

Beloved Nada

An Aura of Pink Flame

Now in the matter of planetary activities, wherever the law of God or man is violated, I am there in the fullness of my presence of love. I am there holding the balance of service and ministration. I am there to challenge, by the white fire of my being, the misuse of the Law and the Lawgiver.

Thus in each and every instance where you observe the compromise of the Law by the absence of love and compassion, if you please, call to my heart that I might send legions in my command for the succor of the little ones, for the righting of the wrong, and especially for the teaching of all people as to the way of the abundant life and how truly unjust and unloving is the course of World Communism and World Socialism.

Many are uninformed as to the diabolical nature of these doctrines due to their [true] source [and don't realize that these doctrines are] not necessarily due to the desire of well-meaning ones to see the people receive the blessings of life and liberty for themselves and their posterity.

An Aura of Pink Flame

Blessed responders to the impulse of the Almighty, how close is heaven to earth and earth to heaven in this moment of the conjunction of light forces! Surely, it is an event in the cosmic astrology of the universal Mother dipping into the very hearts of her own.

Truly, for you it is already a reality that ascended masters move in and amongst your ranks. And in the coming golden ages, the evolutions of life of this earth will remember that forerunners of their race, in the race of life, already knew this companionship and could testify to the tangibility and the presence of our life among you. Such is the turning of a page. Such is the opening of the door of an age.

How silently, how quietly come the Buddhas and the bodhi-sattvas. Like immortelles planted in the earth, one day the evolutions of a planet will awaken to find growing in their gardens new flowers of Christed ones anointed.

How gently does the will of God come into manifestation when some hold the balance of mercy and grace and justice and illumination and truth.

I add to these my own, an aura of pink flame, which may intensify or thin around the full torch of the Goddess of Liberty as a cloud of pink meeting the necessity of the hour, whether

for comfort and compassion and a tutoring of the heart, or for now the intense action of the ruby ray to deal instantaneously with those threats of the Evil One¹ against the little child and child-man. Therefore, I speak of the law of love.

Our Hosts Should Be Invited to Move In and Take Command of the Entire Penal System

I am concerned with the lifewaves of earth who crossed over the line of the law and are therefore considered criminals to some extent from the least to the greatest of crimes. Thousands upon thousands of individuals this day are incarcerated in the prisons of the earth in every nation as a growing burden upon these states and upon the planetary aura.

You may have considered that the filling of the prisons with those who ought to have received capital punishment has been an injustice. In one sense of the word perhaps it has been, beloved hearts. But in another sense you will also understand that this mercy, this tempering, even this withholding (although it has been advocated by the dark ones) also protects the innocent and those who are lightbearers who have been accused of crimes they have not committed or else were drawn into crimes that they sorely regret and desire therefore to atone.

With the full knowledge of those lifestreams, I therefore say to you that it is my desire to accelerate the judgment of the seed of the wicked, who have sworn their enmity against God and his representatives, his laws, and his honor, and also to accelerate the light evolution of those who ought to be even in the service of the Great White Brotherhood.

[38-second applause]

In this regard I should say that inasmuch as you have many responsibilities for your decree sessions, this particular concern of my heart—the authorization of the intercession of our legions of light—could be derived from a single three-hour session of this company of lightbearers, or the equivalent thereof. It is

not something that requires the ongoing call but an authorization and ratification from embodied lightbearers whereby our hosts should be invited to move in and take command of the entire penal system of the planet, the prisons, and the force-fields of incarceration nation by nation.

Once this session should be held, thereafter the calls that are given generally and specifically may have an insert that could include the cycling of the will of God into the physical manifestation. But from the moment on of your authorization, there can be an inner release of a spiral of light that will accomplish its purpose and do its work.

**Some Turn to Crime Because of a
Disintegration of Identity by the Nonalignment
of the Four Lower Bodies**

We are also grateful whenever the teachings of the ascended masters are circulated in these places² where individuals, with and without hope, are wondering when opportunity will knock again for them to go forth in freedom to do some good thing for God and man.

I also point out to you, beloved hearts, that the decay of the mind and the will, the very nerve and stomach to stand for righteousness and love and truth, is also the product of malnutrition, pollution of the environment, imbalances biochemically within the body temples of these individuals.

Some turn to crime because of a disintegration of identity by the nonalignment of the four lower bodies simply because of the food they eat or do not eat, and of the pollutants of the environment that they take in. Therefore I trust that you will remain alert and at least understand that obeying the laws of body chemistry is most necessary for the strengthening of our bands and of the children and of those who must serve to the very end in order to win their ascension in this life.

**It Is Love and the Intensification of Love
That Must Free the World from Enslavement
to These False Systems**

Now in the matter of planetary activities, wherever the law of God or man is violated, I am there in the fullness of my presence of love. I am there holding the balance of service and ministration. I am there to challenge, by the white fire of my being, the misuse of the Law and the Lawgiver.

Thus in each and every instance where you observe the compromise of the Law by the absence of love and compassion, if you please, call to my heart that I might send legions in my command for the succor of the little ones, for the righting of the wrong, and especially for the teaching of all people as to the way of the abundant life and how truly unjust and unloving is the course of World Communism and World Socialism.

Many are uninformed as to the diabolical nature of these doctrines due to their [true] source [and don't realize that these doctrines are] not necessarily due to the desire of well-meaning ones to see the people receive the blessings of life and liberty for themselves and their posterity. [They do not realize that it is] not necessarily the blame of those who obviously observe the manipulations of the fallen angels, and they think that it is the fault of the capitalist system rather than the fault of the heart of wickedness.

Nevertheless, beloved, it is love and the intensification of love that must free the world from enslavement to these false systems of economics, false systems of government, and the demagogues who take them over.

From my position on the Karmic Board, I deem this to be one of the most serious threats. For more than the army of World Communism is the insidious nature of the serpentine lie, even the lie that has been termed "the worker's paradise."³

I warn you, therefore, that those who position themselves on this line have already bought and swallowed the Serpent's

line in Eden. And I tell you that if it were not so difficult, the ones who succumbed to the lie in that hour would not have done so. Therefore, do not judge so harshly those who succumb, but indeed judge fervently and with great zeal those who are the purveyors of the lie!

This lie reaches all the way to the point of the gossip and maligning of our messenger. And it, as a threat, is also one that is insidious, for it comes out of the mouths of those serpents who are determined to destroy the structure of this activity, the protection of our release.

And I tell you, unless these dispensations become physical by the physical spoken Word, they will not cycle through the physical octave to the healing of the physical situations.

Therefore, you ought to stand guard to guard this ring of light and realize that the Serpent's philosophy of socialism has come full circle upon the attack of the one who embodies the key of community and of the teaching and the open door through which we must complete our delivery of the mandates of this age.

The Lie of Socialism

Thus, my beloved hearts of light, let there be transmutation, let there be the challenge of the lie, and let there be the bringing up of children who do not seek in socialism a way to dodge karmic responsibility and the responsibility of the internalization of the Word.

See how the lie of socialism has already affected the Church and its doctrine in the West. See how that false dependency upon one Son of God has abnegated the entire necessity for each individual to work out his own salvation.

I tell you, it is the diabolical doctrines that continue to be upheld and espoused by the Church of Rome and by the protesting movements that have opened the door to a political philosophy of socialism! And whereas at one time there was a

horror against socialism by those within the Church, they have moved in a subtle rebellion closer and closer to the ideologies of Marx, until in this very hour there is the proclaiming of the virtues of the system of socialism by the pope himself,⁴ who therefore reveals himself as no true friend of the Christed ones or of this messenger.

There Has Been a Repression and a Suppression of Truth for Many Centuries

Therefore you may understand, beloved hearts, why we have positioned the true Vicar of Christ outside the entire established churches of the planet, that you might receive freely our Word uncontaminated, circumscribed, limited, proscribed by anyone else's human opinion, whatever that may be.

[33-second applause]

In the name of the Karmic Board, I reveal to you that there has been a repression and a suppression of truth on the part of those in Rome for many centuries and that the full knowledge of the light of Christ in the individual has been withheld! It is not a question of total ignorance but of politics! And therefore an envy goes forth as never before, as at inner levels the false hierarchy of Jesus Christ moves against the body of his servants, who *know* that they are sons of God, who *know* they are destined to incarnate the same Christ that he did, who *know* they will be resurrected with him fully, who *know* they will ascend!

Blessed hearts, it is this very presence of this band united in love that has the world force to turn back the entire momentum of this single lie that has perverted every other area of human understanding! [22-second applause]

The Economic Denial of the Path of Christhood

Now, beloved ones, the proclamation on socialism by the pope stands to affect ninety-three million faithful hearts.

And what about Catholicism in America as representatives of that movement move against defense and the defense of this nation? And now the pope himself engages in an attack against capitalism and the free enterprise system. It is an economic denial of the path of Christhood made in the name of Jesus Christ and in the name of the Holy See!⁵

Can you imagine what confusion and what betrayal there is of the people of Poland and every nation that is enslaved under World Communism by this mouthpiece that spouts the ignorance of a consciousness not aligned with the very Source, where it should be?

These things burden the hearts of the Lords of Karma, I tell you! And our comfort is derived that here is yet the spark of love and freedom that can correct all of this, roll it back, and light a world!

And I tell you, the legions of light who are in our service are determined to work through you and assist you as never before because you are willing to stand against every movement of the power elite entrenched in Church and State worldwide!

[40-second applause]

A house divided against itself cannot stand! And therefore I predict that as you make the call and huddle close to the flame of comfort, of the love of the Maha Chohan, as you allow no wedges to enter this body but seal your tryst and pact of love and as one body worldwide give the call for the exposure of the Roman Church, you will see that the people of light, who know that this is not the truth, will have the courage within themselves to think independently. And then there will be the exposure—by those who have dared to take a stand against its doctrine and dogma—of the infamy of the dark ones within the Church who have murdered souls of light for over two thousand years.

The Hour of Judgment Is Come!

Blessed hearts, the Lords of Karma have given ample time for *reform* and *repentance* and *return* to the true office of Vicar of Christ within that body! And our saints, including your own messenger and others ascended and others among you, have embodied *many times over* in the Roman Church in order to hold a flame and a fire for the Holy Communion and the Host itself and the Blood of Christ to purge the Church of these fallen angels that seize control. But they would not! They would not bend the knee! They would not repent!

Therefore I say, the hour of judgment is come! And I authorize you to implement that judgment by the science of the spoken Word! [30-second applause]

And now lest I tarry too long in love, I give to you the blessed one, the Great Divine Director, who stands to the right of Pallas Athena.⁶ [33-second applause]

"The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom." This previously unpublished dictation by **Nada** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Monday, July 4, 1983**, during the *Freedom '83 in the Heart* conference, held at the Royal Teton Ranch, Park County, Montana. [N.B. Bracketed words have been added for clarity in the written word.] (1) **The Evil One.** This term most often refers to Lucifer, the Devil, the rebellious archangel who was cast out of heaven by Archangel Michael (Rev. 12:7–9). Lucifer went through the Final Judgment and second death in 1975. (2) **The teachings of the ascended masters are circulated in these places.** The Summit Lighthouse has sent publications to prisoners for decades and continues to minister to prisoners. Currently, three free initial publications are sent to every prisoner requesting the teachings of the ascended masters. (3) **"The worker's paradise."** Currently there are five nations considered to be Communist—China, Cuba, Laos, North Korea, and Vietnam. China and Vietnam allow extensive private enterprises and foreign investments. Laos has opened its economy to private ownership. With the exception of North Korea, these nations have moved away from collectivism in their economies in favor of market economies, although they retain an authoritarian single-party system. In 1983, the year of this dictation, there were over twenty Communist nations and Soviet aggression was at its height. (4) **The proclaiming of the virtues of the system of socialism by the pope himself.** Nada is referring to Pope John Paul II, who served from 1978 to 2005 and is regarded as the first socialist pope in the history of the Roman Catholic Church. The current pope at the time of this *Pearl of Wisdom*, Pope Leo XIV, has gone on record as stating that "disproportionate wealth remains in the hands of a few" and is "an unjust scenario." He said that he "sees the need to address solvable problems related to more equitable distribution of wealth," which many consider a Marxist-socialist solution. (5) **The Holy See** is the central governing body of the Catholic Church, distinct from the Vatican City State, which serves as its geographical location. (6) **I give to you the blessed one.** Directly following this dictation by Nada, the Great Divine Director gave a dictation, which is published in the 2005 *Pearls of Wisdom*, no. 41. Earlier in the day, Pallas Athena gave a dictation, which is published in the 2005 *Pearls of Wisdom*, no. 38.

The Way of Love by Saint Germain

From Love I came, to Love I go;
And all this swing both to and fro
Alters not any jot
Of Cosmic Purpose I forgot.

I reach out now, to Truth I vow;
To Love in all I ever bow.
The universe is one alone—
No clash of multifacet tone.

The chime I hear is ever near;
'Tis Love that casts out every fear.
Where'er I AM Thy Love lives, too,
To free the many and the few.

Command Perfection, Love's great Law!
Command Perfection, Love's great Light!
Thy glowing beauty through the night
As star eternal, Light supernal,
Woos us all by present might.

For Love I AM and Love I live;
This is the allness that I give.
To each manchild the spark is given—
'Twill rend the veil and bring to heaven.*

And in full Faith I consciously accept this manifest, manifest,
manifest! (3x) right here and now with full Power, eternally sus-
tained, all-powerfully active, ever expanding, and world enfold-
ing until all are wholly ascended in the Light and free!

Beloved I AM! Beloved I AM! Beloved I AM!
