To Thread the Eye of the Needle
Part 2

Realize, then, that you must put on the whole armour of God and realize how serious is this assignment and how dangerous it is in itself. You must have a co-measurement of yourself against the backdrop of the Infinite and your mighty I AM Presence, and you must also have a co-measurement of the enemy.

You must realize what are his tools and what he will do, calculated precisely as a reaction to your own statement of truth. When you know the enemy, you study past performance of that enemy and how he has responded to the threat, the ultimate threat against his own personhood. And therefore you are ready for the return. You are ready for the eleven o'clock return of revenge against the thrust of power, of wisdom sponsored by the evolutions of the Gemini mind of God from the heart of Darjeeling and your own beloved El Morya.

To Thread the Eye of the Needle

Part 2

Realize, then, that you must put on the whole armour of God and realize how serious is this assignment and how dangerous it is in itself. You must have a co-measurement of yourself against the backdrop of the Infinite and your mighty I AM Presence, and you must also have a co-measurement of the enemy.

You must realize what are his tools and what he will do, calculated precisely as a reaction to your own statement of truth. When you know the enemy, you study past performance of that enemy and how he has responded to the threat, the ultimate threat against his own personhood. And therefore you are ready for the return. You are ready for the eleven o'clock return of revenge against the thrust of power, of wisdom sponsored by the evolutions of the Gemini mind of God from the heart of Darjeeling and your own beloved El Morya.

I can assure you that the Manus and the members of the Darjeeling Council and of the Great White Brotherhood have met in this past year and before the turning of this decade and have prepared for you, as you are able to receive it, more and more specific assignments and more specific dispensations. You must be ready for the incision of the diamond-shining

mind of God and the razor's edge of penetration to rescue souls, actually by the use of the cosmic razor, cutting them free from the grips of the fallen ones without harming a hair of their heads or even of their skin.

The Guarding of the Virgin Consciousness of the Holy Child

Beloved ones, realize, then, that the plot to eat away at the four lower bodies and leave the soul naked before the soul itself has the attainment in Christhood is a most deadly and serious situation. For if the soul be stripped of her garments before the hour when the soul is walking the fourteen stations of the cross preparing for the crucifixion, that soul will be naked in the sense of ultimate vulnerability to the hordes of shadow, who then simply come in and make, as it were, mincemeat of that one.

This is what happens to individuals when they pass from embodiment whether by suicide, our youth in suicide, or in overdoses of drugs or in drunk driving or all of the mishaps that occur to pluck from life the tender buds of the vine. These things ought not to be!

An example of this activity against the four lower bodies and the soul is in the problem of child molesting. This in itself is such an inroad that it does penetrate the psyche, which is the soul, and it is an attempt to penetrate the five secret rays. For the five secret rays around the heart are the guarding of the virgin consciousness of the Holy Child so that that virgin consciousness is sealed in the heart and the actual life force is not activated in the Kundalini until the child reaches an older age when it is correct according to the divine plan of evolution for that child to mount in the light of the understanding of the procreative process and the mantle of father and mother.

The stimulation and the activation of the lower chakras in little children by the mass media, by drugs and alcohol, and by

all forms of looseness on the part of parents is therefore the means of the lowering of the sacred fire of the five secret rays that surround the heart into the lower chakras. And this stimulation, as with all stimulation of the chakras, may result in addiction, and the addiction that follows demands a day by day increasing stimulation in order for there to be achieved a certain release. Whether it is alcoholism, whether it is drugs, whether it is sexual activity, the more that the aggravation occurs, the more it is engaged in.

And thus it is the plot of the false hierarchy of this planet in this year to take their onslaught against the youth and the little children and the newborn and the unborn. It has been so in previous years. But I tell you, they have met in their councils, these false hierarchs. They have moved against the lightbearers and they have determined that the greatest enemies of mankind are in embodiment or coming into embodiment and are now in existence up to the age of twenty-one. Thus we must also make it our mark and our goal to place in the hands of those who are teenagers and below, our magazine, *Heart: For the Coming Revolution in Higher Consciousness*, for they are the ones who will be able to run with the message.

You can see, then, that the attack upon the reading ability, the intelligence, the comprehension, the vocabulary, and the English language worldwide upon the people of these ages is precisely to prevent them from having an inherent attunement with the Word that has gone forth and the manifestation of the Word in language.

The Checking Action That Comes through the Dynamic Decrees

Beloved hearts, that which has the greatest power to succeed is that which is the community of the Holy Spirit that is organized. There can be no organization without communication. There is no communication without the Holy Spirit.

I suggest that you consider earnestly once again the forming of committees of concentration. You have heard chelas speak on their areas of expertise or areas where they are in the process of becoming experts. You may identify with one or more of these or none, having your sense of direction elsewhere. What you must realize is that all over the world there are Keepers of the Flame who over the years have formed a God-determination to support the Brotherhood in one or more areas of concentration in their decrees.

Decreeing itself on the activities of World Communism already creates a specialization, for you are specialists in wielding the mighty sword of blue flame and the sword Excalibur. And you have a mighty momentum on dealing with this because when you exit your bodies and go to the etheric retreats, you carry your decree momentum with you, and therefore you become adept also in the awareness of what is happening.

I will tell you, therefore, that upon this planetary body the representative par excellence, if you would have it, of the Anti-christ, is Andropov. You must understand that this individual coming to the head of the Soviet Union is the greatest single threat worldwide to the lightbearers that has occurred since the era of Stalin, this individual being worse than Stalin himself. And the cunningness of the individual and the seeming acceptance of him by members of the West, their desire to believe he is better than they know he is, is a dangerous sign because it shows that the leaders of the West do not really want to face what is clearly the handwriting on the wall.*

Therefore I, Himalaya, from the very heights of the purity of the snows of the mountains of the earth, send forth to you, in the name of Vaivasvata Manu and the God and Goddess Meru and the Great Divine Director, the assignment to daily make the call for the judgment of this individual, Yuri Andropov,

*Though the political conditions at the time of this dictation are outdated, it is a valuable example of how worldwide challenges can be dealt with through the use of the science of the spoken Word as it applies to current political conditions.

and all who are working with him, all who are on his wavelength, through every member of the KGB in every nation upon earth, through the spaceships, through their computers—computers of the false hierarchy on the astral plane and on the physical plane that are now functioning in the Soviet Union and elsewhere and in the embassies of all of the satellite nations and their psychotronic generators.

The judgment upon this individual and all that comes forth through him, the entire network of world control, must be your God-determination. And in terms of the political arena upon the face of this planet, there is nothing as important. This individual will stop at nothing.

You know of record that there have been brutal and barbaric assassinations in this nation of America of representatives in the press, of European nations in the Soviet bloc who have come to America to expose the activities of the Communist party worldwide. The KGB has entered their apartments, their offices, murdered them. And our own government, the government that is representative of the Great White Brotherhood (or ought to be), has done nothing to stop these agents, to catch these murderers, or to request the closing of the embassies or to send home the representatives of these nations. This means that, technically speaking, every American citizen who raises his hand against the darkness of these foes is subject to the same assault. This is the bare truth, but it is so.

Therefore protect yourselves, protect your children, and understand that what has happened in the past in terms of Soviet murder and brutality can happen again unless checked by the lightbearers. This checking action that comes through the dynamic decrees ultimately is traced to its source by psychics in the Soviet Union, who see clearly what is the opposition to the Soviet empire and have as their trade and their business to do nothing but use their enhanced psychic powers to follow the rays and wavelengths of the minds of the lightbearers on earth.

Therefore, it is not a difficult matter for them to trace the wavelength of the dynamic decrees that oppose World Communism.

Strength Is in Numbers

I bring to you, therefore, another perspective on the why and wherefore of the Inner Retreat and Glastonbury. It is because strength is in numbers. When the numbers of individuals who have been of the Mormons, the Jehovah's Witnesses, and other groups upon earth have reached a certain level, by the fact of their sheer numbers and their consequent power they have been more or less left alone. However, it has always been the isolated son of God that has been attacked and has been done away with. When you have that mutual support and mutual strength, you will see how much more you can do for planet Earth.

I for one, and the Manus join me in encouraging you to enter into that union—that divine union upon which this nation was founded, which is the union of the Great White Brotherhood—to come into that union and to discover how the mountains, the forests, and the bigness of the land itself can act as a radiating center to multiply your joint decrees in far greater capacity than is possible in the dense cities where you must first overcome a very dense covering over—especially at sea level, of the mass consciousness of millions of individuals abiding there—before you can actually reach a crescendo of planetary influence.

You can see how we have chosen a rugged area, for the masters have always summoned their devotees to the rugged areas of the Himalayas. As the Himalayas are no longer in an area of physical protection, we summon all devotees of the masters of East and West to the Inner Retreat. For those who have been decimated in their ranks in Tibet and in India must realize that there is a haven of safety and a place of reinforcement.

The power and the science of the spoken Word must now meet the challenge of interplanetary physical and astral forces as it has never done before, and we would see the geometry of the multiplication of our forces meet every challenge upon earth so that we might walk into the golden age hand in hand and secure.

We look, then, for the fulfillment of the divine plan. We look for the laying of the foundation of the seventh age and the seventh dispensation, when truly freedom can be permanent because it is first the attainment of God-mastery in the hearts of the people.

You Are on the Battle Line

I trust my message this day will quicken in your heart not only a vision but the perception of your own ability to do more and to be more precise in your statements for the victory.

May the messenger and staff be so blessed as to provide you with the publications and the information that you may use as tools. As you are on the battle line and you must have the necessary weapons, so they must manufacture them. For our weapon is truth, it is love, it is the mystery of the Word, it is the exposé, and it is illumination. And therefore as you send back from the front lines messages on the condition of the world, as you write your summaries and your articles and send them to *Heart* magazine, these may quickly be translated, whether into our magazine or at least into pamphlets of information on the various topics.

There is nothing to prevent you from forming committees to write newsletters on the specific area of concentration of your choice, newsletters that speak of what is happening nation by nation to combat marijuana, abortion, and all of the foes of the lightbearers.

Remember Me in the Blue Lotus and in Every Blue Flower That You See throughout the Year

I come in the name of the Cosmic Christ and the Buddhas aborning in the womb. I come as the representative and the incarnation of the Buddhas in winter. I come for the protection of the five secret rays and the pathway of the Five Buddhas.¹

May you come to understand these great truths, and may much of the teaching on the Buddhas already given in past quarters of Summit University become available to you this quarter² as students here rejoice to discover just how much has been taught. And so you may also rejoice in your field of labor, and to come home for that cup of cold water and the elixir of light, which is the hearing of the Word of beloved Lanello and Mother so prepared for you with such great love by so many saints above.

I AM Himalaya. Remember me in the blue lotus and in every blue flower that you see throughout the year, for I AM truly the blossoming of the blue-flame will of God to draw all lifewaves into alignment with the inner blueprint. May you so aspire, and may you know what it means to live absolutely and fully fulfilled, one with and perfectly aligned with your own great divine Reality, with your own inner purpose, your soul blueprint.

Blessed ones, I tell you, the feeling of being absolutely Christ-centered in mind and body and soul is the greatest exhilaration that you can know in physical embodiment. May you know it, may you love it, and may you give it to all as you break the bread of life of your own soul substance and give to all that which is yours to give.

And seal the circle of identity. Allow no man to take thy crown.³ Allow no woman to penetrate thy garment. Allow no devil or fallen elemental or mischievous, foul spirit to enter into the bloodstream and alter the pure divinity of your God consciousness!

I AM Himalaya of the Sun. I have tarried with earth's evolutions long, and I wait for my own beloved to ascend from your midst. Therefore, understand how cosmic beings have yet in embodiment their own twin flames, and strive with oneness for your own. For we have known the pain of the battle and the pain of separation. With you we strive onward to attain the mark of Godhood.

In the name of the entire Spirit of the Great White Brotherhood, I salute you in victory!

"The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom." This previously unpublished dictation by **Himalaya** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Sunday, January 2, 1983**, during the New Year's conference, *The Buddhas in Winter*, held at Camelot, Los Angeles County, California. Part 1 of this *Pearl of Wisdom* is published in this volume, no. 23. Any books listed in the following endnotes are published by Summit University Press and are by Mark L. Prophet and/or Elizabeth Clare Prophet unless otherwise noted. Books, audio, and video products are available at Store.SummitLighthouse.org. The widest selection of audio files, including dictations, is available at AscendedMasterLibrary.org. (1) **The pathway of the Five Buddhas.** This refers to the Five Dhyani (meditational) Buddhas Vairochana, Akshobya, Ratnasambhava, Amitabha, and Amoghasiddhi, who embody respectively the All-Pervading Wisdom of the Dharmakaya, Mirrorlike Wisdom, Wisdom of Equality, Discriminating Wisdom, and All-Accomplishing Wisdom. The Five Dhyani Buddhas are celestial Buddhas visualized during meditation. The word *Dhyani* is derived from the Sanskrit *dhyana*, meaning "meditation." The Dhyani Buddhas are also called Jinas ("Victors" or "Conquerors") and are considered to be great healers of the mind and soul. They are not historical figures, like Gautama Buddha, but transcendent beings who symbolize universal divine principles or forces. They represent various aspects of the enlightened consciousness and are guides to spiritual transformation. Each Dhyani Buddha is associated with certain attributes and symbols, and each Buddha embodies one of the five wisdoms, which are antidotes to the five deadly poisons. These poisons are of ultimate danger to man's spiritual progress and keep him tied to worldly existence. Buddhists teach that the Dhyani Buddhas are able to transmute the five poisons into their transcendent wisdoms. *The Tibetan Book of the Dead* recommends that the devotee meditate on the Dhyani Buddhas so that their wisdoms will replace the negative forces that the devotee has allowed to take hold within. The mantras to the Five Dhyani Buddhas are used to transmute the five poisons, which are:

- 1) Ignorance
- 2) Anger or hatred
- 3) Pride or egotism
- 4) Cravings, greed, or passions
- 5) Envy or jealousy

For a more complete teaching on the Five Dhyani Buddhas, including their mantras, see *The Masters and Their Retreats*, pp. 98–104. (2) **This quarter.** Himalaya is referring to winter quarter of Summit University, which was held January 3 through March 27, 1983, sponsored by the Buddhas. (3) See Rev. 3:11.
