

Beloved Archangel Chamuel and Charity

The Flaming Pillars of Love

We would hold the balance in the earth, and by the all-consuming flame of love we now do implant twin vortices of light, pillars of the ruby fire as the fire infolding itself, as the twin pillars upon the altar of invocation.

So the pillars of sacred fire of Chamuel and Charity are implanted in the Chapel of the Holy Grail—the fire infolding itself, the one clockwise, the one counterclockwise. So these principles of life, of Alpha and Omega, become the sacred fire center, the fire infolding itself, drawing into that center all that is anti-love throughout the universes of life.

The twin pillars of our witness are the witness of love—so the love of the Father-Mother God, so worlds becoming worlds. And lo, a child is born. It is the principle of light who becomes the Person manifest. Lo, that light, as the light of love, is truly life-giving and truly the all-consuming fire that consumes the anti-life in order that life might press onward unto the victory within *you*, my beloved....

Happy New Year!

*Welcome, chelas of the will of God!
Happy New Year to all, and to all a good,
good year!*

I would say, precious hearts, that the forces at play that consider themselves unleashed for a certain madness in this year are not at all ready for us. They are not ready, nor have they contemplated or even begun to estimate the science of the spoken Word or those who wield it. ...Therein lies their folly, and therein lies our advance. For we move on—an army of light, whom most expect to retreat. Yet we never retreat, we never turn back, we never say die! For the chelas of the Buddha ...are practical men and women of action ...who understand the meaning of life—its joys, its homilies, its sweetness.

Did you ever have that life experience when your parents or maybe a grandparent sat you down to give you that sage advice they felt you needed and were ready for? As they passed on their knowledge, did you feel the tremendous love for you and that they might be looking out for you better than you are?

The *Pearls of Wisdom* are your fireside chat with the ascended masters brought to you by El Morya. You get their deep spiritual wisdom, foresight into your problems, and their magnanimous love and light. And it is their love and light that blesses us most.

The Flaming Pillars of Love

O infinite fire! O light of love! We bow before the altar of the heart of the little child. We come before the flaming presence of love. Where love is not, we come not.

We would hold the balance in the earth, and by the all-consuming flame of love we now do implant twin vortices of light, pillars of the ruby fire as the fire infolding itself, as the twin pillars upon the altar of invocation.

So the pillars of sacred fire of Chamuel and Charity are implanted in the Chapel of the Holy Grail—the fire infolding itself, the one clockwise, the one counterclockwise. So these principles of life, of Alpha and Omega, become the sacred fire center, the fire infolding itself, drawing into that center all that is anti-love throughout the universes of life.

The twin pillars of our witness are the witness of love—so the love of the Father-Mother God, so worlds becoming worlds. And lo, a child is born. It is the principle of light who becomes the Person manifest. Lo, that light, as the light of love, is truly life-giving and truly the all-consuming fire that consumes the anti-life in order that life might press onward unto the victory within *you*, my beloved.

So it is love—love as the very fire of creation that is the fire that uncreates. Love is the word that is spoken and love is the

word that is withheld. Love is the sending forth of the sound. Love is the coming of the rain of transmutation. Love is the rearrangement of molecules for a better growth and for the ultimate victory.

We See Those Spirits Abroad in the Land Who Have Invaded the Churches

We are the light of legions of angels of love. We come for the manifestation of love, that certain conditions in the earth might be consumed, conditions dangerous to the evolving souls. For these conditions are the misuse of the Holy Ghost, specifically in the churches of the earth and in the anti-churches.

Beloved hearts of light, the movement of anti-God is manifest, often concurrently, where there is the loudest word concerning God. Therefore, we see those spirits abroad in the land who have invaded the churches and the temples of God's people, and they proliferate and they amalgamate and they multiply that darkness.

And therefore the Holy Spirit is not present in the very presence of those who preach the word. For beloved hearts, they teach their congregations to seek unrighteously those gifts and graces of the Spirit. Therefore, they do lust after the gifts of God and fail to seek that humility and fail to enter into the ritual of the self-emptying so that God indeed might be All-in-all.

Therefore because the motive is impure, the impure spirits respond and the Holy Spirit is not present. And therefore the people, as you have seen—the people, my beloved, give themselves to all manner of discarnates, and their distortions in body and in mind and in soul are a rebellion against the living Word. That rebellion can be heard in those who avow their disobedience to the living life of God, those who stand upon their rebellion and still stand, and those who refuse to seize the torch of responsibility to all life.

They are there—here and there in the pulpits of the world, and therefore they want all of God but they refuse to be responsible for their congregations. They do not possess the heart of love to shepherd souls, but they desire only that the souls shall serve them and set them free for their mechanical pursuits of religion and their mechanical doctrine and dogma. And this is the essence of anti-love and the anti-Holy Spirit, and it must not be allowed to enter. For then it does become the abomination of desolation standing in the holy place where it ought not.¹

**In the Very Midst of the Labor of Love,
the Holy Spirit Descends**

Therefore, let the servants of God come forth. Let the true servants of life—life Above and life below—come forth. Let the integration of hearts in the chain of being be the perpetual caring, the selflessness and the surrender. Let each heart be a point of light that cares, and in caring is renewed in strength, in vision, and in the Holy Ghost.

And suddenly in the very midst of this labor of love, the Holy Spirit descends, and it descends in the sacred fire of Pentecost to consume all pride, to consume those forces of rebellion against God. For I tell you, the LORD has long departed those temples of the mechanization man and their mechanized houses of religion. And therefore we seek the true followers of God, who will meditate upon the twin pillars of light and therefore go forth in the all-consuming fire of love.

If you have not love, you will not care enough to stay in the service of light. If you have not love, then the all-consuming love will not be present when you need it most to consume the ghost of the former self and many ghosts that lurk in the subconscious caverns.

**Love Itself Must Go before You in a Pillar of Fire
to Meet the Adversary**

O beloved hearts, if you would represent the LORD, then with all thy getting, get the true understanding of love and be the living pillar of love.

Understand, then, that no good thing can be accomplished in thee without love, for love is the true and only real identity of the soul and love itself will steal your heart away from all human indulgence and every human habit pattern of idolatry. Love itself, then, must go before you in a pillar of fire to meet the Adversary and to consume the demons and discarnates that move against the children of the light.

Therefore, how dare the children of the light attack the fallen ones without the flaming pillars of love? They know not what they do. They enter where angels fear to tread. Therefore it is the Holy Spirit that leads the armies of the LORD, that goes before the face of the prophet that is in the presence of every true chela.

Let love, then, form in you a right heart. For only the right heart can start a golden age, can initiate a cycle, can precipitate the miracle crystal of the tools themselves that are needed to implement the Word of God, the most practical tools in every field of endeavor. These are precipitated by love out of the crystal fire mist, out of the very need of the soul on earth to commune with the Spirit of God in heaven.

O practical men and women of the Spirit, O practical children of God, neglect not, then, the ruby ray or love itself. Neglect not to care this day after God, after the salvation of the souls of God in the earth.

**Care Enough to Love and Be Loved
in the Heart of God**

We are Chamuel and Charity. We send forth a light by elemental life. It consumes, therefore, an aura that is microscopic

and nevertheless that is present, harmful in its physical chemistry, lethal in its astral vibration.

Let the ruby ray go forth. Let love go forth. Let it go forth upon the shining waters. Let it cover the hills. Let it be implanted in the molecules of light. Let love penetrate the air and the sky, elemental life, the youth and the children of our hearts.

Let love, oh love, go forth. For there is a mighty flame that burns with our sending, and it burns that element of danger to the very life of souls in the earth. So let this love swallow up the anti-love. Let hearts be free.

O children of the Sun, Helios and Vesta call. Oh, they call thee Home! Now learn to love. Now be love. Now care enough to love and be loved in the heart of God.

We stand as pillars of the flame. Call to us and remember that love is the fulfilling of the law of love itself within you.

The Way of Love by Saint Germain

From Love I came, to Love I go;
And all this swing both to and fro
Alters not any jot
Of Cosmic Purpose I forgot.

I reach out now, to Truth I vow;
To Love in all I ever bow.
The universe is one alone—
No clash of multifacet tone.

The chime I hear is ever near;
'Tis Love that casts out every fear.
Where'er I AM Thy Love lives, too,
To free the many and the few.

Command Perfection, Love's great Law!
Command Perfection, Love's great Light!
Thy glowing beauty through the night
As star eternal, Light supernal,
Woos us all by present might.

For Love I AM and Love I live;
This is the allness that I give.
To each manchild the spark is given—
'Twill rend the veil and bring to heaven.*

And in full Faith I consciously accept this manifest, manifest, manifest! (3x) right here and now with full Power, eternally sustained, all-powerfully active, ever expanding, and world enfolding until all are wholly ascended in the Light and free!

Beloved I AM! Beloved I AM! Beloved I AM!
