Cycles Turning

The Key to the Acceleration of the Mystical Body of God

Part 1

I Will Stand to Sponsor My Own Lady Portia and All Devotees of Her God Flame

O light from the Great Central Sun, I AM come! I stand in the midst of this nation! I AM Saint Germain, and my voice shall go forth! It will accomplish its purpose, and I will stand to sponsor my own Lady Portia and all devotees of her great God flame.

In the name of cosmic freedom, I greet you, Keepers of the Flame of Chicago and neighboring cities of light. For I am here to amplify the great God flame of America and thereby to avert certain cataclysm impending. For by this heart chakra and those who defend it with all diligence, we are determined—we who stand with the Karmic Board at the Royal Teton Retreat¹—to hold America in our embrace, to seal her in the jewel of the flame of cosmic freedom, to protect elemental life and the divine plan of the Great Divine Director.

Most gracious ladies and gentlemen who are the children of the light and the true sons and daughters of God, I come

because you have called, because you have offered, and therefore I have accepted your heart flames as chalices of my very own. And in this hour of cycles turning, I am grateful to be in the midst of lightbearers who bear the flame of God Harmony, who are determined to be one and to receive me and my own.

Therefore, I give to you my most blessed heart, beloved Portia.

Beloved Portia

My very own bands of light, all who have come with me out of the realms of the great light as bearers of the flame of justice, with the sign of the lilac and the violet and the purple pansy, I am amplifying sacred fire and wheels of cosmic justice turning in my very heart of hearts. Won't you come now to be a part of my own floral offering unto the Most High God? O my children of the Sun most blessed, won't you be seated in this heart of fire.

I am drawing the circle of my heart, my flaming heart of cosmic justice around this forcefield, which I desire to make permanent in the city of Chicago if you will will it so, if you will decree it so, and if you will secure this home of light.

Thus the reinforcement to the heart of the earth as a shaft of cosmic justice will begin the rolling back that is the requirement of the hour. It is the rolling back of those situations of cosmic injustice that are rooted in the nations, those individuals who have raised themselves up in positions of power—power that is the anti-power of the Almighty. These are the ones who must be rolled back by the sacred fire of your very soul and heart and mind. For soul, heart, and mind within you is a most blessed trinity of dedication to freedom, and without the physical platform of evolution these three cannot function.

Therefore I say, guard the physical heart and temple. Guard the base of the pyramid of life and let your soul amplify

God-desire in harmony. Let your heart multiply the wisdom of cosmos and the great strength of Elohim. Let your mind be the mind of the sons of God whereby the judgment can manifest. Therefore wisdom, judgment, and perfect love as perfect God-desiring do form this manifestation of the Trinity of light by the sacred heart of Saint Germain.

I have journeyed from temples of light and across America to be with you, and I cherish these moments to contact your heart flame. May you also cherish the opportunity to be pillars of sacred fire in America in this hour. We are sending our messenger here and there upon the face of the earth for this anchoring of light, for these electrodes of purple fire. Therefore, happy are ye to receive me through her, and through her the hierarchy of light saluteth thee.

The Guru May Now Take on Other Portions of the Karma of the Chelas

Most blessed ones, as you are desirous of that perfect cleansing of your four lower bodies, so our beloved Cyclopea, at the behest of the Lords of Karma, has summoned the Keeper of the Scrolls to look down upon your lifestreams to see what could be taken in this hour, and it is through the mantle and the attainment of the embodied messenger that this dispensation is forthcoming from the Lords of Karma. Therefore happy are ye when ye acknowledge the Word incarnate to be the one who therefore bears the sins of the world.

As I came in 1973 to announce to you the mantle of the Vicar of Christ,² which means the representative of the Lord Jesus Christ upon earth, so I announce to you that the levels of cycles turning and the embodying of the light of Sanat Kumara have arrived to the place where we might now expand through her a more than ordinary action of the law of karma—the law of the cycles of karma whereby the true chelas and devotees of Padma Sambhava (who is her sponsor in the office of Guru)

might also now receive the benefit of that very personal guru-chela relationship in the physical octave and whereby the Guru may now take on other portions of the karma of the chelas in order that the chelas themselves may bear a more than ordinary burden of planetary karma and therefore accelerate and thereby consummate the great love of light and life in this octave.

Therefore, by initiations within the very forcefield of her own karmic cycles and the cosmic cycles of Lanello and all of the messengers who have gone before, you who are the devotees with constancy of light—you whose consciousness does mesh with that of the World Mother—find yourselves, in this moment of opportunity with our coming, to have drawn into the sacred fire a more than ordinary momentum of your own personal karma.

That Karma That Remains Must Be Balanced by Service

Therefore I announce to you this dispensation of the acceleration of cycles turning, and I announce to you that that karma that remains and cannot be taken must be balanced by service. Therefore I would teach you in this hour that that service—that blessed service as the worship of the dharma, as the worship of the Law and the teaching and the teacher in the person of Gautama Buddha—is the surest manifestation and opportunity for you to become lighter and lighter.

And sometimes it is these very things that you desire that you deprive yourselves of for want of the playing of the great symphony of life within your being, for want of rendering that ultimate service and making the necessary sacrifice whereby the Law is satisfied and past momentums of injustice may be replaced by cosmic justice, and whereby you therefore become the living replica of my own great causal body and you yourself may walk the earth sponsored by these hierarchs of light, our own blessed hierarchy in the Aquarian age.

Understand, then, beloved ones, that when you ask and call for more light, when you become heavy with the world's energy because you do not enter as often as you should into the service of the light and then you wonder why you do not make progress on the Path, I say: Do not blame it upon the service of the messengers. Do not blame it upon the Law itself or the ineffectiveness of the dynamic decrees. For I tell you, *you* are the keystone of the arch of cosmic law, and through you the Law will act—act by the action of cosmic justice—when you apply it and when you show that willingness to give of yourself.

Many of you understand the nature of giving in preparation, in the path of education and acceleration to serve humanity in various fields of sacred labor. Others understand the immediate necessity of the delivery of the Word. These conditions of consciousness, my beloved, have much to do with your own service in the past, and therefore each one must be responsive to the great inner guru of the Christ Self and to all of our words spoken through the messenger in this hour. For this hour is indeed a great challenge to all of the hosts of the LORD.

What Is Cosmic Justice?

Hour by hour, the burdens upon this nation are such as to bow down even elemental life. And then come the Keepers of the Flame, again reinfusing the atmosphere and the earth body with the necessary momentum of light, and we are able to hold the balance and adjudicate these matters.

You have heard of the alignment of planets known as the Jupiter Effect.³ You have heard, then, of the expectancy of conditions in the planetary body that would be difficult to be dealt with by humanity. All of this is because this Jupiter Effect represents the alignment of karmic energies in the Dark Cycle,⁴ turning then toward the fullness of the fourteen-year cycle,⁵ reaching that moment under the hierarchy of Capricorn when an extraordinary momentum of cosmic justice must descend.

And what is cosmic justice? My beloved, it is justice unto the LORD God Almighty, which returns to the earth those accumulated momentums that are blocking the light, blocking the great golden age. And therefore, beloved ones, you can expect in the coming year, in the coming twelve-month cycle itself, a certain acceleration of light that *must*—and I say *must*—be watched by Keepers of the Flame, must be guarded against, and there must be such an intensity of violet flame so that we may continue our rescue mission to those souls of light who have not yet come into the knowledge of their mighty I AM Presence!

Upon Many the Final Judgment Is Come

If you consider, beloved ones, that it has been a century since beloved El Morya and Kuthumi and Djwal Kul, with my own beloved Saint Germain and Serapis Bey, began to inaugurate the release of the ancient wisdom out of India, out of the West, out of devotees of light, you will therefore realize that in the cycle of a hundred years, millions of souls upon this planetary body have had the opportunity to heed the Word of the embodied messengers who have come and who have ascended into the octaves of light.

Realize, then, that upon many the Final Judgment is come and many have had the opportunity to reembody in the space of this century—those who have once already denied the action of the sacred law, of the teachings of the masters of the Far East and of the Lord Christ and of the very nature of the I AM Presence itself. Therefore, some have had any number of opportunities, and these individual lifestreams, for whom the Great Law has provided such cosmic dispensations, have once again turned their backs on the great law of life as they did so in past millennia.

Let it be understood that these souls of light could have, if they would, entered into great dispensations of expansion of consciousness and effectiveness in bringing society into alignment.

Therefore their time is come and their hour is come, and for many it is the final opportunity. Therefore it is the hour of cycles turning, and therefore many more than you realize have had the opportunity to have access to the ascended masters' teachings.

Now in this decade of the 1980s there is also a certain finality for many East and West, and therefore you have felt the call to spread the Word of the teachings, to preach the Word, and to see that our publications are available in wider and wider circles. Yet many have never heard the name of the messenger or even the words "ascended master." It seems hardly possible and yet it is true, even in this very city where we have begun such a noble work through our beloved Godfre and Lotus and so many souls of light.⁶

Realize, then, that when those who are destined to have the opportunity to carry a great light (because they have betrayed that light in the past) do not do so, the torch is indeed passed. And we have seen this hour as the hour of torches passing, and millions upon Keepers of the Flame—millions upon millions of Keepers of the Flame in the higher octaves—have transferred to you and other millions upon earth the mighty sacred fire of their causal body momentum of this living flame of cosmic freedom!

And therefore in every nation there is a great surging of the light of freedom, only to be put down and put back by the fallen ones who have assembled themselves in positions of power and who have raked to themselves—in their gambling casinos, in their organized crime, in their manipulation of the economy and the Federal Reserve System—this nation's wealth and the wealth of nations.

The Acceleration unto the Earth Draws Nigh

Beloved hearts, as you know, until gold from the heart of the God of Gold, until light from the heart of Saint Germain

is anchored firmly in the hearts of devotees, this planetary body cannot be accelerated into the great golden age. The LORD God Almighty has revealed to us and to the messenger the means whereby this planetary body can be, in the twinkling of the eye of God, accelerated into new dimensions and those who are of the light can be accelerated and those who have not the light can have therefore the acceleration of the judgment.

This is the very means of the purification of the earth body, the water, the land, and the subconscious minds of the people. This very momentous occasion of acceleration unto the earth draws nigh. And therefore we pray that you are found in the very heart of your Great God Presence and that you will recognize that unto every Keeper of the Flame there is refuge and opportunity provided if you will heed the call of the Goddess of Liberty and realize that this Inner Retreat and its proposal⁷ is no figment of the messenger's imagination or any part of lesser desire, but it is indeed the divine plan of Saint Germain made known for thousands of years to you at inner levels, and even in outer manifestation whereby you may gather apart from those areas of danger—danger that manifests in the hour of cycles turning.

Let all then understand that even upon earth you need, as the Great White Brotherhood needs, a home of light and a haven of safety, a place where you can say, "This is my home. This is my focus of the God Star while I am in the earth and while I am required to preserve a physical body and a physical manifestation for the saving of the nations."

You Must Reckon with the Meaning of Cosmic Justice

Beloved ones, you are all pilgrims of the sacred fire who have come to this planetary body willing to lay your life on the line for Saint Germain and for me, and we have not forgotten, for we have stood with you upon Venus with Sanat Kumara and

Lady Venus. We have not forgotten your faces, each and every one of you, or your pledge. And therefore we come to renew our pledge and to say to you, it is important that you have a place that you know is your very own home of light, a place and a haven where the golden-age spiral may begin, where light can increase and go forth even while others upon the planetary body are experiencing sometimes the violent return of their own karmic patterns.

Beloved ones, you must reckon with the meaning of cosmic justice and realize that cosmic justice sometimes brings turbulence to the seas and to the emotional bodies, even as it is the ray of light of God Harmony that is able to draw all of that into the sacred fire.

Therefore, you—you *do* have eyes to see. And I speak to you who have eyes to see and I say, look all around you and ask yourself: Can those who continue to perpetrate these deeds of violent crimes and sins against humanity and war and the misuse of the bodies of mankind clean escape the returning action of karma? I tell you, Nay! They must experience the judgment side by side with cosmic justice. Is it therefore cosmic justice that the innocent should suffer with the guilty? I tell you, Nay!

And this is why Joshua, as the person of the Lord Christ,⁸ declared to you, “Come apart and be a separate people.”⁹ It is not cosmic justice that the holy innocents should die at the hand of Herod incarnation after incarnation and century after century.

You have seen! You have heard! You know the manipulation of the body of woman upon this earth! You know how women are abused by these fallen ones in the medical profession, how they are prevented from giving birth to children, how they are coaxed and threatened into abortion and to cutting off the womb so that they might no longer bear. And therefore

they go forth by the hand of the Nephilim as barren fig trees into life—these who are the fair maidens of heaven’s hosts.

Beloved hearts, the treachery and intrigue of these fallen ones must be known and understood for what it is. For as you see this, you must come to the understanding that the community of the Holy Spirit *is* real, that the Place Prepared *is* real, and that we have summoned you apart that you might be the inheritors of a golden age as you have kept this flame for thousands and thousands of years.

Do you think that we will now leave you in the very midst of the threatenings of holocaust as the leaders of nations make no preparation for the protection of their populations, as they do not even care whether or not they pollute their bodies with the most dangerous types of toxins?

Into Your Very Hands Is Entrusted the Flame of God-Freedom and the Life of the Incoming Avatars

Beloved hearts of light and hearts of gold, I address you in the name of Saint Germain. *You* are the responsible and mature Keepers of the Flame and initiates of the sacred fire upon the planetary body! Into your very hands is entrusted the flame of God-freedom and the life of the incoming avatars!

Saint Germain has said to me this very day, after consultation with the Great Divine Director and all of us who sit on the Karmic Board, that there cannot be the release of these lifestreams into the earth unless there is a tangible demonstration on the part of this student body that there *will be* the Inner Retreat, and there will be that retreat swiftly, so that these souls of light need not enter into embodiment already polluted from their mother’s wombs by those conditions of consciousness that are not of the light and by these pollutions in the elements.

They must not come forth already polluted from their

mothers' wombs! I tell you, it must not be so! And those who are the adults, those who see and know, those who are effective because they use the dynamic decrees daily, are the very ones who must take the reins of responsibility now!

(2) **The mantle of the Vicar of Christ**. On July 2,

1973, beloved Portia gave a dictation in which she announced that "it has been decided by the Knight Commander, by Jesus the Christ, and by the Darjeeling Council that the Great White Brotherhood should vest the authority of the Vicar of Christ and the head of the true Church, the Church Universal and Triumphant, in the Mother of the Flame. Although she has not desired to make this known to you or to tell you publicly of the visitation which she received a year ago from Jesus the Christ in which he anointed her as the Vicar of Christ, we have desired to make this announcement to this body this day." (3) **The Jupiter Effect** refers to a theory by scientists John Gribbin and Stephen Plagemann that a rare planetary alignment, reaching its maximum on March 10, 1982, will—according to them—cause a major slippage of the San Andreas Fault with the consequent destruction of Los Angeles and other California cities by earthquakes. A fourteen-year cycle represents the tests and initiations of the fourteen stations of the cross walked by the Woman and her seed in Aquarius. The "fullness of the fourteen-year cycle under the hierarchy of Capricorn" mentioned in this dictation by Saint Germain and Portia began on April 23, 1981. This cycle was congruent with the Dark Cycle and the release of karma on the twelve lines of the cosmic clock. (6) **A noble work through our beloved Godfre and Lotus and so many souls of light**. Godfre is also referring to those who were I AM students who are now in the retreats on the etheric plane. (7) **This Inner Retreat and its proposal**. The Goddess of Liberty first called for the establishment of the Inner Retreat on February 26, 1980, a year before the property was secured. On July 3, 1980, she stated: "We would see that Inner Retreat manifest and with all deliberate haste. . . that the Great White Brotherhood and its God-government in the galaxies might have that physical focus which is necessary in order for those beings of light as well as the divine plan of God to manifest in the earth." (8) **Joshua, as the person of the Lord Christ**. Joshua (sixteenth century B.C.), a prior embodiment of Jesus, led the Israelites into the promised land. On July 13, 1980, the messenger stated: "We have spoken of the Inner Retreat. We have spoken of the Place Prepared. Joshua was leading the children of Israel to the place prepared that they might have that forcefield, that physical land, which would not be contaminated by these fallen angels."
