Cycles Turning

***The Key to the Acceleration of the
Mystical Body of God
Part 2***

I read the handwriting on the wall, and this handwriting on the wall is the handwriting of humanity's karma and their resistance and their continued rebellion to come into conformity with the great Word of the Law that went forth through the I AM Activity and this activity of light and that continues to go forth through your own blessed hearts.

And you will realize, if you wait to act a twelve month, that you should have acted twelve months earlier. For you will realize that the cycles are moving swiftly and we desire to see the children of the light, the Keepers of the Flame, and our own messenger in that forcefield of light that will decree that the Lords of Karma can act to save the nation at the very moment that they do act for the binding of the fallen ones. All is set in position, and you have the understanding of the invocation of the judgment.

Cycles Turning

The Key to the Acceleration of the Mystical Body of God

Part 2

I tell you, beloved hearts, the cycles are turning. And ere one year has passed, you will see upon this planetary body such changes as you will know that I came to Chicago to deliver to you my very heart, to place it upon the altar of your hearts as representative of the hearts of humanity.

You will know that I spoke because I read the handwriting on the wall, and this handwriting on the wall is the handwriting of humanity's karma and their resistance and their continued rebellion to come into conformity with the great Word of the Law that went forth through the I AM Activity and this activity of light and that continues to go forth through your own blessed hearts.

And you will realize, if you wait to act a twelve month, that you should have acted twelve months earlier. For you will realize that the cycles are moving swiftly and we desire to see the children of the light, the Keepers of the Flame, and our own messenger in that forcefield of light that will decree that the Lords of Karma can act to save the nation at the very moment that they do act for the binding of the fallen ones.

All is set in position, and you have the understanding of the invocation of the judgment.* Now understand that indeed cycles are turning, and I give you this message even before the Harvest conference,¹ even before the New Year's conference,² so that you may have the advanced understanding that this is the message for 1981. And it is through my heart flame that there is to be the expansion, the intensification of violet flame in order to give ultimate opportunity to those who have not responded before.

The Uncovering and the Exposure of Injustice in Every Area of Life

Our servants here in the teaching centers and in our headquarters give their lives gladly for the reaping of the great harvest of souls.

I place before you once again the great need for dedicated servants to assist in the publishing of the Word. If you feel my heart's ray and calling as I speak, remember: If you have not yet knocked on the doors of Camelot, knock. And if you have already knocked, then I say, knock again until you are bidden enter to prepare these mighty messages of light as the printed Word, as video recordings, as films to go forth.

It is important that the children of the light in every nation make eye contact with the messenger and through the messenger as the open door to octaves of light, into the very hearts of the hosts of the LORD.

We stand just beyond the veil, and our vibratory rate is recorded within this physical vehicle and within the videotape itself. Therefore, let the children of the light both see and hear, and let them receive wholeheartedly, without fear, our message, our presence, and know that these are the hours of cycles turning.

And therefore let us apply ourselves to the dissemination

*Decree 20.07, "The Judgment Call 'They Shall Not Pass!'" in the decree book *Prayers, Meditations and Dynamic Decrees for Personal and World Transformation* (#1778), p. 238

of the Word of the science—the science of the dynamic decree and of the Word itself. Let us apply ourselves to the uncovering and the exposure of injustice in every area of life!

**The Fallen Ones Seem to Be in Possession of Power,
but This Is the Seeming of Maya**

I stand behind you and the messenger in the sending forth of Omega's manifestos.³ Let them go forth! Let them become a part of you! And now I say, speak out and let there be enlightenment everywhere. For we are here. We are expanding our heart flame. And this heart's life will not be put down by these fallen ones.

Therefore, as the messenger has given that exposure of the fallen ones in the city of Philadelphia,⁴ cradle of liberty and light of eternal love of the Great White Brotherhood, so that challenge has sent forth its reverberations into the Middle East and there is a warring in the members of these laggard evolutions as their own momentums of human karma are turned against one another.

And therefore though the judgment is come upon them, that very judgment becomes the threatening of darkness unto the nations of the earth, as there is no leadership whatsoever in the guidance of America or Mother Russia into the way of peace, but only war and the acceleration of war and the failure to understand the strategies of darkness on the part of this president and his cabinet and the failure to understand the great Prince of Peace and the light of everlasting life in the very heart of Mother Russia itself.

Beloved ones, everywhere we look the fallen ones *seem* to be in possession of power, but this is the seeming of maya! You must deny it, denounce it, and affirm God-reality! You must affirm the sons and daughters of God in these positions of power, and you must look to your own heart and temple and say:

Why, lo! I AM that son of God! And I AM the authority for the Almighty One in the earth! Mighty I AM Presence, come down and sweep through me now! *Blaze* through me now! Establish your mighty dazzling light of perfection where I AM! Send forth the Word! Consume in me all ignorance of the Great Law!

Let illumination and enlightenment of the Great Central Sun Magnet *flow* through me! *Flow* through me! *Flow* through me! I will not take no for an answer! I summon legions of fiery salamanders, gnomes, sylphs, and undines and the hosts of mighty seraphim to come forth and march with me into action in the sacred fire!

**We Will Accelerate and We Hurl
Our Mighty Sphere of Light**

I desire, beloved ones, that you should use the "Rakoczy March"* as my very own march of coming, coming for the freedom of Eastern Europe, coming out of the very hearts of the souls of light who have called for justice and who are determined to take their stand for that flame of God-justice.

O beloved hearts of light, when even the leaders of the people in the churches have betrayed them, when they fail to deliver to them the knowledge, the ever-present knowledge of the LORD's hosts and their intercession by the flaming Word, then I say: We will summon you, and we together with you will make bricks without straw! We will build a mighty pyramid of life in the very midst of our people! We will raise up an ascended master nation, and we will start with that white-fire core community hidden in the mountains of Almighty God and therefore seal for a time and time and a half of time!

Therefore we will accelerate and we *hurl* our mighty sphere of light! It is a golden purple-violet sphere descending out of God, descending out of the Great Central Sun. This dazzling,

*Hungarian Rhapsody no. 15, by Franz Liszt

golden-violet sphere of light descends into the very heart of America. It descends into this forcefield. And now as it comes closer and closer to the earth by the action of the violet-flame angels, the angels of the golden age (and there are angels of the golden age waiting to precipitate that age), there comes into the very heart of America a contact point through this heart chakra at inner levels, and to the hearts of the people of light that awareness of the imminent golden age through the God of Gold and through the blessed violet flame.

Therefore millions of replicas of this flaming sphere of light are now deposited in the people of this nation and in every people upon this earth who have received the initiation of the Goddess of Liberty.⁵ For though there are those who come to America who receive this initiation, there are also those in the nations of the earth who have not made the journey here and who have rather made the sacrifice to remain in their nations as outposts of the Goddess of Liberty.

These are few and far between, but they are there, beloved ones. And they hold high the torch of the Goddess of Liberty and therefore they also receive this flaming sphere of light within their temples, within their physical hearts, and a pressing in and down and through their temples and their souls of their own Great God Presence I AM and their own Christ Self.

Beloved hearts of light, these are dispensations worth waiting for, and you have waited thousands upon thousands of years for this moment of opportunity, as you have known that in the hour of my manifestation to this level and proximity and approximation to the physical octave there would be the opportunity for you personally to manifest your divine plan and to accelerate to the victory of your ascension. And therefore you have prepared for many a year, and some of you have softened and melted the icy hardness of heart by the action of the violet flame in preparation for our coming.

Now you must know that it is the turning of the tide. *Now* you must know that there is a turning in space at right angles whereby the ray of light descends and you are instantaneously equipped to go forth as you have never gone forth before.

Prepare Yourself for the Preaching of the Word

Therefore I invite you to attend our winter quarter at Summit University⁶ and to prepare yourself for the preaching of the Word, for the understanding of how to deliver that Word—how to understand it, how to contain it, how to study the manifestos, how to be prepared to deliver to this people of America the understanding of every facet of the Law, including the message of the Coming Revolution in Higher Consciousness and all of the great concentric rings of the mighty causal body that is the Reality—oh, the blessed Reality of hearts of light and hearts of gold and freedom and justice and mercy across this land!

Therefore, come and prepare, for I would send you with Saint Germain and Morya and Shiva of the Flame! I would send you to deliver our message. And I would commend you for your earnest preparation, for your realization that now in the hour of acceleration is no time to settle down into the comfortability of your homes, of your cities and your towns, but to realize it is the moment to step, as it were, on one foot, on your tippy toes, *prepared* for the ascent, *prepared* for the flight, *prepared* for the action and the call of Sanat Kumara!

Therefore, prepare for that home away from home that is to become the focal point of incoming souls of light and the vortex, the very fiery vortex of the incoming great golden age. I speak again of the Inner Retreat. I say, loose yourselves from your moorings! Let your stay within the cities be firm, but let it be temporary! Let it be temporary for days or weeks or months or years, until you too are called into the Inner Retreat of light for an entirely different dispensation of service unto the New Age.

Therefore we see the things that are coming upon the earth. We see the darkness and we see the light! And we remind you that as our chelas, and as no other chelas upon the earth, you stand upon the line where light meets darkness and swallows it up. You stand upon that line, that very line with Morya where the light does meet the darkness! This takes courage, fortification, and strength! It takes will! It takes seeing with your eyes wide open what is coming and yet standing and facing it!

Beloved hearts, you who are our best servants, we would not leave you comfortless. We have provided the divine plan of comfort and of opportunity. Therefore I bid you consider, consider, then, all that you have ever given and sacrificed. For all comes to bear upon this moment.

Will you or will you not place your all upon the line and come apart and be a separate and chosen people unto God?⁷

[Audience responds, "Yes!"]

This Is the Cycle of Opportunity and This Is the Hour and the Day of the Judgment

My precious hearts, I have spoken to you out of cosmic coils of gold and white fire. I have spoken to you, out of the memory of your own causal body, of those hours when we were together in the Great Central Sun planning this mission for earth. I sweep down now through America this day with my legions of light to capture souls of light who are wed to flaming justice.

I am grateful that you have come to keep the vigil of sacred fire for souls aborning. I am grateful that you understand the meaning of the message and the messenger, that you have perceived the reality of the Holy Spirit, of the Great White Brotherhood through that Holy Spirit. I am grateful that you know intimately the archangels. I am grateful that you have had the will to be born, to enter this age with courage and light and God-determination! I am grateful that you have weathered the storms of infamy and defamation of character that have

fallen upon our own messenger as it has fallen upon everyone who has stood for truth in past ages!

I say of all who have betrayed the light and who have harbored their resentment: They shall not pass into the ring of light, into the forcefield of the sacred fire! They shall not enter here! They shall not be a part of this flaming sphere! I tell you, those who cannot surrender their resentment against our messengers because the messengers have been the very instrument of their discipline and their judgment whereby they might be free and liberated from their own egos—those who have harbored this against our best servants—where shall they stand? Where shall they stand in the great history of this land or in the history of the God Star, Sirius?

I tell you, resentment belongs to the fallen ones and to the children of Belial and to mechanization man and to these who are the synthetic selves created not out of the image and likeness of God.

Therefore, let all those who have placed themselves outside of the circle of sacred fire, momentarily professing therefore not to be abandoning the teachings or the masters but preferring to be away from the white-fire core of the living Word, let all realize that this is the cycle of opportunity and this is the hour and the day of the judgment.

And let not those who have pitted themselves against this light take lightly our word. For there is none other save the manifestation of the ascended masters and this mouthpiece and this voice that we have used. There is none other save the mighty I AM Presence that is One!

The Guru Is the Key to the Acceleration of the Mystical Body of God

And as I speak, so does the mighty I AM Presence speak out of every heart, out of every flaming manifestation of the God-head worlds without end and throughout this planetary body!

And there cannot be the denial of that pillar of fire without the denial of one's own Great God Self!

These are the wages of betrayal in this age and of that revenge that has no basis in God-reality. Therefore in sincerity and humility and grace, in the tenderness of love, let those who are of the light come into the light and be washed clean, and let there be understanding, illumination, and peace and cherishment of each brother and sister within the body of God. For truly, the mystical body of God in the earth is the saving of the earth and the saving of the light of the golden age.

I am mindful of thy cross, O blessed ones, each and every one of you! I AM mindful of the cross you have created out of your own karma! I walk with you. I assist you. I teach you. I remind you that by the blessing, by the initiation of Padma Sambhava, by the sacrifice of these messengers, by the balancing of the karma of this messenger, by her sponsorship of Saint Germain, she is able, as none other is able, to assist you in the bearing of that cross. We who are the ascended masters cannot bear it for you. It requires one in this octave—one who is anointed Guru and Vicar of Christ, one who has balanced her karma to therefore take on your own. This is the key to the acceleration of the mystical body of God.

Therefore, value our presence in the physical octave through the messenger, for we cannot be physical before you until you yourself have balanced your karma. Therefore, the shoe of the Great White Brotherhood is upon the foot of the chela, and up to you is the opportunity to provide instrumentation for our own stepping through the veil!

Saint Germain, I Bear Thy Cross!

We *are* stepping through the veil! We *have* stepped through the veil! We are here in the physical person of our messenger! Yet you have not seen us but only a form, and perhaps a human form at that. But, beloved ones, there is a divine form even as

there is the deathless solar body of the messenger, and we *use* that body! We *wear* that mantle! We *wear* that robe! And therefore by the very law of God and by the tender mercy of God manifesting this focal point of cosmic justice, you then have the opportunity to speak the Word, "Saint Germain, I bear thy cross! Saint Germain, I bear thy cross!" [Congregation joins Portia:]

Saint Germain, I bear thy cross!

And as you speak that word, you know that the messenger declares, "O my chelas, I bear thy cross!" Therefore there is the interchange. Therefore there is the nucleus of light. Therefore the body of God upon earth desires to be together in Camelot.

Therefore did Arthur come with Merlin and Launcelot and Guinevere to form that action of the cosmic cube.⁸ Therefore do knights and ladies of the flame the world over long for Camelot come again. Therefore we establish our Inner Retreat for this intimate communion whereby the children of the light must eat the flesh and drink the blood of the Son of God.⁹

As you partake of the very light and the body of the messenger, you therefore have the translation within you and the acceleration of that karma. And in gratitude for that great gift of life, you indeed go forth from that white-fire core to preach the Word. Therefore, the knights go forth upon their mission of light and the ladies go forth, and the woman's revolution is come¹⁰ because there is gratitude abounding in the body of God for this tremendous interaction of life. And therefore into the very heart of the West is come the fulfillment of the Law of the ages foreseen by the prophets.

Therefore, I can be incarnate as the Saviouress unto the nations. I can be the Goddess of Justice through the messenger and through the chelas. For by that dispensation of the Great White Brotherhood is the earth saved by the sponsorship of Sanat Kumara, by the response of your hearts. I come therefore to impress upon you the very reality and the tenderness

of this oneness. Will you not bask in it this day, therefore? For we must go forth and deliver our message and our momentum and our action of cosmic flaming-blue swords to cut free all who are of the light and a part of our bands.

Justice Will Reign in the Earth

Blessed hearts, I will return sooner than you think, sooner than Saint Germain will wink at you as you contemplate the mystery of life and say to yourself:

Why, I truly am born of the heart of Saint Germain and Portia! Why, I truly am God-free and able to stand! Why, I am free of condemnation and the world's judgment and their belittlement of me! I am free of these fallen ones who have put me down century after century and have tried to tear me from the sacred light of Mother, to tear me as a nestling babe from the breast of the Divine Mother!

I will be with life in the very heart of life. I will return to the heart of God, but I will not return, so help me God as I stand before this altar of America, without taking with me every soul of light upon earth. And this I vow in the name of the Blessed Mother Mary and Raphael, who have sponsored our initiations on the path of truth itself.

O flaming truth, by thy flame, by thy truth in the earth is justice made plain, is justice understood and revered and accepted. Let truth and justice, mercy and love, and the light of liberty be for Mighty Cosmos the action of the five secret rays.

I seal you in your crown with fire, with light, and with heavenly renown, for *you* are the ones who receive the applause of angels and the recognition in the courts of heaven! I want you to know this—that you are individually and personally received in the retreats of the Great White Brotherhood!

And therefore let all those in the earth who have turned their backs on the children of the light, who have made mockery of the New Age movement sponsored by Saint Germain and by me, let all of them know that those who are important in the world are truly unimportant in the courts of heaven. The roles are reversed, but not for long. I assure you that by the singing of my song of justice,* justice will reign in the earth.

O light of the Great White Brotherhood, I am come, as I have promised I would come. O light of our Brotherhood, I adore thee in each flaming son and daughter, in heaven and on earth. Amen.

And those who enter into that sacred commitment to be citizens of the United States do receive an impetus of my threefold flame, which is an action for the balancing and bringing into alignment of their own threefold flame. . . . The initiation of the heart which I give must be earned and won. As I give . . . the etheric blueprint, so from the day of citizenship onward, there must be a proving, there must be a working, there must be a knowledge of the Word. . . . I Love You Waltz to Saint Germain

Saint Germain, I give my heart to you
Come fill me with love, my soul renew.
O divine Master! show me the way to go
Life's holy purpose I would know.

Dear one, send forth your Light sublime
The ladder of love I climb into your heart.
O my beloved! hear my resounding Word
Forevermore echo as "I love you."

Beloved Goddess of Justice Twin Flame of Saint Germain

Goddess of Justice, for your holy Presence
Grateful to God do we bow
Beautiful, gracious, Love's balance you're holding
Loved ones on earth bless you now!

Refrain:

Our love to you, friend of the ages so true
To the great source of all Life are we grateful
Goddess of Justice, for you!

Yours is the glory in ev'ry heart anchored
Through each one's own threefold flame
Making things right by impersonal service
Offered to life in God's name!

Queen of our hearts and enthroned there forever
Heart flame of Freedom divine
Hold our flame steady, depart from us never
Free all our earth for all time!

Now let your legions of justice that hover
Ever around your dear throne
Sweep now to earth and prepare for your coming
Make our dear planet your home.*
