

Beloved Pallas Athena with Portia
The Blazing Flame of Truth
Part 1

In the light of truth, I AM come. And in the light that you have invoked, now as a flame-flower in your heart, I stand. And the Electronic Presence of my being, which is manifest even now in your heart, is accelerated by the light of truth that you have become. By the intensity of that light, so I multiply light.

Therefore you who would be in truth revolutionaries of the New Age can count upon my causal body for the squaring of your own momentum of truth. From this hour hence, therefore, I will square that portion of truth that is in physical manifestation within your temple. That portion of the word of truth that is made flesh within ye all shall be, then, squared by the portion of the fohatic key of my own momentum of truth.

Although you are not aware of the full import or the magnitude of this dispensation, I can assure you that the light that you are can become a star, and ultimately . . .

The Blazing Flame of Truth

Part 1

In the light of truth, I AM come. And in the light that you have invoked, now as a flame-flower in your heart, I stand. And the Electronic Presence of my being, which is manifest even now in your heart, is accelerated by the light of truth that you have become.¹ By the intensity of that light, so I multiply light.

Therefore you who would be in truth revolutionaries of the New Age can count upon my causal body for the squaring of your own momentum of truth. From this hour hence, therefore, I will square that portion of truth that is in physical manifestation within your temple. That portion of the word of truth that is made flesh within ye all shall be, then, squared by the portion of the fohatic key of my own momentum of truth. Although you are not aware of the full import or the magnitude of this dispensation, I can assure you that the light that you are can become a star, and ultimately a star of the first magnitude of the light of God.

I AM in the fullness of the flame of my causal body, and the Lord Maha Chohan, my consort of light,* comes to greet you in this hour of the fusion of comfort's flame with the truth

*The Maha Chohan is the twin flame of Pallas Athena.

that you have isolated within your being, even as truth itself has isolated error and consumed it.

You have been groomed by legions of truth and you have come from many corners of the earth as well as the universe. You have been assembled as atoms of light for a tremendous outburst and a pushing back of darkness. Therefore that darkness that opposes truth would press in against this circle of fire.

But, lo, we are come. And there is no force that can deny the invincible light of Alpha and Omega within our twin flames, for we stand in earth to multiply the action of the Holy Spirit and to rebuke those foul spirits who are the impostors of the Holy Ghost, even penetrating the churches as well as the nations of the earth.

Lo, we are come. For that truth that I AM must now descend with that certain force that commands transmutation. Therefore, for the fulfillment of this spring's dispensation of the Lords of Karma² there comes now to the platform, my beloved ones, one who is our guest of honor, and soon no longer a guest but the hostess of light standing on behalf of Saint Germain.

Won't you welcome the beloved ascended lady master Portia, the Goddess of Justice. [Students and faculty rise.]

Portia Is the Key That Opens the Door to Octaves of Light

Beloved ones, the hosts of light give unto Portia a standing ovation. Will you not join them in Saint Germain's name?

[38-second applause]

Beloved ones, the Karmic Board stands upon this platform and applauds the coming of this beloved divine mother of grace, the grace of freedom abounding. For our beloved Portia is the key—the key that opens the door now to octaves of light. And as this golden door is opened, you will look up the stairway of light. And behold, door beyond door opens, and there you see octave beyond octave as cosmic beings of light now descend

the golden stairway, passing through this open door—opportunity to cosmic hosts of light, opportunity to evolutions of earth, the solar systems and galaxies; opportunity to embody the flame of freedom and to know and to be the ultimate freedom of the ascension in the light.

Beloved hearts, we are grateful for your most gracious salutation unto the Almighty in manifestation, not only within Portia but unto all whom she so nobly represents.

(Won't you be seated.)

**The Judgment Call Brings Forth the
Two-Edged Sword of Ascension's Flame
and of the Annihilation Ray**

Seven pillars of wisdom, we stand. Now in the hour of this nexus, as there is the groaning and travailing of Mother Earth as all elemental life is striving to give birth to light and more light, it is the coming of Portia that allows not only the great light of Saint Germain to descend but that of the entire Karmic Board. Never before in this era of earth's history have the Lords of Karma been so near physical manifestation. We have actually crossed the line into the physical octave, though the nonvisible portion of that octave.

From this hour, then, by our causal bodies of light, your invocation of the Judgment Call,* given in the name of the Saviour Jesus, will have the effect—multiplied by our seven causal bodies of light—of bringing forth into manifestation that final judgment that accords to the children of the light accelerated opportunity for the path of the resurrection and the ascension, and unto the fallen ones the acceleration of their own annihilation.

Thus the Judgment Call brings forth the two-edged sword of ascension's flame and of the annihilation ray. Thus light descends and ascends and earth is propelled, and this propelling of light

*Decree 20.07, "The Judgment Call 'They Shall Not Pass!'" in the decree book *Prayers, Meditations and Dynamic Decrees for Personal and World Transformation* (#1778)

results in a more swift transmutation and in an acceleration of earth's currents, an acceleration of history's cycles and of all cycles that are impending. Thus you will behold in the coming months the acceleration of greater light to consume the greater darkness that also comes to the fore.

**Let the Blazing Flame of Truth Pierce Error
and Error's Gloom**

Now, then, the sponsors of Summit University from the Karmic Board multiply their causal bodies, manifest themselves almost in the physical octave, and unite in a cosponsorship of the remaining quarters.³ And, beloved hearts, we will remain with Summit University until that purpose to which we have been called by Alpha and Omega is fulfilled.

Our seven causal bodies of light now radiate the fullness of the seven Holy Kumaras. It is our desire that you enter into silent meditation in this hour upon the seven Holy Kumaras and the joy flame of the mind of God, which we intend to precipitate in every chela of the will of God, every true devotee of Sanat Kumara.

Now let the blazing flame of truth pierce error and error's gloom and those astral hordes that bring their prophecy of doomsday. We say in God's holy name: *They shall not pass because thou art, O God!*

We stand representing the seven rays of the Cosmic Christ, forerunners of Lord Maitreya. We stand in the earth. We come and we divest every true bearer of light of that darkness that would assail the word of truth wherever it is that glowing flame, that crystal jewel in the heart of the chela of God.

Our coming in this hour and the very presence of blessed Portia is a sign unto the dark ones that darkness itself has reached a level beyond which it shall not pass. And therefore you yourselves have experienced the intensity, as hordes of the astral plane have gathered together to conspire against this

activity of the Great White Brotherhood, against everyone who is of the light upon earth, against the blessed orifice of truth, the messenger, and against each one of you who takes your stand so nobly for the light.

**The Defense of the Very Cause
of Saint Germain and Portia**

We are here, then, to command this immortal flame of truth. And we come summoning the seven archangels and summoning you, my beloved, through the greater vision of Cyclopea to perceive how great is the light, how infinite are the legions of light, and yet how determined these fallen ones are.

Yes, you have been summoned for a very special purpose. It is the defense of the very cause of Saint Germain and Portia as that cause in this hour is assailed by many, on many fronts.

As you have received dispensations of light and warnings concerning the dark ones, it is our desire that you recognize that this is a key moment in cosmic cycles when in the very heart of the earth itself there are those disturbances that are pending precipitation into the physical octave according to the very law of returning karma.

Mankind's karma for the abuse of truth, the word of truth, and of the Manchild is very great, as you well know. The cycles of that karma are about to overflow the astral plane, so much so that were this to happen, the darkness in the world would exceed that which has come upon it in recent decades, which has so appalled the children of the light.

When one considers that the darkness is so great that it could not become any darker, and yet in consideration of that which is held back by legions of light, one must also realize that the darkness can become the blackest of the darkest nights except for the piercing light of Reality of the legions of the LORD.

**The Rumbling of an Entire Momentum of
Darkness That Is About to Spill Out
upon This Planetary Body**

Therefore, out of the fearlessness flame of living truth we present to you the hour of the mission, the hour of the unfoldment of your individual divine plan, the hour of a greater acceleration to each and every one of you, and the hour of need when you are called upon to give an extraordinary offering of the self upon this altar of truth—this altar, I say, the altar of the blessed Mother Mary.

For the beloved Mother has gone before the Father and the Son and the Holy Spirit to implore intercession. The Mother directs now that ray of crystal fire from her heart to your heart and out of the heart of Raphael. Behold, then, the great burden upon Mary. It is the burden of the soul, the universal soul that is the key of all souls. She points her finger now to India in crisis, to the forces of destructivity, especially of chaos—the chaos of the fallen ones, their tyranny, of imminent dictatorship and takeover.

She comes, as we do, in the fullness of the Mother flame, pleading on behalf of the little children, pleading on behalf of stability for the planetary body, pleading that the children of the light will see, if no one else will see, that the rumbling of Mount Saint Helens⁴ is only an indication of the rumbling of an entire momentum of darkness that is about to spill out upon this planetary body.

She implores, then, practical action and interaction, almost in the ecumenical sense of working with souls of light across the lines of their devotion in order to give courage and encouragement so that all souls of light who see and read that which is coming upon the earth may enter into a spirit of cooperation through the Holy Spirit, through the light of my own Beloved, [the Maha Chohan.]

Thus the Holy Spirit, everywhere manifest, is able through you—by the living witness of truth, which is the witness of our love—to overturn now this that presents itself as a moving darkness and as a moving stream that must be turned back by the very light of infinity itself.

Mother Mary Draws a Circle of Fire around India

In the name of Saint Germain, Mother Mary stands at this altar of truth. Raising her right hand, she draws a circle of fire around India and around her borders, calling forth legions of truth from out the Great Central Sun, legions of light who have not yet joined in the service of the liberation of earth and her evolutions.

They come from inner octaves of light. They come from out the white-fire core of suns unseen. They descend to defend the light—the light of the Great White Brotherhood in that land of India! They come in answer to the call of the stalwart ones who have gone forth with the messenger,⁵ whose dynamic decrees yet echo across that land.

They come in answer to the hearts of millions within that subcontinent who yet pray and pray and recite their mantras for the manifestation of the light. And therefore the cosmic cross of white fire is drawn. And therefore El Morya and Chananda stand to receive, then, this arcing from the heart—the Immaculate Heart of Mary—as that diamond traverses the earth itself and establishes the point of contact of the magnet of that so great a love that is the love of God.

Therefore, Alpha and Omega release their light through the action of Himalaya and the God and Goddess Meru. It is a holding action. It is the very fulfillment of Portia's heart of opportunity. For as many upon earth sleep and know not the imminence of danger, yet cosmic beings come forth to intercede on behalf of those who know not that they require the intercession of the LORD's hosts.

There is a stream of light. I know its source. It descends. And rivulets of fire, leaping fire, pass through your hearts as you are drawn, by a mighty magnet of light, closer to the heart of those who perform this cosmic service.

Mother Mary Raises Her Right Hand and Points to Rome, to Italy, and to Europe

Mother Mary raises her right hand and she points to Rome, to Italy, and to Europe. The ring of fire is drawn around the holy band of the children of the light. It is not drawn geographically except around that nation of Italy. It is drawn etherically, binding the hearts of the lightbearers to that thread of light, to that thread of a Mother's heart.

The Blessed Virgin appeals to those who guide all of Christendom, placing in their hearts a determination to overthrow World Communism and the fallen ones in every nation. Again she appears with courage and encouragement and an acceleration of light to spur those who represent her Son to mightier deeds and words that count in the cycle of the ages turning.

She Raises Her Right Arm upon Russia

Again she raises her right arm. It is upon Russia. And the circle of fire that is drawn is for the descent of the teachings of the ascended masters, the opportunity of the Path, and of the judgment itself. That electronic fire ring that is drawn, my beloved, cannot be crossed with impunity. That light that is drawn is the very manifestation of the judgment itself.

Understand that it is the LORD God Almighty who has chosen the Blessed Mother of Christ to implement, then, that which must come upon the earth for the very survival of the light in the holy innocents, for the very survival of the remnant.

The Right Hand of the Blessed Mother Is Raised and Encircles the United States of America

Again the right hand of the Blessed Mother is raised. And with love that is a devotion beyond the comprehension of those who are yet in physical embodiment, she encircles the land of Saint Germain—the United States of America. This fiery ring is reinforced ten times that which has been given. It is an action of the sacred fire of the ring-pass-not. It will draw to this people and to this nation the very attention of Cyclopea [and it will draw them to] the teachings of the ascended masters and the word that is spoken and the messenger that, as our representative, is the embodied teacher of the age.

Blessed hearts, the multiplication of light and light's representatives and the light of our representatives of truth is for the calling of the elect in an hour when that opportunity itself will summon hearts who have not responded and yet who can and shall because of the very nature of the seventh dispensation of freedom, of the action of the violet flame that goes before beloved Saint Germain and Portia.

Therefore by the very hand of Mother Mary, who stands in the glory of Saint Germain and Jesus, there comes to the earth this dispensation for the increase of the followers of the light within the Great White Brotherhood. Therefore let the cycles turn. Therefore let Portia speak now unto us out of the flame of justice.

to be continued

"The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom."

This previously unpublished dictation by **Pallas Athena with Portia** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Friday, June 13, 1980**, during the Summit University President's Reception at the Ashram of the World Mother in Los Angeles, California. Part 2 of this *Pearl of Wisdom* is published in this volume, no. 16. [N.B. Bracketed words have been added for clarity in the written word.]

(1) **The light of truth that you have become.** Pallas Athena is addressing the students of Summit University who had just completed the spring quarter, which she sponsored. This dictation was given during the last event of the quarter, called "The President's Reception," held at the Ashram of the World Mother in Los Angeles. Also see part 2 of this *Pearl of Wisdom*, no. 16, note 2. (2) **This spring's dispensation of the Lords of Karma.** See note 3. (3) **A cosponsorship of the remaining three quarters.** Pallas Athena is referring to the three quarters of Summit University in 1980, which were sponsored by the Lords of Karma and included the winter quarter sponsored by Cyclopea, the spring quarter sponsored by Pallas Athena, and the fall quarter sponsored by Portia. (4) **The rumbling of Mount Saint Helens.** In March 1980, a series of volcanic explosions occurred at Mount Saint Helens, the volcanic peak in the Cascade Range in southwestern Washington, United States. This escalated for nearly two months until a catastrophic explosive eruption took place on May 18, 1980, at 8:32 a.m. This eruption was one of the greatest volcanic explosions ever recorded in North America, in which a total of fifty-seven people and thousands of animals were killed. By the conclusion of the volcanic eruptions, Mount Saint Helens' volcanic cone had been completely blasted away. (5) **The stalwart ones who have gone forth with the messenger.** The messenger, staff, and Keepers of the Flame traveled to India from April 11 to April 20, 1980. The Ashram of the World Mother in New Delhi was established and dedicated by the Maha Chohan on April 17, 1980. This focus was maintained for a number of years, then closed in 1987. The present Chananda Cultural Society located in New Delhi was formally registered in 2013 and continues to be a center for the ascended masters.
