**The Torchbearer in the Earth Establishes
the Inner Retreat**
Part 2

The Karmic Board recommends that a certain phase of the prophecy of Djwal Kul be implemented, which is the establishment of the Inner Retreat of the devotees of this activity of light that shall hold the balance for the outer activity. Thus the figure-eight flow of these twin focuses [of Camelot and the Inner Retreat] will mirror the figure-eight flow of the two witnesses and of the guru-chela relationship that is enjoyed by every chela of the will of God.

I speak of the prophecy of Djwal Kul of the inner and the outer mystery school, of the community such as that which is established here at Camelot that must be open to the world and open to all who wish to investigate the teachings of the ascended masters. The Torchbearer in the Earth Establishes the Inner Retreat

Part 2

Inasmuch, then, as there are serious conditions that if not checked could lead to further minor cataclysm and serious conditions, the Karmic Board recommends that a certain phase of the prophecy of Djwal Kul¹ be implemented, which is the establishment of the Inner Retreat² of the devotees of this activity of light that shall hold the balance for the outer activity. Thus the figure-eight flow of these twin focuses [of Camelot and the Inner Retreat] will mirror the figure-eight flow of the two witnesses and of the guru-chela relationship that is enjoyed by every chela of the will of God.

I speak of the prophecy of Djwal Kul of the inner and the outer mystery school, of the community such as that which is established here at Camelot³ that must be open to the world and open to all who wish to investigate the teachings of the ascended masters. And I speak of the inner community [of the Inner Retreat], where initiates gather for the most important service to life—that of holding the balance of the white-fire core, not merely of an organization but of a planetary body.

The Light Will Accomplish Our Victory

Thus this property [of Camelot]—acquired by you and dedicated to the purposes of Saint Germain—has come under extraordinary condemnation by the federal and state governments, by men and women of the press, by those who are ignorant and know not what they do, and by others who are not ignorant and know exactly what they do. This is to be expected when the sacred mysteries of the Grail are upheld, as they must be upheld for all the world to see in order that the lightbearers might also identify the light that is the torch of the Divine Mother.

Thus, there must be a place for individuals who are the uninitiated, some to come and peer and to think us a bit queer, and others to come and try out their wings and place perhaps their toes and feet into the great cosmic sea of cosmic consciousness. But there is another place that must be maintained by those who have, in an unbroken stream of lifetimes, held the balance for the rising and the sinking of continents.

Beloved hearts of light, Saint Germain holds in his purple fiery heart the understanding of the destiny of this property [of Camelot], and under Sanat Kumara he serves and it is to them that you must direct your calls and your invocations for the divine plan and the resolution. For there be some men who covet the light of our forcefield, and these men (who have not their own light) have also finagled themselves into positions of human power and the human establishment. They do not have power to move the LORD or his witnesses or his disciples except the LORD allow it.

Therefore the light is planted in Camelot. Therefore the light will accomplish our victory. And our victory is a many-faceted victory, including all of the contingencies for the worldwide dissemination of the teachings and for the education of our lightbearers. Our sphere of victory is a sphere of light

that will be outpictured in the hearts of our chelas wheresoever that sphere and that light so directs.

This is the hour for vigilance of the self-appointed watchmen on the wall of life. This is the hour to listen and learn of the LORD God, who reveals himself day by day in the flow of events, as those events are guided by Saint Germain point-counterpoint. Thus you will walk the path of initiation and thus you will obey Saint Germain's directives as he gives them to the messenger. Only thus will the fulfillment of the divine plan be according to the cosmic timetable and the schedules of light and darkness in this cycle.

You see, then, that we have not taken a sword to cut across the lines of the spiral, for to dissect the spiral and to predict the future goes counter to cosmic law in some instances. For the very future itself is in the hands of those who are in embodiment. This is always a difficult principle to explain and to transmit, except to those who understand in an extraordinary manner their innate Godhood and the principle of free will.

The Establishment of the Inner Retreat

Therefore, in the very midst of expansion, in the very midst of light established here, we prepare the inner circle of lightbearers for the establishment of the Inner Retreat, far, far from the conditions now present in the major cities of this nation and in the areas that come under the bombardment of the karma of the Dark Cycle and certain cataclysmic conditions. The light anchored in the West by Elohim for certain cycles remains a bulwark of protection. Thus, let the peace of Elohim expand in the hearts of our faithful.

Let those who understand their role to be among those who will serve to transfer this teaching, this message, and this very life into a new century and a new age, recognize that they may also apply to be a part of our Inner Retreat,⁴ and the applications will be considered on the basis of their dedication

to Serapis Bey, to the holding of the ascension flame. Those, then, who accept the offer of Serapis will be those whose applications will be considered serious, sound, and sincere.

There is an amplitude of service to be rendered in our outposts. There are many chelas worthy to be received as initiates under Serapis Bey, who even in this hour are not a part of Camelot. Some are in the teaching centers and study groups, and some, in their great dedication of the years, single-handedly keep an outpost on behalf of Cuzco,⁵ though they know it not. Thus I encourage you to apply to the messenger for that service that is so necessary to the securing of the outer activity and its outreach into the farthest areas of the world.

We have seen that fear grips individuals who are not ordinarily devotees. We have seen that that fear impels them to desire to be a part of our accelerated mission. We warn you to transmute your fear before coming to the altar to lay your gift of selfhood upon that altar. For fear is not a reason to serve the Brotherhood, especially the fear of cataclysm or of one's life or livelihood in worsening economic conditions.

The past decade has offered many individuals the opportunity to demonstrate devotion without fear, and many have given it. Thus there has been a period when we have watched and waited for those who would rise, not because they sought self-gain or personal survival but because of the very love of God.

The Turning Around of Darkness— Mid-Air, Mid-Stream, Mid-Earth

Now, then, my beloved, we turn our attention to the most pressing demands of civilization itself, which of course is the dissemination of the teachings—the teachings of the Coming Revolution in Higher Consciousness,⁶ the teachings of the path of the indwelling I AM Presence, and especially the teachings of Mother's Manifesto.⁷ The Karmic Board sees this fourteen-month spiral⁸ as an opportunity to distribute the information,

which in the hands of devotees can reach millions, and through the science of the spoken Word literally change the course of consciousness in a number of fields.

Especially are we concerned with education, with the economy, and with the problem of the manipulation of children and youth through the subculture of drugs and rock music, which is becoming no longer a subculture but the dominant culture in the United States. This condition itself, threatening an entire generation, becomes the key as to the future of this nation and the earth, not only in history but in the cycles of planetary changes.

There are spirals continuing in the United States, in the economy, in government, in organized crime, in the manipulation of the youth and of the public, which if left unchecked would create such an increasing weight of karma that I would find myself standing before you, announcing with certainty impending changes of a major nature.

But this I am not prepared to say, for the cycles of opportunity have by no means run out. And therefore look to the ten-year plan of Gautama Buddha⁹ and see the cycles available to you for the turning around of darkness—mid-air, mid-stream, mid-earth. It has been done before in past ages. It can yet be done again. However, I warn that the increase of darkness demands an increase of attainment in light on the part of those who dare to try, who dare to accept the challenge to face life and to undo it if it is not righteous or just.

You are the ones who dare because you know who is God, because you have such an awareness in your being of the all-power of Almighty God, because you are the witnesses unto miracles upon miracles that have gone forth from our altar and from your very own hearts, one by one.

Thus you have become accustomed to miracles, and among the New Age community you are the least likely to be concerned or moved by psychic predictions of cataclysm, so trusting is your

nature toward us and Almighty God, so convinced are you that elemental life in the service of the light will do all in their power to preserve a platform for planetary evolution. And indeed they have and they shall, my beloved.

I Commend You to That State of Listening Grace

Thus, inasmuch as your hearts are open to our impulse, inasmuch as the messenger inclines the listening ear perpetually, fear not. But remember that we speak in the still small voice of the heart, your own heart as well as through our dictations. As you then become a body of light, so bound together by your love and your mutual awareness of heaven and earth, remember that you also may be the angel who is alert to warn Joseph to take Mary and the blessed Child and to flee into Egypt for certain cycles.

I commend you all to be the angels of the watch for this community, for America, and for earth. I commend you to that state of listening grace, and I remind you that the mission of Lanello and of Mother is not their own. It belongs to God and to every God-oriented chela in the earth.

We have urged community as the strength of the individual and of our movement. We have urged community for the very survival of its components. Let those, then, who have remained aloof of the close circle of lightbearers, reconsider their position—whether or not it is taken out of fear or selfishness. Let them contemplate the love of the Brotherhood. Let them contemplate life today and what that life may be tomorrow. Let them reconsider the entire path of initiation and the teaching, so abundant and so profound. Let them look from 1980 to the year 2001. Let them decide what they will accomplish.

You also must read the handwriting on the wall. Your reading will be different from ours. I do not say that it will be more accurate in the ultimate sense, but it might be very well that it is highly accurate in the personal sense and in the immediate

sense of present conditions. For, my beloved, after all, it is Christ in you who knows best the cycles and the seasons and the outpicturing of your karma and your life.

The immediate God within you is your guide, and your integration with that God is, after all, far more important than waiting for the message or the messenger of the Karmic Board. I say this in the light of spiritual self-reliance. Just as it is not wise to wait for the government or its agencies to provide for you and your family, so it is not wise to turn off your personal soul faculties because you assign to others in the universe the watch upon your life that only you in God can keep. Understand the balance of my message. It is the same as saying that your victory will be won by *you* and it will be implemented by *your* decisions.

**I Lift My Lamp beside the Golden Door
of Your Own Christ Consciousness**

I lift my lamp beside the golden door of your own Christ consciousness. May it lead you to the light of the Inner Teacher and his inner teaching. After all, is this not why, in the ultimate sense, the emissaries of God have visited the children of God in this earth? It is to hold the torch in the night so that the children of the LORD may once again approach the golden door of individual Reality.

Long ago we approached that door. We knocked. We were bidden enter by the Lord of Life, who first assessed our hearts, our willingness, and our attainment. So it is in each new cycle of opportunity. The messengers have come and are here, giving to you the opportunity for preparation—preparation as discipline and initiation in order that when you knock, the door might be opened and the doorkeeper might say, “Welcome, son of light. Welcome, daughter of love. Enter now and receive the light of the Inner Teacher.”

I commend you to the messenger’s prophecy for the decade.¹⁰

In it you will find keys for some of the most important decisions that you will make in this life. Between the lines you will read another handwriting on the wall. It is the handwriting of your personal karma against the backdrop of national karma. Let that prophecy go far and wide as a seed of light that will, my beloved, help others to sense the torch, and in sensing it, to look for it. And in looking for it, to find it.

**Opportunity Is the Major Theme of the Vibration
of the New Fourteen-Month Spiral**

I stand in the heart of America. I stand in the East and in the West. My torch of Liberty is for the homing of the sons and daughters of Sanat Kumara.

I have given to you a report, more general than specific in nature. You will be hearing from Saint Germain and El Morya and members of our board in the coming weeks and from time to time with key commentary on conditions and circumstances as they unfold.

Now in the glow of the inner light and of the inner flame of the torch, I seal you and I send you with my torch out into the highways and the byways of life, that all might see and know that opportunity, as the cosmic consciousness of Portia, is the major theme of the vibration of the new fourteen-month spiral of Serapis Bey—opportunity through illumination, God’s way.

I also bless you, my child.

“The Summit Lighthouse Sheds Its Radiance o’er All the World to Manifest as Pearls of Wisdom.” This previously unpublished dictation by the **Goddess of Liberty** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Tuesday, February 26, 1980**, during the “Education of the Heart” seminar held at Camelot, Los Angeles County, California. Part 1 of this *Pearl of Wisdom* is published in this volume, no. 7. Any books listed in the following endnotes are published by Summit University Press and are by Mark L. Prophet and/or Elizabeth Clare Prophet unless otherwise noted. Books, audio, and video products are available at Store.SummitLighthouse.org. The widest selection of audio files, including dictations, is available at AscendedMasterLibrary.org. [N.B. Bracketed words have been added for clarity in the written word.] (1) **The prophecy of Djwal Kul.** The messenger has explained that Djwal Kul gave a prophecy of the Inner Retreat in 1920. He spoke of a preparatory school close to but outside a large city and by the sea, and then the Inner Retreat in the high mountains for initiates, far from the crowded places of the earth. He said, “The sea or expanse of water close to a preparatory school will convey to his [the student’s] mind a constant reminder of the purification which is his paramount work, whilst the mountains will imbue the advanced student with cosmic strength and will hold steadily before him the thought of the mount of initiation, which he aims soon to tread.” (2) **The establishment of the Inner Retreat.** In September of 1981, The Summit Lighthouse purchased the Royal Teton Ranch in Montana, bordering Yellowstone National Park, which the masters have called the Inner Retreat. The establishment of the Inner Retreat fulfilled the prophecy of Djwal Kul for an advanced school for initiates in a mountainous region. In 1984, Jesus announced that Maitreya “is dedicating this Heart of the Inner Retreat and this entire property as the Mystery School of Maitreya in this age.” (1984 *Pearls of Wisdom*, vol. 27, no. 36) (3) **That which is established here at Camelot.** In 1977, The Summit Lighthouse purchased the beautiful 218-acre Gillette estate in the Santa Monica Mountains, near Malibu, California, and named it Camelot after King Arthur’s Mystery School. This fulfilled Djwal Kul’s prophecy of a preparatory school by the sea and outside a large city. Camelot was sold in 1986, and the headquarters was moved to the Inner Retreat. (4) **They may also apply to be a part of our Inner Retreat.** Currently, those wanting to serve at the Inner Retreat may apply to Volunteers In Action (VIA) at MRaal@tsl.org. (5) **An outpost on behalf of Cuzco.** The Goddess of Liberty may be referring to the Inner Retreat, Camelot, and other outposts of the Brotherhood such as teaching centers, which assist Cuzco in holding the “balance of forces in the earth, to the adjustment of the earth to the weight of karmic effluvia and to the guarding of the earth on its axis and in orbit.” (*The Masters and Their Retreats*, p. 68) Surya and Cuzco also serve to avert or temper cataclysmic activities. (6) **The Coming Revolution in Higher Consciousness.** The messenger defines the Coming Revolution as “our involvement with the heavenly hosts and their cooperation with us, as prophesied in the Old and New Testaments at the end of the millennium when ‘there

shall be a time of trouble, such as never was since there was a nation.’ (Dan. 12:1) It is the hour of the coming of Archangel Michael, the protagonist who leads the armies of light against the rebellious ones. . . . It is time for every injustice to be challenged—not by the bloodbaths of prior revolutions but by the acceleration of atoms and molecules of consciousness to the plane of the universal Mind. One in that Mind, one with the hosts of the LORD, we can say with Jesus Christ, ‘All power is given unto me in heaven and in earth.’ (Matt. 28:18)” (7) **The teachings of Mother’s Manifesto.** See *Pearl of Wisdom*, this volume, no. 6, n. 4. (8) **This fourteen-month spiral.** See *Pearl of Wisdom*, this volume, no. 6, “The Sign of the Second Fourteen-Month Cycle.” (9) **The ten-year plan of Gautama Buddha.** In a dictation given on May 3, 1977, Gautama Buddha announced that “the Lord Buddha has extended to you as people of God one decade for the turning of the tide. . . . for the contacting of hundreds of thousands of souls. . . . After the decade has passed from this hour, there is no guarantee forthcoming from the Lords of Karma. . . . that the tide can any longer be turned from the fate that has been plotted by the dark ones.” (1978 *Pearls of Wisdom*, vol. 21, no. 28) On May 13, 1987, at the conclusion of the ten-year period, Gautama Buddha gave a dictation during which he read a proclamation from Alpha, stating: “Blessed hearts, we have said that with the passing of the decade, the opportunity for the saving of the earth could be denied. I, Alpha, write to you this day that this opportunity has been lost to the fallen ones—that no new dispensation is forthcoming on this Wesak 1987 for the planet as a whole, but the dispensation [that is forthcoming] is a mathematical formula to each individual according to his own inner attainment.” (1987 *Pearls of Wisdom*, vol. 30, no. 24) (10) **The messenger’s prophecy for the decade.** The Goddess of Liberty is referring to the lecture by Elizabeth Clare Prophet entitled “Prophecy for the 80s,” given on January 1, 1980, available at AscendedMasterLibrary.org.
