

Beloved Oromasis and Diana

The Clearing of the Way for Beloved Saint Germain and Portia

Billions of fiery salamanders gather in great acclamation and joy, celebration and hosannas, clearing the way, then, for the coming of Saint Germain and Portia walking the earth with their mighty retinue of the Aquarian age. As elementals and angels and devotees of freedom follow in the wake of their mighty God flame, so we, the fiery salamanders as these have dedicated their hearts to us, forge ahead in the clearing of the pathway so that in every road and highway the place might be prepared and the way cleared, that their footprints in the earth might be upon that purified earth—the earth that is not scorched but indeed washed clean by the beings of the elements.

It is our goal and it is the dedication of every fiery salamander to clear the way for the violet flame, for the seventh age, to clear the minds of the people and their bodies to receive the sacred fire teaching, to receive the message of the mysteries of the Holy Grail. We know and we see that...

The Clearing of the Way for Beloved Saint Germain and Portia

Hail, children of the Sun! We are come with the fullness of our bands marching across the earth in the cosmic-cross formation of life. We come as you know us, Oromasis and Diana. We come leading fiery salamanders who have appeared before our throne this day, dedicating their life to the multiplication of the sacred fire, clearing the way for the hierarchs of the age, beloved Saint Germain and Portia.

Billions of fiery salamanders gather in great acclamation and joy, celebration and hosannas, clearing the way, then, for the coming of Saint Germain and Portia walking the earth with their mighty retinue of the Aquarian age. As elementals and angels and devotees of freedom follow in the wake of their mighty God flame, so we, the fiery salamanders as these have dedicated their hearts to us, forge ahead in the clearing of the pathway so that in every road and highway the place might be prepared and the way cleared, that their footprints in the earth might be upon that purified earth—the earth that is not scorched¹ but indeed washed clean by the beings of the elements.

It is our goal and it is the dedication of every fiery salamander to clear the way for the violet flame, for the seventh age, to clear the minds of the people and their bodies to receive

the sacred fire teaching, to receive the message of the mysteries of the Holy Grail. We know and we see that it is the sacred fire borne by our bands that truly prepares the desire body, the earth body, the mind, and especially the memory to contain the very image of Saint Germain and Portia.

The Great Marching of Elemental Life across the Face of the Earth

Thus there is a great marching across the face of the earth. It is the marching of elemental life. We rejoice in the acceleration of the chelas. We rejoice in the acceleration of cooperation and in the music of the spheres brought forth whereby the light of the archangels and their legions assists us also and raises elemental life and releases elemental life from the spurious conditions of the fallen ones, of their witchcraft, of their serpentine forces and the locking into certain matrices of the elementals against their will.

Thus the fiery salamanders, in the greatest discipline and cosmic order, hand in hand with seraphim, are determined to clear the way not only for Saint Germain and Portia but for all emissaries of the Brotherhood and pilgrims of the light who will go forth from Camelot understanding the need to carry those ribbons of light and fire across and around the earth and into the very center.

Here, then, we stand. Here we come in honor of the great hierarchs of the Aquarian age. And we commend you unto the keeping of our flame and we call you to join us. Join us, then, throughout the highways of the earth as we make plain the vision of our God.

Will You Take upon Yourself the Burden of the LORD That the Fiery Salamanders Bear?

Children of the Sun, the office of the salamanders lowering the currents of Helios and Vesta is a calling that we place

before you. We ask you, as these fiery salamanders bear the burden of the Dark Cycle,² for you to enter into the initiations of the sacred fire mysteries, which we convey. By the authority of Lord Maitreya, therefore, we stand as representatives of the Great Initiator to draw you into a greater God consciousness and God-mastery of the fiery salamanders and of their sacred labor. Will you then not also take upon yourself this burden of the LORD that they bear in order to clear the way for the coming of Saint Germain and Portia into the four lower vehicles and the very souls of humanity?

Beloved hearts, this we invite you to do and therefore to come into a oneness at the level of the etheric plane, reaching into the very intensity of the physical plane itself with these fiery salamanders, that their work might *expand* and *expand* and *expand* as the sacred fire, which will surely bring God-control into the very heart of the earth and into the heart of the atoms themselves.

We Bid You Welcome to the Mighty Service of the Sacred Fire

We stand on the coastlines and on the fire-ring.* We stand in those areas of turbulence and imbalance and we infuse the earth with sacred fire. We implant the rods and cones necessary. We magnify the Great Central Sun Magnet and we uplift you in our love.

Beloved hearts of light, these fiery salamanders are so joyous that they pick you up and toss you and hold you as great fathers and mothers of your lifestreams. They are joyous to buoy you up in their rainbow rays of light so that you might feel buoyant, so that you might know truly the action and the service of Zarathustra, of Melchizedek, of Enoch, of Sanat Kumara, of all who have returned to the flame. Every lifestream who

*fire-ring: the landmasses that surround the Pacific Ocean, from the tip of South America and north through Central America, the United States, up to Alaska, the Aleutian chain, Russia, around the islands of the Pacific, Japan, and around through Indonesia and Australia

approaches the ascension flame at Luxor is assisted by these fiery salamanders.

O beloved ones, how they are urging you, in their excitement and joy, to go into the large cities and to purge and to consume the layers upon layers of darkness that threaten the very balance of these centers of population. Thus you can project yourself there, borne by the mighty salamanders when you are out of temple, when you are working at inner levels. Thus a single signpost, a statue, a landmark in a city on a postcard can be your reference point for your soul's journey of keeping the flame of the nations.

We bid you welcome to the mighty service of the sacred fire. Well prepared are you by the ascended masters. We rejoice. Salamanders rejoice to be in the presence of Keepers of the Flame, who are bathed in violet fire.

Onward we march before Saint Germain and Portia. Onward! March with us, ye saints of the Word!
