts. He has enlisted me to come with a great portion of light so that you might have it and hold it and take it and use it as the very necessary energy to swallow up the anti-light.

Greater and Greater Increments of Light Evoke the Anti-Light

Our legions and ascended lady masters and virgins of light and angels who keep the flame of light, who are a part of that light consciousness, know well what is anti-light in the earth, what is the hatred of the little child, and what is anti-Christ. We know specifically how greater and greater increments of light evoke from the darkest pits the anti-light.

We come with encouragement, with joy, and with the sense of joy midst the seriousness of the hour. Your fastidiousness to the details of deterring all that is pitted against you is most needed, and that which has been done is commended. The chohans of the rays and the Karmic Board stand with you, and many ascended masters whose names have not been given forth. The Great White Brotherhood sees this trial as the pushing back of the line of darkness where Morya and his chelas stand, and the ongoing light swallowing up more of the territory of the fallen ones. Contrary to all appearances on the planetary body, this is what is happening.

The chelas of the light who stand on the line where light meets darkness are the very first ones to meet the darkness as the avant-garde. Therefore I give you my light and my causal body, and my legions are ready to serve. Remember my name—Amerissis, Goddess of Light. And remember to call to me and to give forth the fiat of light.

Light, then, is the alchemical key to the healing of the nations, and it is also the key to your continued objectivity as you learn the meaning of the cross of white fire.

Do Not Underestimate the Intent or the Intensity of the Fallen Ones

I am a Mother of light, and I am with you. I have stood where you stand. I have seen the Lord Sanat Kumara consume the darkness. I have seen victory upon victory.

We too are longing for the termination of the age of darkness. It has been too long. But its cycles are determined, my beloved, by those in embodiment. So long as the *manvantaras** proceed, and the great outbreath and the great inbreath—until all is drawn in, free will weighs remarkably in the outer universes. And therefore we are grateful that free will in the hearts of the children of God is manifesting the resistance to this encroachment upon the freedom and the integrity and the very respect of all people throughout the planet.

In this hour, people are free to be free at a very low level. You have chosen to stand for freedom at the highest levels of cosmic consciousness, at the very summit peaks of life. The fallen ones are content to guarantee human rights to those who demand them, so long as those rights and the exercise thereof do not interfere with their plans. You, my beloved, have momentarily interfered with their plans, and they know it. And they have made their vows, therefore, to destroy.

But what will they destroy? The light? Will they destroy the Christ? Will they destroy God? Yet in their insanity it is to this very thing that they have set themselves and the course of the remaining existence that life grants unto them. They have dared to think the unthinkable—a total war against Sanat Kumara and his saints because they know not true life. Beloved ones, do not underestimate the intent or the intensity of the fallen ones. And therefore cover all positions with truth, for the sword of truth is ready to devour them.

I AM Amerissis, anticipating the great cosmic burst of Aquarius and the light of illumination's flame. I seal you in the blessedness of the entire Spirit of the Great White Brotherhood, who is physically in the earth *by thy leave*.†

**manvantara*: in Hinduism, the period or age of a Manu; one of the fourteen intervals that constitute a kalpa—the duration of time from the origination to the destruction of a world

"The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom." This previously unpublished dictation by the **Goddess of Light** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Sunday, January 20, 1980**, during the Sunday service at Camelot, Los Angeles County, California. **(1) Light is the alchemical key.** In a dictation given on November 22, 1976, as part of the "Maitreya on Meditation" seminar, Lord Maitreya physically touched (through the hand of the messenger) all those present with a golden topaz as he repeated the phrase, "Light is the alchemical key." Maitreya then explained: "I said, 'Light is the alchemical key.' It is the key to your transformation into the Christ that I behold, whom the Mother beholds. Light is the alchemical key to your victory, to your transfiguration, to your resurrection. Light is the key. Light you must invoke—light for victory in each step on the path of initiation, light for the victory in the way, light on the Path. Use then the alchemical formula of Saint Germain. Use the formula which the masters will teach you in their retreats. . . . You have been given certain teachings. Apply them well. For when you become adept in these simple techniques and when you become constant in your adeptship, then I say, I will increase your awareness. . . . I have given to her [the messenger] this night the vision of you transformed, of your own Christ Self. And I have shown to her, as each one of you passed before me, the light—the increment of light that is the key to your translation and to your transfiguration on the Mount. And then I will come to you as I came to Jesus and as I said to the disciples: 'This is my beloved Son; hear ye him.' . . . 'Tis the vision of your victory. 'Tis the vision of your light. Reach out, reach up, and seize the torch of victory and *run* with the light. For it shall be and it shall come to pass that you also will be the Buddha in the world to come, the Mother of infinity."
