

Beloved Apollo and Lumina
The New Flame of Joy
Part 2

Beloved hearts of the Most High God, thus it is with great care and vigilance that we come, and only on the record of past performance do we act.

And therefore we say: It is a time for the steadying of the ships of state of every nation. It is a time for the alert. It is a time for perception. It is a time for the exposés. And it is a time for love and joy and the lilting power of the violet flame. It is time for the souls of light of these nations to hear the joy and the singing and the happiness and the freedom that is anchored here in the soul chakra of America and in the Heart of the Inner Retreat for the victory of worlds.

Thus, beloved ones, all that must follow this day concerning what is acting there [in Europe] is a most necessary study and exercise of the science of the spoken Word.

I must tell you that uppermost in our hearts in this hour...

The New Flame of Joy

Part 2

Beloved hearts of the Most High God, thus it is with great care and vigilance that we come, and only on the record of past performance do we act. And therefore we say: It is a time for the steadying of the ships of state of every nation. It is a time for the alert. It is a time for perception. It is a time for the exposés. And it is a time for love and joy and the liting power of the violet flame. It is time for the souls of light of these nations to hear the joy and the singing and the happiness and the freedom that is anchored here in the soul chakra of America* and in the Heart of the Inner Retreat for the victory of worlds.

Thus, beloved ones, all that must follow this day concerning what is acting there [in Europe] is a most necessary study and exercise of the science of the spoken Word.

I must tell you that uppermost in our hearts in this hour is the defense of West Germany through the powers of NATO, principally through the United States of America, of the setting of these Pershing missiles in place as a deterrent,¹ as a mighty deterrent to the crossing of that line of sacred fire of Sanat Kumara by those who have no respect for the Great White

Brotherhood, for the ascended masters, or the true hierarchy of light of this earth.

I tell you, the “*peace*”—and I say that in quotes because it is not true peace—but the “*peace*” demonstrations that show a passivism and a misqualification of the light of Omega, these demonstrations are in fact a demonstration against the Great White Brotherhood and all that for which it stands. They are demonstrations against the light of ancient Lemuria, of the Motherland, of this teaching, this path, and the path of the ascension. It is a demonstration against the I AM Presence and the Christ Self of every child of light and son of God, not only in West Germany but throughout the continent.

Therefore realize that when this is conceived of as anti-Americanism, it is merely that hatred of the great banner of Maitreya and of the Holy Kumaras. The burning of this flag is a challenge into the very teeth to the Fourteen Ascended Masters Who Govern the Destiny of the I AM Race. It is an affront to Moses, to Jesus Christ, and to all avatars East and West. It is the challenge of the Lamb and his servants. It is the challenge of the guru-chela relationship.

The Love of the People for America Will Come as a Swelling Chorus Nation by Nation

Therefore understand this and *decree* and *decree* and *decree* on these points and you will *heal, heal, heal* the whole world of this hate and hate creation directed against the very heart of the Goddess of Liberty herself. And you will find that the love of the people themselves for America will come as a swelling chorus nation by nation. And in every language, I tell you, they will raise up their voices once again and they will say, “God bless America! Welcome, legions of light! Welcome, friends and brothers and sisters! Welcome to our land and to our hearts! We thank you and we thank God for our deliverance in this hour by the angelic hosts worldwide.”

Beloved ones, once they were grateful in the immediate hours following their liberation after two world wars. Once they were grateful! But somehow they have forgotten. For the covering over of world condemnation—which is the condemnation of the Nephilim gods mouthed over and over by their mechanization man—has taken from them their joy of oneness in the union.

It is the flame of the *union* to which their hearts will return. Thus let us challenge that which opposes the defense of light on the basis of its true subconscious and ancient records. Let us realize, then, that following the tackling of that level of darkness we move on to the outer reasons, the outer indoctrinations, and of course the central core of fear and of doubt and of records of death that are the opening—the opening of the continent to the hatred of the I AM Race and of Saint Germain.

Now therefore, blessed ones, we are eager, from the very moment of the delivery of this address to you and this dispensation, to see how our chelas from this continent and the Isles will respond in this year, how the light will increase, how the souls who can come to this focus and represent their nations in service here will also hold the balance for increasing light and increasing contact.

Thus as we see the increase and the multiplication, we trust that ere fourteen months have passed we may return again with a good report, with a further turning of the tide, with newness of life, and therefore (perhaps from Helios and Vesta and Alpha and Omega) an increase and a new dispensation.²

Let us rejoice together. Nature shall rejoice. The rivers shall laugh. The brooks shall be bubbling and singing the songs of victory. The grasses shall move in the undulations of the song of the free. Voices will chorus. Little children shall skip and run. The people will be seen with a new smile on their faces.

There Will Be a Oneness across the Atlantic with the Hearts of the American People

O blessed hearts, we wish to decree together with you in this hour for the deliverance of those in Eastern Europe from the burden of depression, of noncreativity. For the joy that has gone out of their hearts is the regulation, the regimentation, and the mechanization of the sacred labor of the heart, of the sacred fire of one's own creative destiny and the design of God to make each son and daughter the master of that destiny.

Oh, the joy of the pure dedication to the work itself and to the Word! Without the balance of these two, right and left—the Word and the Work of the One Sent—no people can be fully happy, fully God-realized, fully self-sufficed in the beauty of soul purity.

Oh, there is a mighty light of illumination's flame! And our hope does shoot to the stars as a mighty fire leaps, as a mighty fountain glows, that there can come about a new birth and a union based not on the necessities of money or industry or the economy, not a marriage of convenience between these nations, protecting their own private and best interests. We desire to see a union based on the union of love and of the Christ consciousness itself.

We desire to see, above all, dedication to one another among these nations that has as its center the very heart of the I AM THAT I AM and the heart of Christ. This heart being then the center, there will be a oneness across the Atlantic with the hearts of the American people, who themselves have demonstrated that union—not by a marriage of convenience but by the mighty fusion of souls who have come together, who have married together, who have brought forth children, who themselves are the incarnation of the Christ consciousness of these several nations.

And thus you see in the American people the true

achievement of the union with Saint Germain, so desired. For he has understood that the combined qualities of the Christ consciousness of all of Europe does produce the balance, the talent, the genius, the beauty, and the wonder of a new race already born and already moving in the light. Realize, then, that there has been a great deprivation through the failure of these nations to lay upon the altar of the Christ—of the respective nations of their brethren—their own attainment of Christhood.

That which could not have been accomplished, and still is not being accomplished in Europe, has been accomplished in America. Here you may come and see how all these peoples by the millions have come. They have come to the shore of America. They have bowed before the Goddess of Liberty. They have made their offering at inner levels unto Saint Germain, Sanat Kumara, Almighty God, and Jesus Christ to serve to build this nation and to be one and to be called no longer German or French or Polish or Yugoslav or Italian or Spanish, but to be called *American*.

The Rip Cord of Cosmic Joy Has Been Pulled

Do you not see, then, how out of the causal body of the Great Divine Director there could come forth, still again, this mighty union on this continent that would provide the similar strength and sponsorship of Saint Germain, finally, which we have looked forward to for so long, that could—with this union and with this light—resist therefore the encroachment, the war conducted out of envy and lust for the light of this people.

It is the *union* of their causal bodies—not of their racial or national characteristics, but the union of the Christ consciousness as they come together at the table of the Lord, partake of Communion, and together raise the cup, drinking the Body and the Blood of Christ and therefore establishing that oneness.

O dear hearts of light, this is only the forerunner of what can be throughout this entire planetary body. Saint Germain desires

to sponsor these nations, and yet he by cosmic law may not cross the line of the Lords of Karma until the chelas fulfill that calling.

Therefore, we are gratified that the contingent of light-bearers from Canada have prepared also for this prayer vigil and have also gone forth across their nation in this very year to bring in the lightbearers to make up Saint Germain's purple fiery heart on earth as he is in heaven, and therefore to qualify for the heart initiation of Canada.³ So may it be one day that this may be done. So may it also be, beginning with West Germany and carrying throughout Europe and the Isles.

We hold the matrix. We hold the immaculate concept for all of this. And we are so pleased to see even a portion of it coming into physical manifestation. It is as though the rip cord of cosmic joy has been pulled and *nothing, nothing* can stop the descent of light! It is like millions of angels descending by parachute and landing in the physical octave for the victory of the faithful and true.

Oh, wonder of wonders! So it is that the light of Helios and Vesta is preceded by their own on earth. Such a clap of thunder! Such a shout of joy! How the Elohim are in this hour the stars that sing together as they sang in the Beginning for the joy of the creation of the LORD God Almighty.⁴

Thus by our hands the worlds were framed and the root races went forth in the image of Christ. And by our heart flame we seek and rejoice in the restoration, the resurrection unto the eternal and original light of each precious son and daughter.

Arise in Tribute to Sanat Kumara

Souls of freedom, arise in tribute to Sanat Kumara.

[Audience stands.]

I desire now to anchor this light everywhere possible in hearts of joy worldwide through the singing to Sanat Kumara in the mighty strains of "Finlandia."* May you flow with this

music of the spheres into our heart and into the heart of the Ancient of Days and know that that point of contact of the Christ is the release of our coming.

In the name of Alpha and Omega, I seal every servant son of God on earth who desires to please the LORD this day. In the eternal light of Elohim of the second ray, in the name of Christ, we serve!

"The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom." This previously unpublished dictation by **Elohim Apollo and Lumina** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Friday, November 25, 1983**, during the seminar, "A Prayer Vigil for the Nations," held at Camelot, Los Angeles County, California. Part 1 of this *Pearl of Wisdom* is published in this volume, no. 30. Any books listed in the following endnotes are published by Summit University Press and are by Mark L. Bracketed words have been added for clarity in the written word.] (1) **These Pershing missiles in place as a deterrent.** During the period known as the Cold War (1947–91), the United States deployed Pershing missiles to West Germany. In 1964, Pershing 1 was deployed, and in 1983, Pershing II was deployed. The Pershing missiles were named after General John J. Pershing, commander of the American Expeditionary Forces in World War I. The missiles were deployed for the protection of West Germany and all of Western Europe from Soviet aggression and were aimed at targets in the Western Soviet Union. This deployment was a direct response to the Soviet Union's deployment of SS-20 intermediate-range missiles aimed at Western Europe. In 1987, the United States and the Soviet Union signed the Intermediate-Range Nuclear Forces (INF) Treaty, requiring the elimination of all land-based intermediate-range missiles. Both the United States and the Soviet Union dismantled their missile systems following the INF Treaty. (2) **An increase and a new dispensation** refers to the unprecedented coming of Helios to the Heart of the Inner Retreat on July 4, 1984, with a landmark dictation through the messenger. Helios said: "First and foremost we must convey a greater increment of sacred fire to the lightbearers who have prepared the chalice of the heart and the threefold flame; and these shall truly be known as sons of God, men of the Sun, women of the Sun." He then explained: "It is my assignment from Almighty God this day to 'pull the plug' upon these evil ones. And by this I mean they shall no longer have the authority from our level to steal the light of the Godhead or of the Christ or of the living lightbearers or of any one [of the children of God] upon this planetary

body." Helios then released his judgment call, decree 20.12: "I Ratify the Judgment of Helios Whereby the Plug is Pulled on the Seed of the Wicked," found in *Prayers, Meditations and Dynamic Decrees for Personal and World Transformation*. (1984 *Pearls of Wisdom*, vol. 27, no. 48B) (3) **And therefore to qualify for the heart initiation of Canada.** On September 30, 1984, the messenger said, "What everyone needs in this country [Canada] is the initiation of the Goddess of Liberty of the threefold flame. To find a national identity, there needs to be a very strong rallying point. . . . What we want to call for, for Canada is the initiation by the Goddess of Liberty of the heart so that the heart expands and accelerates and the people [throughout Canada] find their point of union and that there is also discovered the point of the rallying of the nation of Canada." A prayer vigil for Canada was held during this seminar, with the Canadian contingent present. (4) See Job 38:7.

Our Beloved Sanat Kumara

Sanat Kumara, Regent, Lord, and King
 To thy great Presence praises now we sing
 Off'ring our gifts of humble service true
 Reverence and honor to God for you
 Thou art God's glory, majesty, and grace
 Thy patient care for earth held her place.

All through the ages that have gone before
 Thy love has been for earth an open door
 Held in thy Light, sustained by thy great pow'r
 And in thy wisdom guided each hour
 We feel thy peace in love's own God-control
 As thy great wings of love now enfold.

Glory and honor unto thee belong
 Let all adore thee now in grateful song
 As all that live upon this planet raise
 Heart, soul, and spirit—thy name we praise
 Great Central Sun, thy gifts of love we call
 For our dear friend of Light, Lord of all.

As for dear Venus, Goddess from the Sun
 Bless their dear planet, all life thereon.*
