

Beloved Godfre

Continuity in the Deliverance of the Word

Lo, I AM come in the beloved mighty I AM Presence! I stand with you, your messenger in the city of Chicago! And Lotus joins me on this platform as we celebrate together the coming again of the I AM students, I who revere the name of God and who have the heart to carry our dispensation of Saint Germain into this decade.

Therefore, we stand together and we rejoice that there are some who are left to receive our mantle and our light and who yet have the memory and the appreciation of our service together. There yet remain among you some who were with us and who knew us face-to-face. In you, then, is that repository of the memory whereby our presence and our person may be yet spoken of and the true understanding of our mission conveyed.

Blessed hearts, for you who have been with us and you who are continuing from our oneness at inner octaves and in the retreats of light, we ask, then, that you also witness so that our ministry may be remembered and our own witness not be...

Continuity in the Deliverance of the Word

Lo, I AM come in the beloved mighty I AM Presence! I stand with you, your messenger in the city of Chicago!* And Lotus joins me on this platform as we celebrate together the coming again of the I AM students,¹ who revere the name of God and who have the heart to carry our dispensation of Saint Germain into this decade.

Therefore, we stand together and we rejoice that there are some who are left to receive our mantle and our light and who yet have the memory and the appreciation of our service together. There yet remain among you some who were with us and who knew us face-to-face. In you, then, is that repository of the memory whereby our presence and our person may be yet spoken of and the true understanding of our mission conveyed.

Blessed hearts, for you who have been with us and you who are continuing from our oneness at inner octaves and in the retreats of light, we ask, then, that you also witness so that our ministry may be remembered and our own witness not be forgot. Blessed hearts, the continuity of the messengers is most precious, and therefore throughout these proceedings we—beloved Lanello with us and with the Mother of the Flame—have stood together to reinforce your sense of the ongoing life.

*See endnote 1.

Many of you have fought with us on the battlefields of life in previous eras. Weary not in well doing. For, beloved, the fighting of the good fight and the winning is the work of centuries. You dare not tire or seek other gardens except the garden of the heart.

You know of our transfer of the momentum of the I AM Activity within those who are the messengers this day and within this activity of light. For we have also stood at Camelot, and there we have conveyed our personal authority and the momentum of our light, never to the glory of the human person but always so that the continuity of truth might live and thereby the comfort in the students upon earth might be that the Word continues, regardless then of that which comes to pass as the coming and the going of the individual lifestream.

For you, as we, are all a part of that mighty flow of the River of Life. Oh, how the continuity of being is inscribed in your very heart! Lo, behold that I AM Presence and have the renewed sense of a living being that stands with you, that is upon you, that descends through your higher mental body into your own soul consciousness.

The Experience of the Enormous Light of the Tube of Light

O beloved hearts, if you would have just the experience of the enormous light of the tube of light and what it can do for you, you would recognize that God would make you a capsule of light*—you encapsulated by this mighty presence of the tube of light. And therefore you would see yourself as a mighty conqueror of life, moving in and among earth's evolutions in an invincible sheath of light.

And therefore this impenetrable, impervious armour would give you the courage of Launcelot or of the Lionhearted.[†] So that lionhearted one may be yourself and myself within you!

*See decree 0.01, "Violet Fire and Tube of Light Decree" in the decree book *Prayers, Meditations and Dynamic Decrees for Personal and World Transformation* (#1778), p. 5.

[†]Godfre is likely referring to Richard the Lionheart, also known as Richard the Lionhearted, who was king of England from 1157 to 1199, and was an embodiment of Godfre.

For you see, my very own ones, understand that the presence of the armour of God, the whole armour of God—whole because there are no chinks in that armour from within or from without—is the certainty of the knights and ladies of the flame in this hour.

When you have fear and trepidation, when you no longer are certain that you may walk boldly in our footsteps, is it not because you have lost the immediate sense of your mighty I AM Presence, of Mighty Victory and the Great Divine Director and your own blessed tube of light?

Children of the light, rise in celebration of this tube of light and this mighty I AM Presence and celebrate with us our coming together in a cosmic cube of light in this city of Chicago!

A Mighty Pillar and Vortex of Light

We have waited long, as you have waited, for the establishment of this center,* and our angels have been building a mighty vortex of light twixt the octaves of light and the very sun center of the earth. This has been observed by the embodied messenger with awe and wonder at the miraculous Presence of God and his hosts. And indeed it is miraculous!

Therefore, a giant funnel of light is come upon this city, and thereby it is the inner staircase—the spiral of light of angels ascending and descending. And this mighty pillar and vortex of light will remain over this teaching center so long as this property and this house is consecrated by our students. Understand that it is like a tube of light except it is a vortex rising from the heart of Virgo and Pelleur, and in it are contained the momentums of all the dictations that have come through us and our combined messengership. For each and every one of these dictations is to impart a precious jewel of light to the students.

I commend you, then, to the study of the teaching in the

*the Chicago Teaching Center

historical stream. Bow, then, before the Guru Moses, who revealed the mighty I AM Presence! Bow, then, before the Lord Jesus Christ, who was the incarnate Word! And the Word, lo, is I AM THAT I AM!

Understand that it is the continuity of our service that we bear, and by our continuity you thereby share in the continuity of life itself because there is continuity in the deliverance of the Word. So you may know that your soul evolving Godward also has a continuity of life begetting life, and therefore we are one.

Let it be, then, that by this vortex of light there is the intensity of light that accelerates and purifies and is the sacred fire transmuting the cause and core of every opposition and opponent to the lightbearers. Beloved ones, Chicago is a force-field of light in the inner planes. And as you have been told, at the etheric level so there is the record of the ancient city of light that once was physical here.

This city of light and its light emanation is intended to be manifest in the city of Chicago, and yet what have we seen? We have seen that the division and schism and black magic infiltrating the very ranks of the I AM students and the lightbearers has caused that division and that scattering of the sheep, whereby there has no longer been the sufficient chalice to anchor that light. And as the messenger has commented to you on the occasion of her coming to Chicago, so it is that because the light of the heart is not expanded, so men's hearts fail them for fear;² so the true purpose of America is not being won.

Let Us Pray Together for America

I remind you of my prayer, ever fervent,³ when I was chosen by Saint Germain to represent you and all of us in the founding of this nation. That prayer reached the very altar of God and was never without the answer. So it will be as we pray together. Beloved ones, I ask you to kneel with me in this sanctuary.

[Audience kneels.]

For me, it is a most auspicious and joyous occasion that beloved Helios and Vesta and our beloved Saint Germain and Mighty Victory have chosen to rededicate this city because you have chosen to provide the chalice.

Our gratitude is boundless as we commune in the heart of the Goddess of Liberty, that spokesman for the Karmic Board. For she has come forth to declare herself and to declare the divine plan and the dispensations that can yet be invoked for America. She has sent her son Saint Germain to deliver the Word on the survival of the economies of the nations,⁴ and that Word is being heard through many sincere hearts and ardent souls throughout America. Bless them.

O beloved hearts, let us pray together for America:

Our Father, LORD God Almighty, I kneel in this hour of national crisis, the crisis in leadership and in the Path itself. God the Father, present with us in the mighty I AM Presence, I kneel in this hour, for I AM the embodiment of your sponsorship of this nation. I have never left the keeping of the flame upon the altars of the hearts of the I AM Race, nor shall I. Therefore, our Father, I ask you to further intensify my love of the flame of God-obedience, my love of the love of life in the heart of Saint Germain.

O God, our Father, I would consecrate these souls to the acceleration of the violet flame, the gift of freedom to the earth, to the giving of those decrees that are so needed. Therefore, I pray for the renewed awareness of these souls, for their perception of the need of the hour, for the penetration of their souls. I pray that there be the linking of souls and hearts who are of the light and yet who are separated by ignorance and walls of oppression.

O light of the Infinite One, O light of the Fourteen Ascended Masters Who Govern the Destiny of America, I come to this city. I dedicate this city anew. I call the

followers of the Great I AM and of Saint Germain. Let there be a rallying of those who know the Law, and let there be a rallying of the children of the light to come and learn of those who have been nourished these many years upon the Word of life.

I AM Godfre, and Lotus stands with me, and we are one in heaven and in earth. We are dedicated to this mission and to the concluding cycles of the deliverance of the Word that shall make plain the entire teaching of the I AM Presence.

The Terrestrial Body, by the Alchemy of the Light, Becomes the Celestial Body

Beloved Ray-O-Light has entered this room, and his legions of fearlessness flame are above and they now challenge all fear and doubt and death and the records of death and the consciousness of death, and even the rigor mortis that has set into those students who have begun to walk in the flesh-and-blood consciousness—even those in the I AM Activity who have preferred their rote to the living Spirit and to the living Word!

O my beloved, it has been said that flesh and blood cannot inherit the kingdom of heaven⁵—not in its present form. It must receive the joy of the resurrection and the ascension flame. And then the terrestrial body, by the alchemy of the light, becomes the celestial body. And therefore the body of the resurrection is never the body of transition or death, but it is already that transformed spiral that yet retains the force-field and the memory as well as the physical presence of the one who has passed through the crucifixion.

This has become a subject of much debate, as it was centuries ago—whether or not it was the physical body of the Lord Jesus Christ that rose from the dead or only the ascended master light body. I tell you, beloved ones, the physical body passed through the resurrection flame, was the same and yet

transformed, accelerated, and yet still able to be perceived by the disciples who were there. And I am a witness and I was there, and I beheld him in that resurrected light body. And I know that it is the point of transition between the former self, which is merely the man formed of the dust, and of the new man formed wholly of the light!

Thus, you may understand that to all and to each and every one there comes the resurrection. It is not often beheld by others, and even the light itself is often withdrawn from the physical body that is interred or that passes through the sacred fire of cremation. And therefore the resurrected light body, though it manifests the fullness of that transition body, is yet not always perceived by those who yet dwell in the flesh-and-blood consciousness—therefore the futility of waiting for bodies interred to rise from the grave! For this is the folly itself of those who have the mechanization concept of the resurrection!

I preach to you an immortal truth that I desire you should contemplate. For there is much argumentation and division and schism abroad in the land, even to this very hour, by those who would disprove the miracle of the life of Jesus Christ by the affirmation that he never rose physically from that tomb.

My beloved hearts of light, the acceleration of the ascension flame be upon you! For it is this that I have come to claim and to proclaim for you, for and on behalf of Alpha and Omega! Understand that the process of the resurrection begins with the acceleration of the threefold flame and the sun in the center of every cell and atom of all of your four lower vehicles. And thus you begin to shine. And the very first step is the transfiguration, and the increase and the acceleration of the light is the preparation whereby you put off the old garment and put on the new. Let there be, then, no division.

Let it be understood that those who awaited the physical resurrection of the Mother of the Sri Aurobindo Ashram at

Pondicherry,⁶ those who were disappointed because they did not see her become immortal in flesh and blood and therefore denounced that teaching, must learn of me and learn who I AM! They must learn of the resurrection! For I bear witness—as the embodied messenger bears witness—of the resurrection and of the initiation of the resurrection of that Mother!

And yet because it was not seen to be physical, and because her physical body passed away, they then thought that all of that teaching was in vain, as though the golden age hung on the mere thread of a physical resurrection instead of the understanding that it is the soul who is resurrected in the new deathless solar body, and components of light that reassemble from the old body become the foundation of the new.

And whether or not this is perceived by the disciples has everything to do with their own inner purity and the purification of their chakras. Therefore, whether the master appears to you as physically walking out from the tomb or whether he appears in the ascended master light body, ye are witnesses of the resurrection!

The Continuity of Light through the Mighty I AM Presence

Behold! Be witnesses with me in your very soul this hour of my own resurrection and my ascension! For the very same lies are promulgated that because of the human consciousness and errors or all manner of gossip that is spread concerning my passing, that therefore because the perfection was not present, I am not the inheritor of eternal life. And so it is spoken of Lanello! And so it is spoken of Lotus! And I speak of ourselves because we are close to you in the hierarchy of ascended masters.

Understand the subtlety of this lie! There are some who would divide us and denounce Lotus and proclaim my own victory, and they have led many astray, even in the city of Mount Shasta. Understand that this is diabolical! For we are not divided, and Lotus stands before you in this resurrected light body.

Therefore behold, my beloved, that in this awareness again of the continuity of light through the mighty I AM Presence, you yourselves are a part of the vast chain of being whereby *you* are scheduled to inherit the fullness of your own mighty I AM Presence, ascended master mantle of light!

Well I say, why not don that mantle now? Why not wear it today? Why not witness to your own resurrection and the resurrection of one another? Why not greet one another in the fullness of the resurrection flame?

Lo, I AM the resurrection and the life!⁷ Drink me while I am drinking thee! Dare we to dream that you might enter into this fellowship of life resurrected in the earth?

O my beloved, we perceive how death and the death consciousness has overtaken so many of the lightbearers. We come to loose you and set you free and make plain to you by our witness that the gate of everlasting life is not the gate of death and you do not await the hour of transition and suddenly perceive that there will come upon you newness of eternal life. I say, eternal life is here! It is now! And I AM the manifestation of that light by the grace of Elohim and Mighty Victory in your midst! So you are also, because you are my disciples indeed!

Therefore, LORD God Almighty, as these blessed ones kneel, renew in them the vigor of life! Invigorate them with the resurrection flame! Let them go forth to proclaim it, that all mankind might witness that truly the goal of existence upon earth is eternal life, not death. Rise and take dominion, my beloved!

[Audience rises.]

I Have Seen Knights of Old Lose the Path and the Crown of Life Because of Embarrassment of the Witness

I AM here! And I transfer to you the awareness of my nearness to your heart! I AM more than a photograph or a book of teachings. I AM your brother on the Path. I desire to enter with you, as you enter with me, into this new relationship of

the Spirit. I desire that the reality of our oneness shall shine forth, and I am grateful and I commend you for having the courage to declare your affiliation with us, even as you have been denounced at every hand, whether by the I AM movement or the press or the fundamentalists or all of those who have believed the lie of the gossip concerning the I AM Activity.

Beloved hearts, it is all too apparent to the messenger herself that to openly declare herself affiliated with me is to bring upon herself not only the denunciation of her own messengership but of all the cumulative denunciations that have followed the I AM movement since its inception. And this she has been willing to do in the full awareness that that I AM Activity will have no part with her messengership anointed by Saint Germain and blessed by our own heart.

I tell you, beloved ones, when those men of the press entered the sanctuary of the Holy Grail and beheld the giant portraits of Lanello and of me, they were ready to expose this entire activity [of The Summit Lighthouse] as merely an offshoot of the I AM Activity. And they even closely examined that portrait of myself and saw that it was produced by the I AM Activity. They were ready to pounce, and yet they were not permitted by the messenger to photograph those portraits, and therefore the evidence was not used.

I know well the way of compromise. I have seen knights of old lose the Path and the crown of life because of embarrassment of the witness. And therefore you can imagine that certainly it was the option of free will on the part of the messenger to conveniently remove those photographs from view for the coming of the men of the press. Thus in the willingness to witness for me, I therefore come to witness before the Father of your own dedication and uncompromising light.

Therefore, I AM come. Therefore I dedicate this house, this sanctuary, and the temple of every Keeper of the Flame

to the continuity of the I AM Activity, of the inner Church Universal and Triumphant, and of the descent of the City Foursquare into the earth. Let it be that the inner etheric city might be that kingdom come on earth as it is in heaven because the chalice of your heart may receive that city, as John the Beloved saw a new heaven and a new earth.⁸ And behold, “the new Jerusalem coming down from God out of heaven prepared as a bride adorned for her husband.”⁹

**I Touch You with My Heart and with
the Seal of Saint Germain**

My beloved, there is great need for the clearing of this city of Chicago of all manner of opposition to the heart. I therefore place my Electronic Presence within this sanctuary, together with Lotus and Lanello and the embodied messenger. We four stand, then, as pillars before you, and our Electronic Presences will remain here until the fulfillment of your service and until the fulfillment of the work of the LORD within this house.

Beloved hearts, we are supremely dedicated to your ascension, and through your ascension to the victory of life! We stand in America, and our heart chakras are one upon this altar. And through that heart dedicated to Saint Germain, we pledge to you our determination that the leaves of our Tree of Life will be for the healing of the economy of this nation. May it be so by your splendid, shining hearts now uplifted to the light!

Mighty I AM Presence, I AM Godfre! I have come! I have beheld your light! You have beheld my own by the witness of your soul. Thus, by the two witnesses we have declared the potential of eternal life and of the resurrection *here and now!*

Lo! I AM the fullness of the mighty I AM Presence!
Lo! I AM the fullness of the violet flame! Lo! I AM in you and through you and of you, the presence of the God Obedience!

Now I touch you with my heart and with the seal of Saint Germain. Now I touch you, that our hearts might be one forever. [17-second pause]

Messenger:

Beloved Godfre has asked me to use the emerald crystal to touch your third eye, that there might be sealed the conveyance of his awareness to you.

Hail, O light victorious!

"The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom." This previously unpublished dictation by **Godfre** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Sunday, March 9, 1980**, during the Sunday service at the Chicago Teaching Center, Chicago, Illinois. [N.B. Bracketed words have been added for clarity in the written word.] (1) **The coming again of the I AM students.** The I AM Activity, which was founded in the early 1930s under the direction of Saint Germain, originally had its headquarters in Chicago, where this dictation was given. Godfre is referring to those who were I AM students who have come into The Summit Lighthouse and who knew him and Lotus when they were the messengers of the I AM Activity. Godfre is also referring to those who were I AM students who are now in the retreats on the etheric plane. (2) Luke 21:26. (3) **I remind you of my prayer, ever fervent.** It is said that General Washington (a previous embodiment of Godfre) knelt in prayer on a snowy evening during the time his army was encamped at Valley Forge, Pennsylvania (from December 19, 1777, to June 19, 1778). During the difficult months of a severe winter, Washington often turned to God, whom he called "the all-powerful guide and great disposer of human events." The depiction of this prayer has been captured in the well-known painting *The Prayer at Valley Forge*. The artist was Arnold Friberg (1913–2010), who completed the painting in 1975. The story of Washington kneeling in prayer is said to have originated from Isaac Potts, a Quaker, who recounted it decades later to Rev. Nathaniel Snowden. The story was included in Rev. Snowden's journal "Diary and Remembrances," with the hope that this story would be protected for posterity. The story goes that Potts was riding alone one day when he saw General Washington deep in prayer in the woods of Valley Forge. He was greatly moved and is said to have recounted the experience to his wife and much later to Rev. Snowden. (4) **Saint Germain's Word on the survival of the economies of the nations.** See 1980 *Pearl of Wisdom*, vol. 23, no. 7, "The Economic Survival of the Nations." (5) I Cor. 15:50. (6) **The Mother of the Sri Aurobindo Ashram at Pondicherry.** Godfre is referring to Mirra Alfassa (1878–1973), known as "the Mother," who was a Sephardic Jew, French-born, and the spiritual collaborator with Indian nationalist and yogi Sri Aurobindo (1872–1950). She met Aurobindo in 1914 and accepted him as her spiritual guide and teacher. She established the Sri Aurobindo Ashram in 1926, founded the Sri Aurobindo International Centre of Education, and founded the township of Auroville. She resided in India for fifty years and passed on in November 1973. On April 9, 1982, the messenger commented: "I witness to you the resurrection of that Mother. I witness to you her presence in the resurrected octave. That does not mean she has ascended. It means the attainment of an initiation called the resurrection whereby the soul is one with the Christ Self and has expanded the threefold flame to the fullness of the body temple. It may mean that she will incarnate, but she did prove the victory of life over death." (7) John 11:25. (8) Rev. 21:1. (9) Rev. 21:2.

Our Gracious Godfre

Blessings to thee, gracious Godfre
 Gentle Obedience, so dear
 Showing us Freedom's great vict'ry
 Helping us make our way clear.
 Golden-robed brother of heaven
 Through us let all thy light shine
 Help us, each one, to fulfill his God plan
 Wonderful heart-friend divine.

Godfre Ray King, Freedom called thee
 "God-free" by pure I AM pow'r
 Every lifestream is a "ray," too
 Beamed from the Father each hour.
 Light is the king of creation
 Raying its beams from God's heart
 Healing, illumining, prospering all
 Proving the mast'ry thou art.

By thy great service to mankind
 Saint Germain's wide open door
 There has been drawn to this planet
 Love from those gone on before.
 Those now ascended in glory
 Flood forth their light to all men
 Now may the fullness of all in God's heart
 Bless thee again and again.

Great Central Sun and our Helios
 Vesta and masters above
 Your dispensations of mercy
 Pray we for this God of Love.
 Let all on earth know his service
 Tell them of Freedom's desire
 Make our dear planet at last Freedom's Star
 Victor by violet fire!*
