

Beloved Pallas Athena with Portia
The Blazing Flame of Truth
Part 2

I come from the very heart of Sanat Kumara, as we took our vow to fulfill his glorious light of freedom. So we anticipated the hour when, through those who had gone before, we might be almost physical in the full intensity of the magnet of our heart's love. Thus, we sent forth our messengers to give to you the teachings on the path—the path of twin flames, the path of their united service. All of this has laid the foundation so that we might manifest as Above and below through this uniting of hearts.

For the invincible light of Alpha and Omega, as the circle of wholeness, is indeed the key to the turning back of all that would desecrate the guru-chela relationship on earth as it is everywhere in heaven. This circle of fire—established in the very midst of our community now—is the cornerstone. It is the white cube. It is the foundation that prepares for the capstone of life to each individual son and daughter of God.

Thus, the ascended masters are stepping through . . .

The Blazing Flame of Truth

Part 2

Most gracious and beloved friends of freedom, how I rejoice to descend out of octaves of light in the name of the God of Freedom.

I come from the very heart of Sanat Kumara, as we took our vow to fulfill his glorious light of freedom. So we anticipated the hour when, through those who had gone before, we might be almost physical in the full intensity of the magnet of our heart's love. Thus, we sent forth our messengers to give to you the teachings on the path—the path of twin flames, the path of their united service. All of this has laid the foundation so that we might manifest as Above and below through this uniting of hearts.

For the invincible light of Alpha and Omega, as the circle of wholeness, is indeed the key to the turning back of all that would desecrate the guru-chela relationship on earth as it is everywhere in heaven. This circle of fire—established in the very midst of our community now—is the cornerstone. It is the white cube. It is the foundation that prepares for the capstone of life to each individual son and daughter of God.

Thus, the ascended masters are stepping through the veil. And as those who gather below transmute their own veils, self-created, they will find the light of the Maha Chohan and the light of truth parting [the veil] until no more will the separation prevent mankind from beholding the emissaries of truth. And there will come upon earth an era when angels and ascended beings once again appear to the holy ones and assure them of the great cloud of glory, of the witnesses of the LORD gathering and speaking out of the heart unto the children of God.

Thus, the prophecy I bear is opportunity to consume the very prophecy itself of mankind's own karma in the Dark Cycle.¹

I Ask You to Manifest the Most Extraordinary Commitment to Freedom

I AM here in this hour—this hour that becomes the fulcrum of light—to give to you, blessed hearts, that opportunity to receive so much violet flame in the name of Pallas Athena that all for which she stands might come into fruition in your life.

I ask you in Saint Germain's name to manifest the most extraordinary commitment to freedom that has yet been made by any students of the light. I speak not only to this quarter of Summit University but to all Keepers of the Flame, to all who have passed through the halls of our ascended master universities in the octaves of light.

I stand now as the spokeswoman on behalf of Saint Germain. I speak in his name! I campaign for him! I will go throughout the earth and I will strip those who are his devotees of their self-deceptions and even of the spirals of betrayal that they have manifested against the light of his appearing! I AM the determined one! And you may know that I have prepared, with accelerating strings of light and legions, to descend with a full momentum to penetrate, to crack, and to open wide the age!

Let the earth know and let those who gather here understand that this is a moment of turning and that all who are

Keepers of the Flame must themselves recognize the need to rise and to take their stand in this hour, as never before.

The momentum of dynamic decrees is now accelerating into the astral plane until the very astral hordes themselves, invaded by the lightbearers, are affrighted to the very extent that they turn again and summon from the very depths of Hades that darkness of hell and of death, as though with one last momentum to overturn that light—which cannot be overturned so long as stalwart souls can read the hour of the cosmic clock and know that this is indeed the hour to move forward into newness of life.

Beloved ones, we remain in this octave. We will remain in the unbroken manifestation of our sevenfold light, anchoring the light of the seven Holy Kumaras through this month and the months to come, and the spiral of our appearing is a golden ratio that wraps the earth itself in the momentum of the Kumaras. There will go forth that action for which we have prepared. There will go forth through you, then, all that you will allow by the very action of truth that you have espoused.

I AM the Fullness of the Light of Freedom of Saint Germain

In Saint Germain's name, I place upon you that mantle that is the sign of your attendance at Summit University. I place upon you that which the Law allows. And I urge you to take this opportunity while it is at hand, for it will not be given to me again for another 25,000 years to so manifest my flame as I AM.

Lo, I AM the fullness of the light of freedom of Saint Germain for the liberation of the Woman and her seed!

Lo, I AM here for the raising up of ascension's flame in all who love the light!

Lo, I AM here with my legions to challenge planetary injustice, personal injustice, and this involves the entire momentum of the negative karma of earth and her evolutions!

I AM here for justice unto every lifewave and unto the fallen ones. I AM here that justice will precipitate the fullness of mercy unto the children of the light and the ultimate mercy of the withdrawal of that light from those who have perpetually turned it to darkness.

It Is the Unspoken Word That Is of Utmost Importance in This Hour

Out of your meditation, draw forth the unspoken Word. For it is the unspoken Word that is of utmost importance in this hour. It involves the planetary plan for the survival of the light itself and all that we have deliberated nation by nation.

The Blessed Mother, who has welcomed you into her arms of light and home of light, will remain upon this altar, raising her right hand for that action of light nation by nation throughout the entire earth.

Therefore as the evening's festivities unfold² as you enter the joy of freedom's flame, you will know that we, meeting in conclave and manifesting our Electronic Presence sevenfold, stand in the earth as the judgment and the fulfillment of love.

Earth's cycles are turning. May your cycles also turn. May the portals of your divinity be opened sevenfold. May you seize this hour and recognize yourself as the instrument of Almighty God, capable by his flame of raising up a mighty people and the children, who are so very dear.

I AM here! And in the name of Saint Germain, I AM here to stay until I am called once again to roll up this mighty spiral of light into other octaves of service.

Cosmic hosts, descend! The hour is come and I AM in the earth, the Goddess of Opportunity.

Pallas Athena

Beloved ones, in gratitude for the manifest light of freedom in our beautiful Portia, I stand before you to commend you for all that you have accomplished in the name of truth and to urge you to not leave undone that portion that remains. For the laurel wreath of victory is unto those who do not tire until every vestige of error, however minute, is turned into a light that is the diamond of God's will.

You have taken a single step, yet it is, by comparison to all previous steps, a giant step for truth. Take, then, six more and behold what seven octaves of light and seven portals hold in store. Each door you open will reveal the magic face of light, of cosmic beings descending to anchor now in seven rays of earth's evolutions those initiations that show the truth of that Cosmic Christ Lord Maitreya in each of the seven rays of service.

By this light, then, I release the crystal ray. It is for the precipitation of the crystal helmet, the crystal armour, and, when you will merit it, the crystal sword.

Rise now, my beloved. [Audience rises.] I, Pallas Athena, restore now the light of truth and its ray and dispensation withdrawn many thousands of years ago. By those who have prepared my place, the dispensation of the oracle of truth descends. Out of Delphi³ I come in the name of Vesta. I seal you. I AM the healing light of truth.

I bear a flame—the flame, the flame. The flame, all-consuming, is the gift of God that I AM!

O take my flame and hold me to your heart. Let us burn forevermore together until all error is consumed and the flame of truth reigns supreme.

Burn, O mighty flame! Burn, O mighty flame! In God's name, let those who are the persecutors of truth now be stopped! Let them be silenced! I proclaim it! And they shall no longer stop the proclamation of truth.

Be Truth in Action!

See and hear, O noble souls! I hurl a mighty spear of truth into action nation by nation! It is my adoration of the Virgin Mother. I hurl a spear of truth. Behold! Behold how it rends the veil. Behold how legions of truth descend by Portia's hand. Behold how you rise at inner levels to meet them, moving arm in arm with those armies of the Faithful and True.

You *shall* overcome! For it is written. And so it is written! So it is infired! So it is the action of God! Now I commend you, faithful hearts: Be truth in action! For where you are that truth in action, I AM always your Pallas Athena—yours to command in God's name.

I AM grateful for the flame! I AM grateful for the flame that *you are become!*

"The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom." This previously unpublished dictation by **Pallas Athena with Portia** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Friday, June 13, 1980**, during the Summit University President's Reception at the Ashram of the World Mother in Los Angeles, California. Part 1 of this *Pearl of Wisdom* is published in this volume, no. 15. Any books listed in the following endnotes are published by Summit University Press and are by Mark L. Prophet and/or Elizabeth Clare Prophet unless otherwise noted. Books, audio, and video products are available at Store.SummitLighthouse.org. The widest selection of audio files, including dictations, is available at AscendedMasterLibrary.org. (1) **The Dark Cycle**. See *Pearl of Wisdom*, this volume, no. 7, note 4. (2) **As the evening's festivities unfold**. At the end of every Summit University quarter, the messenger and students shared in a special time together, called the President's Reception. This event included a specially prepared dinner and several activities unique to each quarter, such as dramatic readings or enactments usually related to the theme or sponsor of the quarter, a gift of gratitude given to the messenger by the students, a question-and-answer period, sometimes a student clearance and/or a final dictation, and even a waltz! The messenger described the President's Reception as a time of togetherness, saying: "All the students come and we have a good time, and we sing and we talk about our togetherness." Regarding the transformation of the students that took place during the Summit University quarter, the messenger said, "The transformation, I can only say, is by the grace of God. And as I was meditating on what that transformation is, Maitreya showed me that it is the gift of initiation." (3) **Out of Delphi**. Pallas Athena was embodied as the high priestess in the Temple of Truth on Atlantis, serving under Vesta. She later kept the Mother flame of truth in ancient Greece, as that temple and that temple flame were transferred from Atlantis to that land. She served as directress of the temple virgins and oracles at Delphi, who were messengers of the gods and goddesses who spoke truth and the wisdom of the Law to the ancients. Pallas Athena and the members of the Brotherhood sought to keep alive the inner mysteries of the retreats. The memories of the gods, the functions of the temple virgins, and the oracles of Delphi were the last vestiges of communication from the ascended masters in the Greek culture. The Delphic and other oracles were eventually closed due to psychic intrusion, the opposition of orthodox Christianity, and the rebellion of the people against the mysteries. See *The Masters and Their Retreats*, pp. 266–69.

Living Truth

In the name of the beloved mighty victorious Presence of God, I AM in me, my very own beloved Holy Christ Self, and Holy Christ Selves of all mankind, I decree:

O God of Truth, I AM in all,
For understanding now I call;
To see Thee in thy fullness, LORD,
Behold, is living Truth adored.

I AM aware by reason pure
That only God can make secure
The lifetime's search for heaven's Law
That enters, filling hearts with awe.

Come now and help me Truth enshrine;
All understanding now is mine
Whene'er I open wide the Door
No man can shut forevermore.

O blazing Light of living Truth,
Thou fountainhead of lasting youth,
Come pour thy radiance through my mind
Until in peace at last I find

That God's own Spirit manifest
Is ever and alone the best
And holds each man in right secure
To understand the Law as pure;

That God's own Law is Truth alone,
For every error does atone,
And lifts all to the pure estate
Where Silent Watchers watch and wait

To vest Ascended Master Youth
With blest Hilarion's ray of Truth.
Pallas Athena, thy Truth be
Our scepter of authority!*

And in full Faith. . .
