

Beloved Apollo and Lumina
The New Flame of Joy
Part 1

Blessed ones, long, long, long has the night been dark and vacant. And therefore the coming of that Mother flame is the resurrection of all good that has ever been in the cultures of Lemuria and of Atlantis. These ancient civilizations of earth—ancient Egypt, and Peru more recently—bear records of that Cosmic Christ yet to be externalized again, not only by the Germanic peoples, all of whom evolved there, but by those others who form the whole of the descent of the Ancient of Days.

Therefore, blessed hearts, there could not have been a restoration until the coming of this dedication to the Mother and the teaching of the Mother that you have seen in this very hour. Understanding the care and the determination of the Mother to rescue her children enables you to understand that mystical figure of the Woman clothed with the Sun. It enables you to understand your own soul's dedication to the children of your heart in the sense of the mastery of the...

The New Flame of Joy

Part 1

Hail, O Elohim! Hail, light of the Sun! Hail, O Sanat Kumara! For the day has come and we are *here*, and we are in the light of the Lamb.

Hail, O saints of the Most High! Hail, ye anointed of Saint Germain! For we are the twin pillars of Elohim, of mighty illumination's flame, and we have come for the anointing of lightbearers with the new flame of joy—*joy* of illumination's flame! *Joy* reigniting the tired and the weary hearts of this people of the continent of Europe and of the Isles!

We would tell you, precious hearts, that there was once a great joy aflowing and of knowing of the inner tie to Sanat Kumara on the part of these tribes of the Ancient of Days who have settled throughout the European continent.

O children of the Sun, there came the shadow of the warlords and the Nephilim gods and their determination to compromise the seed of that Christ, to take it unto itself and to *steal* the light of the joy of the people, to replace it with pride and lower forms of vibration that have naught to do with the real spirit of joy, which is the light, oh, the eternal light of the Logos. It is the mighty threefold flame. The light of joy is the flame of cosmic freedom.

Something Has Gone Out of Europe through the Absence of the Mother Flame

Therefore in this hour of the coming of the messenger of the Great White Brotherhood, there is the initiation of the beginning of the transfer and the restoration once again of that mighty joy flame—the light of the I AM THAT I AM that shall be imparted increment by increment, initiation by initiation, under the direction of the Christ consciousness of all peoples, which becomes the embodiment of the twelve lines of the solar hierarchies, as the Cosmic Christ therefore radiating its mighty light rays throughout that European continent does once again quicken and awaken and enliven and remove the burdens of the records of war and prediction and condemnation and division and strategies of pride and of darkness and of rivalry and of economic bitterness among peoples.

My beloved hearts of light, we would bring to you the realization that something has gone out of Europe through the great burden of long, long centuries of absence of the Mother flame. It is known that in the psychology of children, after a certain length of the longing for and the waiting for the coming of the Mother, there is almost a despair and then even an anger that she has not yet come, and then there is the diversion into the pursuit of the pleasure cult and the success cult, and finally the cult of death and hell itself. All this has come to pass in Europe and the Isles as the evolutions of light of Venus have awaited the day of the return of the one who is Mother.

There Does Come Forth in This Hour the Thread of Light of the Cosmic Virgin

Blessed ones, long, long, long has the night been dark and vacant. And therefore the coming of that Mother flame is the resurrection of all good that has ever been in the cultures of Lemuria and of Atlantis. These ancient civilizations of earth—ancient Egypt, and Peru more recently—bear records of that

Cosmic Christ yet to be externalized again, not only by the Germanic peoples, all of whom evolved there, but by those others who form the whole of the descent of the Ancient of Days.

Therefore, blessed hearts, there could not have been a restoration until the coming of this dedication to the Mother and the teaching of the Mother that you have seen in this very hour.¹ Understanding the care and the determination of the Mother to rescue her children enables you to understand that mystical figure of the Woman clothed with the Sun.² It enables you to understand your own soul's dedication to the children of your heart in the sense of the mastery of the Mother flame. Unique and like no other is this Mother light.

And thus it is that there does come forth in this hour, as it is ordained for this Aquarian age, the thread of light of the Cosmic Virgin stitched through the heart of the messenger as a thread of contact with the Great White Brotherhood to be taken and to be guarded and to be multiplied. This return of joy will be the action and opportunity of these peoples to balance the threefold flame and to bring transmutation by the power, wisdom, and love of freedom.

The Joy, I Tell You, Is So Great That Opportunity Has Opened

Dear hearts and souls of light, I will tell you why there was such a joy in Germany when the son of liberty John F. Kennedy came to that place, stood at the Berlin Wall, went to Paris. It was the knowledge in the souls of the people of Europe that soon, soon the Mother would be coming. Soon the fullness of the joy, the joie de vivre of this son of light, would also be their own. It was the sign of the coming age of freedom to which he did gladly offer his life that thereby the New Day would be born.

Thus in this moment of the great inauguration of the cycles of the Great White Brotherhood for the turning of worlds, we are indeed gratified that ambassadors of light in

these nations have determined to translate the teachings, to lecture, to go forth and to find their compatriots, their companions, their blood brothers out of the very *seed* of Sanat Kumara, to whom this teaching and knowledge is destined.

Thus, we stand—not because of the representation of one but because of the collective service of our chelas in Europe and the British Isles. And for your understanding hearts, we must tell you that were it not for your service and sacrifice, we could not stand here in this hour. For as Saint Germain has told you, unless there would be the representative action and the dedication on the part of the chelas, the dispensations could not be forthcoming for the alleviating of the weight of the karma of Europe.

Therefore, I tell you, there is such a great rejoicing in heaven on the part of those souls who are attached to this evolution from centuries of incarnation on that soil. The joy, I tell you, is so great that opportunity has opened, that there is not a dry eye among those who listen attentively in this moment to my presentation to you, blessed hearts, of this event.

The Reincarnation of the Lightbearers of Ancient Egypt

I must also tell you that the love of Lanello and his own consort with you was the very cause of the establishment of that retreat on the Rhine³ as a dedication of the pillar of fire and the sponsorship thirty-three centuries ago in the incarnation of Ikhnaton and Nefertiti.⁴ For you see, that Father-Mother flame, that focus, also has been the sponsorship of the reincarnation of the lightbearers of ancient Egypt in the nation of Germany this day.

Thus it is altogether fitting that those original focuses taken out of Egypt of Nefertiti and Ikhnaton are found in Germany this day.⁵ And therefore the hearts of the two witnesses hold the flame for the unification once again of the peoples of

Germany and the mending of the heart rent in twain by the dividing of that great nation and the allowing of the eastern portion to be taken under by the very fallen ones who have also reincarnated out of Egypt—those fallen ones, blessed hearts, who were the black magicians who also then were the cause of the murder of those two witnesses.⁶

The very focuses in that museum of East Berlin have such a darkness of black magic surrounding them that the mere placing of those images on the screen causes the instantaneous violation of the third eye of those who gather for this vigil.

I tell you this so that you might understand that it is the ancient focus of the Assyrian gods, the reincarnated of the ancient black brotherhood of Atlantis and Egypt in Eastern Europe, that has been the open door for the foothold of Communism not only in East Germany but in all of Eastern Europe, as these members of the false hierarchy have therefore situated themselves all the way from the governments of the Soviet Union through the eastern satellite states.

The Return of the Sunshine of the Living Christ That Went Out So Long Ago

Blessed hearts of light, we understand the deliverance of a people. We understand the *modus*. We understand what is required. But above all and all and all, it is the gathering together relentlessly, with determination and constancy, of those hearts of light who come to Camelot and to this sanctuary dedicated as one of the ancient altars of Lemuria.

To this very outpost of the flame of the Motherland, where the calls may go forth, where they may reach the world while there is yet time, it is *this* requirement that must be met. And as it is met, the joy upon the countenance of the Mother may know no bounds, for the joy of angels and unascended souls in the etheric octaves is a beaming light and a smile that is the return of the sunshine of the living Christ that went out so long ago.

O beloved hearts, the merrymaking, the war-making, the drinking, the eating of dense foods, the diversions into success and competition, all of these could never replace the flame of internal, eternal joy—joy that comes of illumination's flower buoyed up by the aroma and the aura of an immense love of the Holy Spirit, by the very presence of the Father, by the very presence of the Mother, by the intense blue of inner spheres of Alpha and Omega becoming the indigo as the rising and the setting of the sun produces the violet hues that seal the power of the blue and the pink and the roseate of the golden pink glow-ray.

And thus the mighty action of the transformation of the light rays does give to this evolution the full complement of the seven rays, as the determination to walk the path of Christhood does result in the vision that brings about precipitation and action and the mighty conquering of time and space.

So, beloved hearts, let us understand together that the dangers of misusing power and the threefold flame and putting these to war and rivalry and competition, and ultimately brother killing brother upon this soil, are yet present. For the danger of the misuse of the threefold flame will never disappear until it is transmuted by the violet fire and until the Nephilim gods and the black magicians and the false hierarchies are bound and cast out!

And so, you see, it is guardedly that we as Elohim and the archangels of the second ray and the action of illumination's servants, as well as the individual Christ Self, do transfer this joy flame—guardedly, I say—in order that each one receiving a new increment might be tested. For we desire not that this increase of light should once again go to their heads (or to their feet) in a dire defeat, once again reigniting and re-creating the records of a vast karma.

Thus as the beginning has been begun, so the stalwart chelas in every nation must all the more realize the necessity

for the teaching of the true path of initiation, for the understanding of the responsibility of this Christ flame, the knowledge of Saint Germain, the knowledge of the law of karma and reincarnation and what is the karma of this continent and how it must be balanced in order to avert cataclysm and further war and the mischief-making and the plots of the dark ones who come out of the East and would desire to devour Europe, as they desired it in the Second World War and in the First.

to be continued

"The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom." This previously unpublished dictation by **Elohim Apollo and Lumina** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Friday, November 25, 1983**, during the seminar, "A Prayer Vigil for the Nations," held at Camelot, Los Angeles County, California. Part 2 of this *Pearl of Wisdom* is published in this volume, no. 31. Any books listed in the following endnotes are published by Summit University Press and are by Mark L. Prophet and/or Elizabeth Clare Prophet unless otherwise noted. Books, audio, and video products are available at The SpiritualStore.com. The widest selection of audio files, including dictations, is available at AscendedMasterLibrary.org. (1) **The teaching of the Mother that you have seen in this very hour.** On November 23, during this four-day prayer vigil, representatives of various nations came forward presenting the problems in their nations, for which the messenger made intense calls. She said, "We stand in this hour together, assembled with the Goddess of Liberty—the Woman clothed with the Sun, the Lady with the Lamp, the mighty torch of illumination we bear, and we see and we understand that the world momentum of anti-peace shall be swallowed up in the illumination of true peace." November 25 was dedicated to the nation of Germany, the Soviet threat, and the false peace movement in that nation and other European nations. (2) Rev. 12:1. (3) **That retreat on the Rhine** refers to the retreat of Lanello located on the etheric plane at Bingen on the Rhine River in southwestern Germany. The vibration of the retreat is felt through the whole town and the surrounding valley. Lanello has said, "When you enter our home of light, beloved, you will know indeed that you are home. For our retreat on the Rhine is ever thine." See *The Masters and Their Retreats*, pp. 445–47. (4) **The incarnation of Ikhnaton and Nefertiti.** The messengers Mark and Elizabeth Prophet were embodied as Ikhnaton and Nefertiti, who ruled Egypt in the fourteenth century B.C. Ikhnaton reintroduced the worship of the one God, Aton, represented by the sun disc in place of the old Nephilim god Amun and other gods. They established a new city, temple, palace, and community at what is now Tell el-Amarna, Egypt, dedicated to Aton. (5) **Those original focuses taken out of Egypt.** Many artifacts, busts, and statues related to Ikhnaton and Nefertiti were taken out of Egypt and brought to Germany. The famous limestone bust of Nefertiti, which is currently housed in the Neues Museum in Berlin, was discovered at Tell el-Amarna by German archaeologist Ludwig Borchardt in 1912. In addition, a bust of Ikhnaton, a limestone plaque depicting the king and queen under the sun rays of Aton holding their children, and other numerous artifacts, were discovered and brought to Berlin in 1913. (6) **The murder of those two witnesses.** The messenger has said that both Ikhnaton and Nefertiti were murdered by their general Horemheb and his henchmen, who led a revolt against the king and queen and stabbed them to death in the palace. Horemheb later became Pharaoh, and Egypt reverted to the worship of Amun.
