

Beloved Elohim of Purity
The Initiations of the Tree of Life

I come to lend that light of our God consciousness to the reinforcement of the mighty pillar of light established in this city this day.

Beloved hearts, understand that it is God in the Great Central Sun who has ordained this manifestation and that it is given as the most powerful manifestation for the implementation of the plan for the saving of the earth and the deliverance of the nations. Truly it is a cosmic dispensation come forth as promised by Sanat Kumara and the Karmic Board as that word that would be given on and following the anniversary of Lanello's ascension.

Therefore, this is the first of a mighty manifestation of light and of those that are to come, whereby chelas of the light may feel the implementation of that plan and may have a real and a tangible understanding that God is the reinforcer of your work! And except God work through you, your work is in vain! And except God keep the city through you, then the keeper of the city watcheth in vain!

Beloved Elohim of Purity

The Initiations of the Tree of Life

Hail, O light!

Hail, O light!

I AM light!

I AM the Elohim of Purity!

I come to lend that light of our God consciousness to the reinforcement of the mighty pillar of light established in this city this day.¹

Beloved hearts, understand that it is God in the Great Central Sun who has ordained this manifestation and that it is given as the most powerful manifestation for the implementation of the plan for the saving of the earth and the deliverance of the nations. Truly it is a cosmic dispensation come forth as promised by Sanat Kumara and the Karmic Board as that word that would be given on and following the anniversary of Lanello's ascension.

Therefore, this is the first of a mighty manifestation of light and of those that are to come, whereby chelas of the light may feel the implementation of that plan and may have a real and a tangible understanding that God *is* the reinforcer of your work! And except God work through you, your work is in vain! And except God keep the city through you, then the keeper of the city watcheth in vain!

To those who wait upon the LORD, we come. Measures of the fallen ones against the light require measures of outstanding light-manifestations in the earth! And God is not without recourse to these measures when Keepers of the Flame in embodiment have the sense of co-measurement for that service!

The messenger has announced to you the publication of the testimony of our Word.² With our direction, this book goeth forth. For us it is the cause of a mighty celebration, for truly by the great river of light that we are is earth cleansed and prepared for the golden age. Take heart, then, and invoke the light. We have added our own light to your blessing through beloved Godfre,³ and we would add our word on the subject of initiation.

The All-Power of Heaven and Earth Is Not Given to the Outer Self

The question has been addressed to us: "How is it that those who perhaps are not of great attainment, those who yet misqualify the light, are received side by side with those who are the trustworthy devotees? And also, how is it that with this influx of light there are not greater physical signs that there has indeed been the transfer of light?"

Well, I will tell you, my beloved. It is the office of the embodied messenger to transfer the sealing in the forehead that is the initiation promised unto the descendants of Sanat Kumara in the Book of Revelation.⁴ The messenger goes forth, receives all at the altar, and denies none.

Where, then, is cosmic justice? It is in this, my beloved: God will not allow this transfer of light, this initiatic spiral that is given, to be misqualified by the human consciousness. God does not trust the human consciousness, but God trusts the mighty I AM Presence and your own reality as the Christ Person, the beloved who is your Real Self.

Therefore, with each initiation of light that you receive,

that light is sealed—hermetically sealed, if you will—in a capsule of light, and it is held in the heart of the Christ Self on your behalf. You have an impetus that is conveyed, but the core of light that is truly the all-power of heaven and earth, which comes increment by increment, is not given to the outer self.

Do you understand that these are the initiations of the Tree of Life, which we have ordained through our messenger and none other in this decade and in this dispensation?

And therefore lest man eat of this light and live forever, we must seal that light! But the purpose is clear. When the initiation is given, it becomes a focus of the light that is to be within the heart of the blessed Guru, your Christ Self.

On that day, that acceptable day of the Lord when the surrender of your heart is truly one with the surrender of your lips, when the requirements of the law of your karma and your dharma have been fulfilled, then and only then does your inner Guru step forth and break the ampule of light and pour out upon that soul that is integrated with the Christ light the combined momentum of years and decades of these initiations that you have enjoyed in the dispensation of the messengers, both Godfre and Lotus and Mark and Elizabeth.

It Is Your Souls That Are Anointed

There you have it, beloved ones. You have seen other churches where the transfer of the Holy Ghost has resulted in some fainting, falling to the ground, and with others, instantaneous physical healings. My beloved, those who place their attention on this sort of phenomena receive what they place their attention on.

You have desired the meat that endureth unto eternal life,⁵ and therefore it is your souls that are anointed. And you as craftsmen of the Spirit, as disciples of the Word and as fishers of men, have the opportunity to weave your own net of light that becomes your deathless solar body. And in that weaving

and in that invoking of the violet flame, you prove the Law in the laboratory of your own being, which is your physical body and your four lower bodies.

Therefore the sign of the One Sent is not in the physical display but in the ongoing path of the ascension. We witness to the ascended disciples who have come out of the I AM Activity and out of the message of Mark and Elizabeth. We witness, therefore, to the lasting, everlasting resurrection of souls. This is the merit, the purpose, and the goal-fitting of our path! Those who desire the testimony need only meditate on the Lord and look up and perceive the saints robed in white.

I Consecrate This City of Chicago

I AM Elohim! I consecrate this city of Chicago! Let there then be the stalwart ones who understand that our coming, and our coming again, is not just another round of a messenger's visit to this city, is not just another round of the release of light. These are momentous occasions, and this century has been a momentous century among thousands and thousands of centuries. Truly it is the turning of the way and the turning of the tide whereby *you* may elect to rise on the momentum of our attainment and find the biding place of your mighty I AM Presence.

*I AM the Elohim of Purity! Hail, O light of Astrea!
Hail, O light of Astrea! Descend now and perform the
perfect work of the universal Mother within this city
through these hearts. It is our will. It is the will of Almighty
God. So be it. The mouth of the LORD hath spoken it.⁶
It is done. It is finished. It is sealed. Amen.*

Updated information and teaching on the Elohim is also found in *The Masters and Their Retreats*. (3) **Your blessing through beloved Godfre.** At the close of Godfre's dictation (see *Pearl of Wisdom*, this volume, no. 11), he said, "Now I touch you with my heart and with the seal of Saint Germain. Now I touch you, that our hearts might be one forever." Godfre, through the messenger, then touched each one present on the third eye with the emerald crystal. (4) Rev. 7:2-4; 14:1. (5) John 6:27. Purity

Our Love to the Hierarchs of the Fourth Ray

With our love, glad voices we raise
Alpha/Omega, Central Sun:
Emblazon flame of Purity mighty
With Light sweep all the earth in Vict'ry
As the sun shines pure in his strength
The pure in heart our God shall see.

Elohim of Purity's ray
Mighty Astrea, hear us pray:
Now blaze forth through the veil of all shadow
The pure radiance of Light from heaven
Purify and circle us all
Thy mighty sword and sphere of fire.

Gabriel, archangel of Light:
Announce to all the virgin birth
The concept, holy image of Purity
Immaculate the Light from heaven
Gabriel, angels of thy band
Purity's Light release to all.

Lord of Light, our Serapis Bey
Chohan of the ascension flame:
Infire us with thy vision of Purity
Nobility inspire within us
O to thee, Serapis, we call
From Luxor's flame ascend and free.

Holy one, now crowned of the Sun
Goddess of Purity, thy Light
Will raise us into heaven's great glory
Where angels ever praise the Father
Singing "Holy, Lord of all Life
Praise to the Light, the name I AM."*
